Re: Permit No. G-32556/37-2716

Village of Fairfield
Fairfield,
Idaho

Gentlemen:

During the 1967 session of the Idaho Legislature, certain amendments were made in the law pertaining to the procedures for making proof of beneficial use of water. In order for the Department to comply with these changes, Rules of Practice and Procedure were adopted on August 1, 1968. Generally, these procedures and the amended law make it simpler for a person to make proof and relieve the permit holder from making separate proofs of completion of works and beneficial use of water.

The enclosed order modifies your permit to comply with these rules and regulations. As a part of the new procedure, you will be required to publish a notice at your expense for two consecutive weeks in a paper as prescribed by the Department; previously, a permit holder had to publish a notice for four weeks when he submitted proof under his permit.

If you will complete the enclosed forms, we will cause the notice to be published. Should you require additional forms or information, we will be glad to supply it upon request at any time.

Very truly yours,
Donald W. McEldowney

Dear Mr. Thomas:

Enclosed with this letter is the Village's check in the amount of \$5.75, and the application for Permit as corrected. As to question 6b, the Village at the present time does not have a sewage system and I do not know how to answer it in any other manner.

Should you have any further questions in regard to this matter, please let me know. Otherwise I gather that this will close the correspondence between us and you will issue the application for permit.

RE: Application for Permit
Village of Fairfield

Robert G. Newhouse
Attorney at Law
Fairfield, Idaho

Dear Mr. Newhouse:

Returned herewith is the application for permit.

The fee for 4.0 c.f.s. is \$5.75 as shown in State Statutes, our Regulations, or on the back page of each application.

The location of the point of diversion must include the 40-acre subdivision. We do not have a plat of the village and cannot furnish that information.

The maps should show the outline of the village, and also if land outside the limits is presently being served, show it.

The answer to 6 (a) should be Village of Fairfield and vicinity;
6 (b) don't they have a sewage system?

The answer to 5 could be Municipal Use.

Very truly yours,

Ralph W. Thomas

Re: Application for Permit

Dear Sirs:

Enclosed with this letter is Form No. 3, Application for Permit to Appropriate the Subterranean Waters of the State of Idaho, which I am filing upon the behalf of the Village of Fairfield, County of Camas, State of Idaho. You will notice that the Village is presently in the process of digging a well which will be attached upon the city water mains. Since I am unsure of the amount of fee required in this matter, I am enclosing no such fee hoping that you will bill me accordingly. As soon as I receive this bill, I will instruct the Village Clerk to remit to you a proper check.

Should you have any questions in this matter, please do not hesitate to ask this office. Thank you very much for your courtesy in advance.
