Gentlemen: Please do not issue the water license to K.F. Hellyer as he is not the owner of the ranch, and has no need or desire for it. He travels extensively and since your letter of 12/22/72 I have not been in touch with him to get him to execute the retyped assignment permit. Would you reconsider accepting the assignment permit Mr. Hellyer signed & had notarized on 10/17/72? If not we will have to wait until summer when he returns to Idaho. Fred Brossy

Dear Mr. McEldowney:

In regard to your letter of October 28, 1969 concerning the field examination on the above water permit, please be advised that the power has been turned off to the pump and will not be turned on again until irrigation season commences in the late spring 1970. Rather than having to stand the cost of having the power turned on and off again simply for the field examination, I wonder if it might not be possible to wait until the power is turned on regularly next year? In any event, the person to contact in regard to making the field examination would be Mr. Bill Patterson, the Cove Ranch forman. Mr. Patterson is listed in the Hailey telephone directory, and would probably be best contacted at home in the evening prior to the day of the examination.

Kenneth Hellyer

Dear Don:

Enclosed please find executed copy of Notice
of Existing Water Permit for Kenneth F. Hellyer.

The submission of Proof of Application of
Water to Beneficial Use previously submitted on this
permit contains an error in the land description. As
your letter of August 12 points out the proof form
was 30 acres in the SW $\frac{1}{4}$ NE $\frac{1}{4}$, Section 20, Township 1 N.
Range 19 E.; this is my error, and the proof of ap-
plication should be amended to 10 acres in the 40.
The error occurred in taking down the information from
the permit to fill out the proof form. I am wondering
now if it is not possible to simply strike out the
figure 30 and insert the figure 10 on the proof form.
Mr. Hellyer makes no claim to irrigating 30 acres, and
does not wish to perfect a license for any additional
acorage.

Should you require reexecution of proof forms
I shall obtain them for you.

Dear Mr. Hellyer:

We acknowledge receipt of the affidavit submitted as proof of beneficial use for the above referenced permit.

This is to advise that although you submitted proof of irrigating 535 acres, we can only issue a license for the 515 acres as shown on permit G-32028. (Your proof form shows 30 acres in the SW $\frac{1}{4}$ NE $\frac{1}{4}$ of Sec. 20; whereas, the permit shows only 10 acres in this subdivision.)

If you wish to perfect a license for the additional 20 acres, you will be required to file a new application to cover the 20 acres. We have enclosed a partially completed application form with instructions and a fee schedule for your convenience.

Would you please submit the advertising authorization we forwarded to you on June 1, 1969, in order that we might publish the legal notice for permit G-32028.

Re: Permit No. G-32028

K. F. Hellyer
Gannett,
Idaho

Dear Mr. Hellyer:

During the 1967 session of the Idaho Legislature, certain amendments were made in the law pertaining to the procedures for making proof of beneficial use of water. In order for the Department to comply with these changes, Rules of Practice and Procedure were adopted on August 1, 1968. Generally, these procedures and the amended law make it simpler for a person to make proof and relieve the permit holder from making separate proofs of completion of works and beneficial use of water.

The enclosed order modifies your permit to comply with these rules and regulations. As a part of the new procedure, you will be required to publish a notice at your expense for two consecutive weeks in a paper as prescribed by the Department, stating that you have been issued a permit and are now submitting proof of beneficial use. Previously, a permit holder had to publish a notice for four weeks when he submitted proof under his permit.

If you will complete the enclosed forms, we will cause the notice to be published. Should you require additional forms or information, we will be glad to supply it upon request at any time.

Very truly yours,

Donald W. McEldowney
