Dear Mr. Iverson:

On April 29, 1968, we received a telephone call from The Hailey Times stating that the notices for the above referenced permits had not been published due to change in ownership of the newspaper.

Therefore, it has been necessary to change the date for making proof of application of water to beneficial use to May 31, 1968.

The depositions for the above referenced permits should be taken on this new date; however, it will not affect the permits currently being advertised in the Twin Falls Times-News and the South Idaho Press, formerly the World of Idaho, in Burley, Idaho.

Please be sure that the depositions are taken on the correct date so that we can complete licensing as soon as possible. Thank you for your cooperation.

Dear Mr. Iverson:

We are returning your cash voucher for \$55.00 which is not signed.

In reviewing your letter of November 21, 1969, we find that you have submitted ten additional dollars. The \$10.00 was submitted, evidently, to pay for the licensing of permits 31158 and 31326, as indicated by a copy of your letter we are enclosing.

Please be advised we did not request a licensing fee for these two permits, as they were modified prior to examining and do not require a licensing fee. Therefore, if you would return a voucher for \$45.00, we will be able to process the balance of the water licenses.

If we can be of further assistance, please contact us.

Very truly yours,

Floyd Iverson, Regional Forester
U S. Forest Service

Dear Mr. Iverson:

During the 1967 session of the Idaho Legislature, certain amendments were made in the law pertaining to the procedures for making proof of beneficial use of water. In order for the Department to comply with these changes, Rules of Practice and Procedure were adopted on August 1, 1968. Generally, these procedures and the amended law make it simpler for a person to make proof and relieve the permit holder from making separate proofs of completion of works and beneficial use of water.

The enclosed order modifies your permit to comply with those rules and regulations. As a part of the new procedure, you will be required to publish a notice at your expense for two consecutive weeks in a paper as prescribed by the Department, stating that you have been issued a permit and are now submitting proof of beneficial use. Previously, a permit holder had to publish a notice for four weeks when he submitted proof under his permit.

If you will complete the enclosed forms, we will cause the notice to be published. Should you require additional forms or information, we will be glad to supply it upon request at any time.
