Donold W. Mc Eldowney
Department of Reclamation
107 State House
Boise, Idaho

Dear Sir:

Inclosed are the signed forms you sent me with your letter of January 31. We have applied all of the water under this permit to beneficial use, and would like to file proof of beneficial use also. I have amended from 36 to show this.

We are pumping this water from Lava Lake which has a capacity of 325 acre feet. We pump into a sprinkler system at the rate of 4 c.f.s. We pump this water during the season until the lake is dry, which is usually in September.

At the time of filing I applied for 8 c.f.s., as I didn't know then just how we would pump this water. Therefore, the Notice of Proof of Completion of Works should probably be amended to show 4 c.f.s.

Sincerely yours,

L. N. Purdy
