RE: Application for Transfer Nos. 37-2660; 37-2697; 37-2729

Dear Mr. Walker:

The Department of Water Resources acknowledges receipt of your Applications for Transfer.

This office will be advertising the application in the Gooding County Leader on 02/05 and 02/12/87. The advertisement will be published for two weeks, and a period of ten days following the second publication will be allowed for the submittal of protests.

If the application is protested, you will be sent a copy of the protest. The protest must be resolved before the application is approved or denied. If the protest is not resolved voluntarily, this Department will conduct a conference and/or hearing on the matter.

If the application is not protested, it will be forwarded to our State Office in about five weeks. State Office personnel will conduct a complete review prior to final processing of the application and will notify you of the outcome of this review.

Please feel free to contact this office if you have any questions regarding this procedure.

Very truly yours,

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands; and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

P.O. Box 569
Burley, Idaho 83318

Dear Mr. Gray:

This is in reply to your letter of April 28, 1967, regarding information on two permits. First, we do have a well permit No. G-29712 with a point of diversion located in the NE¹/₄SE¹/₄, Section 12, T 6 S., R 14 E., B.M. The priority date is May 11, 1961 for 5 cubic feet per second.

We have another permit No. G-32785 with the point of diversion in the NE¹/₄NE¹/₄, Section 14, T 6 S., R 14 E., B.M. with a priority date of March 11, 1966, for 5 c.f.s. We feel this permit is the one you listed as the NE¹/₄NE¹/₄, Section 13. This well could have been drilled in Section 13, however, our records show it was originally requested for Section 14. If it was drilled in Section 13, we should have an amendment showing the correct point of diversion. Enclosed is an amendment form and the fee for recording this amendment would be \$1.00.

Very truly yours,

M. RUSSELL BOSCH

Dear Mr. Fields:

We acknowledge receipt of the depositions of holder and two witnesses, also affidavit of publication in the Gooding Leader, all submitted in proof of completion of works and beneficial use on Permit No. G-29712.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Gentlemen:

The date for proofs of Completion of Works and Application of water to beneficial use, as set out under terms of Permit No. G- 29712 are due not later than **May 19, 1966**

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list, which has been recorded in this department. If changes have been made and no amendments are on record, we advise you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least FORTY (40) DAYS BEFORE THE MENTIONED DATE, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point, or points, of diversion; and the location of use or the lands which are irrigated - - all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with two Forms 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named, and before the notary public, as advertised in the publication notice.

Very truly yours,

Carl E. Tappan

Gooding, Idaho.

Gentlemen:

This acknowledges the Notice of Proof of Completion of Works and Application of water to Beneficial Use under Permit No. G-29712. The proofs are to be made at 11:00 o'clock A.M., on the 12th day of May, 1965, before Frank T. Elam, at the house of Ernest E. Fields, Gooding, Idaho, Notary Public.

As of this date, we have mailed the Notice to the Gooding Leader Gooding, Idaho, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof then mail the affidavit of publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, and at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the AFFIDAVIT OF PUBLICATION.

Very truly yours,

Box 905,
Gooding, Idaho.

Attention: Branch Bird

Gentlemen:

We enclose Permit No. G-29712 in which we direct your attention to the limitations and conditions as given on the fourth page under approval of the State Reclamation Engineer.

We also enclose Departmental Receipt No. G-5930 which was issued covering payment in the amount of \$6.00 for the filing fee of the above mentioned permit.

You will note, under Question 10, that we have changed the required time for completion of works and complete application of the water to the proposed use to five years. However, you may make the required proofs at any time you are prepared to do so within that time.

Very truly yours,

Re: Idaho Hereford Ranch
application.

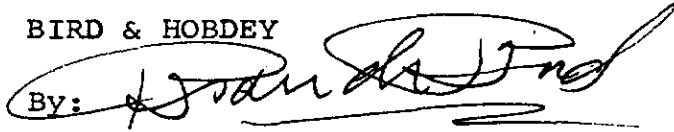

Gentlemen:

Thanks for you letter of May 11th. We appreciate that the amount being filed on is hardly sufficient to accommodate 440 full acres. Five cubic feet is about the capacity of the well, and it is reasonably certain that there will be some spots here and there in the 440 acres that are not subject to reclamation at reasonable costs. When time comes to submit proof we would be able to be a little more specific as to the land descriptions.

Hoping this is satisfactory with the Department, we are.

Sincerely yours,

BIRD & HOBDEY

Attn: Branch Bird

Dear Mr. Bird:

We acknowledge receipt of the application for permit of the Idaho Hereford Ranch, Inc., a corporation of Gooding, Idaho and find that the application is acceptable.

We would like to call your attention, however, to the fact that they are applying for 5 cubic feet per second of water (250 miners inches) for 440 acres. They are entitled to one miner's inch per acre which would be 8.8 cubic feet per second (440 miners inches). It may be that their well is not capable of pumping more than that amount applied for, but if possible, they might prefer to apply for the full amount allowable. In that case there would be an increase of \$1.00 in the fees which should be mailed in to this office with their request.

Please let us know as soon as possible the amount of water they wish to claim and the permit will then be processed for approval.

Very truly yours,

OEO. N. CARTER
