Dorothy L. Povey, Secretary
Upper Wood River Water Users Ass'n.
Box 308, Hailey, Idaho

Dear Mrs. Povey:

We received the notice, dated August 7, 1962, that the Association requested that the claim of Mr. Lane of use of subterranean water be checked.

The field examiner reported that Mr. Lane dug a cross drain about 1/2 mile above his place with an excavation of the bed of Elkhorn Creek to provide free flow from the drain. There was a well, just below the dam, which had a tight cover welded to the casing. The permit was not issued in connection with a drilled well.

Was that letter considered to be a protest against issuance of a water license under Permit No. G-28848.
