Dear Mr. Bickett:

We are returning your Application for Permit to Appropriate the Subterranean Waters of the State of Idaho, for correction and more information. Also, attached, is your personal check for \$5.50 remitted for filing fee.

Please enter the number of acres to be irrigated in each 40-acre subdivision on the enclosed map; the area colored in orange represents the land list described in the tax statements you sent, and if any changes are necessary, please make corrections on the map.

Two sketch maps are required and the area illustrated should correspond to the land list in the application (question 12). Extra Forms No. 0, enclosed.

Question 4 -- Location of point of diversion is said to be in NW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 17, Township 1 South, Range 19 East but sketch map indicates well site could be either in SW $\frac{1}{4}$ NE $\frac{1}{4}$ or NW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 17. Which is right?

When you return the application, please include the above mentioned, together with filing fee.

Very truly yours,

GEO. N. CARTER
