Dear Mr. Bickett:

We wish to acknowledge receipt of your application for permit to appropriate supplemental subterranean waters of the State of Idaho.

We are returning your application for correction and additional information, also your check attached thereto, which you can return with the corrected application.

You state that the filing of this application of 1.5 cubic feet per second is supplemental to water acquired under Permit No. G-25769. Permit No. G-25769 was amended to read as follows; For land described in Section 16, SW $\frac{1}{4}$ SW $\frac{1}{4}$, SE $\frac{1}{4}$ SW $\frac{1}{4}$; SW $\frac{1}{4}$ SE $\frac{1}{4}$ in ~~Section 19~~; Section 21 described as being in the N $\frac{1}{2}$ NW $\frac{1}{4}$, SE $\frac{1}{4}$ NW $\frac{1}{4}$ of 21.

In this application you state the land in Section 21 as being in the NE $\frac{1}{4}$ NE $\frac{1}{4}$, NW $\frac{1}{4}$ NE $\frac{1}{4}$, SE $\frac{1}{4}$ NE $\frac{1}{4}$. This land, we believe should be under the NW $\frac{1}{4}$, the same as Permit No. G-25769. If our assumption is correct, please change same on the application.

Also we wish that you would furnish us with sketch maps showing the well location as well as the land location in duplicate on the forms enclosed. We are not sure whether you are using the same well located in the SW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section ~~16~~, or whether you are drilling a new well in the same subdivision. *16 this new well in 16*

Kindly furnish the above stated information and return to this department.
