Affidavit of Publication

**NOTICE OF PROOF OF
COMPLETION OF WORKS
and
APPLICATION OF WATER
TO BENEFICIAL USE**

Notice is hereby given that at 10:00 A.M., on the 17th day of August, 1959, at Carey, County of Blaine, State of Idaho, before Bessie Stanford, Notary Public, at Carey, Blaine County, Idaho, proof will be submitted of the completion of works for the diversion of 3.0 cubic feet per second of underground water from a well, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-26838 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit is Leslie H. Day, Carey, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use is two cubic feet per second.

3. The use to which said water has been applied is irrigation purposes, and the amount applied to beneficial use is two cubic feet per second.

4. The point of diversion of said water is NW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 19, Township 1 South, Range 21 E., B.M.

5. The place where said water is used is NW $\frac{1}{4}$ NE $\frac{1}{4}$, SW $\frac{1}{4}$ NE $\frac{1}{4}$ and part NE $\frac{1}{4}$ NE $\frac{1}{4}$ in Section 19, Twp. 1 South, Rge. 21 E., B.M.

6. The date of priority which said user is prepared to establish is April 2, 1957.

APPLICATION FOR PERMIT To Appropriate the Subterranean Waters of The State of Idaho

Application No. G- 34745
Permit No. G- 26838
District No.

1. Name of Applicant: LESLIE H. DAY
Postoffice address: Carey County: Blaine State: Idaho
2. Quantity of water claimed: 3. cu. ft. per second
(a) Rate of withdrawal in cubic feet per second. 3. or Idaho
Miners' inches 150 or gallons per minute.
(b) Annual withdrawal in acre feet per annum
3. Source of water supply: Subterranean
4. Location of point of diversion or well is in the SE 1/4 of the NW 1/4 of Section 19
Twp. 1 S , Rge. 21 E , B.M., County of Blaine
5. Water is to be used for: Irrigation
6. If for municipal, industrial or recreational purposes, give:
(a) Point of use of water is in the 1/4 of the 1/4 of Section , Twp.
Rge. , B.M.
(b) Waste water or sewage effluent is to be returned to
at a point in the 1/4 of the 1/4 of Section , Twp. , Rge. , B.M.
7. Kind of works: Stationary engine, 16 in. casing
8. Estimated cost of works: \$ 7,000.00
9. (a) Is reservoir to be used? No
(b) Capacity of reservoir:
10. The time required for the completion of such work and complete application of the water to the proposed use is 5 years.
11. If applicant is a corporation, give:
I. (a) Date and place of incorporation:
(b) Amount of capital stock: \$ (c) Amount paid in: \$
(d) Names and addresses of directors:
II. The financial resources of the applicant are (a) Cash on hand: \$
(b) Treasury stock: (c) Bonds to be issued:
(d) Other resources:
12. The land to be irrigated is described in the following tabulation:
13. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: None
(a) (cubic feet per second, inches or gallons per minute) of the water herein applied for is to be supplemental to the existing water rights.
(b) (cubic feet per second, inches or gallons per minute) is for new lands.

BE IT KNOWN THAT The undersigned hereby makes appli cation for permit to appropriate the public waters of the State of Idaho as herein set forth.

Permit No. G-26838 APPLICATION FOR AMENDMENT TO PERMIT TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF IDAHO Comes now LESLIE H. DAY and represents to the State Reclamation Engineer of the State of Idaho: That he is the owner and holder of Permit to appropriate the Public Waters of the State of Idaho, No. G-26838. That the point of diversion is described in said permit as being located SE 1/4 NW 1/4, Sec. 19, Township 1 South, Range 21 E., B. M. That he now requests that the point of diversion be changed to a point located NE 1/4 NE 1/4, Section 19, Township 1 South, Range 21 E., B. M. That the reason for desiring to make such change is as follows: The first point of diversion was found to be too low for the flow to satisfactorily be used where needed. That no one will be injured by such change, and that such change will be made at Permit Holder's own risk. Signed at Carey, this 14th day of July, 1959. s/ LESLIE H. DAY Date of Receipt at Department of Reclamation: July 20, 1959 APPROVAL OF STATE RECLAMATION ENGINEER I, Geo. N. Carter, State Reclamation Engineer, of the State of Idaho, hereby approve the above and foregoing application for amendment to Permit to appropriate the Public Waters of the State of Idaho, No. G-26838. This approval constitutes a new permit and is issued as an amendment to the original permit, to which it refers and of which it becomes a part, and said application is approved only insofar as the rights of others will not be adversely affected thereby. s/ GEO. N. CARTER State Reclamation Engineer

Re: Permit No. **G-26838**
Leslie H. Day
Carey, Idaho

Mr. Day:
Dear

Our field engineer's report on his inspection of proof of completion of works and application of water to beneficial use under the terms of Permit No. **G-26838** shows the well is ~~xxx~~ capable of conveying **50** miner's inches, or **1.0** c.f.s. of water for the irrigation of **150** acres.

Upon receipt of the statutory fees, totaling \$**17.00**, we will issue the Certificate of Completion of Works (fee \$**5.00**) and the License and Certificate of Water Right (fee \$**12.00**), based at the rate of \$**2.00** for each 40-acre subdivision) confirming the right, with priority of **1.0** second feet of subterranean water with the point of diversion in the NW $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 19 for irrigation of **150** acres in the SW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 18; the NE $\frac{1}{4}$, NE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 19, Township 1 South, Range 21 East, B.M.

Since your permit does not include the SW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 18 it will be necessary to amend the land list on the permit, if you want the extra land included in the license. Complete the enclosed form, submit it with the above mentioned statutory fees, plus an additional fee of \$**1.00** for recording the amendment, to this office and the Certificate of Completion of Works and License and Certificate of Water Right will be issued as shown above. If you do not want the extra land included, the statutory fees will total \$**15.00** and the land list will be restricted to the lands shown on the permit which are actually irrigated.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

RE: Permit No. G-26838
Leslie Day

Mrs. Bessie Stanford
Carey, Idaho

Dear Mrs. Stanford:

Mr. Day has made his proof of completion of works and beneficial use of the water.

Our field engineer has not made an examination of the works and the certificates can not be completed until his report has been completed. The field engineer was injured this spring and is still off work. A part time engineer has been able to do some work. We hope to have a full time engineer working in the near future.

In the mean time Mr. Day should continue using the water. He will be notified of the amount of water and the fees due as soon as the report on his well has been completed. The Certificate of Completion of Works and Certificate and License of Water Right will be issued upon payment of the fees. The amount of the fees depends upon the result of the engineer's examination of the works.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

RECEIVED
JUL 6 1960
Department of Reclamation

Mr. George N. Carter
State Reclamation Engineer
State House
Boise, Idaho

Dear Mr. Carter:

At the request of Mr. Leslie Day, I wrote to you asking for forms to complete Beneficial Proof of Use of a deep well. All procedure has been completed and filed as near as we are able to find with the exception of the license. Under the ground water code what must be done to license water from a deep well that is an irrigation well? The beneficial proof designates the amount of water used for irrigation. What period of time and what procedure is necessary to complete all steps necessary for securing the water right of said deep well? Would a license make this mans right for irrigation more secure or is the fact that he has and still is applying the water for irrigation proof enough in itself?

Please check your files on Permit NO. G- 26838 applied for by Mr. Leslie Day, and let us know if every thing that is necessary for completing all transactions have been satisfied up to the time for licensing the well. What period of time should elapse before a license would be in order?

Very truly yours,

Mrs. Bessie Stanford
Mrs. Bessie Stanford.

RE: Permit No. G-26838

Mr. Leslie H. Day
Carey, Idaho

Dear Mr. Day:

We acknowledge receipt of the Deposition of Holder and two witnesses, also affidavit of publication in The Hailey Times, all submitted in proof of completion of works and beneficial use on Permit No. G-26838.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

GEO. N. CARTER

Department of Reclamation

Permit No. G- 26838

Proof of Application of Water to Beneficial Use
and Completion of Works
Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Leslie H. Day Carey, Idaho Farmer, Carey, Id-ho

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. No Corporation

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No. G-26838; date of permit, 11/1/57 Priority April 2, 1957

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Source is from a deep well, point of diversion is NW $\frac{1}{4}$ NE $\frac{1}{4}$ section 19, Twp 1 So. Range 21 E.B.M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Water from the deep well is pumped into a ditch capable of carrying the full flow or to capacity of 300 inches. It is private ditch on owners property. The well is 150 feet deep with 16" casing the full depth of 150 ft. Depth to water is from 12 ft to 25 ft from the surface.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. The flow from deep well is being used for irrigation on lands in NW $\frac{1}{4}$ NE $\frac{1}{4}$, SW $\frac{1}{4}$ NE $\frac{1}{4}$ and part of NE $\frac{1}{4}$ NE $\frac{1}{4}$ in section 19, Twp 1 So., rge 21 E.B.M. approximately 35 acre in the NW $\frac{1}{4}$ NE $\frac{1}{4}$; and approximately 15 acres in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ and 10 acres in the SW $\frac{1}{4}$ NE $\frac{1}{4}$, actually irrigated. Land was already under cultivation. Nature of improvements will be diking and corrugates.

26838

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. for irrigation purposes only.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. I am the holder of the permit herein.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Pumping program started July, 1959 under the electrical pumping system in the amount of an estimated 2.0 C.F. Sec. The flow has been used to irrigate mixed grains, hay and wheat fields, located in lands described in Question 6.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. There is a flow in the early spring from the dry creek channel.

There is no other water other than the well water that is available.

No filing for other water on this land.

(Sign)

Leslie J. Day

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in *Carey*, County of *Blaine*,

Permit No. G- 26838

Proof of Application of Water to Beneficial Use
Deposition of Witness ^{and Completion of Works}

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Vincent W. Olsen, age 47, Carey, Idaho, Farmer.

Ques. 2. Are you acquainted with Leslie H. Day, the holder of Permit No. G-26838? How long have you known him and where does he reside?

Ans. I have known him for ten years, resides at Carey, Idaho

Ques. 3. Have you read or heard read said Permit No. G- 26838, and are you familiar with its provisions and conditions?

Ans. yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Source is from a deep well of 150 ft in depth with a 16" casing.
Diversion is in the NW $\frac{1}{4}$ NE $\frac{1}{4}$ section 19, Township 1 S, Range 21 E, B.M.
A ditch constructed from the well to the lands that are irrigated, capable of carrying a 300 " flow of water.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Source of delivery through ditch will safely carry the 300" flow
and the well has produced an estimated 100" of flow. Well can conduct 2.5 sec

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. *flow from the* The well was measured over a weir constructed downstream in the
lateral that is used to convey the water. An estimated 100 miners
inches is delivered.

26838

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation purposes on lands situated in the section 19, Twp 1 80. Rge 21 E.B.M. NW $\frac{1}{4}$ NE $\frac{1}{4}$, NE $\frac{1}{4}$ NE $\frac{1}{4}$ and SW $\frac{1}{4}$ NE $\frac{1}{4}$. The number of acres irrigated is approximately 35 acres in the NW $\frac{1}{4}$ NE $\frac{1}{4}$, 15 acres in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ and 10 acres in the SW $\frac{1}{4}$ NE $\frac{1}{4}$. Land is cultivated land. Dikes and corrugates are being constructed.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. for irrigation purposes only

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Unit I soil, heavy loam. 2.5 sec ft of water would produce profitable cultivation.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. I have no interest in said works, water or lands.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Well was first seen about July 1st 1959. Flow was estimated at approximately 100 inch flow. Holder of permit was irrigating lands described in this permit and performing successful use of the flow for irrigating these lands.

RECEIVED
JUL 20 1959

APPLICATION FOR AMENDMENT
TO PERMIT TO APPROPRIATE THE PUBLIC WATERS
OF THE STATE OF IDAHO, NO. G-26838 Department of Reclamation

Comes now Leslie H. Day and
represent to the State Reclamation Engineer of the State of Idaho:

That he is (are) the owner and holder of Permit to appropriate the Public Waters of the State of Idaho, No. G-26838.

That the point of diversion is described in said permit as being located;
SE 1/4 NW 1/4, section 19, Township 1 south Range 21. E.B.M.

That he now requests that the point of diversion be changed to a point
located NW 1/4 NE 1/4, section 19, Township 1 south, Range 21; E.B.M.

That the reason for desiring to make such change is as follows:

The first point of diversion was found to be too low for the flow
to satisfactorily be used where needed.

That no one will be injured by such change, and that such change will be
made at Permit Holder's own risk.

Signed at Carey,, this 14th day of July, 1959

Re: Permit No. G-26838

Mr. Leslie H. Day,
Carey, Idaho.

Dear Mr. Day:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. G-26838. The proofs are to be made at 10:00 o'clock A.M., on the 17th day of August, 1959, before Bessie Stanford, Carey, Idaho, Notary Public.

As of this date we have mailed the Notice to the The Halley Times with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then mail the affidavit of publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, and at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,

GEO. N. CARTER

Re: Permit G-26838

Mr. Leslie H. Day
Carey, Idaho

Dear Mr. Day:

Enclosed are the two Form 36 and Form 11 you submitted and form for amending the point of diversion.

The point of diversion in the legal notice is shown as corner of NW¹/₄NE¹/₄, Section 19, whereas our record shows it to be in the SE¹/₄NE¹/₄, Section 19.

If the point of diversion is actually in NW¹/₄NE¹/₄, cross out the words "corner of", complete the form for amending the point of diversion and return to this office. There will be no need to change the date, August 17, for making your proofs, if you return the papers promptly.

Very truly yours,

GEO. N. CARTER

Dear Sir. Department of Reclamation

Once more I'm asking
about the permit for the
well. I wrote you a month
ago - received a note to the
effect our permit would need
no first of work following -
That was 3 weeks ago - our ck
has been back since, it may
but to date we haven't received
the permit Please do get it too
so we can't get our loan until
26838

you do. some one has
neglected to send it on.

Please

L. H. Day
Carey Ide

RE: Permit No. G-26838

Mr. Leslie H. Day
Carey, Idaho

Dear Mr. Day:

We enclose Permit No. G-26838 in which we direct your attention to the limitations and conditions as given on the fourth page under approval of the State Reclamation Engineer.

Departmental receipt No. G-2544 enclosed covering payment of the \$5.75 filing fee in connection with the above captioned Permit.

Also enclosed a refund of twenty five cents (25¢).

Very truly yours,

MARK R. KULP
State Reclamation Engineer

RECEIVED
APR 18 1957
Department of Reclamation

Carey, Ida.
April - 24 -

Dear Mr Kulp:

Did you receive my application
for a well? Has been so long since
I mailed it I was wondering if it
had gone astray.

Hope to hear from you by
return mail about above matter.
