INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

House fully plumbed.

State of Idaho
License and Certificate of Water Right

Water License No. G-25990 Amount .03 c.f.s.
Water District No. Priority September 7, 1955

THIS IS TO CERTIFY that WILLIAM CUTLER
of Sun Valley, Idaho, made application for a permit to appropriate the
public waters of the State of Idaho, dated September 7, 1955; that Permit No. G-25990
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
.03 second feet, was issued thereunder on January 22, 1957, showing that said works
were completed on the 1st day of March, 1956; and that on the 1st
day of March, 1956, WILLIAM CUTLER

of Sun Valley, State of Idaho, made proof to the satisfaction of the
State Reclamation Engineer of Idaho, of the right to use the waters of a drilled
well, a tributary of, for the purpose of domestic (Heating
and culinary,) under Use Permit No. G-25990 of the Department of Reclamation
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume
9 of Licenses at page 5898, on the 22^d day of January, 1957;

The right hereby confirmed dates from September 7, 1955;

The Point of Diversion is located
in the SE 1/4 NW 1/4, Sec. 14, Tp. 4 N., R. 17 E., B. M. County Blaine

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
not exceed .03 cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
A parcel of land situated in the Northwest Quarter of Section FOURTEEN (14) Township 4 North, Range 17 East, Boise Meridian, more particularly described as follows: Beginning at the Southwest Corner of Lot 9, Block 3 of Warm Springs Village, according to the official plat thereof on file in the office of the County Recorder of Blaine County, Idaho, running thence 25.56 feet bearing South 1° East; thence 75.31 feet bearing North 88°17' East; thence 235.51 feet bearing North 75°35' East; Thence 20.00 feet bearing South 14°25' East to the real point of beginning; thence 155.40 feet bearing North 75°35' East; thence 271.50 feet bearing South 9°27' East; thence 196.30 feet bearing South 89°10' West; thence 232.00 feet North 0°19' East to the Real Place of beginning.					

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place
of use herein described, as provided by the laws of Idaho.

WITNESS the seal and signature of the State Reclamation Engineer, affixed at Boise, Idaho, this
22nd day of January, 1957.

APPLICATION FOR PERMIT

To Appropriate the Subterranean Waters of The State of Idaho

Application No. G- 33866
 Permit No. G- 25990
 District No.

William Cutler
 Box 201
 Sun Valley, Ida.

1. Name of Applicant: WILLIAM CUTLER
 Postoffice address: Box 201, Sun Valley County: Blaine State: Idaho
2. Quantity of water claimed:
 - (a) Rate of withdrawal in cubic feet per second. .16 or Idaho
 Miners' inches 4 or gallons per minute. 36 Gal. per min.
 - (b) Annual withdrawal in acre feet per annum
3. Source of water supply: Drilled well 6" casing - 21 ft. deep
 Located in Lot 9, Block 3, Warm Springs Village Sub-division to Ketchem,
4. Location of point of diversion or well is in the SE $\frac{1}{4}$ NW $\frac{1}{4}$ of the N.W. $\frac{1}{4}$ of Section 14
 A parcel of land situated in the Northwest Quarter of Section FOURTEEN (14),
 Township 4 North, Range 17 East, Boise Meridian, more particularly described as follows:
 Beginning at the Southwest Corner of Lot 9, Block 3 of Warm Springs Village,
 according to the official plat thereof on file in the office of the County Recorder
 of Blaine County, Idaho, running thence 25.56 feet bearing South 1° East; thence 75.31
 feet bearing North 88° 17' East; thence 235.51 feet bearing North 75° 35' East; thence 20.00
 feet bearing South 14° 25' East to the real point of beginning; thence 155.40 feet bearing
 North 75° 35' East; thence 271.50 feet bearing South 9° 27' East; thence 196.30 feet bearing
 South 89° 10' West; thence 232.00 feet North 0° 19' East to the Real Place of beginning.
 at a point in the SE $\frac{1}{4}$ NW $\frac{1}{4}$ of the NW $\frac{1}{4}$ of Section 14, Twp. 4 N., Rge. 17 E., B.M.
7. Kind of works: Electric Pump on Well $\frac{1}{2}$ h.p. Motor
8. Estimated cost of works: \$250.00
9. (a) Is reservoir to be used? No
 (b) Capacity of reservoir:
10. The time required for the completion of such work and complete application of the water to the proposed use is $\frac{1}{4}$
 years.
11. If applicant is a corporation, give:
 - I. (a) Date and place of incorporation:
 (b) Amount of capital stock: \$ (c) Amount paid in: \$
 (d) Names and addresses of directors:
 - II. The financial resources of the applicant are (a) Cash on hand: \$
 (b) Treasury stock: (c) Bonds to be issued:
 (d) Other resources:
12. The land to be irrigated is described in the following tabulation:
13. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are:
 - (a) (cubic feet per second, inches or gallons per minute) of the water herein applied for is to be supple-
 mental to the existing water rights.
 - (b) (cubic feet per second, inches or gallons per minute) is for new lands.

The water claimed is from a well on my property and is to be used in a radiant heating system in my house.

The water is of a hot sulphur spring origin on Warm Springs Creek. The temperature at my well is 113°F. There will be no water consumed - it will be returned to a cesspool or cistern on the same location. The water is not suitable for irrigation because of the heat. I want to claim this water and to establish priority for my protection in the event a larger well should be drilled above me and draw off my supply. My domestic water is taken from a

Remarks: a cistern in Warm Springs Creek. I use less than the maximum 13,000 gal. per day specified in the Special Instructions (2-b) The ground water stays at 2-3 ft. below the surface and the water will flow without pressure restriction which will explain the small pump I plan to use. The well was drilled by Geo. Roessler of Shoshone on Aug. 24, 1955.
BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

WILLIAM M. CUTLER *Applicant.*

Re: Permit No. G-25990

Mr. William Cutler
P. O. Box 201
Sun Valley, Idaho

Dear Mr. Cutler:

We enclose Certificate of Completion of Works and License and Certificate of Water Right issued under Permit No. G-25990 for the diversion of and confirming your right to the use of .05 cubic foot per second of the waters of a drilled well with point of diversion in the SE $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 14, Township 4 North, Range 17 East B.M., with priority of September 7, 1955, for domestic use located in the NW $\frac{1}{4}$ of Section 14.

Also enclosed is departmental receipt no. G-2388 for \$10.00 issued for payment of the fee of \$5.00 for Completion of Works Certificate and \$5.00 for the License.

Very truly yours,

MARK R. KULP

RECEIVED
JAN 11 1957

Department of Reclamation

Dear Mr. Kulp,

Through your office, I had made application for water rights to a well here at my home. I had completed the works and the requirements and I believe your last correspondence to me was for a \$10 fee to complete the water right. However, on Nov. 12 my house burned down and the records and correspondence I had from you were lost. I'm sending the \$10 to you and hope that none of the burned papers were essential for completing my water right.

Yours very truly
William Cutler

RE: Permit No. G-25990

Mr. William Cutler
Box 201
Sun Valley, Idaho

Dear Mr. Cutler:

We now have on file the report of our field engineer on examination for completion of works and beneficial use on your permit No. G-25990 which shows that you have used .03 second foot of waters of a well located in the NW $\frac{1}{4}$ NW $\frac{1}{4}$ Section 14, Township 4 North, Range 17 East, B.M. for heating and culinary purposes, in the W $\frac{1}{2}$ NW $\frac{1}{4}$ Section 14.

A Certificate of completion of Works and License can, therefore, be issued for .03 second foot of water upon receipt of the statutory fees amounting to \$5.00 for completion of works and \$5.00 for the license.

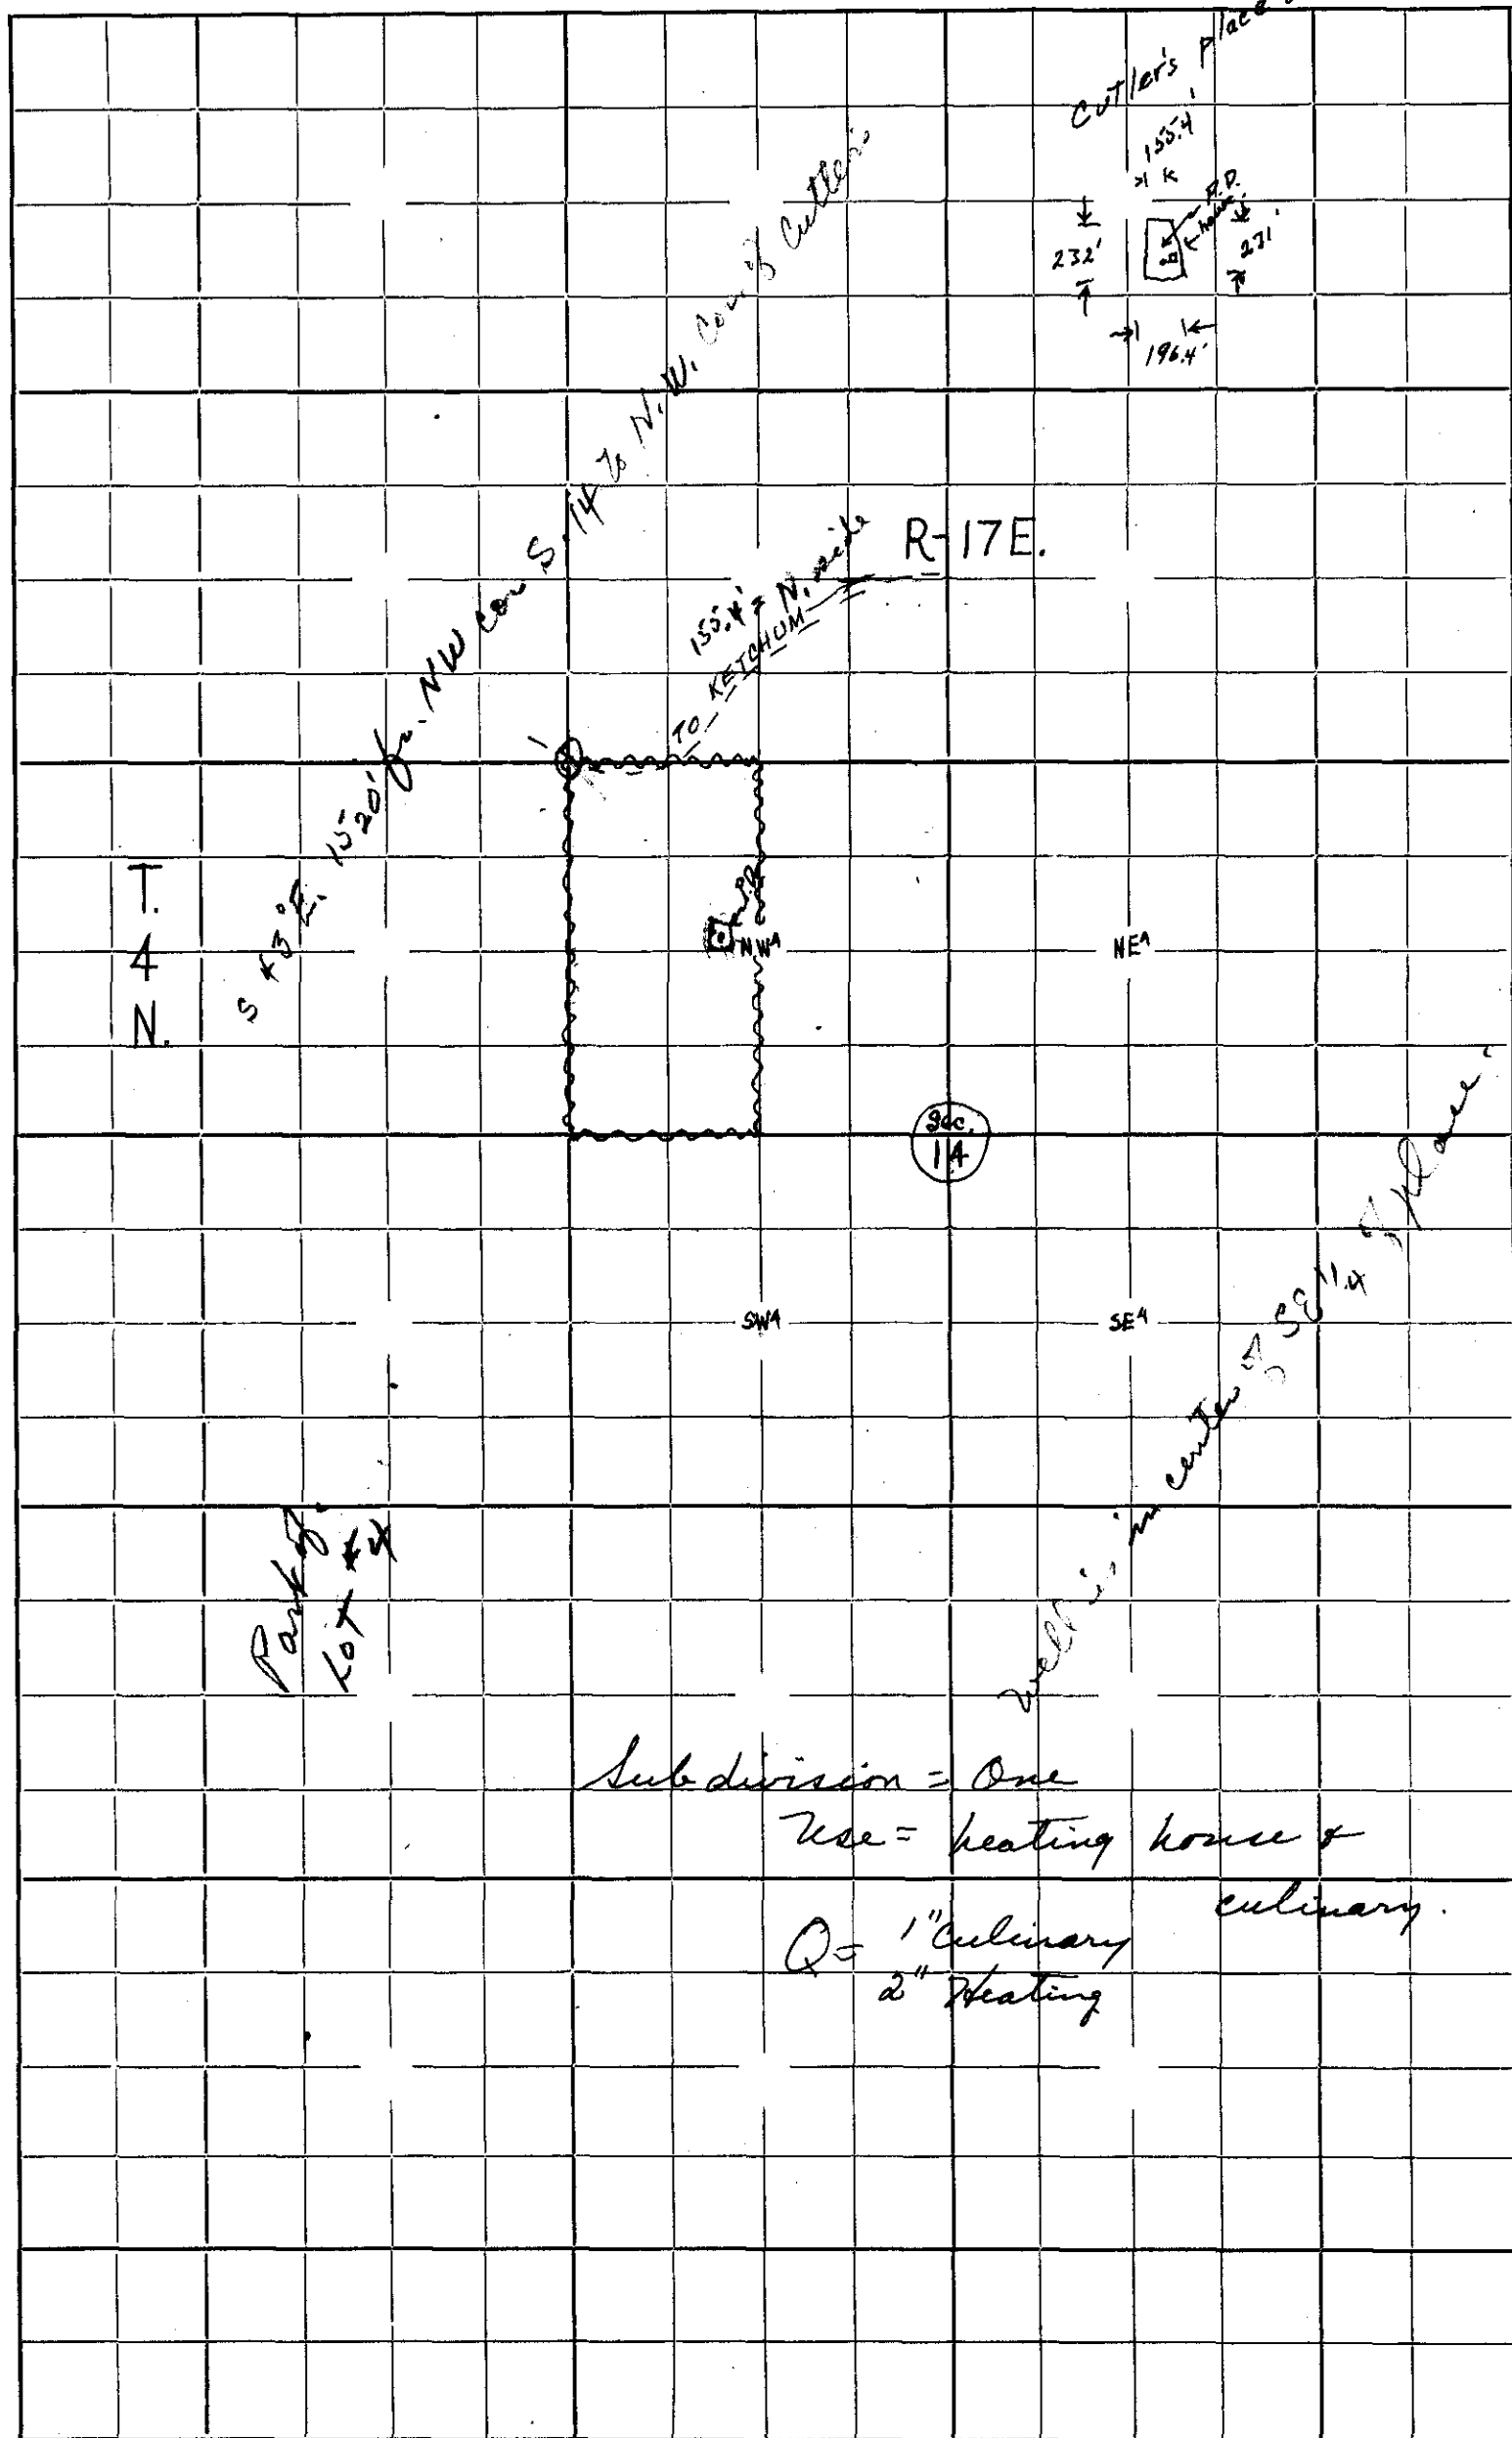

Very truly yours,

MARK R. KULP
State Reclamation Engineer

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO
REPORT OF ENGINEER

Permit No. 25990

This proof is for Completion of Works & Beneficial Use In Water District No.

1. Name of applicant Mr. William Cutler
2. Source of water supply: Subterranean flow from a drilled well
Lot 9, Block 3, Warm Springs Village, sub-division to Ketchum, Idaho
3. Location of point of diversion: Is in the SE $\frac{1}{4}$ NW $\frac{1}{4}$ of the NW $\frac{1}{4}$ of Section 14
T. 4N R. 17 E., B.M. County of Blaine
4. Describe works as they exist, giving dimensions and capacities of same: Well is 21' deep by
6" diameter, cased to the bottom. H=3', no draw down. Temperature is 113°F.
Well is in the well house, which is 8' by 12' by 6' high, concrete floor.
Well is in the NW corner. There is a small pump disconnected for summer time
in the pump house. 1 $\frac{1}{4}$ " in by 1" out. Centrifugal Sears-Roebuck pump and
 $\frac{1}{2}$ hp Westinghouse motor. There is also a small pump and motor under the house
to pump water for domestic purposes.
5. Water is used for: Domestic Heating
6. State whether or not water has been turned into works of diversion: Yes
7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):
W $\frac{1}{2}$ NW $\frac{1}{4}$ of Section 14, Twp. 4 N., Rge 17 E., B.M.
See the map

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach?

Remarks: This water is used chiefly to heat the house. 60' of 1" plastic pipe
leading to a juncture after which there are 3 circuits under the floor,
two 350' lengths and one 100' length which are placed in concrete 2"
under the floor. These exhaust into open air in the yard. House is fully
plumbed.

This examination was made on the 9 day of August, 19 56

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

House fully plumbed.

RE: Permit No. 25990

Mr. William Cutler
Box 201
Sun Valley, Idaho

Dear Mr. Cutler:

I expect to make inspection in connection with your permit as required by law on any permit being brought to license in the State of Idaho.

I intend to make inspection on your permit either Thursday evening, August 9 or Friday morning, August 10.

I shall try to contact you when I arrive in that area.

Yours truly,

MARK R. KULP
State Reclamation Engineer

Permit No. G-25990

Proof of Application of Water to Beneficial Use

and Completion of Works

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. William M. Cutler, Box 201, Sun Valley, Idaho, - Cook.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. _____

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. G-25990 - Oct. 4, 1955 - Date of priority - ^{June} Sept. 7, 1955

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Drilled well - S.E. 1/4 - N.W. 1/4 of Sec 14 T. 4 N., R. 17 E. Blaine County, Idaho.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Drilled well - 21 ft deep - 6" casing - 21 ft. deep - Depth to water - 3 ft. Discharge of pump, measured by 5 gal. can and stop watch - 12 gals. per min.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water used for heating purpose at same place as well. the discharge runs into Warm Springs Creek.

G25990

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. The water is pumped thru pipes in the floor of the house.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 12 gals per min.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Dec. 1955 — pumped from well, thru pipes in flat and discharged in Creek — 12 gals per min —

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans.

Deposition of Witness^{and} Completion of Works

The deposition of two witnesses, on this form, taken separately, required in each case.

✓ Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Ben L. Cutler - 45 - Hailey - Miner
Hailey - Idaho -

Ques. 2. Are you acquainted with William M. Cutler, the holder of Permit No. G-25990? How long have you known him and where does he reside?

Ans. 32 years - Warm Springs Village, Ketchum, Idaho

Ques. 3. Have you read or heard read said Permit No. G-25990, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Drilled well - S.E. 1/4 - N.W. 1/4 Sec. 14 T. 4 N. R. 12 E.
Blaine County, Idaho

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. .15 sec feet - 12 gals per min.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. 12 gals per min. - measuring pail & watch

25990

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Heating house - same as well.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Heating House.

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. _____

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Jan. 1955 - By actual measurement - 12 gals. per min.

(Signed) _____

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Blaine Valley, County of Blaine, State of Idaho, on this 1st day of March, A. RE: Permit No. G-25990

Mr. William Cutler
Box 201
Sun Valley, Idaho

Dear Mr. Cutler:

We acknowledge receipt of your letter of March 5, 1956, stating that the depositions of yourself and two witnesses were executed as set out in the published notice before Mr. George McCoy, on March 1, 1956.

These depositions should be transmitted promptly to this department together with the affidavit of publication in the Hailey Times.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

RE: Permit No. G-25990

Mr. William Cutler
Box 201
Sun Valley, Idaho

Dear Mr. Cutler:

We have your letter of December 9 and note that you wish to make proof of completion of works and beneficial use on your Permit No. G-25990. We assume, of course, that the works are not only completed as you mention but that the land has been irrigated from this source also.

Before these proofs are made, the statutes require publication once a week for four weeks in a county newspaper and this notice should be made in duplicate on Form 36 enclosed, setting the time and place and naming the Notary Public before whom the proofs are to be made.

The proofs may be made at Sun Valley or any place convenient for you and your two witnesses and the time must be set far enough ahead to allow for four weeks publication.

Both copies of Form 36 to be returned to this department with Form 11 which is your authorization for us to have the notice published at your expense in the designated county newspaper.

We shall then send a copy of the notice to the newspaper with instructions in regard to publishing and shall send you the forms of depositions to be used by yourself and two witnesses in making these proofs.

Very truly yours,

September 21, 1955

Mr. William Cutler
Box 201
Sun Valley, Idaho

Dear Mr. Cutler:

We are returning map which you enclosed in your letter of September 20, 1955, of the Warm Springs Village Subdivision located in Township 14 North, Range 17 East, B.M., Blaine County, Idaho.

From this map and from the metes and bounds description of your Lot which you sent with the Application we are still unable to locate your Lot.

You state that your Lot is in the NW $\frac{1}{4}$ of Section 14. From the map enclosed herewith there is no Block 3 or Lot 9 in the NW $\frac{1}{4}$ of Section 14, however, there is a Block 3, Lot 9 located in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 11, but we are unable from the metes and bounds description to locate your Lot where it would be in the NW $\frac{1}{4}$ of Section 14.

We would suggest that when you return this map to the County Surveyor that you request him to locate said Lot within a 40 acre subdivision so that we will know the true location of the same.

The following is a copy of the metes and bounds description forwarded with your Application:

A parcel of land situated in the Northwest Quarter of Section FOURTEEN (14) Township 4 North, Range 17 East, Boise Meridian, more particularly described as follows:

Beginning at the Southwest Corner of Lot 9, Block 3 of Warm Springs Village, according to the official plat thereof on file in the office of the County Recorder of Blaine county, Idaho, running thence 25.56 feet bearing South 1° East; thence 75.31 feet bearing North 88° 17° East; thence 235.51 feet bearing North 75° 35° East; thence 20.00 feet bearing South 14° 25° East to the real point of beginning; thence 155.40 feet bearing North 75° 35° East; thence 271.50 feet bearing South 9° 27° East; thence 196.30 feet bearing South 89° 10° West; thence 232.00 feet North 0° 19° East to the Real Place of beginning.

Dear Mr. Kulp

Enclosed are the maps locating my property and well in T. 4 N., R. 17 E. Sec. 14. N.W. $\frac{1}{4}$ of N.W. $\frac{1}{4}$.

According to the Blaine County Surveyor, Mr. James Patterson, this 40 acre tract has been taken up by some patented mining claims and by Warm Springs Village Sub-division of which my property is a part, as shown in the description I sent you. Mr. Patterson further described my property as being Lot No. 4. The

water I am applying for will be developed, used, and returned to the ground all within the property described. The well is 30 ft. from the house and the drain cistern is about 100 ft. from the well.

Sun Valley, Idaho

Dear Mr. Cutler:

We are in receipt of your Application for Permit to Appropriate .16 second foot of water from a well accompanied by your check for the \$5.00 filing fee.

We are unable to definitely check the location from the description given without having the location of the point of beginning.

Please furnish sketch map in duplicate showing the place of use and the location of the well located in relation to a 40 acre subdivision, section, township and range.

Very truly yours,

MARK R. KEMP
State Reclamation Engineer

Permit No. *J. 25990*

August 24, 1955

Mr. William Cutler
Box 201
Sun Valley, Idaho

Dear Mr. Cutler:

In reply to your letter, we enclose a form of application for permit to appropriate subterranean water from a well together with a pamphlet giving regulations and instructions in regard to filing same.

When this application is approved, it will be signed by the proper State Officials and sent you as a use permit under which you may proceed with the construction of the work described in the application.

In order to complete your water right, proofs of completion of works and application of the water to beneficial use are required. The time required for making these proofs should be indicated under question 10.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Department of Reclamation

Mr. Kulp:

I am having a well drilled on my property on Warm Springs Creek to develop hot water for heating purposes. Could you send me the necessary forms to fill to establish priority on this water? The water will not be consumed, but should return either to the ground or to Warm Springs Creek. I expect to pump from .05 to .10 cubic feet/second.

Thank you,

Wm. Citter

**NOTICE OF PROOF OF
COMPLETION OF WORKS**

**1
APPLICATION OF WATER
TO BENEFICIAL USE**

Notice is hereby given that at 4:00 P.M., on the first day of March, 1956, at Hailey, County of Blaine, State of Idaho, before George McCoy, Notary Public, proof will be submitted of the completion of works for the diversion of 0.16 cubic feet per second of the waters of underground source and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G25990 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are William M. Cutler, Box 201, Sun Valley, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use, in accordance with the plans accompanying the application for such permit, is 0.16 cubic foot per second.

3. The use to which said water has been applied is domestic and heating purposes, and the amount applied to beneficial use is 0.16 cubic foot per second.

4. The place where said water is used is SE $\frac{1}{4}$ NW $\frac{1}{4}$, of Section 14, Twp. 4 N., Rge. 17 E. B.M.

5. The date of priority which said user is prepared to establish is September 7, 1955.
