Re: Permit No. G-25981

Mr. Joseph McFadden

Dear Mr. McFadden:

Our field engineer's report on his inspection of the completion of works and application of water to beneficial use under the terms of Permit No. G-25981 shows the well is capable of conveying 140 miners' inches (2.8 c.f.s.) of water for irrigation of 140 acres in the E $\frac{1}{2}$ E $\frac{1}{2}$ of Section 6, the E $\frac{1}{2}$ NE $\frac{1}{4}$ Section 7 and S $\frac{1}{2}$ NW $\frac{1}{4}$ of Section 8, Township 1 South, Range 19 East, B.M. The record of the permit describes the land in Section 7 as located in the NE $\frac{1}{4}$ NE $\frac{1}{4}$, SW $\frac{1}{4}$ NE $\frac{1}{4}$, therefore, it is necessary that the permit be amended to the correct location of land. We enclose Application for Amendment to land list, for this purpose.

Upon receipt of the amendment, mentioned above, and the statutory fees, totaling \$19.00, we will issue the Certificate of Completion of Works (for which the fee is five dollars) and the License and Certificate of Water Right (fourteen dollars--fee based at the rate of two dollars for each 40-acre subdivision) confirming the right with priority of September 14, 1955, to the use of 2.8 second feet of subterranean water, with the point of diversion in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 6, for irrigation of 140 acres in the E $\frac{1}{2}$ E $\frac{1}{2}$ of Section 6, E $\frac{1}{2}$ NE $\frac{1}{4}$ Section 7 and the SW $\frac{1}{4}$ NW $\frac{1}{4}$ Section 8, Township 1 South, Range 19 East.
