Irrigated Land

In this locality early water is deficient and late water is abundant. Hence well water is useful during early season and may not be used later such is the case on the C.W. Drage farm. An occasion may arise to water with well water any part of the farm east of E. Fork of fish Cr. = 290 Acres

There are 290 cropped and irrigated Acres in this farm East of the creek as shown by sketch.

A weir measurement of the discharged well was made with the following results.

Irrigated Land

In this locality early water is deficient and late water is abundant. Hence well water is useful during early season and may not be used later such is the case on the C.W. Drage farm. An occasion may arise to water with well water any part of the farm east of E. Fork of Fish Cr. = 290 Acres

There are 290 cropped and irrigated Acres in this farm East of the creek as shown by sketch.

A weir measurement of the discharged well was made with the following results.

Mr. Joseph McFadden
Attorney
Hailey, Idaho

Dear Mr. McFadden:

Relative to our telephone conversation today and to your request, we are enclosing blank forms for Application of Water to Beneficial Use and Completion of Works in connection with the above stated permit.

Since the depositions of Proof are late, we think that the depositions should state that the works were fully completed and water applied to beneficial use prior to September 2, 1957, the date set for proofs.

For your information, we are enclosing a photo-copy of the permit in question, also a copy of the publication notice.

Since the proofs were not made on the date as published, we will require an affidavit signed by Alice A. York, Notary Public, that her office was open for business at 2 o'clock P. M. on August 30, 1957, and that no person or persons appeared at that time or prior thereto, protesting the proofs of Mr. C. W. Drage. Also an affidavit will be required signed by Mr. C. W. Drage, stating the reasons why he did not appear with his two witnesses before Alice A. York, Notary, on the date set in the publication notice.

These affidavits should be in the file as supporting evidence for the depositions.

We will also require an affidavit of publication from the Hailey Times, together with the Deposition of Holder of said permit and each of two witnesses.

Very truly yours,
