STATE OF IDAHO, } ss.
County of Blaine,

NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10 A.M. on the 14th day of May, 1957, at Hailey, County of Blaine, State of Idaho, before Joseph McFadden, Notary Public, proof will be submitted of the application to beneficial use of .2 cubic feet per second of the waters of spring in accordance with the terms and conditions of Permit No. 25767 heretofore issued by the State Reclamation Engineer of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are J. D. Blackwell, Carey, Idaho.

The use to which said water has been applied is irrigation and stock.

The amount applied to beneficial use is .2 cu ft per second.

The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated) 50 acres in S $\frac{1}{2}$ -SE $\frac{1}{4}$ Sec. 6, Twp. 1 S., R. 22 E. B.M., Blaine County, Idaho.

The name of the canal or ditch or other works by which said water is conducted to such place of use is Unnamed.

The right to take water from such works is based upon Permit No. 25767.

The source of supply from which such water is diverted is spring situate on Lot 2 Sec. 6, T. 1 S., R. 22 E.B.M., Blaine County, Idaho.

The date of priority which said user is prepared to establish is June 21, 1955.

APPLICATION FOR PERMIT

To Appropriate the Public Waters of the State of Idaho

37-2572

APPLICATION No. 33628
 PERMIT No. 25767
 DISTRICT No.

Joseph McFadden, Atty
 Hailey,
 Idaho

1. Name of Applicant: J. D. BLACKWELL

Postoffice address: Carey,

County: Blaine

State: Idaho

I. If applicant is a corporation, give:

(a) Date and place of incorporation:

(b) Amount of capital stock:

(c) Amount paid in:

(d) Names and addresses of directors:

II. The financial resources of the applicant are:

(a) Cash on hand:

(b) Treasury stock:

(c) Bonds to be issued:

(d) Other resources:

2. Quantity of water claimed: .2 (Two-tenths) cubic feet per second.

3. Source of water supply: Spring situate on Lot 2, Sec. 6, Twp. 1 S. R. 22 E. B.M. which is a tributary of No stream

4. Location of point of diversion: approx 50 feet distant from the SE corner of Section 6, Twp. 1 S. R. 22 E. B.M. Lot 2

of Section 6, T. 1 S., R. 22 E., B.M., County of Blaine which land is owned by James F. Phillips and Blaine Phillips

5. Water is to be used for stock watering, garden irrigation and irrigation of pasture

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: feet distant from corner of Section

T. , R. , B.M., in the of Section , T. , R. , B.M.

(b) Amount of power generated: H.P., under feet head.

(c) Water is to be returned to at a point feet

distant from the corner of Section , T. , R. , B.M., in the of Section , T. , R. , B.M.

7. Estimated cost of works: \$ 500.00 already expended,

8. Kind of works: cribbing of spring, with 1/4 mile of 1 1/2" pipe to place of use

9. Height of dam -- feet; length of dam at top feet; length of dam at bottom

feet; material used in dam:

10. Size of headgate: Width None feet; height feet.

11. Ditch: Width at bottom feet; width at water line feet; depth of water feet;

dimensions of flume:

Diameter of pipe 1 1/2 inches; length of conduit 1/4 miles.

Average grade per mile feet.
 between spring and place of use, about 1/4 mile, is 84' drop

12. The time required for the completion of such work is None. All work completed years.

13. The time required for the complete application of the water to the proposed use is 1 additional years.
 This spring used for this purpose since 1919.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: 45" of waters of Fish Creek, Decreed with date priority of 1905. Also owns 100 shares of Fish Creek Reservoir Stock.

16. (a) Is reservoir to be used? None If so, fill in (b) and (c) below:
 (b) Name of Reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public water of the State of Idaho as herein set forth.

Re: Permit No. 25767
J. D. Blackwell

Mr. Joseph McFadden
Attorney At Law
Hailey, Idaho

Dear Mr. McFadden:

Our field engineer's report on the inspection of the application of water to beneficial use under the terms of Permit No. 25767, J. D. Blackwell, Carey, Idaho, shows that his works are capable of conveying 2.65 miner's inches (.053 c.f.s.) of water for domestic, stockwatering and irrigation purposes. This permit is now entitled to the License and Certificate of Water Right.

Upon receipt of the statutory fee of \$4.00, we will issue to Mr. Blackwell the License confirming the right with priority of June 20, 1955, to his use of .053 second foot of water from springs, with the point of diversion in Lot 2 of Section 6, for domestic use, stockwatering and irrigation of yard and pasture in the S $\frac{1}{2}$ SE $\frac{1}{4}$ of Section 6, all in Township 1 South, Range 22 East, B.M.

Very truly yours,

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

Re: Permit # 25767

Mr. J. D. Blackwell
Carey, Idaho

Dear Mr. Blackwell

Statutes requires a field inspection in connection with the proofs on Permit # 25767 before license and certificate of water right can be issued.

Such inspection and report on same is required for any and all permits being brought to license within this State.

An inspecting Engineer from this Department requests that you or someone familiar with the terms of the permit and representing you be prepared to accompany him on the inspection, on Wednesday,

August 7th.

If he cannot get in touch with you by phone or otherwise he will drive to the well location or point of diversion given in the permit.

Very truly yours,

Hailey, Idaho

Dear Mr. McFadden:

We acknowledge receipt of the depositions of Mr. Blackwell, the holder of the Permit and two witnesses, also affidavit of publication in The Hailey Times, all submitted in proof of beneficial use on Permit No. 25767.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact Mr. Blackwell at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Dear Sir:

Re: J. D. Blackwell, Permit
No. 25767

Enclosed herewith find Proof of Publication, deposition
of two witnesses and deposition of Mr. Blackwell,
pertaining to the above matter.

If there is anything further required on this, or if there
are any charges due, please advise and I will remit same
immediately.

Yours truly,

A handwritten signature in cursive script that reads "Joseph McFadden".

Joseph McFadden

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

RECEIVED
MAY 1 6 1957

Permit No. 25767

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. J. D. Blackwell, Carey, Idaho, farmer, P.O. Address: Carey, Idaho

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. -----

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No. 25767, June 21, 1955

June 20, 1955

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Water comes from springs on Lot 2, Sec. 6, Twp 1 S.R. 22 E.B.M., Blaine County, Idaho, being about 50 feet from SE corner of said Lot 2.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Spring improved, with plank box to divert water into pipe, water flows from spring into small pond, and then into the plank box for the pipe, and also into a ditch that is flumed under Fish Creek Canal and onto my property where I start irrigating

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. This water has been used, for many years, at least 36 years; water in pipe going to home for domestic purposes, stock watering, gardening and yard; the water in ditch flowing southerly onto the S₂SE₄ Sec 6, Twp, and is used on about 15 acres of hay and meadow ground. By use of this water, I have been able to maintain good pasture on this ground during the whole season, which couldn't or wouldn't be done without this water.

1 S. - R. 22 E.

25767

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. -----

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. not less than 10 miner's inches.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. -----

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. The full flow of the springs of about 10 miner's inches has to my knowledge been used this way ever about 1922 to my own knowledge.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. 45" fish Creek priority date 1905, and 100 shares Fish Creek Reservoir Stock, this water being very sporadic in delivery--some years it is good, other years the water right is almost useless. It cannot be relied upon for maintenance of pasture, or farming.

(Sign)

25767

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

RECEIVED
MAY 11 6 1957
Department of Reclamation

PERMIT NO. 25767

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Joe Rush, age 42, Carey, Farmer, P.O. address: Carey, Idaho
and watermaster District No. 25

Ques. 2. Are you acquainted with J. D. Blackwell, the
holder of Permit No. 25767? How long have you known him and where does
he reside?

Ans. Yes. I have know Mr. Blackwell about 15 years

Ques. 3. Have you read or heard read said Permit No. 25767, and are you
familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for con-
veying water from point of diversion to place of use.

Ans. The water comes from a small spring on Lot 2, Sec 6, Twp 1 S.R.
22 E.B.M., on property of Mr. and Mrs. Phillips. The springs were cleaned,
and a little pond established below from which 1½" pipe leads to home,
and a ditch was constructed from the pond down to Mr. Blackwell's land
being flumed under Carey Reservoir Co canal.

Ques. 5. How many second feet of water do you estimate said works will safely con-
duct to place of use, and how much water have you seen being so conveyed?

Ans. The works will safely carry 15 miner's inches of water; and I have
seen 8 miner's inches in the ditch, and 1 to 2 miner's inch in the

Ques. 6. ^{pipe} State for what purpose water is used and at what place. (If for irrigation, give
each subdivision in which water has been used and number of acres irrigated in each
subdivision.) State whether cultivated or natural meadow land and the nature of all im-
provements which have been made as a direct result of said use.

Ans. Water in pipe is used for domestic purposes, stock watering and garden-
and water in ditch used to irrigate portion of S½SE¼ Sec. 6, Twp.
1 S. R. 22 E.B.M., Blaine Co., Idaho. Keeps about 10 acres of
land in a swale wet. This swale is natural meadow and hay land,
and by use of this water has made this particular land profitable
in cultivating.

25767

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. -----

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Land is good, awful good soil, somewhat rolling, and requires at least 1" to acre to cultivate profitably, especially after 1905 decree is cut and 100 shares Carey Valley Reservoir water are cut. Without this water, after other water is cut, he would have nothing

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. None.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I first saw this spring and water diverted to ground ever since I known Mr. Blackwell. Mr. Blackwell annually cleans the whole spring and the ditch and pipe. I have seen at least 10" of water being applied beneficially from both the pipe and ditch, this being ever since I have known Mr. Blackwell.

(Signed)

Joe Rush

BOISE, IDAHO

PERMIT NO. 25767

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Joseph H. Dieterle, age 53, farming, Carey, P.O. Carey, Idaho

Ques. 2. Are you acquainted with J. D. Blackwell, the holder of Permit No. 25767? How long have you known him and where does he reside?

Ans. Yes, I have known Mr. Blackwell about 30 years

Ques. 3. Have you read or heard read said Permit No. 25767, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Water from spring on the Phillips property, just north of Mr. Blackwell's ranch--spring in Lot 2, Sec. 6, Twp 1 S. R. 22 E.B.M. Water comes from spring, is collected in a small pond, and from the pond it is piped in 1½" pipe, and also into a small ditch leading water to Mr. Blackwell's property, and flows through the pipe and ditch.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. It will safely carry at least 15" of water, and I have actually seen 15" or more going through the ditch alone.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water through 1½" pipe is used for domestic use, stock watering, garden and yard, and from the ditch it flows onto Mr. Blackwell's land is used to irrigate pasture and hay land in swale on Mr. Blackwell's property, being used on about 15 acres.

25767

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. ---

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Land is good soil, slightly rolling, orsloping to the south. This land needs at least 10" of water in addition to the reservoir and rights

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. None

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have seen at least 10" beneficially used on this property ever since about 1934, this water being continually used on this ground every year since that time.

Dear Mr. McFadden:

We have your letter of April 24, 1957, with which was enclosed your check for \$5.00 to cover the fee for the Certificate of Completion of Works on Permit No. 25767 in the name of J. D. Blackwell.

In checking the record of Permit No. 25767, we find this proof was due June 21, 1956 and was not made until April 8, 1957. It is therefore necessary that we hold the Certificate of Completion of Works until the Beneficial Use Proofs, which are due June 21, 1957, are received at this department. At which time, the Certificate of Completion of Works can be recorded and forwarded to you.

Very truly yours,

MARK R. KULP

NOTICE FOR PUBLICATION
 NOTICE OF PROOF APPLICATION OF WATER
 TO BENEFICIAL USE

RECEIVED
 APR 10 1957
 Department of Reclamation

Notice is hereby given that at 10 A. M. on the 14th day of May, 1957,
 at Hailey, County of Blaine, State of Idaho, before
Joseph McFadden, Notary Public, proof will be submitted of the
 application to beneficial use of .2 cubic feet per second of the waters of spring
 in accordance with the terms and conditions of Permit No. 25767
 heretofore issued by the State Reclamation Engineer of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are

J. D. Blackwell, Carey, Idaho

The use to which said water has been applied is irrigation & stock & domestic

The amount applied to beneficial use is .2 cu ft per second

The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated)

50 acres in S1SE1 Sec 6, Twp 1 S. R. 22 E.B.M., Blaine County,
Idaho

The name of the canal or ditch or other works by which said water is conducted to such place of use is

Unnamed

The right to take water from such works is based upon Permit No. 25767

The source of supply from which such water is diverted is spring situate on Lot 2

Sec 6, T. 1 S. R. 22 E.B.M., Blaine County, Idaho

The date of priority which said user is prepared to establish is June 21st 1955

RMT

March 26, 1957

Re: Permit No. 25767
J. D. Blackwell

Mr. Joseph McFadden
Attorney at Law
Hailey, Idaho

Dear Mr. McFadden:

Our records show that on June 20, 1955, this office received a letter dated June 16, 1955, from you with which was enclosed an Application for Permit in the name of J. D. Blackwell, filing on .2 cubic feet per second of water from a spring located in lot 2, Section 6, Township 1 South, Range 22 East B.M. Also, we note that the letter in part reads as follows:

"If you have any questions, it would be greatly appreciated if you would direct the same to me. Work has already been completed for a number of years and if this application is approved, kindly forward necessary data so that proof of completion of work can be immediately submitted. -- signed by Joseph McFadden."

Completion of Works Proof was due on this permit June 21, 1956, and the permit is now subject to cancellation. However, since we have no record of an answer to your letter of June 16, 1955, in which we had enclosed the form for making the completion of works proof or that we have in the past notified Mr. Blackwell that the proof was due at that date, we can, therefore, reinstate this permit, provided, proof of completion of works can be made immediately. Enclosed is the "Form 6" for this purpose.

Also, we have enclosed the forms for "Notice for Publication" which precedes the beneficial use proof. In case Mr. Blackwell would like to make this proof at this time, please complete these forms and return them to this department.

Very truly yours,

MARK R. KULP
State Reclamation Engineer
