APPLICATION FOR AMENDMENT
 TO PERMIT TO APPROPRIATE THE PUBLIC WATERS
 OF THE STATE OF IDAHO, No. G-25755

Comes now Harry T. O'Crowley and John L. O'Crowley and represents to the State Reclamation Engineer of the State of Idaho:

That they are the owners and holders of Permit to appropriate the Public Waters of the State of Idaho, No. G-25755.

That the point of diversion is described in said permit as being located $NE\frac{1}{4}SW\frac{1}{4}$, SEC. 25, T. 1 S., R. 19 E., B. M.

That they now request that the point of diversion be changed to a point located $SW\frac{1}{4}NE\frac{1}{4}$, Sec. 25, T. 1 S., R. 19 E.

That the reason for desiring to make such change is as follows: The well involved is actually located in the SW corner of the $SW\frac{1}{4}NE\frac{1}{4}$, Section 25, T. 1 S., R. 19 E. B. M. On the original application for permit the description was inadvertently given as the $NE\frac{1}{4}SW\frac{1}{4}$, Sec. 25.

That no one will be injured by such change, and that such change will be made at Permit Holder's own risk.

Signed at Picabo, Idaho, this ____ day of February, 1960.

Attn: James M. Cunningham

Dear Mr. Cunningham:

We enclose the amendment to the point of diversion on
Permit No. G-25755.

The affidavit has been recorded changing Henry O'Crowley
to Harry T. O'Crowley.

Before final action can be taken however, the law requires
that a field examination be made by an engineer from this
department.

We cannot tell just when this examination will be made,
but our field engineer will try to contact the applicants at the
time he makes the examination so that arrangements may be made to
show him over the grounds.

APPLICATION FOR AMENDMENT
TO PERMIT TO APPROPRIATE THE PUBLIC WATERS
OF THE STATE OF IDAHO, NO. G-25755

Comes now Harry T. O'Crowley and John L. O'Crowley and represent to the State Reclamation Engineer of the State of Idaho:

That he is (are) the owner and holder of Permit to appropriate the Public Waters of the State of Idaho, No. G-25755.

That the point of diversion is described in said permit as being located;
NE $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 25, T1S, R19E BM

That he now requests that the point of diversion be changed to a point
located SW $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 25, T1S, R19E BM

That the reason for desiring to make such change is as follows:

The well involved is actually located in the SW corner of the

SW $\frac{1}{4}$ NE $\frac{1}{4}$ section 25, T1S, R19EBM. On the original application for
permit the description was inadvertently given as the NE $\frac{1}{4}$ SW $\frac{1}{4}$ sec. 25

That no one will be injured by such change, and that such change will be
made at Permit Holder's own risk.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. I would estimate 1.9 second feet of water based on my actual measurement

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. 95 inches measured over a two foot cippoletio weir

G 25755

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation purposes on cultivated land.
Approximately 40 acres in SW $\frac{1}{4}$ NE $\frac{1}{4}$, 40 acres in SE $\frac{1}{4}$ NW $\frac{1}{4}$, 12 acres in NE $\frac{1}{4}$ SW $\frac{1}{4}$ and 13 acres in NW $\frac{1}{4}$ SE $\frac{1}{4}$ all in Section 25, Township 1 South, Range 19 EBM, Blaine County, State of Idaho

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. not applicable

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Land is good soil, fit for cultivation and requires approximately one inch per acre for maximum use.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I see the land involved every other day during the irrigation season and have observed the water heretofore referred to being used to cultivate the land above mentioned.

Attention: James M. Cunningham

Dear Mr. McFadden:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. G-25755. The proofs are to be made at 2:00 o'clock P.M., on the 2nd day of February, 1960, ~~1959~~, before James M. Cunningham, Hailey, Idaho, Notary Public.

As of this date we have mailed the Notice to the Hailey Times with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then mail the affidavit of publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, and at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,

Dear Mr. O'Crowley:

We are returning to your your proofs of application of water to beneficial use for additional information.

In your "Deposition of Holder" you did not answer question No. 6. It is necessary that you give the number of acres in each 40-acre subdivision that you are irrigating. Also, you did not sign your deposition before a Notary Public and this is a requirement.

In the depositions of the witnesses, it should also be stated the number of acres irrigated within each 40-acre subdivision under question 7.

Please return these Depositions to this department after the information is added and you have signed yours before a Notary.

We have also enclosed your Permit No. G-25755 which you sent in with your proofs. It will not be necessary for you to send it in with the proofs when you return them.

RE: Permit No. G-25755

Mr. Joseph McFadden
Attorney at Law
Hailey, Idaho

Gentlemen:

We have your letter of December 10th, 1956, stating that Mr. Timothy O'Crowley is prepared to make proofs of Completion of Works and Beneficial Use on his Permit No. G-25755.

Before these proofs are made, the statutes require publication of a Notice once a week for four weeks in a county newspaper. This Notice should be made in duplicate on Form 36, which we have completed for you from our files, setting the time and place and naming the Notary Public before whom the proofs are to be made. If correct return to this Department.

Both copies of Form 36 to be returned to this department together with Form 11 which is your authorization for us to have the notice published at his expense in the designated county newspaper.

We shall then send a copy of the notice to the newspaper with instructions in regard to publishing and shall send you the forms of deposition to be executed by the Permit holder and his two witnesses in making these proofs.

Very truly yours,

MARK R. KULP

Dear Sir:

Re: Timothy O'Crowley

Reference is made to application for Permit for water, filed by Timothy O'Crowley, Application No. G 33614, Permit No. G 25755, receipt No. G-1241 for \$5.50, for a well, situate in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ pf Section 25, Twp. 1 South, Range 19 East, Boise Meridian, Blaine County, Idaho, water to be used for irrigation and domestic purposes.

Mr. O'Crowley advises that this well has been completed, and they have been using the water, and he would like to make Proof of Completion.

It would be appreciated if you would send the necessary papers for the Proof of Completion, advertising the same in Hailey Times, and set the date for hearing as soon as convenient, which I believe would come sometime around the latter part of January or the first week in February, of 1957. This hearing to be set before Lovenia L. Campbell, Notary Public, at Hailey, Blaine County, Idaho, .

Thanking you for your prompt attention to this matter, I am

Yours truly,

Dear Mr. O'Growley:

In reply to your letter of June 4, 1955, we enclose a form of application for permit to appropriate subterranean water from a well together with a pamphlet giving regulations and instructions in regard to filing same.

When this application is approved, it will be signed by the proper State Officials and sent you as a use permit under which you may proceed with the construction of the work described in the application.

In order to complete your water right, proofs of Completion of Works and application of the water to Beneficial Use are required. The time required for making these proofs should be indicated under Question 10.
