NOTICE OF PROOF OF
COMPLETION OF WORKS
and
APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at 10:00 o'clock A.M., on the 26th day of September, 1955, at Hailey, County of Blaine, State of Idaho, before G. R. Kneeland, Notary Public, proof will be submitted of the completion of works for the diversion of .06 cubic feet per second of the waters of a well and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G 25228 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the persons holding said permit are Uela Bramble, Frances Snook and Dorothy Perry, Sun Valley, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use, in accordance with the plans accompanying the application for such permit, is .06 cubic feet per second.

3. The use to which said water has been applied is domestic purposes, and the amount applied to beneficial use is .06 cubic feet per second.

4. The place where said water is used is SE¼NW¼ of Section 31, Township 4 North, Range 18 E. B.M., Blaine County, Idaho, and the well is located in the same subdivision.

5. The date of priority which said user is prepared to establish is October 15, 1954.

MARK R. KULP,

State Reclamation Engineer

RE: Permits Nos. G-25227 and G-25228

Mr. David D. Bramble
Box 174
Sun Valley, Idaho

Dear Mr. Bramble:

We enclose Certificate of Completion of Works also License and Certificate of Water Right issued under Permit No. G-25227 in the name of Ulela Bramble, Frances Snook and Dorothy Perry, confirming their right to the use of 0.011 second foot of the waters of a well located in the SE¹/₄ NW¹/₄ Section 31, Township 4 North, Range 18 East, B.M., for domestic use for five residences located in the SE¹/₄ NW¹/₄ Section 31, with priority of October 15, 1954.

We also enclose departmental receipt No. G-2143 for the \$10.00 completion of works and license fees.

Also enclosed is Certificate of Completion of Works also License and Certificate of Water Right issued under Permit No. G-25228 of Ulela Bramble, Frances Snook and Dorothy Perry, confirming their right to the use of 0.04 second foot of the waters of the same well as above described and for use on the same subdivision as above described, with the same priority date.

We also enclose departmental receipt No. G-2144 for the \$10.00 completion of works and license fees.

Very truly yours,

MARK R. KULP

Mesdames:

We acknowledge receipt of a letter of September 8, 1956, with a check in the amount of \$10.00 enclosed, from Mr. David D. Bramble.

We believe that you misunderstood our letters of September 6, 1956, in connection with each of the above mentioned Permits, in which we stated a Certificate of Completion of Works and a License could be issued upon the receipt of \$10.00. If you will check you will find that our letters read that it required a total of \$10.00 on each of the Permits. Therefore, it will be necessary for you to send us another check in the amount of \$10.00 before a Certificate of Completion of Works and a License can be issued on both Permits.

We will hold the \$10.00 check which we now have until we receive the other \$10.00 check.

If you will give this matter your immediate attention it will be greatly appreciated.

Very truly yours,

MARK R. KULP

RE: Permit No. G-25228

Ulela Snook Bramble, Frances Snook and Dorothy Perry
Box 174
Sun Valley, Idaho

Mesdames:

We now have on file the report of our field engineer on examination for completion of works and beneficial use on your permit No. G-25228 which shows that your well located in the SE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 31, Township 4 North, Range 18 East, B.M. will deliver 2 inches or .04 second foot of water which has been used for domestic purposes in the same subdivision.

A Certificate of Completion of Works and License can, therefore, be issued for .04 second foot of water upon receipt of the statutory fees amounting to \$5.00 for completion of works and \$5.00 license fee.

Very truly yours,

4. Describe works as they exist, giving dimensions and capacities of same: _____

9-25227-925228

These two permits combine a common system.

Upper well is 6" by 185' deep cased to the bottom. Controlled by a valve. This is a flowing well and has a cage pressure of approximately 30 pounds. 1" plastic pipe line from this well to the small storage tank leading into the well house at the lower well. The upper well house is approximately 4' by 5' by 5'. Built against the house chimney and has saw dust for protection around the top of the well. It is approximately 44 yards from the upper to the lower well. The temperature of the upper well is 76 $\frac{1}{2}$ ° F. Water from the upper well was measured at a little over 17 gpm.

The lower well is situated a short distance from the creek on the west bank of the stream approximately 20 to 30' distant to the SE corner of the house. This well is 185' deep by 6" diameter cased to the bottom, controlled with valves, a flowing well when open. There is a domestic water system with a pressure tank located in this building operated by a 1 $\frac{1}{2}$ hp G. E. motor and a Berkeley pump size 2 by 1 $\frac{1}{2}$ ". Well is approximately 30' from the creek. These two systems serve a cluster of 5 dwelling houses all of which are fully plumbed, with $\frac{1}{2}$ " pipe and also used for flower, lawn and garden of approximately 2 acres. A check was made at the County Courthouse and also with an aerial photo in the office of the ASC. From these maps it was not possible to tell exactly where the well was located but seemed to be approximately as located on the diagram.

8. What large stream would the water here appropriated finally reach? _____

**NOTICE OF COMPLETION OF WORKS
and
APPLICATION OF WATER
TO BENEFICIAL USE**

Notice is hereby given that at 10:00 o'clock A.M. on the 26th day of September, 1955, at Hailey, County of Blaine, State of Idaho, before G. [redacted] Public, [redacted] the completion of the diversion second of [redacted] and of the [redacted] ficial use of [redacted] accordance with the terms and conditions of Permit No. G 25228 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the persons holding said permit are Ulela Bramble, Frances Snook and Dorothy Perry, Sun Valley, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use, in accordance with the plans accompanying the application for such permit, is .06 cubic feet per second.

3. The use to which said water has been applied is domestic purposes, and the amount applied to beneficial use is .06 cubic feet per second.

4. The place where said water is used is SE 1/4 NW 1/4 of Section 31, Township 4 North, Range 18 E. B.M., Blaine County, Idaho, and the well is located in the same subdivision.

5. The date of priority which said user is prepared to establish is October 15, 1954.

MARC R. KULP

Permit No. G-25228

Proof of Application of Water to Beneficial Use

and Completion of Works

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Ulela Snook Bramble, Blaine County, housewife, P. O. Box 174
Sun Valley, Idaho.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Not applicable

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. G-25228, October 25, 1954, October 15, 1954.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Flowing well; Point of Diversion SE $\frac{1}{4}$ NW $\frac{1}{4}$, Section 31, Township
4 North, Range 18 East, Boise Meridian, Blaine County, Idaho

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Well; 230 feet; depth 230 feet; 6 in. casing; depth of water -
artesian well; no pump.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Domestic purposes; Supplies water for five residences situated on
the above described forty acres.

G25228

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. Domestic use.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 5 inches

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. Permit owned jointly by affiant, Frances Snook and Dorothy Perry.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. During the summer and fall of 1955; for domestic purposes through pipes and ditches; 3 inches; daily during the period heretofore mentioned.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. Two-thirds of an inch of water from another well on said premises has been used since 1951, which water is appropriated under permit

No. G-25227.

(Sign)

Ulla Snook Perry

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Hailey, County of Blaine,

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Leo McGreahor, 46, Ketchum, Idaho, Carpenter, Box 96 Ketchum, Idaho.

Ques. 2. Are you acquainted with Ulela Snook Bramble, the holder of Permit No. G-25228? How long have you known him and where does she reside?

Ans. Four years; Resides in Blaine County, Idaho

Ques. 3. Have you read or heard read said Permit No. G-25228, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Flowing well; Point of Diversion SE $\frac{1}{4}$ NW $\frac{1}{4}$, Section 31, Township 4 North, Range 18 East, Boise Meridian, Blaine County, Idaho. Under-ground pipes and ditches.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 3 inches; 3 inches

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. Not applicable

G25228

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Domestic purposes for five residences situated on said premises.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Domestic purposes

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Not applicable

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Since fall of 1954; by observation; 3 inches; frequently throughout period.

(Signed)

Leo McCreann

Re: Permits Nos. G-25227 & G-25228

Date: August 19, 1955

Hailey Times

Hailey, Idaho

Gentlemen:

Enclosed you will find ^{two} notices for publication once a week for four consecutive weeks prior to September 26, 1955 the date set for proof, the expense of the publication to be paid by the applicant, Mrs. Ulela Bramble of Sun valley Idaho, to whom you should furnish proof of publication on or prior to the date set for proof.

Please acknowledge receipt of this notice, and furnish this office with a copy of the first publication, in order that we may check same.

Very truly yours,

RE: Permits Nos. G-25227 - G-25228

Messrs. Kneeland & McIntyre
Box 415
Hailey, Idaho

ATTENTION: Mr. George R. Kneeland

Dear Mr. Kneeland:

We acknowledge receipt of your letter of August 16, 1955, enclosing notices for proof of Completion of Works and Beneficial Use on the above numbered Permits.

It will be necessary to have all the names appear in the notices and we have corrected the notices accordingly, however, it will be alright to have Mrs. Bramble execute the Holders Affidavit for the three of them.

A copy of the notices will be sent to the Hailey Times with instructions to publish it once a week for four weeks prior to September 26, 1955, the date set for proof and to send Mrs. Bramble the Affidavit of Publication together with statement of costs.

We enclose herewith the forms of deposition to be executed by Mrs. Bramble and two disinterested witnesses in making these proofs.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Re: Permits No. 25227 & 25228

Dear Sir:

Enclosed are Notices of Proof of Completion of
Works and Application of Water to Beneficial Use on the
above permits.

The permits are each in the names of three
people, Mrs. Bramble, Mrs. Snook and Mrs. Perry and on
the notice I have merely put the name of Mrs. Bramble.
If that is not satisfactory will you please insert the
other names.

In submitting the proof it is my intention to
take the affidavit of Mrs. Bramble as owner, together with
two witnesses, rather than taking the affidavit of all
three owners. If that is not proper I would appreciate
it if you would advise me.

Thank you for your courtesy.

Respectfully,

KNEELAND & MCINTYRE

NOTICE OF PROOF OF COMPLETION OF WORKS
and
APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10:00 o'clock A. M., on the 26th
day of September, 19 55, at Hailey, County of
Blaine State of Idaho, before G. R. Kneeland, Notary Public,
proof will be submitted of the completion of works for the diversion of .06
cubic feet per second of the waters of a well
and of the application to beneficial use of said water, in accordance with the
terms and conditions of Permit No. G 25228 heretofore issued by the Department
of Reclamation of the State of Idaho.

1. The name and postoffice address of the persons ~~representing~~
Frances Snook and Dorothy Perry
holding said permit are Ulela Bramble, /snook, Sun Valley, Idaho

2. Said works of diversion will be fully completed on the date set for
such completion, and the amount of water which said works are capable of conveying
to the place of use, in accordance with the plans accompanying the application for
such permit, is .06 cubic feet per second.

3. The use to which said water has been applied is domestic
purposes, and the amount applied to beneficial use is
.06 cubic feet per second.

4. The place where said water is used is SE $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 31, Town-
ship 4 North, Range 18 E, B.M., Blaine County, Idaho; and the well is
located in the same subdivision.

5. The date of priority which said user is prepared to establish is
October 15, 1954.

Sun Valley, Idaho

Dear Mr. Kneeland:

We enclose herewith permits Nos. G-25227 and G-25228 in the name of Ulela Bramble, Frances Snook and Dorothy Perry together with departmental receipt No. G-817 for the \$10.00 filing fees.

Although these applications state that the wells are completed, we have allowed two years or until October 25, 1956, within which to make the proofs of Completion of Works and Beneficial Use as probably the water will not be completely applied to Beneficial Use until the other houses are built. However, if the applicants are prepared to make these proofs at an earlier date, we shall be glad to send the necessary forms and instructions upon request.

Very truly yours,

Dear Mr. Kneeland:

I have your letter of October 4, 1954, on wells used for domestic supply.

The recent ground water legislation that does not require a permit for domestic wells not using over 13000 gallons per day was intended to apply to individual developments such as farmstead supplies, and the 13000 gallons per day limit was set as a generous amount that would supply the household needs, stock watering, lawn and garden sprinklin, washing of cars and fruit tree spraying where the spray mixtures tanks are usually filled from the farmstead supply.

We believe that in a community enterprise where the supply is for several dwellings, a permit is desirable and we are enclosing forms for making application for permit.

Very truly yours,

MARK R. KULP

RECEIVED

OCT 6 1954

Department of Reclamation

October 4, 1954

Mr. Mark R. Kulp
State Reclamation Engineer
Department of Reclamation
Boise, Idaho

Dear Sir:

I have your letter of September 30, 1954, addressed to Mr. George J. Snook, in regard to wells drilled on the SE $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 31, Township 4 North, Range 18 E, B.M.

In 1951 Mrs. Ulela Snook Bramble filed for water and was issued permit No. G-22439, which water was for domestic purposes and the well drilled under that permit produces approximately 300 gallons per hour. Since the water was for domestic purposes and was in an amount of less than 13,000 gallons a day it was not felt necessary to complete the water right.

There are now three houses on the forty acres above described, which belongs to the three owners of the real property and a fourth house is under construction. Sometime this summer a new well was drilled, the report on which you received from J. Emmett Smith, Inc. The new well produces approximately 1200 gallons of water per hour. The water is used for the gardens of the three owners and will be piped into the fourth house now being built. The question that enters my mind and which I would wish advice on from your office is:

Under these circumstances is it necessary or desirable to obtain a permit and license for the two wells?

The uncertainty in my mind arises from the fact that although one of the wells produces over 13,000 gallons of water per day, nevertheless, the water is being used for the domestic purposes of three families.

Thank you for your attention to this matter.

Respectfully,

GRKneeland
