RE: Permit No. G-24224

Mr. Frank Gomes
Gannett

Dear Mr. Gomes:

The report of our field engineer on examination for completion of works and beneficial use on Permit No. G-24224 shows that your well in the NE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 13, Township 1 South, Range 18 East B.M. has been used to irrigate 93 acres in the N $\frac{1}{2}$ NW $\frac{1}{4}$ and SE $\frac{1}{4}$ NW $\frac{1}{4}$ of said Section.

A Certificate of Completion of Works and License can therefore be issued for 93 inches or 1.86 second feet of water from the well upon receipt of the statutory fees amounting to \$5.00 for Certificate of Completion of Works and \$6.00 license fee.

However, since your Permit and the published notice describe the location of the well in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 14 (which is the location of your other well under Permit No. 20663) whereas, this well is actually located in the NE $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 13, it will be necessary to file an application for amendment.

Mr. R. H. McCoy
Notary Public
Hailey, Idaho

Dear Mr. McCoy:

We have your letter of August 25, 1953, in regard to the above numbered permits and if we understand correctly the location of the well described in Permit No. 20663 is correct. For that reason we do not quite understand why you have suspended publication on this permit since your letter states that you are ready to prove up on Permit No. 20663.

Since the notice, as published, sets the date for making proof as September 22, and as the notice has already been published twice it would save Mr. Gomes some expense if, instead of starting this publication, you would notify the paper to give it two additional publications.

We also note that Mr. Gomes wishes to make proof on his new permit No. G-24224 and notice should be made for this in duplicate on Form 36 enclosed and both copies returned to this department together with Form 11.

Meanwhile, we have partially filled out Mr. Gomes' applications for amendment which we return to have completed by stating the reasons for the change.
