**NOTICE OF PROOF APPLICATION
OF WATER TO BENEFICIAL USE**

Notice is hereby given that at Ten A. M. on the 30th day of October, 1951, at Twin Falls, County of Twin Falls, State of Idaho, before FRANK L. STEPHAN, Notary Public, proof will be submitted of the application to beneficial use of .04 cubic feet per second of the waters of an unnamed spring in accordance with the terms and conditions of Permit No. 22281 heretofore issued by the State Reclamation Engineer of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are W. A. Coiner, Hansen, Idaho and R. F. Potter, Twin Falls, Idaho.

The use to which said water has been applied is domestic and a limited amount of irrigation.

The amount applied to beneficial use is .04 cubic feet per second.

The place where said water is used is at the summer home of permit holders located on Lot 2 Block C Easley Group of Summer homes, approximately 1/4 acre in Section 10, Twp. 5 N., Range 16 E. B. M., Blaine County, Idaho.

The name of the canal or ditch or other works by which said water is conducted to such place of use is private pipe line.

The right to take water from such works is based upon Permit No. 22281.

The source of supply from which such water is diverted is an unnamed spring located approximately 251 feet southwest of the southwest corner of Lot 2 Block C Easley Group of Summer Homes located in the SW 1/4 NE 1/4 of Section 10, Township 5 North, Range 16 E. B. M., Blaine County, Idaho.

The date of priority which said user is prepared to establish is June 20, 1951.

State Reclamation Engineer
MARK R. KULP,
9/27, 10/4-11-18

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

RE: Permit No. 22281

Messrs. Stephan, Stephan & Heap
Twin Falls Bank and Trust Company Building
Twin Falls, Idaho

ATT: Mr. Edward H. Heap

Dear Mr. Heap:

We acknowledge receipt of your letter of December 1, 1951, enclosing depositions of W. A. Coiner and R. F. Potter and two witnesses, also affidavit of publication in the Hailey Times, all in proof of beneficial use under Permit No. 22281.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot say just when this examination will be made as this department has but one field engineer who makes examinations all over the State.

However, he will try to contact Mr. Coiner or Mr. Potter at the time the examination is made so that arrangements may be made to show him over the grounds.

We are sorry to learn of Mr. Stephan's illness and hope that he will soon be entirely recovered.

Very truly yours,

22281

**NOTICE OF PROPOSED APPLICATION
OF WATER TO BENEFICIAL USE**

Notice is hereby given that at Ten A. M. on the 30th day of October, 1951, at Twin Falls, County of Twin Falls, State of Idaho, before EDWARD L. STEPHAN, Notary Public, proof will be submitted of the application to beneficial use of 64 cubic feet per second of the waters of an unnamed spring in accordance with the terms and conditions of Permit No. 22241 heretofore issued by the State Reclamation Engineer of the State of Idaho. The name and postoffice address of the person or corporation holding said permit are W. A. Coiner, Hansen, Idaho and R. E. Potter, Twin Falls, Idaho.

The use to which said water has been applied is domestic and a limited amount of irrigation.

The amount applied to beneficial use is 64 cubic feet per second.

The place where said water is used is at the summer home of permit holder located on Lot 2 Block C Eastern Group of Summer homes, approximately 1/4 acre in Section 10, Twp. 5 N., Range 16 E. R. 14, Blaine County, Idaho.

The name of the canal or ditch or other works by which said water is conducted to such place of use is private pipe line.

The right to take water from such source is based upon Permit No. 22241.

The source of supply from which such water is diverted is an unnamed spring located approximately 3/4 mile southwest of the southeast corner of Lot 3 Block C Eastern Group of Summer Homes located in the NW 1/4 NW 1/4 SW 1/4 of Section 10, Township 5 North, Range 16 E. R. 14, Blaine County, Idaho.

The date of priority which said user is prepared to establish is June 22, 1901.

State Reclamation Engineer
MARK R. KULP,

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. W.A.Coiner - Hansen, Idaho, farmer; postoffice address: Hansen, Ida.
R.F.Potter, Twin Falls, Idaho, farmer; postoffice address: Twin Falls,
Idaho.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans.

Ques. 3 State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No. 22281, dated July 31, 1951; priority June 20, 1951

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Water obtained from unnamed spring located approximately 251 feet southwest of the southwest corner of Lot 2 Block C Easley Group of Summer Homes in SW $\frac{1}{4}$ NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Sec. 10, Twp. 5 North, Rge. 16 E.B.M. Blaine County, Idaho

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined.

Ans. Hole is dug 5 feet deep, 4 feet wide and 6 feet long around spring, boarded up and covered, with a 3/4-inch pipe line from the bottom of the sump leading to the cabin located on Lot 2 Block C Easley Group of Summer Homes in SW $\frac{1}{4}$ NE $\frac{1}{4}$ SW $\frac{1}{4}$ 10-5-16. Spring produces .04 second feet of water.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for domestic use and limited irrigation of Lot 2 Block C Easley Group of Summer Homes located in SW $\frac{1}{4}$ NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Sec. 10-5-16 E.B.M., Blaine County, Idaho. Water from spring has been used for about thirteen years. Water is piped into summer home, and a few trees have been planted and irrigated also with water from said spring.

22281

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. Water is used mostly for domestic use in summer home located on above described land.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. .04 of a second foot - total production of spring. Water is all used at above described summer home.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. _____

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Water was piped into house thirteen years ago and has been used continuously since said time for domestic use in said summer home, with the exception of a few of the winter months when cabin is inaccessible.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. No other water is available for said uses above described.

W. A. Coiner

(Sign)

R. F. Potter

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Twin Falls, County of Twin Falls, State of Idaho, on this 30th day of October, A. D. 19 51.

Thomas R. Stephen

222281

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. 22281

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Dorothy Dolling, age 47 years, residence 1430 Maple Ave. Twin Falls, Idaho, occupation Secretary, postoffice address: Box 54, Twin Falls, Ida.

Ques. 2. Are you acquainted with W.A. Coiner and R.F. Potter, the holder of Permit No. 22281? How long have you known him and where does he reside?

Ans. Yes, I know the holders of said permit. I have known Mr. Coiner for about 20 years. He resides at Hansen, Idaho. I have known Mr. Potter for 27 years. He resides at 1326 Maple Ave., Twin Falls, Idaho.

Ques. 3. Have you read or heard read said Permit No. 22281, and are you familiar with its provisions and conditions?

Ans. Yes, I have read the permit and am familiar with its provisions.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Water is obtained from a spring located about 251 feet southwest of the southwest corner of Lot 2 Block C. Easley Group of Summer Homes and is in the SW NE 1/4 SW 1/4 of Sec. 10-5-16 E.B.M., Blaine County, Idaho. A sump is dug around the spring and it is covered. The water is piped from the spring to the summer home of Mr. Coiner and Mr. Potter which is located on the above described property - pipe is 3/4-inch pipe and water is piped into the house.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Works will convey all spring produces.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. Water is accumulated in sump surrounding spring. Water will run a one-half inch hose for about an hour or two, but then you must wait to have the sump fill again from the spring. Spring produces not more than .04 second feet of water - might be slightly less.

22281

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used mostly for domestic purposes in summer home located on the above described land, and for limited irrigation of trees which have been planted after spring was developed. Water has been piped into house for convenience of occupants. Water in summer home is main improvement

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. See answer to question No. 7

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. _____

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No. I have no interest in works, water or summer home.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have visited in the summer home above described on several occasions and have seen the water used in the summer home for domestic purposes and also for irrigation of the trees planted near summer home. Water has been used every year since it was developed.

(Signed) Dorothy Belling

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Twin Falls, County of Twin Falls, State of Idaho, on this 30 day of October, A. D. 1951.

22281

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. 22281

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. JOHN W. SODEN, age 48, residence 1321 Maple Ave. Twin Falls, Ida.
occupation accountant, post office address same as residence.

Ques. 2. Are you acquainted with W.A. Coiner and R.F. Potter, the
holders of Permit No. 22281? How long have you known him and where does
he reside?

Ans. Yes, I know the holders of the permit. I have known Mr. Coiner for
about fifteen years. He resides at Hansen, Idaho. I have known Mr. Potter
for about 25 years. He resides at 1321 Maple Ave., Twin Falls, Idaho.

Ques. 3. Have you read or heard read said Permit No. 22281, and are you
familiar with its provisions and conditions?

Ans. Yes. I have read permit and am familiar with its contents.

Ques. 4. State source of water supply, place of diversion, and describe works for con-
veying water from point of diversion to place of use.

Ans. Water is obtained from a spring located about 251 feet southwest of
the southwest corner of Lot 2 Block C. Easley Group of Summer Homes and is in
the SW 1/4 NE 1/4 of Sec. 10-5-18 E.B.M., Blaine County, Idaho. A sump has been
dug around the spring and it is covered. The water is piped in a 3/4-inch pipe
from the spring to the summer home of Mr. Coiner and Mr. Potter located on the
above described land. Water is piped into the house.

Ques. 5. How many second feet of water do you estimate said works will safely con-
duct to place of use, and how much water have you seen being so conveyed?

Ans. Works will convey .04 second feet of water.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons
per minute have you seen the pump deliver, and how did you measure or estimate the
amount?

Ans. Water is accumulated in the sump surrounding the spring. Water will
run a one-half inch hose for a couple of hours, which will exhaust the supply
of water in the sump until it refills which would take a couple of days, or
thereabouts. Spring probably produces about .04 second feet of water or
slightly less. Water is limited if used for irrigation, but is used mostly
for domestic purposes.

22281

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used mostly for domestic purposes in summer home located on the above described land, and for limited irrigation of trees which have been planted after the spring was developed. Principal improvement is convenience of water in house.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. See answer to Question No. 7.

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. I have no interest in works, land or summer home.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have visited in the summer home above described on several occasions during the last 13 years, including the summer of 1951 and have seen the water used for domestic purposes in the summer home and also for irrigation of trees growing about summer home.

RE: Permit No. 22281

Mr. Frank L. Stephen
Bank and Trust Company Building
Twin Falls, Idaho

Dear Mr. Stephen:

We enclose certificate of completion of works issued under Permit No. 22281, in the names of W. A. Coiner, and R. F. Potter, for the diversion of 0.04 second foot of water from a spring, for use at their summer home in Section 10, Township 5 North, Range 16 East, B.M.

We also enclose departmental receipt No. 23805 for the \$5.00 fee paid by Mr. Coiner, in connection with this proof.

Notice of beneficial use proof has been sent to the Hailey Times, with instructions to publish it once a week for four consecutive weeks prior to October 30, the date set for proof, and to send Mr. Coiner the affidavit of publication together with statement of costs.

We enclose the necessary forms of deposition to be used in making this proof, consisting of one for the permit holders and one for each of two witnesses.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

NOTICE FOR PUBLICATION
 NOTICE OF PROOF APPLICATION OF WATER
 TO BENEFICIAL USE

Notice is hereby given that at Ten A. M. on the 30th day of October, 1951,
 at Twin Falls, County of Twin Falls, State of Idaho, before
FRANK L. STEPHAN, Notary Public, proof will be submitted of the
 application to beneficial use of .04 cubic feet per second of the waters of an unnamed spring
 in accordance with the terms and conditions of Permit No. 22281
 heretofore issued by the State Reclamation Engineer of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are
W. A. Coiner, Hansen, Idaho and R. F. Potter, Twin Falls, Idaho

The use to which said water has been applied is domestic and a limited amount
of irrigation.

The amount applied to beneficial use is .04 cubic feet per second.

The place where said water is used (if for irrigation, give full and accurate description of the
 lands irrigated) Water is used at summer home of permit holders located on
Lot 2 Block C Easley Group of Summer homes, approximately 1/4 acre in
Section 10, Twp. 5 N., Range 16 E. B. M., Blaine County, Idaho

The name of the canal or ditch or other works by which said water is conducted to such place of
 use is private pipe line.

The right to take water from such works is based upon Permit No. 22281

The source of supply from which such water is diverted is An unnamed spring located
approximately 251 feet southwest of the southwest corner of Lot 2 Block
C Easley Group of Summer Homes located in the SW $\frac{1}{4}$ NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 10,
Township 5 North, Range 16 E. B. M., Blaine County, Idaho.

The date of priority which said user is prepared to establish is June 20, 1951.

MARK. R. KULP.

State Reclamation Engineer.

HONORABLE MARK R. KULP
State Reclamation Engineer
Capitol Building
Boise, Idaho

Dear Mr. Kulp:

Att. Mrs. Jeanne L. Anderson
Chief Clerk
Re: Permit No. 22281

At the request of Mr. W. A. Coiner of Hansen, Idaho and Mr. R. F. Potter of Twin Falls, Idaho I am enclosing herewith Proof of Completion of Works which has been executed by Mr. Coiner and by Mr. Potter, together with check for \$5.00, the statutory fee.

I am also returning to you herewith Notice for Publication of Notice of Proof Application of Water to Beneficial Use which states that the Proof will be submitted before me at ten o'clock A. M. on the 30th day of October, 1951.

I am also enclosing herewith direction signed by Mr. Coiner and Mr. Potter directing publication in Hailey Times at Hailey, Idaho. I am advised that that paper is published on Thursdays of each week and the Notices and this Proof should reach you in time so that the publication could be commenced on September 27th. If it is impossible to get it started by that date, there will still be four Thursdays in October before the 30th.

Very truly yours,

Frank L. Stephan

NOTICE TO ACCOMPANY THIS LETTER MUST BE MADE IN DUPLICATE

(Date) September 18, 1951

(P. O.) Hansen, Idaho

TO THE STATE RECLAMATION ENGINEER:

Boise, Idaho.

Dear Sir:

You are hereby authorized to have the attached notice published at my expense in the
Hailey Times of Hailey, Idaho published in
the county in which the works are situated.

W. A. Coomer
R. F. Patter

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well-known and competent engineer.)

I hereby certify that the facts set forth in the attached notice are true.

Engineer.

22281

Permit No.

STATE OF IDAHO
Department of Reclamation

Proof of Completion of Works

AFFIDAVIT OF HOLDER

STATE OF IDAHO

SS.

County of TWIN FALLS

V. A. COINER and R. F. POTTER, being each duly severally sworn, ~~being first duly sworn~~ upon his oath deposes and says:

First: That he is the holder and owner of Permit to Appropriate the Public Waters of the State of Idaho, No. 22281, and that his postoffice address is Nansen and Twin Falls, State of Idaho, respectively.

Second: That the name of the stream ^{FROM} which said water is to be ^{DIVERTED} directed is spring (un-named).

Third: That the point of diversion of said water is Approximately 251 feet southwest of the southwest corner of Lot 2 Block C Easley, Group of Summer Homes and is in the SW 1/4 NE 1/4 SW 1/4 of Sec. 10, Twp. 5 North, Rge. 13 E.B.M., Blaine County, Idaho

Fourth: That under the terms and conditions of said permit, construction thereunder was required to be completed by October 31, 1951.

Fifth: That the use for which said water is intended is domestic and limited irrigation.

Sixth: That on the date above mentioned, the works constructed under said permit were ~~(or were not)~~ fully completed and consisted of the following:

- I. Kind of works: hole is dug five feet deep, four feet wide and six feet long around the spring, boarded up and covered;
(Reservoir, dam, ditch, flume, pipe or otherwise)
- II. Dimensions of work: with a 3/4-inch pipe line from the bottom of the sump leading to the cabin located on Lot 2 Block C
(a) Height of dam feet, length of dam at top feet, length of dam at bottom
Easley Group of Summer Homes in SW 1/4 NE 1/4 SW 1/4 10-5-13
Material used in construction

(State whether wood, earth, stone or concrete)

(b) Capacity of reservoir acre feet.

(c) Size of headgate: Width feet, height feet.

(d) Conduit width at bottom feet, width at water line feet
(State whether ditch, flume or pipe)

feet, depth of water feet; diameter of pipe inches, average grade

per mile is feet. Length of conduit is miles.

Seventh: That said works are capable of conducting to the place of intended use 0.4 second feet of water.

Eighth: That water appropriated under said permit is available for acres of land described as follows: For domestic use and limited irrigation of Lot 2 Block C Easley Group of Summer Homes located in SW 1/4 NE 1/4 SW 1/4 of Section 10, Township 5 North, Range 13 E.B.M., Blaine County, Idaho. Applicants own a summer home on said Lot.

Ninth: Remarks: That

W. A. Coiner

R. F. Potter

(Sign Here)

Subscribed and sworn to before me this 18th day of September, 1951.

My commission expires May 15, 1953.

James L. Stephen

Notary Public.

32281

August 2, 1951

Re: Permit No. 22281

Mr. W. A. Coiner
Hansen, Idaho

Dear Mr. Coiner:

We enclose Permit No. 22281 in the name of yourself and R. F. Potter, together with Departmental Receipt No. 23623 for the \$5.00 filing fee.

Since your application states that the works are completed and that no additional time will be required for making Proof of Beneficial Use, we have allowed three months or until October 31, 1951, within which to make the two statutory proofs required to complete the water right.

The first proof, or proof of completion of works, should be made on Form 6 enclosed, executed before a Notary Public, and returned to this Department with the statutory fee of \$5.00.

The statutes require publication of a notice in a county newspaper for four consecutive weeks prior to making proof of beneficial use. This notice should be made in duplicate on Form 10, setting time and place, and naming the Notary Public before whom the proof is to be made. The time, of course, should be set sufficiently far ahead to allow for the four weeks' publication.

Both copies of Form 10 to be returned to this Department, together with Form 11, which is your authorization for us to have the notice published at your expense in the designated newspaper. We shall then send a copy of the notice to the newspaper with instructions in regard to publishing.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

**NOTICE OF PROOF APPLICATION
OF WATER TO BENEFICIAL USE**

Notice is hereby given that at
Ten A. M. on the 30th day of Oc-
tober, 1951, at Twin Falls, County
of Twin Falls, State of Idaho, be-
fore FRANK L. STEPHAN, Notary
Public, proof will be submitted of
the application to beneficial use of
.04 cubic feet per second of the
waters of an unnamed spring in
accordance with the terms and con-
ditions of Permit No. 22281 hereto-
fore issued by the State Reclama-
tion Engineer of the State of Idaho.

The name and postoffice address
of the person or corporation holding
said permit are W. A. Coiner, Han-
sen, Idaho and R. F. Potter, Twin
Falls, Idaho.

The use to which said water has
been applied is domestic and a
limited amount of irrigation.

The amount applied to beneficial
use is .04 cubic feet per second.

The place where said water is
used is at the summer home
of permit holders located on Lot 2
Block C Easley Group of Summer
homes, approximately $\frac{1}{4}$ acre in
Section 10, Twp. 5 N., Range 16 E.
B. M., Blaine County, Idaho.

The name of the canal or ditch
or other works by which said water
is conducted to such place of use
is private pipe line.

The right to take water from
such works is based upon Permit
No. 22281.

The source of supply from which
such water is diverted is an un-
named spring located approximate-
ly 251 feet southwest of the south-
west corner of Lot 2 Block C Easley
Group of Summer Homes located
in the SW $\frac{1}{4}$ NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section
10, Township 5 North, Range 16 E.
B. M., Blaine County, Idaho.

The date of priority which said
user is prepared to establish is
June 20, 1951.

State Reclamation Engineer

MARK R. KULP,

9/27, 10/4-11-18
