Dear Mr. Stocking:

We received your letter of August 22nd with the Affidavit of Publication. We have the Affidavit in our file and are returning your copy.

Our letter of February 13, 1958, was followed by a letter to Mr. Brewer, dated November 6, 1958, the body of which was as follows:

"Our field engineer's report on his inspection of the beneficial use of the water under the terms of Permit No. 21044 shows that the well is capable of conveying 250 miners inches (5 c.f.s.) of water for irrigation of 275 acres.

Upon receipt of the statutory fee of \$16.00 (fee is based at the rate of two dollars for each 40-acre subdivision) we will issue the License and Certificate of Water Right confirming the right with priority of May 3, 1949, to the use of 5 second feet of subterranean water, with point of diversion in the SE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 5, for irrigation of 275 acres in Lot 1, Lot 2, SE $\frac{1}{4}$ of Section 5, and the NE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 8, Township 1 South, Range 19 East, B.M."

Enclosed is a form for assignment of permit. The permit is still in the name of George W. Brewer. We do not know whether he is available. He and his wife can assign this permit to you by completing the form. There is a fee of \$0.50 for recording the assignment in this office.

Dear Mr. Brewer:

This acknowledges receipt of the depositions of holder and two witnesses and the affidavit of publication in the Hailey Times in proof of Beneficial Use under Permit No. 21044.

Before final action is taken the law requires that a field examination be made by an engineer from this department. We cannot say just when this examination will be made but our field engineer will contact you at the time he makes the examination so that you may arrange to show him over the ground.

Upon going to the Hailey Times
I found that the publication had
not been paid for.

I was told to-day that was
the reason it the Affidavit of
Publication was never sent to
your office. I had to pay the
publication charges to get it now.

As soon as your inspection
can be made, I will be ready to
make Proof of beneficial Use on
the said well.

The snow usually goes off around

**NOTICE OF PROOF APPLICATION
OF WATER TO BENEFICIAL USE**

Notice is hereby given that at 10:30 A. M. on the 30th day of July, 1949, at Hailey, County of Blaine, State of Idaho, before J. Harold Abegglen, Notary Public, proof will be submitted of the application to beneficial use of five (5) cubic feet per second of the waters of subterranean storage in accordance with the terms and conditions of Permit No. 21044 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are George W. Brewer, R. F. D., Gannett, Idaho.

The use to which said water has been applied is irrigation.

The amount applied to beneficial use is Five (5) cubic feet per second.

The place where said water is used S $\frac{1}{2}$ NE $\frac{1}{4}$, SE $\frac{1}{4}$ Section 5; N $\frac{1}{2}$ NE $\frac{1}{4}$ Section 8; All in Township 1 South, Range 19 East, B.M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is a private ditch.

The right to take water from such works is based upon Permit No. 21044.

The source of supply from which such water is diverted is a well in the SE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 5, Township 1 South, Range 19 East, B. M.

The date of priority which said user is prepared to establish is May 2, 1949. 21044

Re: Permit No. 21044
George W. Brewer

Mr. B. R. Stocking
Gannett
Idaho

Dear Mr. Stocking:

In answer to your letter of January 26, 1957, we submit the status of Permit No. 21044 in the name of George W. Brewer as follows:

Quantity of water claimed:	-- 5 c.f.s. or 250 miner's inches.
Source of supply:	-- Underground storage from a well.
Location of well or point of diversion:	-- ~~SE 1/4~~ Section 5, Twp. 1 S., R. 19 E.B.M.
Estimated cost of work:	-- \$2,000.00
Kind of works:	-- Well lined with concrete blocks.
Work to be completed:	-- On or before August 4, 1949.
Beneficial Use Proof	-- On or before August 4, 1949.

...Completion of Works made by George W. Brewer, July 30, 1949...

It was stated in said proof of completion of works that the well was 40 feet deep lined with cinder blocks and cement. Also that the works were capable of conducting to the place of use 5. second feet of water.

This permit is in good standing and can be assigned to you by Mr. Brewer. However, since the permit calls for beneficial use to be made on or before August 4, 1949 and if you make beneficial use proof on this permit, the priority date will have to be advanced the same number of years and days for which the proof is late, making the priority date around 1956 or a date which will coincide with the date of proof of beneficial use.

The question arises: Since you intend to deepen the well and

21044

Mr. B. R. Stocking

-2-

January 31, 1957

put in new casing and replace the pump, this office may not be able to approve any greater amount of water that can be pumped now from the existing well. We assume you plan to go deeper in this well and install a larger pump for the purpose of getting more water. It may be that it will be wiser for you to make a new application for permit in lieu of the old permit due to the fact that you would be changing the conditions and terms of the old permit by deepening and putting in a larger pump, also, the priority date would be advanced to 1956.

We are enclosing an Assignment Form which you may use in the event you wish to have the permit assigned to you from Mr. Brewer. If you should choose to file for a new permit you may do so with the form Application for Permit you said you have.

Dear Mr. Stocking:

We wrote you under date of January 31, 1957, giving you the status of Permit No. 21044, as same appeared in the records of this department.

In checking the records recently, we found that we made an error in our letter of January 31st, by not stating that Mr. Brewer had made Beneficial Use Proof on this permit as well as Completion of Works Proof.

The only reason that license has not been issued on this permit is for the reason that we have not received an affidavit of publication from the Hailey Times in connection with these proofs. It is essential, before granting a license, that this affidavit of publication be in the files. This publication was sent to the Hailey Times and was published in their paper in July, 1949. We are enclosing a clipping of said publication notice which may be of some help to you in securing the affidavit.

After this affidavit is received, an inspection will be made by an engineer from this department, after which a license can be issued.

Dear Mr. Abegglen:

We are in receipt of duplicate notices of Beneficial Use Proof to be made before you on July 30, 1949, on Permit No. 21044, in the name of George W. Brewer.

We have changed the form of this notice a little by combining the land descriptions which will save Mr. Brewer a little expense, and have sent a copy to the Hailey Times, with instructions to publish it once a week for four consecutive weeks, prior to July 30, 1949, and to send Mr. Brewer the Affidavit of Publication, together with statement of costs.

We enclose the necessary forms of deposition for making this proof, consisting of one for Mr. Brewer and one for each of two disinterested witnesses, and at the time set, they should appear before you for the purpose of making these proofs.

Under date of May 9, 1949, we advised Mr. Brewer that his Proof of Completion of Works would be accepted and Certificate of Completion of Works issued upon receipt of the Statutory fee of \$5.00. To date, we have had no reply to this letter and the Certificate should be issued prior to making beneficial use proof.

Re: Permit No. 21044

Mr. George W. Brewer
Gannett, Idaho

Dear Mr. Brewer:

In writing you this morning, enclosing Permit No. 21044, we overlooked the fact that you submitted your Proof of Completion of Works and Notice of Beneficial Use Proof along with your application for Permit.

The Proof of Completion of Works as submitted, will be accepted and upon receipt of the statutory fee of \$5.00, a Certificate of Completion of Works will be issued.

If you will advise us of a convenient date for making Proof of Beneficial Use, we shall send a copy of the notice to the Hailey Times, with instructions in regard to publishing it. You understand, of course, that this date must be set sufficiently far ahead to allow for the statutory four weeks publication.

Very truly yours,

Re: Permit No. 21044

Mr. George W. Brewer
Gannett, Idaho

Dear Mr. Brewer:

We enclose Permit No. 21044 and direct your attention to the limitations and conditions of same as given on the fourth page, under approval of State Reclamation Engineer.

Since your application states that the works are completed, we have allowed three months or until August 4, 1949, to make the two statutory proofs necessary to complete the water right. These proofs, however, may be made at any time prior to that date.

The first proof or proof of completion of works is made by executing Form 6 enclosed before a Notary Public, and returning to this department with a statutory fee of \$5.00, upon receipt and approval of which, a certificate of completion of works will be issued.

The final or beneficial use proof requires publication once a week in a county newspaper for four consecutive weeks, prior to the date set for making proof. Notice should be made in duplicate on Form 10 enclosed, setting the time and place and naming the Notary Public before whom proof is to be made. Both copies of the notice to be returned to this department together with Form 11 which is your authorization for us to have the notice published in the designated newspaper at your expense.

We shall then send a copy of the notice to the newspaper with instructions in regard to publishing, and on the date set you should appear before the Notary Public together with two disinterested witnesses to execute depositions of proof on forms furnished by this department.

, Very truly yours,

Application No. 28704

Mr. George W. Brewer
Gannett, Idaho

Dear Mr. Brewer:

We are this morning in receipt of your letter of April 30, 1949, enclosing your check for \$1.00 to complete the filing fee on your Application for Permit to Appropri-ate five (5) second feet of water from a well located in the SE 1/4 NE 1/4 Section 5, Township 1 South, Range 19 East, B.M.

The application has been filed and Permit will be issued in due course. However, as mentioned in our office letter of March 28, 1949, the statutory proofs can not be made until after the approval of the application and the issuance of the Permit. It is not necessary to publish a notice until time has been set for making Proof of Beneficial Use and such notice will be sent to the Hailey Times, after issuance of your Permit.

Very truly yours,

Enclosed is \$1.00 to pay in full the fee due you. Some time ago I received a letter from you saying the fee was \$6.00 instead of the \$5.00 I had already sent.

Will you please send the papers to me or to Mr. Harold Abegglen? Yesterday he called and said it had never been advertised or anything done, and I'd like to get the filing completed as soon as possible.

Dear Mr. Brewer:

We acknowledge receipt of your application for permit to appropriate 5 second feet of underground water from a well located in the SE 1/4 NE 1/4 Section 5, Township 1 South, Range 19 East, B.M., accompanied by your check for \$5.00.

The correct filing fee on this amount of water is \$6.00, being at the rate of \$5.00 for the first second foot and 25 cents for each additional second foot.

In reference to your Completion of Works Proof and notice of Beneficial Use Proof to be made on April 30, 1949, under this permit, these proofs, of course, can not be made until the application itself has been approved, and permit issued.

Very truly yours,

Dear Mr. Brewer:

We are in receipt of your letter of January 14 in regard to a well located on property you recently purchased from Merlin Gleed. We have no record in this Department of any filing in that name, and in the absence of the land description, we are unable to ascertain whether anyone else has a filing for a well.

If you wish to make a filing for water from these wells you may use the form enclosed, and we also enclose a pamphlet giving regulations and instructions in regard to filing same.

In order to complete the water right two statutory proofs are necessary.

The first proof or proof of completion of works is made by executing Form 6 enclosed before a Notary Public, and returning to this Department with a statutory fee of \$5.00, upon receipt and approval of which a certificate of completion of works will be issued.

The final or beneficial use proof requires publication once a week for four consecutive weeks in a county newspaper prior to the date set for making proof. Notice should be made in duplicate on Form 10 enclosed, setting the time and place and naming the Notary Public before whom proof is to be made. Recently I bought a farm here at Gannett from Merlin Gled. There is a well here, dug for irrigation purposes. It is supposed to run about 200 inches of water. I have started another on the other side of my place for the same purpose. I do not know whether Mr. Gled filed in the well he dug nor whether it is necessary to record it. Please advise me as to the correct procedure. Thank you.
