STATE OF IDAHO, } ss.
County of Blaine, }

NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10 A.M. on the 16th day of July, 1955, at Carey, County of Blaine, State of Idaho, before Alice A. York, Notary Public, proof will be submitted of the application to beneficial use of 1.6 cubic feet per second of the waters of subterranean water in accordance with the terms and conditions of Permit No. 20961 heretofore issued by the State Reclamation Engineer of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit, are Carl Johns, 427 Ash St., Twin Falls, Idaho.

The use to which said water has been applied is irrigation and domestic purposes.

The amount applied to beneficial use is 1.6 cu. ft. per sec.

The place where said water is used SW $\frac{1}{4}$ NW $\frac{1}{4}$ and NW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 16, Township 1 South, Range 21 East, B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is private ditch, unnamed, ditches being part of irrigation system of applicant.

The right to take water from such works is based upon Permit No. 20961.

The source of supply from which such water is diverted is subterranean from a well 1700 ft. from the NW corner of Section 16, Township 1 South, Range 21 East, B. M., and in the SW $\frac{1}{4}$ NW $\frac{1}{4}$ of said Section 16;

The date of priority which said user is prepared to establish is February 28, 1949. 20961

MARK R. KULP,
State Reclamation Engineer
6/23-7/9

BERWYN BURKE, being first duly sworn deposes and says that he is now and at all times herein mentioned has been the publisher of The Hailey Times, which is now, and at all times herein mentioned has been a newspaper as defined in Section 58-106 of the Idaho Code Annotated as amended by Chapter 38 of the Laws of 1939, and printed, regularly issued and published weekly at Hailey, in Blaine County, Idaho, and having a general circulation in said county, and not less than 200 bona fide subscribers living within said county, and that said newspaper has been continuously and uninterruptedly so printed and published as a weekly newspaper in said county during the period of 78 consecutive weeks prior to the first publication of the annexed true copy and at all times since, and that said annexed true copy was so published in the regular edition of said newspaper, The Hailey

Times, and not in any supplement thereof, for three consecutive weeks commencing with the first publication thereof on the

23rd day of June, 1955
and ending with the last publication thereof on the

14th day of July, 1955

Cost of this publication is \$ 23.08

NOTICE OF PROOF APPLICATION
OF WATER TO BENEFICIAL USE

Notice is hereby given at
10 A.M. on the 16th day of July,
1955, at Carey, County of Blaine,
State of Idaho, before Alice A.
York, Notary Public, proof will be
submitted of the application to
beneficial use of 1.6 cubic feet
per second of the waters of
subterranean water in accord-
ance with the terms and
conditions of Permit No. 20961
heretofore issued by the State
Reclamation Engineer of the
State of Idaho.

The name and postoffice ad-
dress of the person or corporation
holding said permit, are Carl
Johns, 427 Ash St., Twin Falls,
Idaho.

The use to which said water
has been applied is irrigation and
domestic purposes.

The amount applied to benefi-
cial use is 1.6 cu. ft. per sec.

The place where said water is
used SW $\frac{1}{4}$ NW $\frac{1}{4}$ and NW $\frac{1}{4}$ SW $\frac{1}{4}$
Section 16, Township 1 South,
Range 21 East, B. M.

The name of the canal or ditch
or other works by which said
water is conducted to such place
of use is private ditch, unnamed,
ditches being part of irrigation
system of applicant.

The right to take water from
such works is based upon Permit
No. 20961.

The source of supply from
which such water is diverted is
subterranean from a well 1700 ft.
from the NW corner of Section
16, Township 1 South, Range 21
East, B. M., and in the SW $\frac{1}{4}$
NW $\frac{1}{4}$ of said Section 16;

The date of priority which said
user is prepared to establish is
February 28, 1949.

State of Idaho
License and Certificate of Water Right

Water License No. 20961

Amount 1.2 second feet

Water District No.

Priority February 28, 1949

THIS IS TO CERTIFY that CARL JOHNS
of Twin Falls, Idaho, made application for a permit to appropriate the
public waters of the State of Idaho, dated February 28, 1949; that Permit No. 20961
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
1.6 second feet, was issued thereunder on March 2, 1953, showing that said works
were completed on the 23 day of February, 1953; and that on the 16th
day of July, 1955,

CARL JOHNS
of Twin Falls, State of Idaho, made proof to the satisfaction of the
State Reclamation Engineer of Idaho, of the right to use the waters of a well
, ~~artificial~~ (subterranean flow), for the purpose of irrigation and
domestic, under Use Permit No. 20961 of the Department of Reclamation
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume
9 of Licenses at page 5795, on the 10th day of September, 1956;

The right hereby confirmed dates from February 28, 1949;

The Point of Diversion is located
in the SW 1/4 NW 1/4, Sec. 16, Tp. 1 S., R. 21 E., B. M. Blaine County

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
not exceed 1.2 cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
1 S.	21 E.	16	SW 1/4 NW 1/4 NW 1/4 SW 1/4	48	25
Total Number of Acres Actually Irrigated - - -				60	

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place
of use herein described, as provided by the laws of Idaho.

WITNESS the seal and signature of the State Reclamation Engineer, affixed at Boise, Idaho, this
10th day of September, 1956.

PERMIT No. 20961
DISTRICT No.

F. H. A. Mortgage
Letter in file

1. Name of Applicant: CARL JOHNS

Postoffice address: 427 Ash St., Twin Falls

County: Twin Falls

State: Idaho

I. If applicant is a corporation, give:

(a) Date and place of incorporation:

(b) Amount of capital stock:

(c) Amount paid in:

(d) Names and addresses of directors:

II. The financial resources of the applicant are:

(a) Cash on hand:

(c) Bonds to be issued:

(b) Treasury stock:

(d) Other resources:

2. Quantity of water claimed: 80 inches or 1.6

cubic feet per second.

3. Source of water supply: Well

which is a tributary of

4. Location of point of diversion: 1700

feet distant from the Northwest

corner of Section 16, T. 1 S., R. 21 E., B.M., and is in the SW $\frac{1}{4}$ NW $\frac{1}{4}$

of Section 16, T. 1 S., R. 21 E., B.M., County of Blaine

5. Water is to be used for Irrigation and domestic purposes

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: feet distant from corner of Section

T., R., B.M., in the of Section, T., R., B.M.

(b) Amount of power generated: H.P., under feet head.

(c) Water is to be returned to at a point feet

distant from the corner of Section, T., R., B.M., in the
of Section, T., R., B.M.

7. Estimated cost of works: \$ 3,000.00

8. Kind of works: Well and pump

9. Height of dam feet; length of dam at top feet; length of dam at bottom

feet; material used in dam:

10. Size of headgate: Width feet; height feet.

11. Ditch: Width at bottom feet; width at water line feet; depth of water feet;

dimensions of flume:

Diameter of pipe inches; length of conduit miles.

Average grade per mile feet.

12. The time required for the completion of such work is Four (4) years.

13. The time required for the complete application of the water to the proposed use is Five (5) additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: 2 $\frac{1}{2}$ shares Little Wood River Canal stock- 100 shares Fish Creek reservoir.

16. (a) Is reservoir to be used? No If so, fill in (b) and (c) below:
 (b) Name of Reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public water of the State of Idaho as herein set forth.

Applicant.

STATE OF IDAHO

-----Countersigned:

(SEAL) By J. D. "CY" PRICE By C. A. ROBINS
Governor.

Secretary of State.

REMARKS: I am buying this ranch from Cannon & Boyle, Salt Lake City, receivers for the Carey Valley Irrigation District. The Fish Creek water is insufficient to make the farm pay. Besides, the point of diversion from their canal to our place has been changed so that it (the Fish Creek Canal) goes below our place. Almost every one in my vicinity has a good water right in the Little Wood River reservoir. Every bit of water I get actually comes out of Little Wood River and an exchange of water has to be made between the Fish Creek watermaster and the Little Wood River watermaster. Last year Fish Creek only delivered 40% while Little Wood River delivered 100% and more. My place would make me a good living if I had the so I would like to get a well. So far as I know, there are no other irrigation wells in this vicinity. Cannon & Boyle

April 3, 1959

Re: License No. 20961
Carl Johns

Mr. Roy W. Gipson, County Supervisor
Farmers Home Administration
Box 337, Shoshone, Idaho

Dear Mr. Gipson:

Water license No. 20961 was issued to Mr. Carl Johns for 1.2 cubic feet per second of subterranean water, priority Feb. 28, 1949, for irrigation of 60 acres in SW 1/4, E. 1/4, Sec. 16, T. 1 S., R. 21 E., S. 1 N.

The engineer's report indicates that the well produced considerable water over the 1.2 c.f.s. allowed. Beneficial use was proved for only 60 acres for which one minor's inch per acre was allowed. A new application for permit could be filed on the excess water from the well to irrigate additional land.

Water license rights pass with ownership of the land. The right can be transferred, by the owner, to other land by the transfer procedure prescribed in Sec. 12-222, Idaho Code, as amended by the Laws of 1951, Chapter 200, Page 128. This office does not keep a record of change in ownership of licensed water rights. We do make notations on the record sheet of mortgages, if requested, in which case your office would be notified of any proposed transfer.

Very truly yours,

GEO. B. CARTER
State Reclamation Engineer

REPORT OF ENGINEER

Permit No. 20961

This proof is for Beneficial Use In Water District No. _____

1. Name of applicant Carl Johns, 427 Ash St., Twin Falls, Idaho

2. Source of water supply: Subterranean from a well

3. Location of point of diversion: Is in the SW $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 16

T 1 S. R. 21 E. County of Blaine

4. Describe works as they exist, giving dimensions and capacities of same: Well is 45' deep

cried down considerable distance with planking size of hole is 3' by 3'.

There is an 18" culvert pipe used as casing. There is 40' of 8" column.

Water stands nearly to the surface. 15 hp U. S. motor serial No. 935408.

Peerless Turbine Pump, No. 156588. 6" by 4' delivery pipe to the

East. Water to the fields by gravity.

5. Water is used for: Irrigation and domestic purposes

6. State whether or not water has been turned into works of diversion: Yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

SW $\frac{1}{4}$ NW $\frac{1}{4}$ and NW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 16, Twp. 1 Sputh, Range 21 East, B. M.

See the map

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? _____

Remarks: _____

This examination was made on the 9 day of Aug, 1956.

(Signed) E. M. Humphrey Examiner.

RE: Permit No. 20961

Mr. Carl Johns
427 Ash Street
Twin Falls, Idaho

Dear Mr. Johns:

I expect to make inspection in connection with your permit as required by law on any permit being brought to license in the State of Idaho.

I hope to make inspection on Thursday morning, August 9, fairly early in the morning. *8 A.M.*

Please be prepared to accompany me on the inspection. I will drive to the farm where the well is located.

Yours truly,

MARK R. KULP
State Reclamation Engineer

RE; Permit No. 20961

Mr. Carl Johns
427 Ash Street
Twin Falls, Idaho

Dear Mr. Johns:

We now have the Affidavit of Publication in the
Hailey Times which completes your proof of Beneficial Use
on Permit No. 20961.

Before final action is taken the law requires
that a field examination be made by an engineer from this
Department.

We cannot say just when this examination will be
made, but our field engineer will contact you at the time
he makes the examination in order that you may arrange to
show him over the ground.

Very truly yours,

MARK R. KULP

Affidavit of Publication

NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10 A.M. on the 16th day of July, 1955, at Carey, County of Blaine, State of Idaho, before Alice A. York, Notary Public, proof will be submitted of the application to beneficial use of 1.6 cubic feet per second of the waters of subterranean water in accordance with the terms and conditions of Permit No. 20961 heretofore issued by the State Reclamation Engineer of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Carl Johns, 427 Ash St., Twin Falls, Idaho.

The use to which said water has been applied is irrigation and domestic purposes.

The amount applied to beneficial use is 1.6 cu. ft. per sec.

The place where said water is used SW $\frac{1}{4}$ NW $\frac{1}{4}$ and NW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 16, Township 1 South, Range 21 East, B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is private ditch, unnamed, ditches being part of irrigation system of applicant.

The right to take water from such works is based upon Permit No. 20961.

The source of supply from which such water is diverted is subterranean from a well 1700 ft. from the NW corner of Section 16, Township 1 South, Range 21 East, B. M., and in the SW $\frac{1}{4}$ NW $\frac{1}{4}$ of said Section 16;

The date of priority which said user is prepared to establish is February 28, 1949. 20961

JUL 20 1955
Department of Reclamation

Permit No. 20961

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Carl Johnson, 427 Oak St., Twin Falls, Idaho
Sugar Boiler

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. 20961 Feb 28, 1949, Feb, 28, 1949.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Well, 1700 ft. North East of NW corner, Section 16, T1 South R. 21 E. B.M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Ditches lead the water from well to the fields. Ditches will hold about 200 ins. of water. It is 18" 10" to water at present. I dug the well 45 ft. deep. Then I put the culvert down the pump man put it on top of three feet of false cribbing so it didn't go to the bottom. I thought maybe it had tilted in so only claimed 42' on certificate of completion. But I went into the well in the winter when water table is down and put down the casing.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation on NW 1/4 of SW 1/4 and SW 1/4 of NW 1/4 of Section 16, T1 South, R. 21 E. B.M. Cultivated land. About 35 Acres in SW 1/4 of NW 1/4 and about 30 acres in NW 1/4 of SW 1/4. Due to flood conditions, some of the land in lower corner of ranch will require further leveling etc. Before the flood all of this ranch was irrigated, but now we have some land that needs work done on it. The abstract shows 83 acres for the place.

I bought a pump that was supposed to pump 150" from a depth of 35 ft. by engineering data at Electric Service Co. Twin Falls. When the water table was exceedingly high in 1952, I got very much more water than the

Handley vs

note: - difference in PID 60

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. _____

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. _____

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. _____

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. *This is the 3rd year of successful use. We pump about 150 in when irrigating, but that isn't steady. Sometimes the pump is idle.*

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. *We have 2 1/2 shares of Little Wood River Canal stock and 100 shares of Fish Creek reservoir stock. But in dry years that water isn't much good to us.*

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. E. M. Shippens 72 Farmer
Carey Idaho

Ques. 2. Are you acquainted with Carl Johnson, the holder of Permit No. 20961? How long have you known him and where does he reside?

Ans. 25 years Twin Falls Idaho

Ques. 3. Have you read or heard read said Permit No. 20961, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Well 1700 ft. North East of NW corner Sec. 16
T. 1 South R. 21 E.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 200 in. Have seen 150 in. Pumped

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. 150 in. I estimate the amount by the
size of the ditch.

20961

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation NW 1/4 of SW 1/4 and SW 1/4 of NW 1/4 of Section 16,
T 1 South, R. 21 E. B. M. Cultivated

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Gravel and soil 3 in. per acre

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Have seen well in operation
the last 3 years

NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at 10 A. M. on the 16 day of July, 1955,
at Carey, County of Blaine, State of Idaho, before
Alice A. York, Notary Public, proof will be submitted of the
application to beneficial use of 1.6 cubic feet per second of the waters of subterranean
water in accordance with the terms and conditions of Permit No. 20961
heretofore issued by the State Reclamation Engineer of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are.....
Carl Johns, 427 Ash St. Twin Falls, Idaho

The use to which said water has been applied is irrigation and domestic purposes

The amount applied to beneficial use is 1.6 cu. ft. per sec.

The place where said water is used (~~if for irrigation, give full and accurate description of the~~
~~lands irrigated~~) SW $\frac{1}{4}$ NW $\frac{1}{4}$ and NW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 16, Township 1 South, Range 21 East, B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of
use is private/ditch, unnamed, ditches being part of irrigation system of applicant.

The right to take water from such works is based upon Permit No. 20961

The source of supply from which such water is diverted is subterranean from a well 1
1700ft. from the NW corner of Section 16, Township 1 South, Range 21 East, B. M., and
in the SW $\frac{1}{4}$ NW $\frac{1}{4}$ of said Section 16;

The date of priority which said user is prepared to establish is Feb. 28, 1949

Mark R. Aheep

State Reclamation Engineer.

NOTICE TO ACCOMPANY THIS LETTER MUST BE MADE IN DUPLICATE

(Date) June 14, 1955

(P. O.) Twin Falls, Ida. 427 Ash St.

TO THE STATE RECLAMATION ENGINEER:

Boise, Idaho.

Dear Sir:

You are hereby authorized to have the attached notice published at my expense in the
Hailey Times of Hailey, Idaho published in
the county in which the works are situated.

Carl Johns

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well-known and competent engineer.)

I hereby certify that the facts set forth in the attached notice are true.

Engineer.

RE: Permit No. 20961

Mr. Carl Johns
427 Ash Street
Twin Falls, Idaho

Dear Mr. Johns:

We have your letter of August 29, 1953, in which you state that you wish to make Beneficial Use proof on Permit No. 20961.

We enclose the necessary forms of notice to be used in connection with this proof as the law requires publication once a week for four weeks before the proof is made. The notice should be made in duplicate on Form 10, setting the time and place and naming the Notary Public before whom the proof is to be made. The proof may be made at any place convenient for you and your two witnesses and the time must be set sufficiently far ahead to allow for four weeks publication.

Both copies of Form 10 to be returned to this Department together with Form 11 which is your authorization for us to have the notice published at your expense in the designated newspaper in the county where the water is located.

We shall then send a copy of the notice to the newspaper with instructions in regard to publishing and shall send you the necessary forms of deposition to be used in making the proof.

Very truly yours,

INSTRUCTIONS

PROOF OF COMPLETION OF WORKS

Mr. Carl Johns
427 Ash Street
Twin Falls, Idaho

Boise, Idaho January 2, 1953

Dear Sir:-

Under the terms of your Permit No. ~~20961~~ you are required to complete your diversion works on or before ~~March 3, 1953~~. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

MARK R. KULP

State Reclamation Engineer

Re: Permit No. 20961

Mr. Carl Johns
No. 427 Ash Street
Twin Falls, Idaho

Dear Mr. Johns:

Reference is made to your letter of
August 4th in regard to your Permit No. 20961.

This permit is for 1.6 second foot, or
80 inches of water from your well, which is all you
could be allowed under said permit when proofs are
made and license issued.

However, there would be nothing to
prevent you from pumping a larger quantity at any time
provided it did not interfere with other rights, who
might protest same.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Department of Reclamation

427 Ash St.
Twin Falls, Ida.

Aug. 4, 1952.

Mr. Mark Kulp, Reclamation Engineer

Dear Sir,

This is a letter of inquiry as to whether any extra water can be filed on for gravelly ground. I have a ranch at Carey, and we draw about 150 inches of water through the ditch in order to make a stream large enough to irrigate with.

About this time of year we start running short of water. I have about finished my well for which I have a reclamation permit, and I was wondering what size pump to buy. We have 80 acres which are pretty gravelly. Right now the water table is about 12 feet down from the top of the ground on the highest spot on the ranch. I was wondering if I would be restricted to 80 inches.

Would appreciate hearing from you soon.

Respectfully yours,

Carl Johns

February 17, 1949

Mr. Carl Johns
427 Ash Street
Twin Falls, Idaho

Dear Mr. Johns:

In reply to your letter of February 14, 1949, we enclose a form of application for permit to appropriate the public waters of the State of Idaho, together with regulations and instructions in regard to filling same.

This form is used for filing on subterranean water from a well the same as from any other source. The point of diversion called for under Question 4 should be the legal subdivision in which the well is located.

When this application is approved, it will be signed by the proper State Officials and sent you as a use permit under which you may proceed with the construction of the work described in the application. In order to complete your water right, two proofs are required as follows:

First, proof of completion of works which is made by affidavit before a Notary Public. The time required for making this proof should be stated under Question 12 in the application.

The final proof is made when the water has been completely applied for irrigation or whatever purpose it is intended. Notice of such proof must be published for four consecutive weeks in a county newspaper at your expense and at the time set for proof depositions are to be executed by yourself and two witnesses in proof of such beneficial use. The additional time required for making this proof should be stated under Question 13 of the application.

Very truly yours,

HANK R. TULP
State Reclamation Engineer

Mr. Mark R. Kulp,

Dear Sir:

Would you please send me
an application for a permit to file
on an irrigation well on
property we have in Blaine
County? We have not yet
started the well but would like
to get started this coming spring.

Respectfully yours,
Carl Johns

**NOTICE OF PROOF APPLICATION
OF WATER TO BENEFICIAL USE**

Notice is hereby given at 10 A.M. on the 16th day of July, 1955, at Carey, County of Blaine, State of Idaho, before Alice A. York, Notary Public, proof will be submitted of the application to beneficial use of 1.6 cubic feet per second of the waters of subterranean water in accordance with the terms and conditions of Permit No. 20961 heretofore issued by the State Reclamation Engineer of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Carl Johns, 427 Ash St., Twin Falls, Idaho.

The use to which said water has been applied is irrigation and domestic purposes.

The amount applied to beneficial use is 1.6 cu. ft. per sec.

The place where said water is used SW $\frac{1}{4}$ NW $\frac{1}{4}$ and NW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 16, Township 1 South, Range 21 East, B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is private ditch, unnamed, ditches being part of irrigation system of applicant.

The right to take water from such works is based upon Permit No. 20961.

The source of supply from which such water is diverted is subterranean from a well 1700 ft. from the NW corner of Section 16, Township 1 South, Range 21 East, B. M., and in the SW $\frac{1}{4}$ NW $\frac{1}{4}$ of said Section 16;

The date of priority which said user is prepared to establish is February 28, 1949.

MARK R. KULP,

State Reclamation Engineer
