NOTICE FOR PUBLICATION

NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10:00 A. M. on the 26th day of January, 1953, at Fairfield, County of Camas, State of Idaho, before Chas. O. S. Scoggin, a Notary Public of Idaho, proof will be submitted of the application to beneficial use of one (1) cubic feet per second of the waters of an artesian well in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ -9-1S.- E. B. M. in accordance with the terms and conditions of Permit 20141 heretofore issued by the Dept. of Reclamation, State Engineer, of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Loy L. Vanskike, Fairfield, Idaho.

The use to which water has been applied is irrigation, domestic and livestock.

The amount applied to beneficial use is one cubic foot per second.

The place where said water is used: That part of the S $\frac{1}{2}$ SW $\frac{1}{4}$, Section 9, Township 1 South of Range 14 E. B. M., lying south of the Union Pacific Railroad Co., right-of-way.

The name of the canal or ditch or other works by which said water is conducted to such place of use is his own private pipe and ditching.

The right to take water from such works is based upon Permit No. 20141.

The source of supply from which such water is diverted is an artesian well located on the above described premises.

The date of priority which said user is prepared to establish is August 2, 1947.

MARK R. KULP,

State Reclamation Engineer.

Publish Dec. 25, 1952, Jan. 1, 8, 15, 22, 1953.

AFFIDAVIT
OF PUBLICATION

STATE OF IDAHO, {
COUNTY OF CAMAS, } ss.

ORIN N. GARRETT, being first duly sworn, on his oath, states: That he is publisher of the Camas County Courier, a newspaper of general circulation in Camas County, Idaho, published weekly at Fairfield, in said county. That said newspaper has been published in said County uninterruptedly and continuously for over seventy-eight consecutive weeks prior to the first publication of the annexed

Notice of proof application of water to beneficial use

and that said notice

was published as per clipping attached, in the regular and entire edition of said newspaper and not in any supplement thereof, in

five consecutive issues, the date of the first publication being the

25th day of December

19 52, and the last publication being the 22nd day of

January, 19 53.

License and Certificate of Water Right

Water License No. 20141

Amount 0.54 second foot

Water District No.

Priority August 2, 1947

THIS IS TO CERTIFY that LOY L. VANSKIKE
of Fairfield, Idaho, made application for a permit to appropriate the
public waters of the State of Idaho, dated August 2, 1947; that Permit No. 20141
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
One second foot, was issued thereunder on August 8, 1952, showing that said works
were completed on the 6th day of August, 1952; and that on the 26th
day of January, 1953,

LOY L. VANSKIKE

of Fairfield, State of Idaho, made proof to the satisfaction of the
State Reclamation Engineer of Idaho, of the right to use the waters of a well
, ~~subterranean~~ (subterranean flow), for the purpose of irrigation, domestic and
stock use, under Use Permit No. 20141 of the Department of Reclamation
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume
8 of Licenses at page 5169, on the 29th day of October, 1953;

The right hereby confirmed dates from August 2, 1947;

The Point of Diversion is located
in the SE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 9, Tp. 1 S., R. 14 E., B. M. Camas County

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
not exceed 0.54 cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
1 S.	14 E.	9	S $\frac{1}{2}$ SW $\frac{1}{4}$ SW $\frac{1}{4}$ S $\frac{1}{2}$ SE $\frac{1}{4}$ SW $\frac{1}{4}$	20 20	20 20
Being that part of the S $\frac{1}{2}$ SW $\frac{1}{4}$ Section 9, Tp. 1 South, Range 14 East, B.M. lying South of the Union Pacific R.R. Right-of-way, containing approximately 40 acres.					

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place
of use herein described, as provided by the laws of Idaho.

WITNESS the seal and signature of the State Reclamation Engineer, affixed at Boise, Idaho, this

29th day of October, 1953

APPLICATION FOR PERMIT

To Appropriate the Public Waters of the State of Idaho

37-2482

Application No. 27741
 Permit No. 20141
 District No.

1. Name of Applicant: LOY L. VANSKIKE

Postoffice address: Fairfield

County: Camas

State: Idaho

I. If applicant is a corporation, give:

- (a) Date and place of incorporation:
- (b) Amount of capital stock:
- (c) Amount paid in:
- (d) Names and addresses of directors:

II. The financial resources of the applicant are:

- (a) Cash on hand:
- (b) Treasury stock:
- (c) Bonds to be issued:
- (d) Other resources:

2. Quantity of water claimed: One (1) cubic feet per second.

Sec. 9, Twp. 1 S., Rge. 14 E., B.M., subterranean flow, at 233' to 310' in depth

3. Source of water supply: Artesian well located on Fr. S $\frac{1}{2}$ SW $\frac{1}{4}$ /which is a tributary of

4. Location of point of diversion: feet distant from the

corner of Section , T. , R. , B.M., and is in the SE $\frac{1}{4}$ SW $\frac{1}{4}$

of Section 9 , T.1 S. , R.14 E. , B.M., County of Camas

5. Water is to be used for Irrigation, domestic and stock watering

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: feet distant from corner of Section

T. , R. , B.M., in the of Section , T. , R. , B.M.

(b) Amount of power generated: H.P., under feet head.

(c) Water is to be returned to at a point feet

distant from the corner of Section , T. , R. , B.M., in the

of Section , T. , R. , B.M.

7. Estimated cost of works: \$ 3,000.00

8. Kind of works: Artesian well, with pump, ditch and flume to land

9. Height of dam feet; length of dam at top feet; length of dam at bottom

feet; material used in dam:

10. Size of headgate: Width 2 feet; height 1.5 feet;

11. Ditch: Width at bottom 1 feet; width at water line 20 inches feet; depth of water 14 inches feet;

dimensions of flume: 18" X 18 "

Diameter of pipe None inches; length of conduit 1/2 mile miles.

Average grade per mile 1 $\frac{1}{2}$ feet.

12. The time required for the completion of such work is Five (5) years.

13. The time required for the complete application of the water to the proposed use is One (1) additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

14-A. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: None

15. (a) Is reservoir to be used? If so, fill in (b) and (c) below.
 (b) Name of Reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

RE: Permit No. 20141

Mr. Loy L. Vanskike
Fairfield
Idaho

Dear Mr. Vanskike:

The report of our field engineer on examination for beneficial use on Permit No. 20141, shows that your well in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 9, Township 1 South, Range 14 East, B.M., will deliver 27 inches of water and that you have irrigated 40 acres in the S $\frac{1}{2}$ SW $\frac{1}{4}$ of said section.

Therefore, upon receipt of the statutory fee of \$4.00, a license can be issued for 27 inches, or 0.54 second foot of water from said well.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams, and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

3. Location of point of diversion: Is in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 9

T. 1 S. R. 14 E. County of Camas

4. Describe works as they exist, giving dimensions and capacities of same. Sprinkler irrigation. Artesian well, 310' deep by 6" diameter with a shallow well 22' by 4' diameter surrounding the top of the deeper well. Artesian well opens into the other well 20' below the surface. There is no pump house nor protection. Pump is Deming Mueller, size 1 $\frac{1}{2}$ A, Figure 4013, Serial No. D.C. 129208, centrifugal pump 2" inlet 1 $\frac{1}{2}$ " outlet. 5 h.p. Westinghouse motor, single phase, 220 V. 1710 r.p.m. No. 4805. Westinghouse switch, G.E. meter. Pump to motor drive is 4 V-belts, approx. 3600 r.p.m. for the pump.

5. Water is used for: Irrigation, domestic and livestock purposes.

6. State whether or not water has been turned into works of diversion: Yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

That part of SE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 9, Twp. 1 South, Range 14 East, B. M., lying South of the Union Pacific R.R. right-of-way.

See Map

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? _____

Remarks: Crops are hay and pasture. Dairy herd of Holstein cows.

This examination was made on the 11 day of August, 19 53

RE: Permit No. 20141

Mr. Charles Scoggin
Attorney at Law
Fairfield, Idaho

Dear Mr. Scoggin:

We acknowledge receipt of your letter of January 27, 1953, enclosing the depositions of Loy L. Vanskike and two witnesses, also affidavit of publication in the Camas County Courier, all in proof of beneficial use under Permit No. 20141.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact Mr. Vanskike at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

NOTICE FOR PUBLICATION

NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10:00 A. M. on the 26th day of January, 1953, at Fairfield, County of Camas, State of Idaho, before Chas. O. S. Scoggin, a Notary Public of Idaho, proof will be submitted of the application to beneficial use of one (1) cubic feet per second of the waters of an artesian well in the SE 1/4 SW 1/4-9-1S- E. B. M. in accordance with the terms and conditions of Permit 20141 heretofore issued by the Dept. of Reclamation, State Engineer, of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Loy L. Vanskike, Fairfield, Idaho.

The use to which water has been applied is irrigation, domestic and livestock.

The amount applied to beneficial use is one cubic foot per second.

The place where said water is used: That part of the S 1/2 SW 1/4, Section 9, Township 1 South of Range 14 E. B. M., lying south of the Union Pacific Railroad Co., right-of-way.

The name of the canal or ditch or other works by which said water is conducted to such place of use is his own private pipe and ditching.

The right to take water from such works is based upon Permit No. 20141.

The source of supply from which such water is diverted is an artesian well located on the above described premises.

The date of priority which said user is prepared to establish is August 2, 1947.

MARK R. KULP,

State Reclamation Engineer.

Publish Dec. 25, 1952, Jan. 1, 8, 15, 22, 1953.

AFFIDAVIT OF PUBLICATION

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

20141

Permit No. 20141

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Loy L. Vanskike, Fairfield, Camas County, Idaho, dairyman and farmer, Fairfield, Idaho.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. 20141, August 2, 1947, and date of priority Aug. 2, 1947.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. artesian well in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 9, Twp. 1S., Rge. 14 EBM point of diversion is at the said well.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch, or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined.

Ans. a 4' casing with artesian well casing 6" inside and they convey one second foot of the waters of said well into a pressure sprinkling system for 15 acres and approximately 25 acres are irrigated by gravity flow. Also the same is used for livestock and domestic use with the dairy business. Well is 310' deep and water is flowing out of the top of the well. 5 horse motor with 1 foot per second discharge. Measured by the engineer of the Floyd Lilly Pump Co., who supplied the pump.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water used for irrigation, livestock and domestic. conducted in pressure pipe for livestock and domestic and pressure sprinkler system to 15 acres of alfalfa land and the balance gravity flowed to 25 acres alfalfa lands. Waters all that part of the S $\frac{1}{2}$ SW $\frac{1}{4}$ Sec. 9, Twp. 1S., Rge. 14 EBM lying south of the Union Pacific Railroad Right-of-way, being approximately 40 acres and all of it is under irrigation from this said well. This use increases the hay yeild a ton to the acre and gives about 60 days more pasture value.

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. just for livestock and domestic use and this is all pressured to place of use in pipe.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. one second foot.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Used this water prior to Aug. 2, 1947, by flowing it over the above described lands and also for livestock and domestic use and for the full flow of the well. I have improved the use by the pressure system since application for permit has been made.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. no other water is used on said premises.

(Sign) *Loy L. Vanshik*

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Fairfield, County of Camas, State of Idaho, on this 26th day of January, A. D. 1953.

My commission expires 9/4/56.

Charles C. Leagain
Notary Public of Idaho,
Residence: Fairfield, Idaho.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. 20141

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. T.T. Wokersien, 25, Fairfield, Idaho, insurance agent.

Ques. 2. Are you acquainted with Loy L. Vanskike, the holder of Permit No. 20141? How long have you known him and where does he reside?

Ans. I have known him all of my life and he resides just west of Fairfield, Idaho, on a dairy ranch.

Ques. 3. Have you read or heard read said Permit No. 20141, and are you familiar with its provisions and conditions?

Ans. yes and I am familiar with its general provisions.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. artesian well in the northeast corner of S $\frac{1}{2}$ SW $\frac{1}{4}$ -Sec. 9-Twp. 1S., Rge. 14 EBM. lying south of the U.P. RR. right-of-way. It is diverted at the well in a pressure pipe to about 15 acres of sprinkler system and then through pipe to open ditches for the balance of about 25 acres. It is also used in a pressure system for the dairy and home.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. about one second foot. I have seen it all so conveyed and applied.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. I have seen the same deliver 1 second foot and I just estimated this as the amount as it irrigated the full 40 acres well and also supplied the dairy and home.

20141

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. used for irrigation of that part of the S $\frac{1}{2}$ SW $\frac{1}{4}$ Sec. 9, Twp. 1S., Rge. 14 EBM lying south of the U.P. RR. right-of-way, being approximately 40 acres, all irrigated and all in alfalfa. It has given more hay per acre and good pasture until fall frosts, before it dried up in the summer after the hay was off unless we had good summer rains.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. used for livestock, dairy and domestic purposes too, pumped to place of use in pressure pipe.

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. reclaimed all of the above said land from dry wheat land and I would say it took a miner's inch per acre.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. I have no interest in any of it what-so-ever and I have paid particular attention to it as it may effect the future economy of my community.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have witnessed the full operation from the drilling of the well and paid particular attention to it as it was of general interest to this whole community. I went over the land and seen it applied to the land and observed its effect on the crops. I have seen it applied to all of the land.

(Signed)

E. J. Durkin

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Fairfield, County of Camas, State of Idaho, on this 26th day of January, A. D. 1953.

Charles H. Seagren
Notary Public.

My commission expires 9/4/56.

20141

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. 20141

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. George Perkins, Jr., 31 years old, residing at Fairfield, Idaho, manager of the Prairie Power Coop., Inc., an electric distribution company, postoffice address is Fairfield, Idaho.

Ques. 2. Are you acquainted with Loy L. Vanskike, the holder of Permit No. 20141? How long have you known him and where does he reside?

Ans. I have known him all of my life and he resides just west of Fairfield, Idaho, one-half of a mile.

Ques. 3. Have you read or heard read said Permit No. 20141, yes, and are you familiar with its provisions and conditions?

Ans. yes I am familiar with its general provisions and conditions.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Artesian well in the northeast corner of his land described as that part of the S $\frac{1}{2}$ SW $\frac{1}{4}$, Sec. 9, Twp. 1S., Rge. 14 EBM, lying south of the U.P. RR. right-of-way. It is diverted from that well through pipe to a pressure sprinkling system to approximately 15 acres and also through pressure pipe to a high point of land and then into open ditches to gravity flow on the balance of approximately 25 acres of land. Also is used for the dairy and home from pressure system.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. about one second foot. I have seen the total flow and pumped pressure system applied.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. About 1 second foot and I estimated this amount from my experience with other water application as manager of the local power company.

20141

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation of S $\frac{1}{2}$ SW $\frac{1}{4}$ Sec. 9, Twp. 1S., Rge. 14 EBM lying south of the U.P. RR. right-of-way, being approximately 40 acres all of it is irrigated. It is all cultivated and is in alfalfa hay. It increases the yeild from a half to a ton per acre and also increases about two months the pasture. ~~It is also used for livestock and domestic use with the dairy business.~~

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what etxent.

Ans. _____

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. It has reclaimed the whole 40 acres which was dry farm land prior to this water application. I would say it would take 1 miners inch per acre to irrigate the land.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. I have no interest what-so-ever in the works or project. _____

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have went out to observe this project many times as it is of interest to me as manager of the pwoer company for it may effect our future power demands. I have went out at each stage of development and observed the effect of the use of the water on the lands. I have seen it applied to all of the said land.

(Signed) _____

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Fairfield, County of Camas, State of Idaho, on this 26th day of January, A. D. 19 53.

NOTICE TO ACCOMPANY THIS LETTER MUST BE MADE IN DUPLICATE

(Date) December 18, 1952.

(P. O.) Fairfield, Idaho.

TO THE STATE RECLAMATION ENGINEER:

Boise, Idaho.

Dear Sir:

You are hereby authorized to have the attached notice published at my expense in the
Camas County Courier of Fairfield, Idaho, published in
the county in which the works are situated.

Loy L. Vankirk

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well-known and competent engineer.)

I hereby certify that the facts set forth in the attached notice are true.

Engineer.

20141

NOTICE FOR PUBLICATION
 NOTICE OF PROOF APPLICATION OF WATER
 TO BENEFICIAL USE

Notice is hereby given that at 10:00 A. M. on the 26th day of January, 1953,
 at Fairfield, County of Camas, State of Idaho, before
Chas. O. S. Scoggin, a Notary Public of Idaho, proof will be submitted of the
 application to beneficial use of one (1) cubic feet per second of the waters of an artesian well in
the SE 1/4 SW 1/4 - 9 - 1 S. - 14 E. B. M. in accordance with the terms and conditions of Permit No. 20141
 heretofore issued by the Dept. of Reclamation, State Engineer, of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Loy L.
Vanskike, Fairfield, Idaho

The use to which said water has been applied is irrigation, domestic and livestock.

The amount applied to beneficial use is one cubic foot per second.

The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated)
~~XXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXX~~
That part of the SE 1/4 SW 1/4, Section 9, Township 1 South of Range 14 E. B. M.,
lying South of the Union Pacific Railroad Co., right-of-way.

The name of the canal or ditch or other works by which said water is conducted to such place of use is his
own private pipe and ditching.

The right to take water from such works is based upon Permit No. 20141

The source of supply from which such water is diverted is an artesian well located on
the above described premises.

The date of priority which said user is prepared to establish is August 2, 1947.

20141

 MARK R. KULP
 State Reclamation Engineer.

August 20, 1952

RE: Permit No. 20141

Mr. Loy L. Vanskike
Fairfield
Idaho

Dear Mr. Vanskike:

We enclose Certificate of Completion of Works issued under Permit No. 20141, for the diversion of one second foot of water from a well in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 9, Township 1 South, Range 14 East, B.M., for irrigation, domestic and stock purposes on that part of the SE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 9, lying South of the Union Pacific Right-of-way.

We also enclose departmental receipt No. 24739 for the \$5.00 fee paid in connection with proof of completion of works.

In order to make beneficial use proof on this permit, it will be necessary to publish a notice once a week for four weeks in a county newspaper, setting time and place and naming the Notary Public before whom proof is to be made.

This notice should be made in duplicate on Form 10 enclosed, and both copies returned to this department together with Form 11 which is your authorization for us to have the notice published at your expense in the designated county newspaper. We shall then send a copy of the notice to the newspaper with instructions in regard to publishing.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Permit No. 20141

STATE OF IDAHO

Department of Reclamation

Proof of Completion of Works

AFFIDAVIT OF HOLDER

STATE OF IDAHO

County of Camas,

SS.

, being first duly sworn, upon his oath deposes and says:

First: That he is the holder and owner of Permit to Appropriate the Public Waters of the State of Idaho, No. 20141, and that his postoffice address is Fairfield

State of Idaho.

Second: That the name of the stream which said water is to be ~~directed~~ ^{diverted} is Artesian and pumping well, 22' of 4' casing and inside of which is 310' of 6" artesian well casing, detail of which is on original filing.

Third: That the point of diversion of said water is the Northeast corner of the SE $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 9-1S.-14 EBM and lying south of the U.P. Railroad right-of-way.

Fourth: That under the terms and conditions of said permit, construction thereunder was required to be completed by August 7, 1952.

Fifth: That the use for which said water is intended is irrigation & domestic.

Sixth: That on the date above mentioned, the works constructed under said permit were ~~(or were not)~~ fully completed and consisted of the following:

I. Kind of works: Standpipe at well and 570' of 4" pipe and 360' of 3" pipe and 1500 ft. open ditch. (Reservoir, dam, ditch, flume, pipe or otherwise)

II. Dimensions of work: see above.

(a) Height of dam feet, length of dam at top feet, length of dam at bottom feet. Material used in construction.

(State whether wood, earth, stone or concrete)

(b) Capacity of reservoir acre feet well & 45lbs. under sprinkler.

(c) Size of headgate: Width feet, height feet. pipe: 570' of 4" from well then 360' of 3" all 50lbs. pressure at/

(d) Conduit: ditch: 2' wide at top & 1' at bottom with 1' drop in the 1500' width at bottom feet, width at water line.

(State whether ditch, flume or pipe) run ditch practically full.

feet, depth of water feet; diameter of pipe inches, average grade

per mile is feet. Length of conduit is miles.

Seventh: That said works are capable of conducting to the place of intended use 1 second feet of water.

Eighth: That water appropriated under said permit is available for 40

acres of land described as follows: plus home and dairy use that part of the SE $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 9, Twp. 1S., Rge. 14 EBM lying south of the Union Pacific Railroad right of way.

Ninth: Remarks: That I have made some minor changes from the plans set out in the original filing as pipe is all on top of the ground and about one-half as much ditch as planned.

INSTRUCTIONS

PROOF OF COMPLETION OF WORKS

Mr. Loy L. Vanskike

Boise, Idaho **June 2, 1952**

Fairfield, Idaho

Dear Sir:-

Under the terms of your permit No. ~~20111~~-----you are required to complete your diversion works on or before ~~August 7, 1952~~--- I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

MARK R. KULP

Fairfield, Idaho

Dear Mr. Scoggin:

We enclose Permit No. 20141, in the name of Loy L. Vanskike, and direct attention to the limitations and conditions of same, as given on the fourth page, over the approval of the State Reclamation Engineer.

Departmental Receipt is also enclosed for the \$5.00 filing fee.

Question 4 gives the location of the point of diversion as in Section 9, Township 1 N., Range 14 E., B.M.

This is apparently an error, as the sketch map, and also the land description in Question 14 gives it in Township 1 S., Range 14 E., B.M.

We have changed it accordingly on our records, but if this is not right, please let us know at once.

Very truly yours,

MARK R. KULP
State Reclamation Engineer
