APPLICATION FOR AMENDMENT
TO PERMIT TO APPROPRIATE THE PUBLIC WATERS
OF THE STATE OF IDAHO, NO. 19247.

Comes now Dolph Hitesman and represents to the State Reclamation Engineer of the State of Idaho:
That he is the owner and holder of Permit to appropriate the Public Waters of the State of Idaho, No. 19247;
That the point of diversion is described in said Permit as being located in NW $\frac{1}{4}$ NW $\frac{1}{4}$ Section 9, Township 5 South, Range 11 East, B.M. and conveyed to the place of use through irrigation ditch, as per map filed herewith.
That he now requests that the point of diversion be changed to a point located in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 8, Township 5 South, Range 11 East, B.M. and conducted to the place of use through the irrigation ditch, as per map referred to.
That his reasons for desiring to make such change are as follows: Decided to put in an electric pump to maintain long ditch.
That no one will be injured by such change, and that such change will be made at Permit Holder's own risk.
Signed at King Hill, Idaho, this 11 day of July, 1949.

DOLPH HITESMAN

of receipt at Department of Reclamation July 18, 1949.

APPROVAL OF STATE RECLAMATION ENGINEER.

I, Mark R. Kulp, State Reclamation Engineer of the State of Idaho, hereby approve the above and foregoing application for amendment to Permit to appropriate the Public Waters of the State of Idaho, No. 19247. This approval constitutes a new permit and is issued as an amendment to the original permit to which it refers, and of which it becomes a part, and said application is approved only insofar as the rights of others will not be adversely affected thereby.

Dear Mr. Hitesman:

We now have the affidavit of publication in the Mountain Home News, which completes your proof of beneficial use on Permit No. 19247.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Dear Mr. Hitesman:

We have received no reply to office letter addressed you on June 22, enclosing forms for making Proof of Completion of Works under Permit No. 19247 and also a form of application for amendment of place of diversion.

Since these proofs were due on or before February 27, 1949, and the Permit is listed for cancellation for failure to make such proofs it is important that this matter be given your early attention if the Permit is to be continued in good standing.

Dear Mr. Hitesmen:

We are in receipt of your letter of June 20, in reply to Notice that your Permit No. 19247 is being held for cancellation for failure to make proof of completion of works as required under the terms of the Permit.

We note your statement that the works are completed but that the pump is installed in a different place than as described in the Permit.

It will not be necessary to make a new filing but you may execute the enclosed Application for Amendment to describe the present location of the pump.

Since you state that the works were completed within the required time, you may have the enclosed forms of deposition executed by yourself and two witnesses, describing the works and stating that they were so completed prior to February 27, 1949. Upon receipt and approval of these depositions, the Permit may be reinstated and upon receipt of the statutory fee of \$5.00, a Certificate of Completion of Works may be issued.

PROOF OF COMPLETION OF WORKS

Mr. Dolph Hitesman

King Hill, Idaho

Boise, Idaho **December 1, 1948**

Dear Sir:-

Under the terms of your permit No. ~~19247~~-----you are required to complete your diversion works on or before ~~February 27, 1949~~. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

MARK R. KULP

APPLICATION FOR EXTENSION OF TIME FOR COMPLETION OF WORKS
UNDER SENATE BILL NO. 13, SESSION LAWS OF 1945.

STATE OF IDAHO

County of ELMORE

Dolph Hitesman of King Hill, State of Idaho, being first duly sworn, upon his oath deposes and says:

That he is the owner and holder of Permit to Appropriate the Public Waters of the State of Idaho, No. 19247

That under the terms and conditions of said Permit, completion of works thereunder is required by Feb. 27, 1947.

That he has heretofore in good faith performed the following work and taken the following steps to bring about the completion of the said works described under the said permit, to-wit:

I have completed about 1/4 mile of work.

That he is unable to complete the remainder of said works and submit proof of completion of works within the required time; for the following reasons, to-wit:

I have been engaged in essential war work the past 4 1/2 yrs

Wherefore, he makes application to the State Reclamation Engineer to extend the time for Completion of Works under the said permit to Bill No. 13 Session Laws 1945, pursuant to the provisions of Senate Bill No. 13, Session Laws of 1945.

Dear Mr. Hitesman:

We are in receipt of your letter of December 31, 1946, requesting an extension of time for completion of works under Permit No. 19247.

The maximum of five years regularly allowed by statute will expire on February 27, 1947, but an extension may be allowed under Senate Bill No. 13 of the 1945 legislature, a summary of which is enclosed.

We also an enclose a form of application for extension under the provisions of this bill, which you may execute before a Notary Public, and return to this department.

You will note that this requires publication once a week for two consecutive weeks in a county newspaper, at your expense. This notice is made up in this office, in form similar to the enclosed, setting a date for hearing should there be any protests. In returning the application for extension, please also return Form 11, enclosed, which is your authorization for us to have the notice published at your expense, in the designated newspaper.

It will not be necessary for you to appear on the date set for hearing, as your statement will be contained in the application, and if no protests are received, the extension will be allowed, upon receipt of the affidavit of publication, which the newspaper will be instructed to send you. Should there be any protests, you will be duly notified before final action is taken.

Dear Mr. Hitesman:

We are in receipt of your application for permit to appropriate one-tenth of a cubic foot per second of the waters of Clover Creek.

We are returning your application of the following for correction: Under question 4, diversion point should be tied in approximately so many feet from a section corner or quarter corner, or at least show the legal subdivision within a certain forty acre tract, giving section number, township, and range. We are sorry to bother you for this additional information but it is very necessary that we have a better location for point of diversion than the one you have on the enclosed permit. Your answer to question 14 shows that the place of use is ten acres in the SW¹/₄NE¹/₄, Sec. 8, Twp. 5 S., Rge. 11 E. B. M.

We are enclosing extra forms for furnishing sketch map in duplicate showing point of diversion from Clover Creek, place of use, and etc. Please show section numbers, using the large squares as sections, and the small ones for forty acre subdivisions.

Will enclose a township plat which may help you locate the correct sections.
