NOTICE FOR PUBLICATION

NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE.

Notice is hereby given that at 10:00 A. M. on the 1st day of November, 1952, at Fairfield, County of Camas, State of Idaho, before T. T. Wokersien, a Notary Public of Idaho, proof will be submitted of the application to beneficial use of three (3) cubic feet per second of the waters of the three Village of Fairfield wells (subterranean flow) in accordance with the terms and conditions of Permit No. 19245 heretofore issued by the State Reclamation Engineer, Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Village of Fairfield, a municipal corporation of the State of Idaho, Fairfield, Idaho.

The use to which said water has been applied is the whole Village of Fairfield, Idaho.

The amount applied to beneficial use is three cubic feet per second.

The place where said water is used (if for irrigation, give full and accurate description of the

lands irrigated) The whole Village of Fairfield, Idaho.

The name of the canal or ditch or other works by which said water is conducted to such place of use is the complete Village of Fairfield, Idaho, water system.

The right to take water from such works is based upon Permit No. 19245.

The source of supply from which such water is diverted is 3 wells, two in the west half of Block 16, and one in Block 22 of said Village of Fairfield, Idaho, as the same appears on the official plat thereof now on file in the office of the Recorder of Camas County, Idaho.

The date of priority which said user is prepared to establish is January 14, 1942.

MARK R. KULP,  
State Reclamation Engineer.  
Publish Oct. 2, 9, 16, 23 and 30, 1952.

AFFIDAVIT  
OF PUBLICATION

**ORDER GRANTING  
PETITION FOR  
RECONSIDERATION**

On May 25, 2000, the Idaho Department of Water Resources (Department) issued a Preliminary Order rescinding the approval of Application for Transfer No. 5197 (preliminary order). The Department served a copy of the preliminary order upon interested parties.

On June 2, 2000, Robert E. Williams, on behalf of the right holder, filed a timely Petition for Reconsideration (petition) of the preliminary order. A brief in support of the petition for reconsideration was filed by Mr. Williams. No responses or objections to the petition have been received. Department Rule of Procedure 730.02 a provides that the hearing officer issuing a preliminary order will dispose of any petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. IDAPA 37.01.01.730.02.a.

On June 9, 2000, Mr. Williams filed, on behalf of the right holder, a "Complaint for Declaratory Relief Under I.C. Section 10-1201 Et Seq." seeking a determination of the effect of certain Gooding County ordinances on the operation of Gunning Dairy. The matters at issue in the preliminary order have been placed before the district court.

**ORDER**

The Department having reviewed the petition for reconsideration, and good cause appearing therefor, it is **HEREBY ORDERED** that the petition is **GRANTED** upon the following conditions:

1. Granting of the petition does not represent Department concurrence with any of the substantive allegations contained in the petition or the supporting brief.

ORDER GRANTING PETITION  
FOR RECONSIDERATION - 1

2. The Department hearing officer shall provide further opportunity for review of the preliminary order after a decision is issued by the court on the relevant issues.

Dated this 22 day of June 2000.

## License and Certificate of Water Right

Water License No. 19245

Amount 1.5 second feet

Water District No.

Priority January 14, 1942

THIS IS TO CERTIFY that VILLAGE OF FAIRFIELD  
 of Fairfield, Idaho, made application for a permit to appropriate the  
 public waters of the State of Idaho, dated January 14, 1942; that Permit No. 19245  
 was issued under said application; that Certificate of Completion of works, with a carrying capacity of  
 three second feet, was issued thereunder on July 15, 1952, showing that said works  
 were completed on the 18th day of December, 1946; and that on the 1st  
 day of November, 1952,

### VILLAGE OF FAIRFIELD

of Fairfield, State of Idaho, made proof to the satisfaction of the  
 State Reclamation Engineer of Idaho, of the right to use the waters of three wells  
~~tributary~~ (subterranean flow) for the purpose of Municipal water supply for  
 Village of Fairfield, Idaho, under Use Permit No. 19245 of the Department of Reclamation  
 and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,  
 and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume  
 8 of Licenses at page 5024, on the 20th day of November, 1952;

The right hereby confirmed dates from January 14, 1942;

The Point of Diversion <sup>are</sup> located in the West half Block 16, and Block 22, Village of Fairfield;  
~~the~~ ~~the~~ Sec. 9, Tp. 1 S., R. 14 E., B. M. Camas County

That the amount of water to which such right is entitled and hereby confirmed, for the purposes  
 aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall  
 not exceed 1.5 cubic feet per second.

#### Description and location of use:

| Twp. | Range | Sec. | Forty-acre Tract             | No. Acres<br>Described in Permit | No. Acres<br>Actually Irrigated |
|------|-------|------|------------------------------|----------------------------------|---------------------------------|
|      |       |      | Village of Fairfield, Idaho. |                                  |                                 |

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place  
 of use herein described, as provided by the laws of Idaho.

WITNESS the seal and signature of the State Reclamation Engineer, affixed at Boise, Idaho, this

20th day of November, 1952.

B. N. Humphrey

[illegible]

APPLICATION FOR AMENDMENT  
TO PERMIT TO APPROPRIATE THE PUBLIC WATERS  
OF THE STATE OF IDAHO, NO. 19245.

Comes now Village of Fairfield and represents to the State Reclamation Engineer of the State of Idaho:

That it is the owner and holder of Permit to appropriate the Public Waters of the State of Idaho, No. 19245.

That the point of diversion is described in said permit as being located in the West half of Block 16 of said village.

That they now request that the point of diversion be changed to include two additional points (or well), another in the West half of Block 16, and one in Block 22, of said village.

That his reasons for desiring to make such change are as follows: Additional wells were found necessary to obtain the required amount of water.

That no one will be injured by such change, and that such change will be made at Permit Holder's own risk.

Signed at Fairfield, Idaho, this 11 day of July, 1952.

H. A. KINSMAN  
Chairman of Board of Trustees

Date of receipt at Department of Reclamation July 12, 1952.

APPROVAL OF STATE RECLAMATION ENGINEER

I, Mark R. Kulp, State Reclamation Engineer of the State of Idaho, hereby approve the above and foregoing application for amendment to Permit to appropriate the Public Waters of the State of Idaho, No. 19245. This approval constitutes a new permit and is issued as an amendment to the original permit, to which it refers, and of which it becomes a part, and said application is approved only insofar as the rights of others will not be adversely affected thereby.

MARK R. KULP  
State Reclamation Engineer

CERTIFICATE OF COMPLETION OF WORKS

TO ALL WHOM IT MAY CONCERN:

This is to certify that The Village of Fairfield of Fairfield, County of Camas, and State of Idaho, the holder of Permit No. 19245, issued upon Application No. 26729 bearing date of priority of January 14, 1942, authorizing the diversion of Three (3) second feet of the waters of 3 wells (subterranean flow) County of Camas, State of Idaho, for municipal water supply for Village of Fairfield, has fully complied with the provisions of the laws of the State of Idaho relating to the proof of completion of the works of diversion set out and described in said Permit; that said works are adequate for diverting and conveying to the place of intended use Three (3) second feet of the waters of said wells. that the points of diversion of said waters or location of the wells are as follows: Two wells in the West Half of Block 16, and one well in Block 22, Village of Fairfield. and that the place of use of said water is the Village of Fairfield, Idaho.

Witness my hand this 15th day of July, A.D. 1952.

MARK R. KULP  
State Reclamation Engineer

1. Name of applicant Village of Fairfield, Fairfield, Idaho
2. Source of water supply: 3 Wells Subterranean  
2 wells in W. half of Block 16 } Village of Fairfield
3. Location of point of diversion: Is in the 1 well " Block 22 of Section 9
- T. 1 S R. 14 E County of Carnegie

4. Describe works as they exist, giving dimensions and capacities of same: There are two wells in block 16, both in one house along with a large steel pressure tank 4' d x 32' long. Heated in winter to prevent freezing. There is a third well in block #22. It is their best well and was drilled because the other two did not furnish sufficient water.

5. Water is used for: Domestic-Lawns-Gardens-Fire Protection
6. State whether or not water has been turned into works of diversion: yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach?

Remarks:

This examination was made on the 11<sup>th</sup> day of July, 19 52

Examination for *Beneficial Use*

County *Camas*

## INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

*Works compl. in 1947.*

July 11, 1952

Permit No. 19245

There are three wells on this filing, each approximately 338 feet in depth.

Well No. 1 - At approximately 200 ft. down they struck an artesian flow and cased it off through 10 in. casing because it was mineralized and they did not wish it in the village water system. This was flowing out the 10 in. casing on the outside of the regular casing at time of this inspection. There is an 8 in. casing down 333 ft. and then either 6 or 4 in. perforated casing a short distance below that. Pump is Pomona Turbine No. P D 2326. G. E. motor,  $7\frac{1}{2}$  h.p., 3 phase, 60 cycle, 220 V., 20 amps., 1750 r.p.m. No. 6049900. There is a heavy concrete ~~pipe~~ <sup>base</sup> approximately 2 ft. by 2 ft. Water is delivered into system through 6 in. outlet. Pump operates against tank head of 40 to 49 lbs.

Well No. 2 - Pomona Turbine pump No. P D 2325. Pump in this one, same as in No. 1, sets down 60 ft. Each has a 4 in. column. There is a G. E. 7.5 h.p. motor, same specifications as No. 1, No. 6049903. There is a heavy concrete ~~pipe~~ <sup>base</sup> under pump and motor approximately 2 ft. by 2 ft. square. Outlet is through 6 in. pipe through a large check valve into pressure tank. Pressure tank is approximately 4 ft. in diameter by 32 ft. long and supposed to hold 35,000 gallons. These two pumps and pressure tanks are located in a wooden structure 16 ft. by 72 ft. by 10 ft. *Located in Block 16* high. There is a heating stove used in winter to protect against freezing.

Well No. 3 - Located in Block 22. 338 ft. deep by 10 in. in diameter, cased to the bottom. Bottom 75 ft. is perforated. Pump is down 60 ft. Pump No. P L 7684. Motor is 15 h.p. Westinghouse, 3 phase, 60 cycle, 220 V., 33.4 amps. 1745 r.p.m. This well is in a small house built of boards and is connected by pipes underground to the pressure system in the house that houses the other two wells.

Fairfield is a village of 500 population. The first two wells did not furnish sufficient water for irrigating all the gardens as well as furnishing household and stock water. For this reason the third well was drilled. Allow  $12\frac{1}{2}$  inches each on Wells Nos. 1 and 2, and 50 inches or 1 cubic foot per second on Well No. 3, making a total of 75 inches.

NOTICE FOR PUBLICATION

NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE.

Notice is hereby given that at 10:00 A. M. on the 1st day of November, 1952, at Fairfield, County of Camas, State of Idaho, before T. T. Wokersien, a Notary Public of Idaho, proof will be submitted of the application to beneficial use of three (3) cubic feet per second of the waters of the three Village of Fairfield wells (subterranean flow) in accordance with the terms and conditions of Permit No. 19245 heretofore issued by the State Reclamation Engineer, Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Village of Fairfield, a municipal corporation of the State of Idaho, Fairfield, Idaho.

The use to which said water has been applied is the whole Village of Fairfield, Idaho.

The amount applied to beneficial use is three cubic feet per second.

The place where said water is used (if for irrigation, give full and accurate description of the

lands irrigated) The whole Village of Fairfield, Idaho.

The name of the canal or ditch or other works by which said water is conducted to such place of use is the complete Village of Fairfield, Idaho, water system.

The right to take water from such works is based upon Permit No. 19245.

The source of supply from which such water is diverted is 3 wells, two in the west half of Block 16, and one in Block 22 of said Village of Fairfield, Idaho, as the same appears on the official plat thereof now on file in the office of the Recorder of Camas County, Idaho.

The date of priority which said user is prepared to establish is January 14, 1942.

STATE OF IDAHO  
DEPARTMENT OF RECLAMATION  
BOISE, IDAHO

Permit No. 19245 19245

**Proof of Application of Water to Beneficial Use**

**Deposition of Holder**

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. VILLAGE OF FAIRFIELD, FAIRFIELD, IDAHO.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. YES, VILLAGE OF FAIRFIELD, FAIRFIELD, IDAHO, H. C. KINSMAN  
CHAIRMAN, TRUSTEES OF THE VILLAGE OF FAIRFIELD

Ques. 3 State number and date of permit, and date of priority you propose to establish under the permit.

Ans. #19245, 1-14-1942 1-14-1942 #19245

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. 2 ARTESIAN WELLS IN BLOCK 16 & ONE ARTESIAN WELL IN Artesian Wells  
BLOCK 22.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined.

Ans. THREE WELLS 338' DEPTH, #1 Casing 8", #2 Casing 6", #3 Casing 10"

ALL THREE WELLS ARE SASED 338', FLOWING ARTESIANS.

Wells #1 & #2 pumps on each, 150 Gal capacity, Well #3 has  
pump with 300 Gal capacity.

Wells #1 & #2 are located in Block 16 & Well #3 is located in  
Block 22.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. VILLAGE OF FAIRFIELD WATER SYSTEM

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. DOMESTIC USE

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 600 GAL PER MINUTE IN THE SUMMER MONTHS & 300 GAL PER MINUTE IN THE WINTER MONTHS.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. NO EXCEPTIONS

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. ALL WATER FOR DOMESTIC USE

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. NO EXCEPTIONS

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. R. C. NASER, 68, FAIRFIELD, IDAHO, CARPENTER,

P.O. BOX #78, FAIRFIELD, IDAHO

Ques. 2. Are you acquainted with VILLAGE OF FAIRFIELD, the holder of Permit No. 19245 YES ? How long have you known him and where does he reside?

Ans. OVER 30 YEARS

Ques. 3. Have you read or heard read said Permit No. 19245, and are you familiar with its provisions and conditions?

Ans. YES

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. 2 ARTESIAN WELLS IN BLOCK 16 & ONE ARTESIAN WELL IN BLOCK 22

PUMPS ATTACHED TO EACH WELL, WATER IS PUMPED INTO A PRESSURE

TANK AND FROM THE TANK INTO THE CITY WATER SYSTEM.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 300 GAL PER MINUTE FROM THE WELLS IN BLOCK 16, & 300 GAL PER MINUTE FROM THE WELL IN BLOCK 22.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. 300 GAL PER MINUTE FROM THE WELLS IN BLOCK 16, & 300 GAL PER MINUTE FROM THE WELL IN BLOCK 22.

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. VILLAGE OF FAIRFIELD WATER SYSTEM.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. WATER IS USED FOR DOMESTIC USE.

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. NIL

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. ONLY INTEREST AS A PROPERTY OWNER IN THE VILLAGE OF FAIRFIELD.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. EVERY YEAR SINCE THE WELLS HAVE BEEN IN USE, WITNESS THE APPLICATION OF THIS WATER DURING THE TESTING OF THE SYSTEM BY THE IDAHO SURVEYING AND RATING BUREAU AND ALSO THE TESTING OF THE SYSTEM BY THE LOCAL FIRE DEPARTMENT

NOTICE TO ACCOMPANY THIS LETTER MUST BE MADE IN DUPLICATE

(Date) September 13, 1952.

(P. O.) Fairfield, Idaho.

TO THE STATE RECLAMATION ENGINEER:

Boise, Idaho.

Dear Sir:

You are hereby authorized to have the attached notice published at my expense in the  
Camas County Courier of Fairfield, Idaho, published in  
the county in which the works are situated.

VILLAGE OF FAIRFIELD, IDAHO.

By: W. L. Harrison  
Chairman, Village Board.

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well-known and competent engineer.)

I hereby certify that the facts set forth in the attached notice are true.

\_\_\_\_\_  
Engineer.

19245

NOTICE FOR PUBLICATION  
NOTICE OF PROOF APPLICATION OF WATER  
TO BENEFICIAL USE

Notice is hereby given that at 10:00 A. M. on the 1st. day of November, 1952,  
at Fairfield, County of Camas, State of Idaho, before  
T. T. Wokersien, A Notary Public of Idaho, proof will be submitted of the  
application to beneficial use of three (3) cubic feet per second of the waters of the three Village  
(subterranean flow)  
of Fairfield wells/ in accordance with the terms and conditions of Permit No. 19245  
of Reclamation  
heretofore issued by the State Reclamation Engineer, Department/ of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Village of  
Fairfield, a municipal corporation of the State of Idaho, Fairfield, Idaho

The use to which said water has been applied is the whole Village of Fairfield, Idaho.

The amount applied to beneficial use is three cubic feet per second

The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated)  
The whole Village of Fairfield, Idaho.

The name of the canal or ditch or other works by which said water is conducted to such place of use is the  
complete Village of Fairfield, Idaho, water system.

The right to take water from such works is based upon Permit No. 19245

The source of supply from which such water is diverted is 3 wells, two in the west half of  
block 16 and one in block 22 of said Village of Fairfield, Idaho, as the  
same appears on the official plat thereof now on file in the office of  
the Recorder of Camas County, Idaho.

The date of priority which said user is prepared to establish is January 14, 1942

MARK B. KULP

State Reclamation Engineer.

✓  
July 17, 1952

RE: Permit No. 19245

Mr. Charles Scoggin  
Attorney at Law  
Fairfield, Idaho

Dear Mr. Scoggin:

We enclose application of the Village of Fairfield for amendment to the points of diversion under Permit No. 19245 which has been approved by the State Reclamation Engineer and duly recorded.

We also enclose Certificate of Completion of Works issued under this permit for the diversion of 3 second feet of water from three wells for municipal water supply for the Village of Fairfield.

Mr. E. H. Humphrey, Deputy State Reclamation Engineer, who recently conferred with you in regard to this permit, advises that you are prepared to make proof of beneficial use.

As you know, this requires publication once a week for four consecutive weeks in a county newspaper before the proof is made. We enclose the form of notice which should be made in duplicate, setting time and place and naming the Notary Public before whom proof is to be made.

Both copies of Form 10 to be returned to this department together with Form 11 which is authorization for us to have the notice published at permit holder's expense in the designated county newspaper.

Very truly yours,

MARK R. KULP  
State Reclamation Engineer

Check me on 19245

Fairfield.

- (1) They should complete the completion papers. (Actually we can do that as they have asked.) Give them full 3 cfs they have it at times.
2. Amend point of diversion to 3 wells instead of one (and one is located in a dif. block.)
3. Then they can prove up on what ever amount is decided upon.

RE: Permit No. 19245

Mr. Charles Scoggin  
Attorney at Law  
Fairfield, Idaho

Dear Mr. Scoggin:

I plan to be in Fairfield on Friday, June 27, or Saturday morning, June 28, in order to make a field inspection on the well covered by Permit No. 19245 of the Village of Fairfield.

Will you please arrange to have someone take me over the project at that time.

Very truly yours,

MARK R. KULP  
State Reclamation Engineer

INTER-DEPARTMENT MEMO--1

DATE March 10, 1952

FROM Chief Clerk

TO Deputy State Reclamation Engineer

SUBJECT Permit No. 19245

The Village of Fairfield holds Permit No. 19245 for water from a well located on the W $\frac{1}{2}$  of Block 16 of said Village. In offering proof of completion of works, the amount was left blank and they stated "The Village asks the department engineer to check the drillers log and determine the flow of the well actually used."

This filing is for village use for irrigation, domestic and fire protection purposes.

Dear Mr. Scoggin:

We enclose certified copy of Permit No. 19245  
in the name of the Village of Fairfield.

We are very apologetic for the delay in sending  
this to you. I left on my vacation the day after you  
were in the office and expected the copy to be sent you  
the first of the week, but for some reason or other,  
it seems to have been overlooked.

Very truly yours,

MEMORANDUM for MR. TOLMAN

The Village of Fairfield, Camas County hold Permit No. 19245 covering water from two wells located on the W $\frac{1}{2}$  of Block No. 16 of the Village Fairfield to be used for municipal water supply, including fire protection.

In making proof of Completion of Works Mr. Charles Gaskill, Chairman of Board of Trustees, requested an engineer from this department to check the drillers log and determine the actual flow of the wells.

\* At time of visit (6/15/47) one well was "sanded up" and not in condition for test. *ff*

Re: Permit No. 19245

Mr. Charles W. Gaskill, Chairman,  
Board of Village Trustees  
Village of Fairfield  
Fairfield, Idaho

Dear Mr. Gaskill:

We acknowledge receipt of your deposition in proof of completion of works under the above numbered permit, and note your request that we send an engineer to check the flow of the well actually used.

We shall ask our Field Engineer to give this matter his attention the first time he is in your neighborhood, and when we have his report can complete your deposition as to the amount available.

Meanwhile, we call your attention to the fact that there is a fee of \$5.00 required in connection with this proof of completion of works.

Very truly yours,

Permit No. 19245

STATE OF IDAHO  
Department of Reclamation

## Proof of Completion of Works

## AFFIDAVIT OF HOLDER

STATE OF IDAHO

SS.

County of Camas,

Charles W. Gaskill, Chairman board of Village Trustees of the Village of Fairfield, Camas County, Idaho, being first duly sworn, upon his oath deposes and says:

First: That he is the holder and owner of Permit to Appropriate the Public Waters of the State of Idaho, No. 19245, and that his postoffice address is Fairfield, State of Idaho, and he is making this for the Village of Fairfield, as the Chairman of the Board of Trustees of said Village.

Second: That the name of the stream from which said water is to be directed is artesian flow ONE WELL 270 feet and One Well 320 feet Deep.

Third: That the point of diversion of said water is The West Half of Block 16 of said Village.

Fourth: That under the terms and conditions of said permit, construction thereunder was required to be completed by January 19, 1947.

Fifth: That the use for which said water is intended is Village water works complete.

Sixth: That on the date above mentioned, the works constructed under said permit were ~~for water only~~ fully completed and consisted of the following:

I. Kind of works: Full village circulation water works, including fire system.  
(Reservoir, dam, ditch, flume, pipe or otherwise)

II. Dimensions of work:

(a) Height of dam feet, length of dam at top feet, length of dam at bottom feet. Material used in construction

(State whether wood, earth, stone or concrete)

(b) Capacity of reservoir acre feet.

(c) Size of headgate: Width feet, height feet.

(d) Conduit width at bottom feet, width at water line  
(State whether ditch, flume or pipe)

feet, depth of water feet; diameter of pipe inches, average grade per mile is feet. Length of conduit is miles.

Seventh: That said works are capable of conducting to the place of intended use three (3) second feet of water.

Eighth: That water appropriated under said permit is available for 170 acres of land described as follows: The Village of Fairfield, Camas County, Idaho, for both irrigation, domestic and fire protection uses.

allow 3 cfs. in this proof  
E. N. Humphrey Jr. 11-52

Ninth: Remarks: That the said Village asks the department engineer to check the drillers log and determine the flows of the well actually used and wished to be protected by this applicant.

(Village Seal)

Attest: Lillian Perkins  
Clerk of Board.

The Village of Fairfield  
By: Charles W. Gaskill  
Chairman of the (Sign here) Board of Trustees.

**State of Idaho**  
**DEPARTMENT OF RECLAMATION**  
**BOISE**

**INSTRUCTIONS**

**PROOF OF COMPLETION OF WORKS**

Village of Fairfield

Fairfield, Idaho

Boise, Idaho

November 1, 1946

Dear Sirs:

Under the terms of your permit No. ~~19245~~-----you are required to complete your diversion works on or before ~~January 19, 1947~~. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

MARK R. KULP

State Reclamation Engineer

Re: Village of Fairfield, Camas County, Idaho, filing on well water.

Dear Mr. Berg:

Attached hereto I am forwarding you Department of Reclamation form No.1, filled out as an application for permit for the appropriation and use of water to be developed by drilling a well on municipally owned property in the corporate limits of Fairfield, Idaho.

The application is accompanied by a check drawn by Charles Gaskill, Chairman, Board of Trustees, Fairfield, in the amount of \$5.50, which is submitted as statutory filing fees, for three cubic feet of water per second. A part of the application filing is a plan and location map, enclosed in form No. 1.

Should your inspection of this filing reveal any pertinent omissions or errors, will you kindly notify me and expect me to effect correction.

Upon your approval of the application, would you kindly forward the official notice of approval to Mr. Gaskill with a carbon copy to my office.

Thank you.

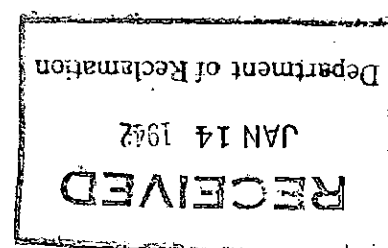

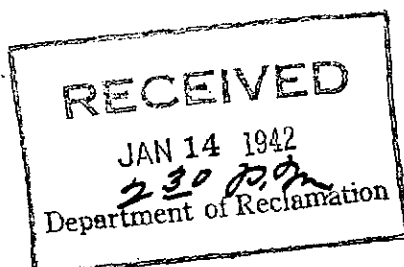

Very truly yours,

FOR THE VILLAGE OF FAIRFIELD, IDAHO

NOTICE FOR PUBLICATION

NOTICE OF PROPOSED APPLICATION OF WATER TO BENEFICIAL USE.

Notice is hereby given that at 10:00 A. M. on the 1st day of November, 1952, at Fairfield, County of Camas, State of Idaho, before T. T. Wokersien, a Notary Public of Idaho, proof will be submitted of the application to beneficial use of three (3) cubic feet per second of the waters of the three Village of Fairfield wells (subterranean flow) in accordance with the terms and conditions of Permit No. 19245 heretofore issued by the State Reclamation Engineer, Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Village of Fairfield, a municipal corporation of the State of Idaho, Fairfield, Idaho.

The use to which said water has been applied is the whole Village of Fairfield, Idaho.

The amount applied to beneficial use is three cubic feet per second.

The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated) The whole Village of Fairfield, Idaho.

The name of the canal or ditch or other works by which said water is conducted to such place of use is the complete Village of Fairfield, Idaho, water system.

The right to take water from such works is based upon Permit No. 19245.

The source of supply from which such water is diverted is 3 wells, two in the west half of Block 16, and one in Block 22 of said Village of Fairfield, Idaho, as the same appears on the official plat thereof now on file in the office of the Recorder of Camas County, Idaho.

The date of priority which said user is prepared to establish is January 14, 1942.

MARK R. KULP,  
State Reclamation Engineer.
