

NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 2 p. m. on the 14th day of September, 1934, at Hailey, County of Blaine, State of Idaho, before W. A. Brodhead, Notary Public, proof will be submitted of the application to beneficial use of 2 cubic feet per second of the waters of Warm Springs in accordance with the terms and conditions of Permit No. 17558 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Lillie Condie, Carey, Blaine County, Idaho.

The use to which said water has been applied is irrigation and domestic.

The amount applied to beneficial use is 2 second feet.

The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated) NE $\frac{1}{4}$ NE $\frac{1}{4}$, 30 acres; SE $\frac{1}{4}$ NE $\frac{1}{4}$, 30 acres; NE $\frac{1}{4}$ SE $\frac{1}{4}$, 25 acres; SE $\frac{1}{4}$ SE $\frac{1}{4}$, 15 acres; all in Sec. 23 T. 1S., R. 22E. B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is not named.

The right to take water from such works is based upon Permit No. 17558.

The source of supply from which such water is diverted is Warm Springs—About 600 feet distant from SE corner Sec. 14, T. 1S., R. 21E., and is in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 14.

The date of the priority which said user is prepared to establish is August 29, 1931.

RE: IDAHO POWER COMPANY vs. IDAHO DEPARTMENT OF WATER RESOURCES
Case No. 81375

On October 25, 1984, Idaho Power Company and the State of Idaho, through Governor Evans, entered into a contract regarding the captioned lawsuit. Pursuant to the terms of the contract, known as the Senate Bill 1180 Contract, certain uses of water were to be dismissed from the suit. It has been determined from the Department of Water Resources records that the above filing(s) held by you should be dismissed under the terms of the contract.

On October 25, 1984, a Notice of Dismissal of Certain Defendants was filed in Ada County dismissing certain filing(s). On December 31, 1984, a Third Notice of Dismissal of Certain Defendants was filed in Ada County dismissing additional filing(s). You will not be required to further defend the case as to the filing(s) listed above.

However, in the event that you do have other filings remaining in the lawsuit, you will be receiving a questionnaire in the near future. This questionnaire will provide us with the necessary information to determine whether or not your remaining filings should be dismissed pursuant to the terms of the contract.

If you have any questions, please feel free to contact me.

Most sincerely,

Cynthia Cranston-Felton

STATE OF IDAHO

DEPARTMENT OF RECLAMATION

Certificate of Water Right
Transferred Right No. 886

THIS IS TO CERTIFY, That LILLIE I. CONDIE, of Twin Falls, Idaho, is the owner of and using a certain water right for Two (2) cubic feet per second of the waters of Condie Hot Springs, with priority of August 29, 1931, said water right being evidenced by License and Certificate of Water Right No. 17558, issued by the Commissioner of Reclamation of the State of Idaho, said License and Certificate of Water Right bearing date of May 22, 1936, and being appurtenant to the following described lands, to-wit:

$E\frac{1}{2}$ NE $\frac{1}{4}$ and $E\frac{1}{2}$ SE $\frac{1}{4}$ Section 23,
Township 1 South, Range 21 East, B. M.

That said license and certificate of water right has been entered in the records of the Department of Reclamation of the State of Idaho in Volume 7 of Licenses, at page 3839 thereof.

And that now, upon the application of Lillie I. Condie, of Twin Falls, Idaho, for the transfer of Two (2) cubic feet per second of the waters of Condie Hot Springs, made before the State Reclamation Engineer of the State of Idaho, and said application having been granted, then right to the use of said water upon the above described lands is hereby abandoned, and the lands to which said water shall, by this certificate, become appurtenant, for irrigation and domestic purposes, are described as follows, to-wit:

$S\frac{1}{2}$ SW $\frac{1}{4}$ Section 13;
 $N\frac{1}{2}$ NW $\frac{1}{4}$ Section 24;
 $E\frac{1}{2}$ SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 14;
Township 1 South, Range 21 East, B. M.

That said water is to be limited at any given time to an amount actually needed and beneficially used for such purposes, and shall not exceed the following amount, to-wit:

Two (2) Cubic feet per second, with
priority of August 29, 1931.

That the water right hereby transferred has heretofore been conducted to the first above described lands through private ditches, with point of diversion in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 14, Township 1 South, Range 21 East, B. M.

That the water right hereby transferred will hereafter be conducted to the last above described lands through the same ditches and from the same point of diversion.

That the right to the use of the water aforesaid, hereby confirmed, is restricted to the last above described lands or place of use, as provided by the laws of the State of Idaho.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the official seal of the Department of Reclamation of the State of Idaho to be hereunto affixed, at Boise, Idaho, this 26th day of September, A. D. 1957.

Re: Permit No. 17558
Lillie Condie

Mr. James M. Condie
261 N. 3 East
Logan, Utah

Dear Mr. Condie:

This acknowledges your letter of February 28, 1957, in which you requested the land description of which water license No. 17558 is appurtenant.

The land description read as follows:

E $\frac{1}{2}$ NE $\frac{1}{4}$

E $\frac{1}{2}$ SE $\frac{1}{4}$

Township 1 South, Range 21 E.B.M., Section 23.

In compliance with your letter we have enclosed a "Form" for the purpose of transferring water from one land location to another. The application is explanatory and should be filled out in detail, then returned to this department. Upon receipt, we will then send it to a county newspaper for publication since it is a statutory requirement that same be published once a week for two consecutive weeks in the county newspaper (county in which the land is located) at the expense of the applicant. After which, if no protests are filed against the transfer a "Certificate of Transfer of Water Right" will be issued to you.

The fee for recording an "Application for Transfer" is one dollar (\$1.00) which you may remit at your convenience.

Very truly yours,

Dear Sir:

We have your letter of April 6th in which you say that the original permit, issued to the above named party, was filed with the commissioner of the General Land Office in Washington, D. C. and that you have written to that office requesting its release in order that it might be corrected.

We shall be glad to hold this matter in abeyance until such time as you hear from the commissioner.

Dear Mr. Faris:

Please refer to your letter of March

It is apparent that the original of
this permit was filed with the Commissioner of

case. I am today writing to the Commissioner,
as per copy enclosed and in the meantime will be

The Hon. Commissioner of the
General Land Office
Washington, D. C.

Sir:

In 1921 Lillie Corrie of Carey, Idaho, made desert land entry for the East Half of the Northeast Quarter (E₁NE₁) and the East Half of the Southeast Quarter (E₁SE₁) of Section Twenty-three (23) Township One (1) South, Range Twenty-one (21) East, Boise Meridian, at the Blackfoot Land Office.

At or about the time of making this filing the entrywoman furnished your Department with a permit to divert two second feet of water from a certain spring for the irrigation of this land, which was issued by R. T. Paris, Commissioner of Reclamation of the State of Idaho. The entrywoman has now made satisfactory final proof of beneficial use of this water under said permit but it is necessary that the Commissioner of Reclamation of Idaho correct a clerical error in the original permit before license for said water right will issue and therefore it is necessary that said original permit be temporarily withdrawn from your files and I will be obliged to you if you will forward the same to me at your early convenience.

I herewith enclose certified copy of said permit to be substituted for the one now on file with you.

Yours truly,

LILLIE CONDIE

Dear Madam:

This will acknowledge receipt of your Permit No. 17558 and also your check in the amount of \$8.00 which is the correct fee due in connection with final proof under this permit. The permit which you mailed to us, however, is only a certified copy of the original and we cannot correct this instrument. We are, therefore, returning it with the suggestion that you mail us the original so that the necessary corrections can be made. If you have lost the original and are positive that it will not turn up in the future, then perhaps we can accept the certified copy, but until we are sure of that we do not believe it would be in order.

We have issued our regular receipt for the fee and when your permit has been returned and the necessary corrections made, the license will be issued, as we stated in our letter of recent date. The receipt will then be attached to the license.

Your prompt attention to this matter will be appreciated, as we are anxious to dispose of it.

Re: Permit No. 17558

LILLIE CONDIE
Hailey,
Idaho

Dear Madam:

On the 26th day of May, 1935, the field engineer of this department made a field examination of the land being irrigated with the water claimed under the above permit and we now have his report covering such examination.

At the time when you filed your application for permit, you described the point of diversion as being 600' distant from the SE corner of Sec. 14, T. 1 S., R. 21 E., B. M., being in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ of said section. You described the lands to be irrigated as being the E $\frac{1}{2}$ NE $\frac{1}{4}$ and E $\frac{1}{2}$ SE $\frac{1}{4}$ Sec. 23, T. 1 S., R. 22 E., B. M. However, we find that these lands are actually located in T. 1 S., R. 21 E., B. M. The point of diversion is correctly described. This error could be corrected by your filing an application for amendment, but that hardly seems necessary since, obviously, you are not actually changing the place of use. I think perhaps the matter can best be handled by merely making the correction on the original, which is in your possession, as well as the office record. Therefore, if you will kindly forward your permit to this office the necessary corrections will be made, immediately upon its receipt.

There is a fee due of \$8.00 in connection with final proof and if you will mail this fee with your permit we will be in a position to issue a license to you as quickly as the records have been corrected.

Very truly yours,

Dear Sir:

This will acknowledge receipt of the following papers, executed in connection with beneficial use proof under the above permit, deposition of the holder, depositions of one each for two witnesses and affidavit of publication from the newspaper. These papers are in proper form but no action can be taken until a field examination has been made by an engineer from this department. In view of the fact that weather conditions will make it impossible for our field engineer to make this inspection until the snow goes off in the spring, it will likely be some time before it can be made.

The fee which you submitted is correct for the four forties that are shown in the permit. However, we do not make a practice of receipting for fees until we are in a position to take appropriate action. We are, therefore, returning your check in the amount of \$8.00. When the engineer's report is on file we will then communicate with you advising as to the amount of the fees due.

AFFIDAVIT OF PUBLICATION

NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 2 p. m. on the 14th day of September, 1934, at Hailey, County of Blaine, State of Idaho, before W. A. Brodhead, Notary Public, proof will be submitted of the application to beneficial use of 2 cubic feet per second of the waters of Warm Springs in accordance with the terms and conditions of Permit No. 17558 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Lillie Condie, Carey, Blaine County, Idaho.

The use to which said water has been applied is irrigation and domestic.

The amount applied to beneficial use is 2 second feet.

The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated) NE $\frac{1}{4}$ NE $\frac{1}{4}$, 30 acres; SE $\frac{1}{4}$ NE $\frac{1}{4}$, 30 acres; NE $\frac{1}{4}$ SE $\frac{1}{4}$, 25 acres; SE $\frac{1}{4}$ SE $\frac{1}{4}$, 15 acres; all in Sec. 23 T. 1S., R. 22E. B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is not named.

The right to take water from such works is based upon Permit No. 17558.

The source of supply from which such water is diverted is Warm Springs—About 600 feet distant from SE corner Sec. 14, T. 1S., R. 21E., and is in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 14.

The date of the priority which said user is prepared to establish is August 29, 1931.

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of beneficial use of water under Permit No. 17558.

DEPOSITION OF PERMIT HOLDER, DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On September 14, 1934, the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at Hailey, Idaho before W. A. Brodhead, Notary Public.

2. When the depositions have been taken, they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly,

Dear Madam:

In your letter of August 21st which accompanied your proof of completion of works under the above permit you ask to be advised regarding the last proof referred to in our form letter of July 18, 1933. The law provides that at the time when beneficial use proof is submitted notice of the permit holder's intention to offer such proof must be published for four consecutive weeks in some newspaper located in the county where such beneficial use has been made. The necessary forms for publication are furnished by this office. Immediately upon receipt of the notice, accompanied by the holder's authorization to have the notice published, a copy of it is forwarded to the newspaper with instructions for its publication. The proof may be taken before any Notary Public or any other public official who is empowered to administer oaths. About ten days prior to the date set for proof, we will mail three depositions to the person designated to take the proof. These depositions must be executed on the date set by the holder and two disinterested witnesses. After the proof has been taken, the depositions together with the affidavit of proof of publication from the newspaper, must be forwarded to this office. If they are found to be in proper form, the field examination is ordered according to law.

After the field engineer's report is on file in this office, the permit holder is notified as to fees due in connection with this service. Upon receipt of such fees a license is issued which constitutes the final step in the administration of the permit law. If the water claimed under your permit has been fully applied to beneficial use and you are desirous of offering proof to that effect, please notify this office and the necessary papers will be mailed to you.

We are enclosing Certificate of Completion of Works and our office receipt in the amount of \$5.00.

Very truly yours,

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

W. A. BROADHEAD, Agent
Lillie Condie
Hailey, Idaho
Dear Sir:—

Boise, Idaho, July 13, 1933

Under the terms of your permit No. 17558.....you are required to complete your diversion works on or before ~~Sept. 14, 1933~~ I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

R. W. FARIS

Certificate of Water Right
Transferred Right No. 886

THIS IS TO CERTIFY, That LILLIE I. CONDIE, of Twin Falls, Idaho, is the owner of and using a certain water right for Two (2) cubicfeet per second of the waters of Condie Hot Springs, with priority of August 29, 1931, said water right being evidenced by License and Certificate of Water Right No. 17558, issued by the Commissioner of Reclamation of the State of Idaho, said License and Certificate of Water Right bearing date of May 22, 1936, and being appurtenant to the following described lands, to-wit:

E $\frac{1}{2}$ NE $\frac{1}{2}$ and E $\frac{1}{2}$ SE $\frac{1}{2}$ Section 23,
Township 1 South, Range 21 East, B. M.

That said license and certificate of water right has been entered in the records of the Department of Reclamation of the State of Idaho in Volume 7 of Licenses, at page 3639 thereof.

And that now, upon the application of Lillie I. Condie, of Twin Falls, Idaho, for the transfer of Two (2) cubic feet per second of the waters of Condie Hot Springs, made before the State Reclamation Engineer of the State of Idaho, and said application having been granted, then right to the use of said water upon the above described lands is hereby abandoned, and the lands to which said water shall, by this certificate, become appurtenant, for irrigation and domestic purposes, are described as follows, to-wit:

S $\frac{1}{2}$ SW $\frac{1}{2}$ Section 13;
N $\frac{1}{2}$ NW $\frac{1}{2}$ Section 24;
E $\frac{1}{2}$ SE $\frac{1}{2}$ SE $\frac{1}{2}$ Section 14;
Township 1 South, Range 21 East, B. M.

That said water is to be limited at any given time to an amount actually needed and beneficially used for such purposes, and shall not exceed the following amount, to-wit:

Two (2) Cubic feet per second, with
priority of August 29, 1931.

That the water right hereby transferred has heretofore been conducted to the first above described lands through private ditches, with point of diversion in the SE $\frac{1}{2}$ SE $\frac{1}{2}$ Section 14, Township 1 South, Range 21 East, B. M.

That the water right hereby transferred will hereafter be conducted to the last above described lands through the same ditches and from the same point of diversion.

That the right to the use of the water aforesaid, hereby confirmed, is restricted to the last above described lands or place of use, as provided by the laws of the State of Idaho.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the official seal of the Department of Reclamation of the State of Idaho to be hereunto affixed, at Boise, Idaho, this 26th day of September, A. D. 1957.
