Dear Judge Sutphen:

In reply to your letter of May 13th, 1944, relative
to water filing by E. B. Hughes:

The records in this Department show that License No.
18653 was issued to E. B. Hughes on October 31, 1918,
for two-tenths (0.2) cubic foot per second of the waters
of an unnamed stream, with point of diversion in the
NE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 19, Twp. 5 South, Range 15 East, for the
irrigation of 10 acres in the same subdivision. Priority
November 3, 1918.

The original application was for 0.8 second flow for the
irrigation of 40 acres in the NE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 19, but
final proof was only made on 10 acres.

If more land has been placed under irrigation in that
subdivision, supplemental proof can yet be made, and license
issued, but with a later date of priority.

Probably all that you will require now is a certified copy
of the License, and we shall be glad to furnish same at
the statutory fee of \$1.50.

Dear Sir:

Mr. E. B. Hughes of this city advises me that he is under the impression that about thirty years ago he made application for a permit to appropriate water of an unnamed slough, the point of diversion being in SW $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 18, Twp. 5 S. Range 15 E.B.M. now in Gooding County for use upon NE $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 19, Twp. 5 S. Range 15 E.B.M. He also states that he thinks he made proof of completion of works and beneficial use and received license and certificate to that effect from your office.

Will you please advise me as to the cost of searching your records and of furnishing a certified copy of the final license and certificate, if such paper can be found, or if there is no such final proof then copies of such filings and proof as you may have in this connection.

Yours truly,

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

E. L. Hughes,
Gooding, Idaho.

Boise, Idaho,

August 15, 1917

Dear Sir:—

Under the terms of your Permit No. 12633, you are required to complete your diversion works on or before Nov. 8, 1917. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

J. H. SMITH,

State Engineer.
