In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of the permit holder's rights:

1. On August 1st, 1921, the date set for the proof of application of water to beneficial use, the enclosed deposition forms (one for permit holder and one each for two witnesses) should be filled out and sworn to at Carey, Idaho, before Jos. S. Cooper, N. P.

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice. When these have been received, together with report of examining engineer, you will be further advised as to fees due before issuing license.

Yours truly,

W. G. SWENDSEN,

Commissioner of Reclamation.

Dear Sir:

Enclosed is report on examination
of Permit # 12388. Ora Eldredge, applicant.

Mr. Eldredge is anxious to have his
license issued as soon as possible, in order that
he may use same in connection with making proof
on his desert entry, which is due in August.

Mr. Eldredge helped me greatly in making this
examination, and I feel that his license should be
expedited as much as possible.

Very truly yours

Re: Permit 12388.

Mr. Ira Eldredge.
Carey, Idaho.

Dear Sir:

As per your request we are enclosing blanks for the deposition of holder and two witnesses to be submitted in connection with the proof of beneficial use under the above numbered permit.

However, the first step in making proof of beneficial use is to fill out the blank notices for publication which you state you already have, and mail them to this office, together with a letter stating which paper you desire to have the notice published in. We then send this notice to the paper for the four weeks publication. Prior to the date set out in the publication for the taking of the proof, we mail deposition blanks such as we are enclosing to you, to the person before whom the proof is to be taken.

If you desire to make proof of beneficial use under your permit, kindly fill out the publication notices and mail both copies to this office, designating the paper in which you desire to have it published.

Very truly yours,

Dear sir:

This will acknowledge receipt of application for change of point of diversion under the above numbered permit, and the same is returned to you for the following reason:

You state in the application that you are changing the point of diversion "To SW corner of NW $\frac{1}{4}$ of S. 29, T. 2 N., R. 24 E. D. M.", which would locate it in the SW $\frac{1}{4}$ NW $\frac{1}{4}$ of said section, township and range; but your maps submitted show the point of diversion as being in the NW $\frac{1}{4}$ NW $\frac{1}{4}$ of said section, township and range.

I am also returning affidavit showing proof of completion of works because of the fact that the same does not agree with the maps submitted.

Kindly correct the papers and return to this Department together with your check in the sum of \$5.00, which is also inclosed.

Yours very truly

Dear Sir:

I am returning to you herewith affidavit showing proof of completion of works under the above numbered permit for the following reasons:

to locate the point of diversion under the permit as being in the SW $\frac{1}{4}$ NE $\frac{1}{4}$, Section 30, Township 2 North, Range 24 East, B. M. Our records show that the point of diversion is located in the NE $\frac{1}{4}$ NE $\frac{1}{4}$, said section, township and range. If the point of diversion is located as you describe it upon your affidavit, it will be necessary for you to correct our records in this particular by submitting an application for change of point of diversion, upon a blank furnished by this Department upon request. If your affidavit is in error and our records correct, then it will be necessary for you to correct your affidavit to show the correct location of the point of diversion. This correction should be made before the notary subscribing to your signature.

I am also returning your check in the sum of \$5.00, which should be re-submitted to us with the corrected application.

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Boise, Idaho,

Ira Eldredge
Carey, Idaho

May 6, 1919.

Dear Sir:—

Under the terms of your permit No. 12388.....you are required to complete your diversion works on or before AUG. 12, 1919.....I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

W. G. Swendson
