**EXPLANATORY INFORMATION
TO ACCOMPANY A
PRELIMINARY ORDER**

The accompanying order or approved document is a "Preliminary Order" issued by the department pursuant to section 67-5243, Idaho Code. It can and will become a final order without further action of the Department of Water Resources (department) unless a party petitions for reconsideration, files an exception and brief, or requests a hearing as further described below:

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the department within fourteen (14) days of the service date of this order. The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3) Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

REQUEST FOR HEARING

Unless a right to a hearing before the department or the Idaho Water Resource Board (Board) is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

FINAL ORDER

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its issuance if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) the petition for reconsideration is disposed of; or
- (b) the petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

Water Right(s): 37-20392

SUBJECT: Review and Recommendation

This transfer proposes to straighten out the water rights on a parcel of land now owned by Halverson. The land is split off from a parcel once owned by Johnson and was provided water by previous transfers. The original right (37-02644) came from the Dietrich area and moved up in to the Big Wood drainage by transfer. The original right had no season of use identified but the various transfers have identified pieces with various seasons. The Halverson piece is associated with a season of use of 4/15 to 10/15 established by previous transfer. The current recommended season for the area is 4/15 to 10/31. Seems we should issue with current season or provide shoulder season of use provisions.

I recommend that the transfer be approved. It is not clear that forfeiture has occurred from 2 acres authorized. Doug Jones with SRBA concurs to leave acreage at 2.

The well being authorized to divert water already exists as a domestic well. A search of drilling permits does not list a well drilled for Halverson. Condition for drilling permit requirement.

The transfer was processed without protest.

Recommendation

I recommend that this transfer be approved subject to the following conditions:

WATER RIGHT NO. 37 20392

- 046 Right holder shall comply with the drilling permit requirements of Section 42-235, Idaho Code.
- T07 The right holder shall accomplish the change authorized by this transfer within one (1) year of the date of this approval.
- T08 Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.
- T09 Approval of this transfer does not preclude the opportunity for review of the validity of this water right in the ongoing Snake River Basin Adjudication.
- T19 Pursuant to Section 42-1412(6), Idaho Code, this water right is subject to such general

provisions necessary for the definition of the rights or for the efficient administration of water rights as may be determined by the Snake River Basin Adjudication court at a point in time no later than the entry of the final unified decree.

- W61 The period of use for the irrigation described in this approval may be extended to an ending date of 10/31 provided that beneficial use of the water can be shown and other elements of the right are not exceeded. The use of water after 10/15 is subordinate to all water rights having no subordinated early or late irrigation use and a priority date earlier than the date of this approval.

RE: App. For Transfer Filed 5-2-01

Dear Mr. Or Mrs. Halverson;

I have been reviewing your proposed water transfer prior to advertising, and have a couple of questions. Do you water just the lawn area around your home or do you also water the trees around the edge of your property? While your water right says that there are 0.3 acres in Sec. 26 and 1.7 acres in Sec. 35, review of the aerial data shows about 1.1 acres in Sec. 26 and 0.9 acres in Sec. 35 (including the trees). *

I have prepared a new application to reflect this technical correction in the licensed place of use (as well as your intended change in the point of diversion). A map reflecting my findings is also enclosed for your information. If the application is satisfactory, please sign it before a notary before returning it to me for processing. If you have questions or comments, feel free to contact me.

Regards,

Jim
