If the change in ownership divides the water right(s) among multiple owners, you must describe, in detail, your portion of each water right after the change. Fill in the appropriate spaces in the box(es) below to describe your water right(s) after the change (one water right per box, you may copy this page as necessary). If your portion of the water right is greater than a proportionate split, you must attach documentation to show justification for a larger amount. If you do not know how to identify your portion of the original water right or adjudication claim records, please contact the nearest IDWR office for assistance.

MEMORANDUM

DATE: December 19, 2002
FROM: KARI LYNN TOWNSEND
TO: FILE 37-10012
RE: Change of Ownership

=====

A Notice of Change in Water Right Ownership form was received from Southern Region office for the above listed water right. Also listed on the form were water rights 37-7465A and 37-7772.

Because WR 37-7772 is an SRBA matter, the ownership change was done by Doug Jones at the region office. Doug also updated the database for ownership change for decreed water right 37-10012 even though that should have been handled at the state office level.

A decreed water right file was created at the state office to accommodate the decree and information pertinent to the ownership change. No letter of confirmation was sent from the state office to the new owners regarding the change of ownership.

Cindy Yenter at Southern Region office was in telephone contact with the Bowman's and relayed the information that all ownership changes had been accomplished as per their request.
