WATER RIGHT LICENSE

WATER RIGHT NO. 22-07678

Priority: July 25, 1990

Maximum Storage Volume:

0.5 AF

This is to certify, that CHARLES GORDON GAUDET
PO BOX 588
JACKSON WY 83001

has complied with the terms and conditions
of the permit, issued pursuant to Application for Permit dated July 25, 1990; and
has submitted Proof of Beneficial Use on November 4, 1994. An examination indicates
that the works have a storage capacity of 0.500 af of water from:

UNNAMED STREAM

tributary to TETON RIVER

source, and a water right has been established as follows:

<u>BENEFICIAL USE</u>	<u>PERIOD OF USE</u>	<u>RATE OF DIVERSION</u>	<u>ANNUAL VOLUME</u>
RECREATION STORAGE	01/01 to 12/31		0.5 AF

LOCATION OF POINT(S) OF DIVERSION:

SESW, Sec. 32, Township 04N, Range 45E
TETON County

CONDITIONS/REMARKS:

1. This water right is appurtenant to the described place of use.
2. This right is subject to all prior water rights and may be forfeited by five years of non-use.
3. Modifications to or variance from this license must be made within the limits of Section 42-222, Idaho Code, or the applicable Idaho law.
4. The use of water under this right shall not give rise to any claim against the holder of a senior water right based upon the theories of forfeiture, abandonment, adverse possession, waiver, equitable estoppel, estoppel by laches or customary preference.
5. Use of water under this water right will be regulated by the watermaster of State Water District No. 01.
6. The Director retains jurisdiction of the right to require streamflow augmentation or other action needed to protect prior surface water and groundwater rights.

This license is issued pursuant to the provisions of Section 42-219, Idaho Code.
Witness the seal and signature of the Director, affixed at Boise, this 19th
day of July, 1995.

REQUEST FOR EXTENSION OF TIME
TO PROVIDE ADDITIONAL TIME IN WHICH TO SUBMIT PROOF OF
BENEFICIAL USE FOR A WATER RIGHT PERMIT

The Idaho Department of Water Resources will consider this form as a request that the permit holder(s) be granted an additional period of time in which to complete development of water right under the provisions of Section 42-204, Idaho Code.

Permit No. 22-07678
Name(s) of Permit Holder: Charles Gaudet
Mailing Address: Box 588 Jackson, Wyo. 83001
Date Proof is Due Feb 1, 1994 Telephone No. 307-733-8569

Describe what work has been completed toward the development of this water right:
(This must be filled out! If no work has been completed, show "none".)

The main dike section has been
constructed and A over Flow pipe
put in place.

Costing \$ 538⁰⁰

The permit holder(s) has been unable to complete the remainder of the work for the following reasons:

The project had to have the approval of
the Corp of Engineers. After that permit was granted
then Funds were solicited from the Game & Fish &
drawings from the SFS Office. We worked till the snow came
Permit holder(s) request an extension to Feb 1, 1995. TN No. 1000

FEE: \$15.00

(Signature) Charles Gaudet

*If other than permit holder, Power of Attorney must be supplied.

ACTION OF THE DEPARTMENT OF WATER RESOURCES

JAN 12 1994

IT IS HEREBY ORDERED that the above request for extension of time be APPROVED and the time within which to submit proof of beneficial use is extended to February 1, 1995.

Permit To Appropriate Water

NO. 22-07678

Proposed Priority: July 25, 1990 Maximum Diversion Rate: 2.00 CFS

This is to certify, that **CHARLES GORDON GAUDET**
P.O. BOX 588
JACKSON, WY 83001

has applied for a permit to appropriate water from:

WASTE WATER tributary of **SINKS**

and a permit is **APPROVED** for development of water as follows:

<u>BENEFICIAL USE</u>	<u>PERIOD OF USE</u>	<u>RATE OF DIVERSION</u>
-----------------------	----------------------	--------------------------

RECREATION	01/01 to 12/31	2.00 CFS
------------	----------------	----------

LOCATION OF POINT(S) OF DIVERSION: SESESW Sec. 32, Township 04N, Range 45E
TETON County

PLACE OF USE: RECREATION
TWN RGE SEC

04N 45E 32 SESW

CONDITIONS/REMARKS:

1. Proof of construction of works and application of water to beneficial use shall be submitted on or before **February 1, 1994**.
2. Subject to all prior water rights.
3. Project construction shall commence within one year from the date of permit issuance and shall proceed diligently to completion unless it can be shown to the satisfaction of the Director of the Department of Water Resources that delays were due to circumstances over which permit holder had no control.
4. The right to the use of water acquired under this permit shall not give rise to any right or claim against the holder of a senior right based upon the theories of forfeiture, abandonment, adverse possession, waiver, equitable estoppel, estoppel by laches or customary preference.
5. The Director retains jurisdiction of the permit and any license subsequently issued to incorporate the use into a water district, require streamflow augmentation or other action needed to protect prior surface water and groundwater rights.
6. Use of water under this permit shall be non-consumptive.

This permit is issued pursuant to the provisions of Section 42-204, Idaho Code.
Witness the seal and signature of the Director, affixed at Boise, this

RE: Water Rights 22-07678/22-07723/22-07753

Dear Mr. & Mrs. Ross:

The department acknowledges receipt of correspondence changing ownership of the above referenced water rights to you. The department has modified its records to reflect the changes in ownership and has enclosed computer-generated reports for your records.

Please note that as of July 1, 1996, water right owners are required to report any change of water right ownership and any change of mailing address of the owner of a water right to the department. Notice of the change must be provided to the department within 120 days of the change. Change reporting forms are available from any office of the department.

Please feel free to contact the department if you have questions.

Sincerely,

L. GLEN SAXTON, Chief
Water Allocations Bureau

RE: WATER RIGHT NO. 22-07678

Dear Water Right Holder(s):

The above referenced water right is in the process of being licensed. However, before a license can be issued, your permit must be amended to correspond with the findings of the Department's field examiner.

The enclosed Application for Amendment contains information that will be included on the license when it is issued. Please review carefully and if you concur, sign the amendment and return with the \$50.00 filing fee within 14 days.

The amendment reflects a change of the source from wastewater to an unnamed stream tributary to the Teton River. It also reflects a change in the nature of use from recreation to recreation storage.

The last page of the Application for Amendment form contains a list of CONDITIONS/REMARKS proposed for the license when it is issued. These conditions/remarks may be modified upon further administrative review.

If you do not concur, or if you have any questions about this information, please contact me as soon as possible. My telephone number is (208) 327-7946.

Sincerely,

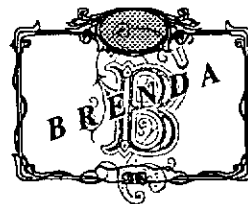

Shelley Walter Keen
Water Rights Supervisor

The final licensing recommendations for the above referenced water right are based on the information below:

A. GENERAL INFORMATION

3. Source: The examiner lists the source of water as a spring but indicates on the drawing under the System Description section that it is a creek (flow from the spring?). The permit originally listed the source as wastewater. The source will be listed as an unnamed stream (the creek), which appears to be a clarification of the originally intended source of water.

With the source being tributary to the Teton River, it is now under the control of the watermaster for Water District 01.

C. SYSTEM DESCRIPTION

From the system description and the "pond storage" comment in the Volume Calculations Section, it appears this is a storage right. The recommendation to change the use to "recreation storage" is being made.

I. RECOMMENDATIONS

1. Recommended Amounts

Beneficial Use	Period of Use	Rate of Div	Annual Vol
Rec Storage	1-01 to 12-31		.50

2. Recommended Amendments

☐ Change P.D.	☐ Add P.D.	☐ None
☐ Change P.U.	☐ Add P.U.	☒ Other

Because of the recommendation changes listed in parts A and C, an amendment will be solicited.

RE: PERMIT NO. 22-07678
CHARLES GORDON GAUDET

Dear Mr. Woolstenhulme:

The above referenced permit is in the process of being reviewed for licensing. Our review has revealed two issues that you need to address.

First, you have indicated the place of use (item 6 under System Description) to be in the SWSW of Section 32. The map you have enclosed with the exam locates it in the SESW of the section, which also coincides with the permit. Would you please clarify the location of the place of use?

Second, the original beneficial use approved under this permit was for recreation, not irrigation. We cannot arbitrarily change a non-consumptive use to a consumptive one. Mr. Gaudet would have to apply for another permit for the irrigation use on which he would list the acres irrigated. Unfortunately, that area has been closed to any new consumptive use development since the Snake River Basin Moratorium was issued 5/15/92.

If there is no recreation use occurring, you can assist the Department in clearing the record on the permit by having Mr. Gaudet sign and return the enclosed Relinquishment of Permit form.

Please forward either the adjusted exam or the Relinquishment form to my attention. If you have any questions, please contact me as soon as possible at (208) 327-5452.

Sincerely,

Brenda L. Chapman

RE: Permit Nos. 22-07678, 22-07753, 22-07677 & 22-07723

Dear Mr. Gaudet:

This letter is a follow-up to our telephone conversation of December 21, 1994. In our conversation I informed you that the completed Proof of Beneficial Use and Field Exam forms for the above referenced permits, could not be accepted as filed since Arnold W. Woolstenhulme was not a certified water rights examiner with the State of Idaho. I also spoke with Mr. Woolstenhulme about this matter but neither of you have corresponded with me.

Your options regarding these permits are to have Mr. Woolstenhulme submit the \$50.00 fee for re-certification as a water rights examiner or to submit the appropriate license examination fees for the proofs and let the department conduct the exams.

I will hold the proofs for twenty (20) days to allow you time to respond. If you do not respond within twenty (20) days of receipt of this letter, I will reject the proofs and lapse the permits.

If you have any questions or if I can be of assistance, please do not hesitate to contact me at (208)327-7953.

Sincerely,

JULIE L. YARBROUGH
Senior Secretary

RE: Permit No. 22-07678

Dear Permit Holder:

Enclosed is a copy of the approved request for extension of time. The time within which to submit proof of beneficial use is extended to February 1, 1995. Please note that the department has granted this extension based on due diligence. It is important that you work diligently toward the completion of this project during the construction period allowed since the department will not be able to grant additional extensions based on due diligence.

If you have any questions or if I can be of any further assistance, please feel free to contact this office.

Sincerely,

JACKSON WY 83001

PROOF DUE NOTICE

RE: PERMIT NO. 22-07678

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before February 1, 1994. (See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

SINCERELY,

JULIE L. YARBROUGH
Senior Secretary

RE: Letter of 10-26-91/Permits 22-07677 & 22-07678

Dear Mr. Gaudet:

I am responding to your above referenced letter sent to Jim Johnson. The condition requiring the permit holder to commence project construction within one year of permit approval is a standard condition of all permits requesting a development period greater than one year. It is not a condition that is strictly enforced. Your concern and questions regarding this condition demonstrate a conscientious effort to develop these water rights. Also, pursuing approval from the Corp of Engineers is evidence of your efforts.

Condition one (1) on your permits provides the date that proof of beneficial use must be submitted and development should be completed. If you have not fully completed your project at this time, you may request an extension of time if the delay is for reasonable cause or you have been prevented from proceeding by a governmental agency or litigation. The Department will contact you 60 days prior to the proof due date.

I hope this answers your questions and concerns. Your permits remain in good standing at this time and you should proceed with development as soon as possible.

Sincerely,

PAMELA SKAGGS
Technical Records Specialist

MR. Jim Johnson,

Department of Water Resources

This letter is in regard to the one year deadline for commencing the excavation or construction of diverting works for Permit # 22-07677 (deadline date November 13, 1991) and for Permit # 22-07678 (deadline date February 12, 1992). Both projects are part of a Individual permit Application waiting Final Approval by the Corp. of Engineers WALLA WALLA district. Drawings of both projects have been submitted since May of 1991. If there is any questions, you may contact Bill McDonald at 509-522-6724. The case number of the project is # 4578. Also Martin Miller at 208-523-1412 is familiar with the project and the timetable needed for approval. Any approval at this point in time will not allow time to start the project by the deadline. Approval now will not allow the project this fall. The Spring of 1992 will be the earliest possible date, & the fall of 1992 will be the more likely & the more practical starting date. The completion deadlines in 1993 & 1994 should not pose a problem.

RECEIVED

Thanks,

PERMIT APPROVAL NOTICE

RE: PERMIT NO. 22-07678

Dear Permit Holder:

Enclosed is a copy of your approved application for permit. We direct your attention to the conditions of approval on the final page.

As a permit owner you must commence the excavation or construction of the diverting works within one year of the date the permit was issued, and you must proceed diligently until the project is completed. The date shown under condition no. 1 is the date when the project must be completed. You will receive a "Proof Due Notice" from this Department approximately 60 days prior to the completion date requiring you to file either a Proof of Beneficial Use form stating that the project has been completed or file a Request for an Extension of Time in which to file the proof statement.

Sincerely,

JIM JOHNSON
Water Rights Supervisor

WATERMASTER COMMENTS

I have reviewed Application for Permit No. 22-7678 and
have the following comments/objections to the approval of this
application for permit:

I do not think there is
such a thing as "waste
water", although it may
be descriptive of the supply
while I do not believe the
proposed use will interfere
with other water rights the
source of the water should
be better defined.

RE: Application for Permit No. 22-7677 & 22-7678

Dear Water Right Applicant:

The Department of Water Resources acknowledges receipt of your water right permit. This office is currently in the process of advertising the application in the Teton Valley News on SEPTEMBER 20 & 27, 1990. The advertisement will be published for two consecutive weeks, and a period of ten days following the second publication will be allowed for the submittal of protests.

If the application is protested, you will be sent a copy of the protest. The protest must be resolved before the application is approved or denied. If the protest is not resolved voluntarily, this Department will conduct a conference and/or hearing on the matter.

If the application is not protested, it will be forwarded to our state office in about five weeks. State office personnel will conduct a complete review prior to final processing of the application and will notify you of the outcome of this review. When a permit is issued, you will be sent a copy. A typical processing time for an unprotested application is about eight weeks.

Please feel free to contact this office if you have any questions regarding this procedure.

Sincerely,

HAROLD W. JONES
Water Rights Supervisor
