WATER RIGHT LICENSE

WATER RIGHT NO. 22-07529

Priority: July 30, 1987

Maximum Diversion Rate:

0.77 CFS

This is to certify, that CITY OF DRIGGS

PO BOX 48

DRIGGS ID 83422

has complied with the terms and conditions of the permit, issued pursuant to Application for Permit dated July 30, 1987; and has submitted Proof of Beneficial Use on April 6, 1990. An examination indicates that the works have a diversion capacity of 0.770 cfs of water from a **GROUNDWATER** source, and a water right has been established as follows:

<u>BENEFICIAL USE</u>	<u>PERIOD OF USE</u>	<u>RATE OF DIVERSION</u>	<u>ANNUAL VOLUME</u>
MUNICIPAL	01/01 to 12/31	0.77 CFS	

LOCATION OF POINT(S) OF DIVERSION:

NWSE , Sec. 19, Township 05N, Range 46E
TETON County

PLACE OF USE: See Remarks

CONDITIONS OF APPROVAL AND REMARKS

1. This water right is appurtenant to the described place of use.
2. This right is subject to all prior water rights and may be forfeited by five years of non-use.
3. Modifications to or variance from this license must be made within the limits of Section 42-232, Idaho Code, or the applicable Idaho law.
4. Place of use is within the city limits of Driggs.

This license is issued pursuant to the provisions of Section 42-219, Idaho Code. Witness the seal and signature of the Director, affixed at Boise, this 20TH day of MARCH, 1998.

ACTION OF THE DIRECTOR, DEPARTMENT OF WATER RESOURCES

This is to certify that I have examined Application for Permit to appropriate the public waters of the State of Idaho No. 22-7529, and said application is hereby APPROVED.

1. Approval of said application is subject to the following limitations and conditions:

a. SUBJECT TO ALL PRIOR WATER RIGHTS.

b. Proof of construction of works and application of water to beneficial use shall be submitted on or before June 1, 19 90.

c. The rate of diversion, if water is to be used for irrigation under this permit, when combined with all other water rights for the same land shall not exceed 0.02 cubic feet per second for each acre of land.

d. The water right acquired under this permit if for hydropower purposes shall be junior and subordinate to all rights to the use of water, other than hydropower, within the State of Idaho that are initiated later in time than the priority of this permit and shall not give rise to any right or claim against any future rights to the use of water, other than hydropower, within the State of Idaho initiated later in time than the priority of this permit.

e. Other:

Permit holder shall commence the excavation or construction of diverting works within one year of the date this permit is issued and shall proceed diligently until the project is complete.

The issuance of this permit in no way grants any right-of-way or easement across the land of another.

Prior to the diversion of water under this permit a flow measurement port or other device as specified by the Department shall be installed to provide for the installation of measuring equipment and the determination of the rate of diversion by the Department.

Permit holder shall comply with the drilling permit requirements of Section 42-235, Idaho Code.

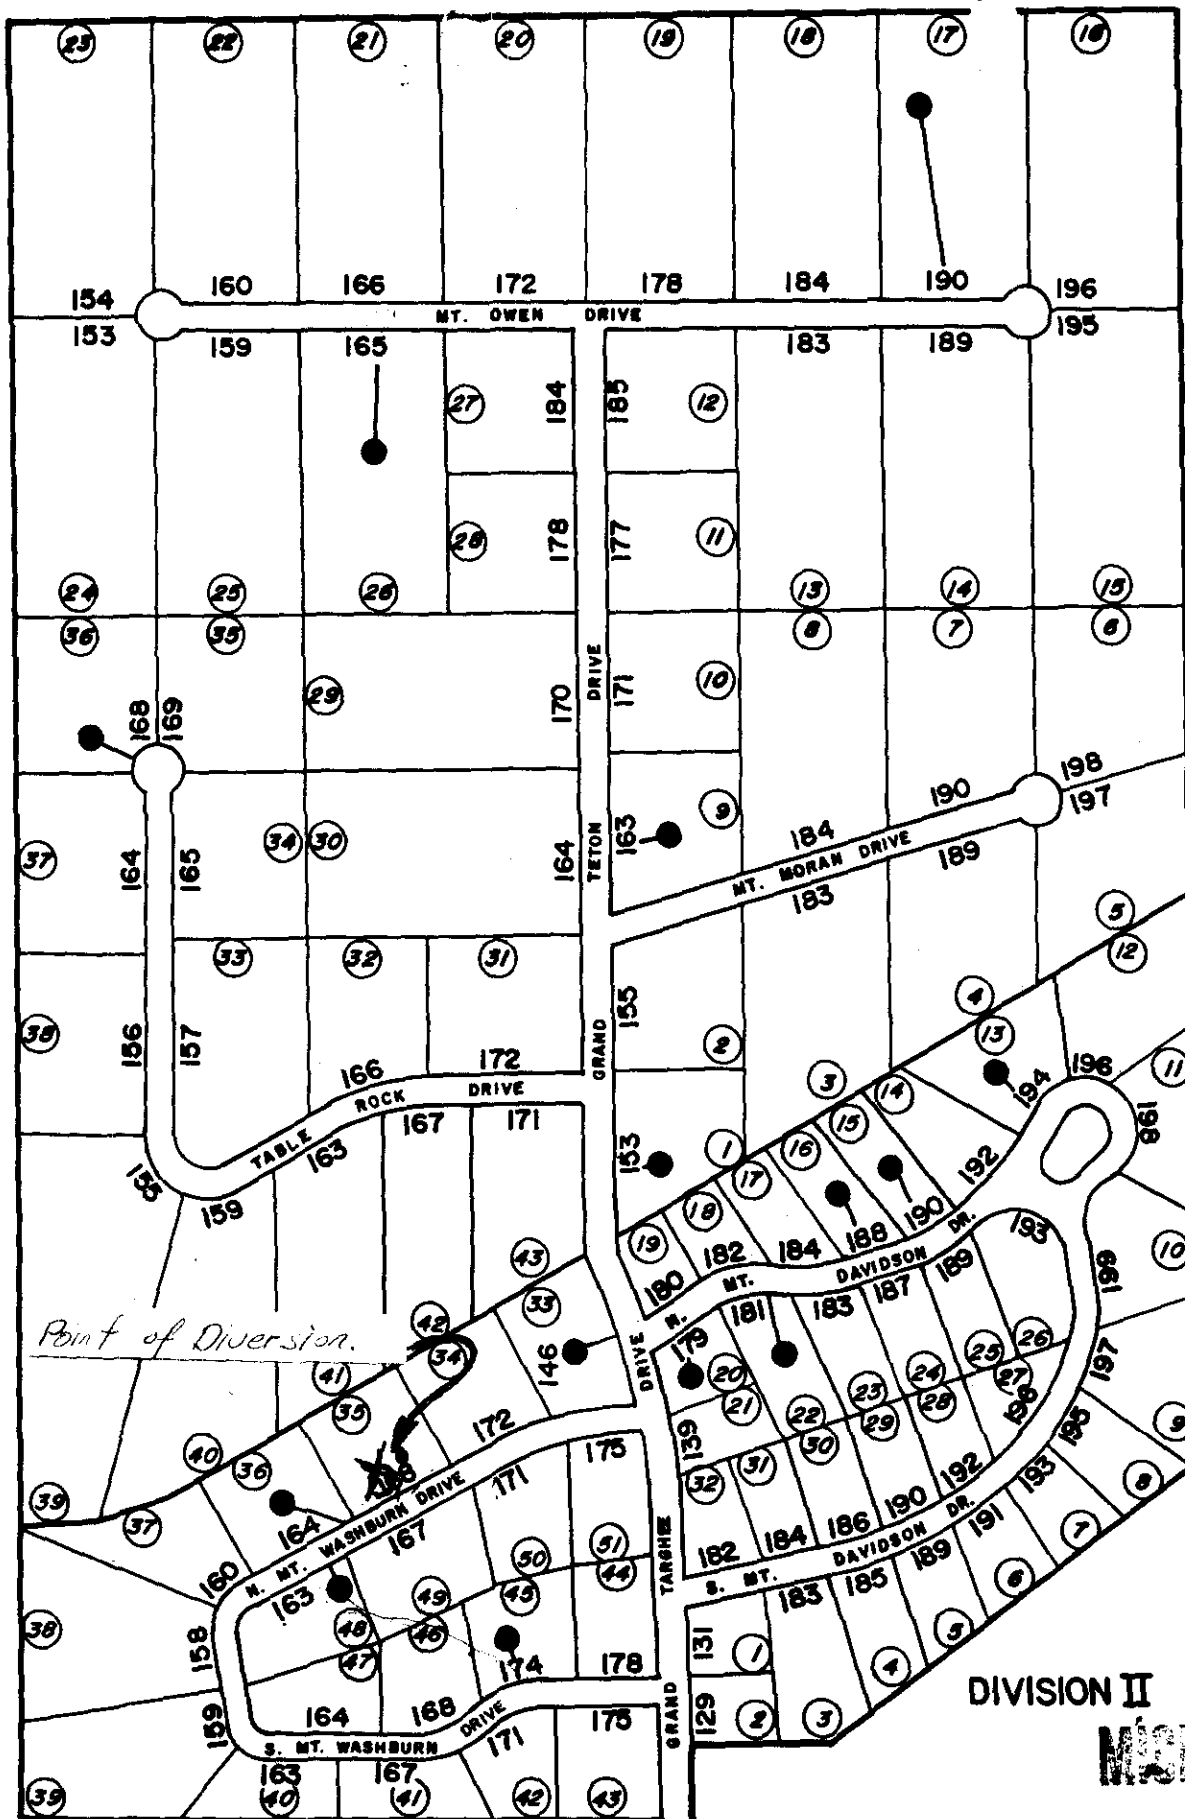

Witness my hand this 16th day of May, 1988.

RE: WATER RIGHT NO. 22-07529

Dear Water Right Holder(s):

The Department of Water Resources (the Department) has issued the enclosed license confirming that a water right has been established in accordance with the permit referenced above. The license is a preliminary order issued by the Department pursuant to section 67-5243, Idaho Code. It can and will become a final order without further action of the Department unless a party petitions for reconsideration or files an exception and/or brief as further described below:

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the Department within fourteen (14) days of the service date of this order. The Department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See section 67-5243(3), Idaho Code.

EXCEPTIONS AND BRIEFS

Within twenty-one (21) days after (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding. Otherwise, this preliminary order will become a final order of the Department.

If any party appeals or takes exceptions to this preliminary order, opposing parties shall have twenty-one (21) days to respond to any party's appeal. Written briefs in support of or taking exceptions to the preliminary order shall be filed with the Department. The Department retains the right to review the preliminary order on its own motion.

MICROFILMED

MAR 25 1998

ORAL ARGUMENT

If the Department grants a petition to review the preliminary order, the Department shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Department will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Department orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Department in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with Rules of Procedure 302 and 303.

FINAL ORDER

The Department will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Department may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The Department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its issuance if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) the petition for reconsideration is disposed of; or
- (b) the petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28, days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

If you have any questions, please call me at 208-327-7946.

Sincerely,

A handwritten signature in cursive script, appearing to read "Shelley W. Keen".

PROOF ACKNOWLEDGMENT LETTER

RE: PERMIT NO. 22-07529

Dear Permit Holder:

The department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use being made of the water.

If you have questions concerning this matter, please feel free to contact the EASTERN Regional Office in Idaho Falls at (208)525-7161.

Sincerely,

Rita Fleck
Secretary/Records Manager

PROOF DUE NOTICE

RE: PERMIT NO. 22-07529

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before June 1, 1990. (See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

SINCERELY,

Rita Fleck
Secretary/Records Manager

RE: Water Right 22-7529
Drilling Permit

Dear Sir or Madam:

As a condition of approval for 22-7529 you are required to obtain a drilling permit for any wells drilled after July 1, 1987. The Department has received a well log from Andrew Well Drilling but I am unable to find a drilling permit.

Please complete the enclosed form and submit it along with the \$100 fee to my attention within 30 days.

Sincerely,

JOHN E. BEAL, Manager
Groundwater Protection Section

ACTION OF IDWR

☒ Approved () Denied

The approval of this permit authorizes the construction of a well as described on this application subject to the conditions on this permit.

GENERAL CONDITIONS:

1. The well must be constructed in compliance with the applicable statutes, specific conditions of approval shown on the water right permit, injection well permit, transfer or amendment and the rules and regulations of the Department for water appropriation, injection wells and well construction standards.
2. This drilling permit is valid for two (2) months from its date of issuance for the start of construction and is valid for one (1) year from the date of issuance for completion of the well unless an extension has been granted.
3. This permit does not constitute the approval of the District Health Department or the Idaho Department of Health and Welfare which may be required before construction of this well.
4. The well shall be constructed by a driller currently licensed in the State of Idaho who must maintain a copy of the drilling permit at the drilling site.
5. Issuance of this drilling permit does not authorize trespass on the land of another party.
6. This permit does not constitute other local, county, state or federal approvals which may be required for construction of a well.
7. This drilling permit does not represent a right to use the water of the State of Idaho.

PERMIT APPROVAL NOTICE

RE: PERMIT NO. 22-7529

DEAR PERMIT HOLDER:

ENCLOSED IS A COPY OF YOUR APPROVED APPLICATION FOR PERMIT. WE DIRECT YOUR ATTENTION TO THE CONDITIONS OF APPROVAL ON THE FOURTH PAGE.

BE SURE TO NOTE THE SPECIAL CONDITION REQUIRING YOU TO INSTALL A MEASURING DEVICE, OR A FLOW MEASUREMENT PORT TO PROVIDE FOR THE INSTALLATION OF MEASURING EQUIPMENT BY THE DEPARTMENT. ENCLOSED PLEASE FIND A LIST OF MEASURING DEVICE OPTIONS, AND SPECIFICATIONS FOR THE INSTALLATION OF THE FLOW MEASUREMENT PORT.

SECTION 42-235, IDAHO CODE, REQUIRES THAT A "DRILLING PERMIT" MUST BE OBTAINED FROM THE DEPARTMENT FOR ALL WELLS CONSTRUCTED AFTER JULY 1, 1987. A DRILLING PERMIT IS A SEPARATE PERMIT THAT MUST BE ISSUED IN ADDITION TO YOUR PERMIT TO APPROPRIATE WATER. COMMENCEMENT OF WELL CONSTRUCTION OR DIVERSION OF WATER UNDER YOUR PERMIT TO APPROPRIATE WATER IS PROHIBITED UNLESS A DRILLING PERMIT IS OBTAINED.

PLEASE NOTE THE REQUIREMENT THAT AS A PERMIT HOLDER YOU MUST COMMENCE THE EXCAVATION OR CONSTRUCTION OF DIVERTING WORKS WITHIN ONE YEAR OF THE DATE THE PERMIT WAS ISSUED, AND YOU MUST PROCEED DILIGENTLY UNTIL THE PROJECT IS COMPLETED. THE ENCLOSED BLUE CARD MUST BE COMPLETED AND RETURNED TO THIS OFFICE AS SOON AS YOU COMMENCE CONSTRUCTION, NO LATER THAN ONE YEAR FROM THE DATE THE PERMIT WAS APPROVED.

MICROFILMED

JUN 28 1988

WE HAVE ENCLOSED A FORM ENTITLED "INSTRUCTIONS FOR PROOF OF BENEFICIAL USE". PLEASE READ THE INSTRUCTIONS CAREFULLY SINCE YOU MUST TAKE FURTHER ACTION TO DEVELOP THIS PERMIT INTO A LICENSE.

Protest by Targhee Ranches

Dear Mr. Carlsen:

Following a meeting between representatives of Targhee Ranches Homeowners Association and the City of Driggs, it is apparent that an agreement will result. Specifically, the MEMORANDUM OF AGREEMENT drafted by City Attorney Gary Peterson will be further amended to incorporate the City's Water Use Ordinance and to require that all water-hook-ups will be accomplished in accordance with the State of Idaho Plumbing requirements and then approved by a City Inspector.

By reason of the foregoing, and pending the completion of the modified agreement, the undersigned, as representatives of Targhee Ranches Association, and/or as protestants, authorize initiating the permit process, and conditionally release their protests on the understanding that the foregoing changes will be incorporated in the agreement.

Dear M. Jackson:

On September 10, 1987, the Department received your letter in reference to the above captioned application. Your letter will be placed in the file; however, you cannot be recognized as a protestant because the letter arrived in our office after the protest period had expired.

If you wish to be a party of record and have an opportunity to testify at the hearing you must petition for leave to intervene in the pleadings. The procedure for filing such a petition is described on the enclosed copy of Rule 6 from the Department's Rules and Regulations for Practice and Procedure.

Though intervention can be requested any time up to five (5) days prior to the date set for hearing, your petition should be submitted to this office as soon as possible.

Please feel free to contact me if you have any questions regarding the above matter.

Respectfully submitted,

ERNEST CARLSEN
Water Rights Supervisor

DEPARTMENT OF WATER RESOURCES
RULES AND REGULATIONS

Rules of Practice & Procedure

Rule 6. INTERVENTION

6.1 Leave to Intervene Necessary. Persons, other than the original parties to the proceeding, who are directly and substantially affected by the proceeding, shall secure an order from the Director granting leave to intervene before being allowed to participate; provided, that the granting of leave to intervene or otherwise appear, in any matter or proceeding shall not be construed to be a finding or determination of the Director that such party will or may be a party aggrieved by any ruling, order or decision of the Director, for purposes of court review or appeal.

6.2 Form and Content of Petitions. Petitions for leave to intervene must be in writing and must clearly identify the proceeding in which it is sought to intervene, setting forth the name and address of the Petitioner, making a clear and concise statement of the direct and substantial interest of the Petitioner in such proceeding, stating the manner in which such Petitioner will be affected by such proceeding, outlining the matters and things relied upon by such Petitioner as a basis for his request to intervene in such cause, and if affirmative relief is sought, the petition must contain a clear and concise statement of relief sought and basis thereof, together with a statement as to the nature and quantity of evidence Petitioner will present if such petition is granted.

6.3 Filing of Petitions. Petitions to intervene and proof of service of copy thereof on all other parties of record shall be filed within five (5) days after receiving notice of the proceeding, or if no notice is received, not less than five (5) days prior to the date set for hearing and, if filed thereafter, shall state a substantial reason for such delay; otherwise such petition will not be considered.

IN THE MATTER OF APPLICATION FOR PERMIT NO.)
22-7529 IN THE NAME OF CITY OF DRIGGS)

ORDER

On July 30, 1987, City of Driggs filed with the Department of Water Resources Application for Permit No. 22-7529 to appropriate 2.0 cubic feet per second of water from a groundwater source in the NE1/4NW1/4SE1/4, Sec. 19, Twp. 5N, Rge. 46E, B.M., Teton County, to be used for municipal purposes. Notice of this proposed appropriation was published in the Teton Valley News, Driggs, Idaho, on August 20 and 27, 1987.

On August 5, 1987, a protest was received by the Department from Targhee Ranches Homeowners Association Board represented by Ira Koplow, Betty Urban, and Salley Bartholomew. Additional protests were received from Mr. and Mrs. Rex J. Elmore on August 26, 1987; from Jon Levin and Joe Palencar on August 27, 1987; and from Robert O. Bartholomew on September 1, 1987.

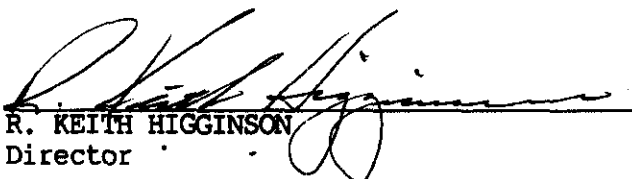

A conference and/or hearing in this matter was held on Wednesday, October 28, 1987, at 10:00 a.m. in the Courtroom, Teton County Courthouse, Driggs, Idaho at which time Joe Palencar, protestant in the above matter, failed to appear.

An order was sent to Joe Palencar by certified mail on December 10, 1987, notifying him to Show Cause on or before December 28, 1987, why he failed to appear at the above conference and/or hearing and that failure to comply would result in the dismissal of his protest.

Joe Palencar did not respond to the Show Cause Order.

IT IS ORDERED That the protest of Joe Palencar against Application for Permit No. 22-7529 be DISMISSED.

Dated this 26th day of February, 1988.

Re: Targhee Ranches

Dear Mr. Carlson:

As counsel to Mr. Bob Bartholemew and Mr. Ira Koplow, individually and as representative of Targhee Ranches Association, I wish to inform you that an agreement has been reached between the Association and the City of Driggs, (which agreement is now being reduced to writing by City Attorney Peterson) relating to the water system and wells. This being so, the Association has now no objection to the City's access to, and use of, the system, to include the tank, in contemplation of the agreement's execution.

If you have any questions, please do not hesitate to contact the undersigned, or Gary Peterson, Esq.

Very truly yours,

John M. Ohman

Enclosed is a copy of my most recent correspondence to the City of Driggs and two Orders dismissing the protests of Joe Palencar and Jon Levin. These Orders are the follow up to the Show Cause Orders we sent to both individuals. We did receive a return receipt on the Show Cause Order mailed to Jon Levin. The one sent to Joe Palencar was returned marked "attempt - not known." In fact, none of the correspondence sent to Joe Palencar has been delivered, whether sent first class or certified. Actually, I'm of the opinion we should not recognize him as a protestant since he did not provide a usable mailing address and our attempts to locate him have been fruitless. For this reason, it does not make much sense to send an Order dismissing his protest. Possibly you know of a more reasonable way to handle this situation.

However it is pursued, I would like to get Palencar and Levin removed as protestants.

Re: Application for Permit No. 22-7529

City of Driggs
Driggs City Hall
80 North Main Street
Driggs, Idaho 83422

Dear Mayor Dalley:

This letter is to remind you that final administrative action on the above captioned application is being deferred pending receipt of a withdrawal of protest from representatives of Jarqhee Ranches Homeowners Association.

I understand a Stipulation and Agreement between the City of Driggs and the homeowner's in Jarqhee Ranches Subdivision has been prepared and is in the process of being finalized. Until a signed copy of this document or a signed withdrawal is received, the city's application will remain on file in this office.

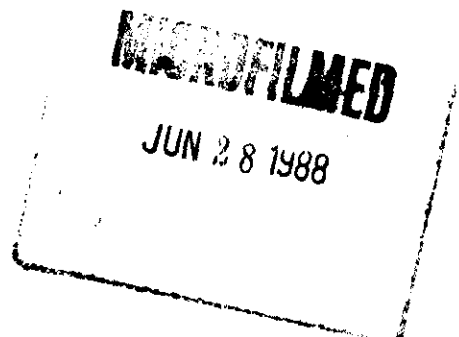

Since use of the well is not authorized until an approved permit is issued, finalization of the Stipulation and Agreement should be diligently pursued. Naturally, if the Department can be of any assistance, feel free to contact this office.

Respectfully submitted,

ERNEST CARLSEN
Water Rights Supervisor

RE: APPLICATION FOR PERMIT NO. 22-7529 CITY OF DRIGGS

Joe Palencar
Ski Hill Road
Rt. 1
Driggs, ID 83422

Dear Mr. Palencar:

Since you did not attend the conference and/or hearing on 28 October 1987 regarding the above captioned application, the standing of your protest is uncertain. There are two alternatives for resolving this situation. You can either Show Cause for failing to attend or be represented or the protest can be withdrawn.

It may be helpful to you to know what actions have occurred regarding the application. At the 28 October 1987 meeting, representatives of both the Targhee Ranch Homeowners Association and the City of Driggs indicated they were extremely close to resolving the Association's protest. A Stipulation has now been prepared and is being circulated for signature among those parties in the Targhee Ranch Subdivision who have a well or are connected to the community well. The Stipulation removes all protests except for those submitted by yourself and Jon Levin.

To continue your protest of the above application, you must Show Cause as directed by the enclosed Order. Should the reasons for not attending the meeting on 28 October 1987 be acceptable, the Department will schedule a hearing in order to hear the issues of your protest.

Joe Palencar
December 10, 1987
Page 2

If you either can not or elect not to Show Cause, then the protest should be withdrawn. To initiate this action, sign the enclosed withdrawal form and return it to this office within the time period specified for responding to the Show Cause Order.

Respectfully submitted,

ERNEST CARLSEN
Water Rights Supervisor

20 NOVEMBER 1987

RE: 22-7529, CITY OF DRIGGS

In addition to Mr. Peterson's letter I have also talked with him about the likely hood of a settlement being reached prior to 15 December 1987. He is certain an agreement will be reached. Particularly since Bob Bartholamew, spokes person for the subdivision, has verbally given his approval to the provisions of the revised agreement now being considered. The agreement will, however, require the signature of several lot owners in the subdivision to become final. It was Mr. Peterson's opinion it may take considerable time to obtain all the signatures. Consequently, I am not considering this matter for hearing in December. If negotiations collapse then the hearing can be set for hearing early 1988.

Dear Mr. Carlsen:

In your letter dated November 12, 1987, you requested a written update on the negotiations between the City of Driggs and the well owners in Targhee Ranch Estates. A revised agreement was sent to John M. Ohman on November 11, 1987 for review by the homeowners. I have since tried to contact Mr. Ohman by telephone but have not received a return call. Mr. Ohman is in court all this week, however, I am hopeful we will be able to get together on this the first part of next week.

I am still confident this matter can be resolved without resorting to further hearings. As soon as I have something more concrete I will let you know.

Mr. D. Gary Peterson
Attorney at Law
P.O. Box 501
Idaho Falls, ID 83405-0501

In a few days I will be scheduling hearings on protested water rights applications for the month of December. I would like to know if it will be necessary to include the above captioned application in this schedule.

The parties of record tentatively committed to holding a hearing on December 15, 1987. This date was selected at the conference held 28 October 1987. Discussions at this conference revealed the parties had been negotiating and both sides were optimistic about resolving the protests. Because of the positive outlook for a resolution, the hearing officer consented to continue the matter.

Please send me an update of what has occurred with the negotiations. Your cooperation in providing this information by 20 November 1987, will be appreciated.

JUN 28 1988

BEFORE THE DIRECTOR OF THE DEPARTMENT OF WATER RESOURCES
OF THE
STATE OF IDAHO

IN THE MATTER OF APPLICATION FOR)	
PERMIT NO. 22-7529 IN THE NAME OF)	ORDER GRANTING
CITY OF DRIGGS)	PETITION TO INTERVENE

On July 30, 1987, the City of Driggs filed Application for a Water Right No. 22-7529 for 2.00 cfs of water for municipal purposes within the NE1/4NW1/4SE1/4, Section 19, Township 5 North, Range 46 East, B.M., Teton County, to be used within the boundaries of the City of Driggs.

Notice of this application was advertised in the Teton Valley Valley News, Driggs, Idaho. On August 5, 1987, a protest was received from Targhee Ranches Homeowners Association Board represented Ira Koplow, Betty Urban, Sam Urban, and Sally Bartholomew. Additional protests were received from Mr. & Mrs. Rex J. Elmore on August 26, 1987; on August 27, 1987, from Jon Levin and Joe Palencar; and on September 1, 1987, from Robert O. Bartholomew.

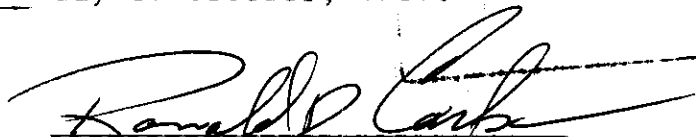

A petition to intervene was received on September 23, 1987, from Richard Bloom.

No objection to the intervention has been received.

There appears to be substantial interest by the petitioner in the proceeding and a potential effect on the petitioner by the project proposed by the application.

Therefore, Richard Bloom, is hereby allowed to intervene.

Dated this __20th__ day of October, 1987.

October 17, 1987

In the matter of application for
permit no. 22-7529 in the name of
city of Driggs, Idaho.

Mr. Ronald Carlson
Eastern Regional Manager.

Dear Sir:

Mr. Elmore has just been released from hospital with Parkinsons
disease, therefore it will be impossible for us to appear in person,
on October 28th in Driggs Courtroom.

However-anything that the Architectural Board of "Larghee Ranch
Subdivision decides, has our full approval, they represent us in this
matter. Water is so important to the value of our property.

We would very much like to attend, however Mr. Elmore's health
will not allow it.

Regretfully,

Rex J. Elmore
Mr. & Mrs Rex J. Elmore

Dear Ms. Reese:

This is to confirm the use of the Courtroom in the Teton County Courthouse for a water right conference to be held by this Department on Wednesday, October 28, 1987, beginning at 10:00 a.m.

Thank you for your cooperation in this matter.

Very truly yours,

COLLEEN WRAY
Adm. Secretary

NOTICE OF HEARING
&/OR CONFERENCE

On July 30, 1987, City of Driggs filed with the Department of Water Resources an application to appropriate the public waters of the State of Idaho. On August 5, 1987, a protest was received by the Department from Targhee Ranches Homeowners Association Board represented by Ira Koplow, Betty Urban, Sam Urban, and Sally Bartholomew. Additional protests were received from Mr. & Mrs. Rex J. Elmore on August 26, 1987; on August 27, 1987, from Jon Levin and Joe Palencar; and on September 1, 1987, from Robert O. Bartholomew.

The Department has set the matter of protests for hearing for 10:00 a.m., Wednesday, October 28, 1987, in the Courtroom, Teton County Courthouse, Driggs, Idaho. The hearing will be held in accordance with provisions of Chapter 2, Title 42, of the Idaho Code and adopted Rules of Practice and Procedure of the Department of Water Resources. Opportunity shall be afforded all parties to respond and present evidence and argument on all issues involved.

Dated this 5th day of October, 1987.

MAILED JUN 28 1988

BEFORE THE DEPARTMENT OF WATER RESOURCES
OF THE
STATE OF IDAHO

IN THE MATTER OF APPLICATION FOR	)	
PERMIT NO. 22-7529 IN THE NAME OF	)	NOTICE OF HEARING
CITY OF DRIGGS	)	&/OR CONFERENCE
	)	

On July 30, 1987, City of Driggs filed with the Department of Water Resources an application to appropriate the public waters of the State of Idaho. On August 5, 1987, a protest was received by the Department from Targhee Ranches Homeowners Association Board represented by Ira Koplow, Betty Urban, Sam Urban, and Sally Bartholomew. Additional protests were received from Mr. & Mrs. Rex J. Elmore on August 26, 1987; on August 27, 1987, from Jon Levin and Joe Palencar; and on September 1, 1987, from Robert O. Bartholomew.

The Department has set the matter of protests for hearing for 10:00 a.m., Wednesday, October 28, 1987, in the Courtroom, Teton County Courthouse, Driggs, Idaho. The hearing will be held in accordance with provisions of Chapter 2, Title 42, of the Idaho Code and adopted Rules of Practice and Procedure of the Department of Water Resources. Opportunity shall be afforded all parties to respond and present evidence and argument on all issues involved.

Dated this 5th day of October, 1987.

RONALD D. CARLSON
Eastern Regional Manager

MICROFILMED

JUN 28 1988

October 6, 1987

Ted Hendricks
P.O. Box 330
Rexburg, Idaho 83440

Dear Mr. Hendricks:

I am writing to affirm this Department's position concerning the municipal well recently drilled by the City of Driggs. Though the City has made application to appropriate water from this well, it is not authorized to divert water for consumptive use until a permit has been issued by this Department. Since objections were filed opposing the issuance of the permit, this Department must conduct administrative conference and/or hearing to consider the issues of protest. During the interim the City may proceed with installation of the municipal system provided it will not require diversion of water from the well. The presence of the well has no bearing on the statutory criteria considered by this Department for the issuance of a water right.

Should you have questions concerning the Department's administrative procedure or questions regarding the application for permit, feel free to contact this office.

Respectfully submitted,

Ernest Carlsen
Water Rights Supervisor

~~September 9, 1987~~ October 2, 1987 REMAILED

RE: Application for Permit No. 22-7529 CITY OF DRIGGS

Mr. Joe Palencar
~~Ski Hill Road~~ Rt. 1
Driggs, ID 83422

Dear Mr. Palaencar:

Your protest against the approval of the above referenced applications has been received and a copy has been sent to the applicant. The Department suggests you contact the applicant directly in an effort to determine what is proposed by the applications and to attempt to resolve the protest.

If you do not advise us within twenty (20) days that the protest has been resolved, the matter will be scheduled for conference and/or hearing. At such a conference and/or hearing, the following are the principle items the Department can consider in either approving or denying an application for permit (§42-203, Idaho Code):

1. Will the proposed use reduce the quantity of water under existing water rights?
2. Is the proposed water supply insufficient for the purpose intended?
3. Is the application made in good faith or for delay or speculative purposes?
4. Has the applicant sufficient financial resource with which to complete the project?
5. Will the proposed use under this permit conflict with the local public interest?

If this office can be of further assistance, please contact us.

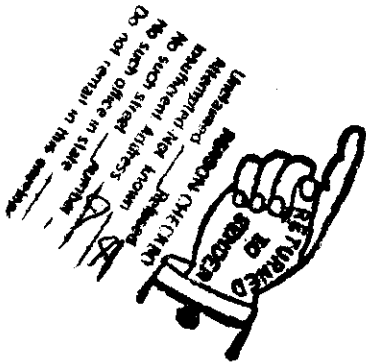

Very truly yours,

Ernest Carlsen

Driggs, ID 83422

Dear M. Snyder:

On September 10, 1987, the Department received your letter in reference to the above captioned application. Your letter will be placed in the file; however, you cannot be recognized as a protestant because the letter arrived in our office after the protest period had expired.

If you wish to be a party of record and have an opportunity to testify at the hearing you must petition for leave to intervene in the pleadings. The procedure for filing such a petition is described on the enclosed copy of Rule 6 from the Department's Rules and Regulations for Practice and Procedure.

Though intervention can be requested any time up to five (5) days prior to the date set for hearing, your petition should be submitted to this office as soon as possible.

Please feel free to contact me if you have any questions regarding the above matter.

Respectfully submitted,

Ernest Carlsen

DEPARTMENT OF WATER RESOURCES
RULES AND REGULATIONS

Rules of Practice & Procedure

Rule 6. INTERVENTION

6.1 Leave to Intervene Necessary. Persons, other than the original parties to the proceeding, who are directly and substantially affected by the proceeding, shall secure an order from the Director granting leave to intervene before being allowed to participate; provided, that the granting of leave to intervene or otherwise appear, in any matter or proceeding shall not be construed to be a finding or determination of the Director that such party will or may be a party aggrieved by any ruling, order or decision of the Director, for purposes of court review or appeal.

6.2 Form and Content of Petitions. Petitions for leave to intervene must be in writing and must clearly identify the proceeding in which it is sought to intervene, setting forth the name and address of the Petitioner, making a clear and concise statement of the direct and substantial interest of the Petitioner in such proceeding, stating the manner in which such Petitioner will be affected by such proceeding, outlining the matters and things relied upon by such Petitioner as a basis for his request to intervene in such cause, and if affirmative relief is sought, the petition must contain a clear and concise statement of relief sought and basis thereof, together with a statement as to the nature and quantity of evidence Petitioner will present if such petition is granted.

6.3 Filing of Petitions. Petitions to intervene and proof of service of copy thereof on all other parties of record shall be filed within five (5) days after receiving notice of the proceeding, or if no notice is received, not less than five (5) days prior to the date set for hearing and, if filed thereafter, shall state a substantial reason for such delay; otherwise such petition will not be considered.

Eastern District Office

Dear Sir,

I wish to petition for leave to intervene in the pleadings involving the Application for Permit No. 22-7529 CITY OF DRIGGS. I am both a home owner in Targhee Ranches and a member of the Architectural Control Board and Home Owners Association of Targhee Ranches Subdivision near Driggs, Idaho.

My house is located less than 200 yards from the site, the well threatens my own water making my house and property valueless. The project was not presented to our board for approval, the well had no permit when drilled, and there was no announcements as required by law given to us to protest before the project began. The commercial well and holding tank is in addition illegal according to the Covenants, Conditions and Restrictions of Targhee Ranches subdivision.

I also represent those home owners who are connected to our own community well which services lots number #1-33 in Division No. II of Targhee Ranch Subdivision (the disputed well permit is located in lot #35 and my house is located on lot #33).

The relief sought is to **withhold the right to appropriate water from the disputed well until it can be clearly shown that it will not affect our community water system already in place or affect the present and future wells on the lots in the rest of the subdivision.** We feel it is the City's responsibility to assume the burden of proof in proving the commercial well will have no adverse impact on our preexisting water rights.

Sincerely,

Richard Bloom

RE: Protest on Application for Permit Number 22-7529
City of Driggs

Dear Mr. Carlson:

Thank you for your letter regarding the protest filed by Targhee Ranch Homeowner's Association against the above application. Please note that I do not represent Targhee Ranches as indicated in your letter dated September 9, 1987. I do, however, represent the City of Driggs who is the applicant.

Based on discussions I've had with the city, I am doubtful that this protest can be resolved without the matter being scheduled for a conference and/or hearing. Please schedule it for hearing on your next available date which I understand is in October. In the meantime we'll try to resolve the problems.

If you have any questions, please give me a call.

RE: Application for Permit No. 22-7529 CITY OF DRIGGS

Targhee Ranches Homeowner's Association Board
c/o Gary Peterson, Attorney
683 North Capitol Avenue
Idaho Falls, ID 83402

1787.276

Dear Mr. Peterson:

Your protest against the approval of the above referenced application has been received and a copy has been sent to the applicant. The Department suggests you contact the applicant directly in an effort to determine what is proposed by the application and to attempt to resolve the protest.

If you do not advise us within twenty (20) days that the protest has been resolved, the matter will be scheduled for conference and/or hearing. At such a conference and/or hearing, the following are the principle items the Department can consider in either approving or denying an application for permit (§42-203, Idaho Code):

1. Will the proposed use reduce the quantity of water under existing water rights?
2. Is the proposed water supply insufficient for the purpose intended?
3. Is the application made in good faith or for delay or speculative purposes?
4. Has the applicant sufficient financial resource with which to complete the project?
5. Will the proposed use under this permit conflict with the local public interest?

If this office can be of further assistance, please contact us.

Very truly yours,

ERNEST CARLSEN
Water Rights Supervisor

Suite 15
Idaho Falls, Idaho 83402

RECEIVED

SEP 1 1987

Department of Water Resources
Eastern District Office

Dear Mr. Young

As a full time resident of Teton County Idaho and more specifically, Lot 48 Targher Ranch Subdivision, I am writing a letter to protest the construction of a water holding tank and recently drilled culinary well within the boundaries of Targher Ranch. These improvements are more specifically referred to as Diversion pt NE 1/4 WSE Sec 14T 05N R46E for municipal use.

MICROFILMED

As a resident of Targher Ranch I am concerned with basic issues

SEP 28 1988

- (1) Drilling of a well by the City of Driggs to a depth of some 250 feet for the purpose of obtaining some 1000 gallons per minute of flow. This drilling which has already been accomplished without the prior knowledge of the residents of Targher Ranch Subdivision and without the proper notification of the residents of Teton County.

It was further done without the benefit of advertisement or without public hearing or without obtaining proper permits from the State of Idaho. As residents we are concerned about the probable loss of our own culinary wells which in my case is within 200ft of the

Driggs City's new well. It is a fact that within the last two years a majority of year round residents of Yargue Ranch have had to redrill our wells from 180' to 250' to maintain adequate water for culinary use during the months of January, February and March when the water table appears to be at its lowest level. The drilling of our wells to the current depth has been done at considerable expense to each full time resident.

It is our concern that eventual use of this new well by the City of Driggs for a full time water source will draw water from our existing wells. The drillers of our wells have indicated that in all probability our wells will be affected and drilling deeper is not feasible because of the existing sub strata location.

MICROFILMED

JUN 28 1988

(2) My second concern is that when I invested in property at Yarghee Ranch Subdivision it was because of existing, recorded restrictive covenants which specified that no construction would take place without the express consent of our board of directors in the form of an Architectural Review Board.

The City of Driggs never did consult the Yarghee Ranch residents relative to their intent to construct a 350,000 gallon storage tank or that they intended to drill a well at the same site. It is my understanding that they are proceeding to accomplish these projects which are under Federal Grant under guise of an easement purchased from a landowner who resides in another state.

We appreciate the opportunity to respond to the belated advertisement done after the fact published in the Teton Valley News Driggs Idaho. We will look forward to hearing from you.

P.O. Box 621
Idaho Falls, Idaho 83402-0621

RE: City of Driggs

Dear Mr. Ohman:

This department is currently processing a permit application for the City of Driggs requesting appropriation of water developed coincident with the upgrading of its municipal water system. A copy of the application which we have numbered 22-7529 is enclosed for your examination.

The processing procedure includes publishing notice of the application. This notice is being published in the Teton Valley News for two consecutive weeks. Following the last date of publication there is an additional ten days when the application is subject to protest. Because the last day of protest falls on Sunday, September 6, followed by Labor Day, we will accept any protests received by September 8, 1987.

Prior to recommending action on the application, the Department will conduct an administrative conference and/or hearing to consider all the issues of protest. The administrative conference and/or hearing is necessary because we have already received a protest against granting the application. This meeting will likely be scheduled for the later part of September or sometime in October.

Feel free to contact me if you still have questions concerning our administrative procedure or the content of the application.

Respectfully submitted,

Ernest Carlsen
Water Rights Supervisor

August 24, 1987

Department of Water Resources
150 Shoup Avenue #15
Idaho Falls, ID 83402

Dear Director,

It has been brought to my attention that the city of Driggs has begun a project to build a 300,000 gallon water tank above my subdivision on Targhee Road in Teton County. My understanding is that they had permission to take water from a irrigation creek at that spot, but instead have drilled a commercial well with no ones apparent knowledge. The news became known to a few people in the surrounding home developments on August 20th.

In the area being used for this well, all the homes and perspective home sites are on individual wells, and we have a great concern that this major well is going to deplete the aquafir we all rely on. If this takes place, we would in effect loose our homes and our land, due to its becoming worthless.

I understand that there is a time frame problem involved here, and any action must be taken quickly.

Please look into this matter immediately, we feel this may threaten our homes.

Sincerely,

Jon Levin

Department of Water Resources
Eastern District Office

Gentlemen:

You will please find enclosed a copy of our original protest which we delivered to Mr. Ernie Carlsen on August 5th, 1987.

In addition, we would like to state the following objections:

- 1 - They didn't have a permit to drill the commercial well when they began drilling
- 2 - It wasn't published in the paper so we could protest.
- 3 - Any commercial project is prohibited by the Architectural Control Board, Home Owners Association Conditions, Covenants and Restrictions.
- 4 - Wells are within 100' to 200 yards of existing private wells.
- 5 - We believe our wells will go dry when the new 350,000 gallon resevoir is completed and their big well used.
- 6 - Homes and property will be valueless.
- 7 - Approximately 100 property owners will be affected.
- 8 - Approximately \$9300.00 yearly taxes are paid by our Targhee subdivision, not counting three other subdivisions which would be affected.
- 9 - It is my understanding the City of Driggs has more than plenty of water three or four miles further up the canyon.
- 10- The City of Driggs has a tremendous water shed run-off which lies partially in Wyoming.
- 11 - If the well is permitted - a precedent will be set and nothing can prevent the City from drilling anywhere or at anytime, because they have an easement for their waterline through said subdivisions.

For the reasons listed above, we hope you will give this serious consideration.

Sincerely,

Sam Urban

LETTER OF PROTEST

to: City of Driggs, Idaho
and Idaho State Water Resources Board

On August 4th, 1987, at Targhee Ranches Subdivisions 1 and 11, 3 miles East of Driggs, Idaho, tests were taken to determine the depth of static water levels within the subdivisions.

Tests were taken on the following properties, Sam and Betty Urbans home, depth of static water level was 118 feet: Bob and Sally Bartholomens home, 117 feet, and Targhee Ranches Community well, static water depth of 75 feet.

Our concern as the Targhee Ranches Homeowners Association Board, is basically that of the new Driggs City Water System that is presently being installed, servicing the town of Driggs, Idaho, principally because of the similar depth of 260' of the new city water well and private wells located within 200 yards of each other.

We have conducted tests with Marcus Frandsen of High Plains Drillings, inc., of Rexburg, Idaho, and Mr. Sergent, the Assistant Engineer with Forsgren Engineering of Rexburg, Idaho, who is contracting the work for the City of Driggs, and with several homeowners, to establish the current static water depths. This information we hope is helpful to us as we have not seen any testing of the new Driggs City well.

Our protest to both Driggs City officials and the Water Resource officials has been without cooperation. We are determined to protect our water systems and allow for future insurance of good water supplies. Because we feel that the static water levels within the subdivisions will be diminished as a result of the installation of the Driggs City well; this is to protest the installation of same.

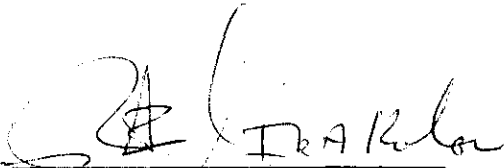

The problem has been that within recent years several existing wells within the subdivisions have required redrilling of between 80 and 100 additional feet due to declining static water levels at or about February/March of each year. Many existing wells are now drilled to their maximum depth given the existing casings installed. We believe that the Driggs City Well installation will cause further draw-down of static water levels, particularly during the late winter months. Should this occur, many existing wells will require the installation of entire new well systems, substantially impacting current and future residential well users.

MICROFILMED

REGARDING THE WATER SYSTEM IN TARGHEE RANCHES SUBDIVISION

FROM THE ARCHITECTURAL CONTROL BOARD

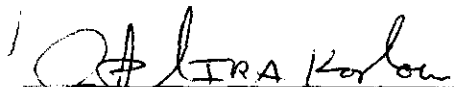

As board members of the Architectural Control Board in Targhee Ranches near Driggs, Idaho we are extremely disappointed and upset with the handling of the new water system and new well by the city council of Driggs.

Proper notification of the new water system to our architectural control board has not been done.

The potential of loosing the residential water in our subdivision is our greatest concern. Our conditions, covenants and restrictions in our subdivision need to be considered discussed and resolved before permission is granted from our board for further development.

We are very much in support of Driggs, Idaho growing with better water services and pressure, but not at the expense of jepordizing our residential subdivision investment.

RE: Application for Permit No. 22-7529

Dear Water Right Applicant:

The Department of Water Resources acknowledges receipt of your water right application for permit. The application has been assigned identification no. 22-7529 . Please refer to this number in all further correspondence.

This office is currently in the process of advertising the application in the Teton Valley News. The advertisement will be published for two weeks, and a period of ten days following the second publication will be allowed for the submittal of protests.

If the application is protested, you will be sent a copy of the protest. The protest must be resolved before the application is approved or denied. If the protest is not resolved voluntarily, this Department will conduct a conference and/or hearing on the matter.

If the application is not protested, it will be forwarded to our state office in about five weeks. State office personnel will conduct a complete review prior to final processing of the application and will notify you of the outcome of this review. When a permit is issued, you will be sent a copy. A typical processing time for an unprotested application is about eight weeks.

Please feel free to contact this office if you have any questions regarding this procedure.
