INSTRUCTIONS

This form has been prepared to assist new owners of property to comply with the requirements of Sections 42-248 and 42-1409(6), Idaho Code. Section 42-248 requires certain property holders to notify the Department of Water Resources (IDWR) of any change in mailing address or ownership of all or part of a water right record on file with IDWR. Section 42-1409(6) provides that new property owners must notify IDWR of any change in ownership of a water right during an adjudication of water rights, and, if a required claim for the water right has not been filed, to file the needed claim.

Separate brochures are available from IDWR describing the adjudication of water rights and the requirement to notify IDWR of changes in ownership. If you would like any of these brochures, or if you have questions about completing this form, please contact your nearest IDWR office or call 1-800-451-4129.

If you need additional space to describe or explain any of the items on the form, please attach additional sheets to the form as you may require.

1. If there are water rights associated with the property, the seller should be able to provide you with the water right or adjudication claim number(s). Please enter these number(s) at Item 1. If you or the seller believe there are water rights for the property but the numbers are unknown, you may wish to call IDWR or come into an office of IDWR for assistance in identifying the water rights for the property in question. If claims for the rights are required, and have not been filed, IDWR will so advise you.
2. The information described at Item 2 is required, since IDWR cannot process the requested change without documentation of ownership. The preferred types of documentation are shown; contact IDWR if you have difficulty obtaining this information. Do not obtain a new survey for purposes of this form before contacting IDWR.
3. Please provide the name and address of the former owner of the water right and/or adjudication claim at Item 3.
4. The name, mailing address, and telephone number of the new owner(s) is entered at Item 4. Please indicate the relationship between multiple owners by using the connector "and", "or" or "and/or". If an "and" is used, all parties must sign this form. If an "and/or" or "or" is used, all parties may sign, however only one of the named parties is required to sign.
5. At Item 5, please provide the date the property in question was acquired. This may be the date of "closing" in the case of a real estate transaction or the date of court order for other types of ownership changes.
6. If the property you have purchased is only a portion of the property owned by the former owner/seller, you may be purchasing only a portion of the total water right held by the seller. This means the water right held by the seller may be "split" to provide your share of the right in question. Be sure to include a description of the portion of the water right you have purchased at Item 6.

Please provide as much detail as possible concerning your water right: include the number of homes, irrigated acreage if more than 1/2 acre is irrigated, type and number of stock if your right is for stockwater, etc. In the absence of information to the contrary, IDWR will assume the intent is to split the rights *proportionately*.

7. The new owner(s) must sign the form in the space(s) provided at Item 7. Corporations and other organizations must submit a list of directors or officers demonstrating the authority of the director or officer to sign the form.
8. There is no filing fee. When complete, you should retain a copy and return the original of the form to the IDWR office nearest you:

Dear Mr. & Mrs. Piquet:

The Department is in receipt of the correspondence changing ownership of the above referenced water right to you. We have modified our records to reflect this change in ownership and a computer generated report is enclosed.

Just a reminder, because of a law that went into effect July 1, 1996, all water right owners are required to report change of address or ownership to the department within 120 days of the change. Failure to report these changes could result in a \$100 late filing fee to the water right owner. If you have other water rights that haven't had the ownership updated please contact the department as soon as possible.

If you have any questions regarding this matter, please feel free to contact me at (208) 327-7947.

RE: WATER RIGHT NO. 22-07523

Dear Water Right Holder(s):

The Department of Water Resources (the Department) has issued the enclosed license confirming that a water right has been established in accordance with the permit referenced above. The license is a preliminary order issued by the Department pursuant to section 67-5243, Idaho Code. It can and will become a final order without further action of the Department unless a party petitions for reconsideration or files an exception and/or brief as further described below:

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the Department within fourteen (14) days of the service date of this order. The Department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See section 67-5243(3), Idaho Code.

EXCEPTIONS AND BRIEFS

Within twenty-one (21) days after (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding. Otherwise, this preliminary order will become a final order of the Department.

If any party appeals or takes exceptions to this preliminary order, opposing parties shall have twenty-one (21) days to respond to any party's appeal. Written briefs in support of or taking exceptions to the preliminary order shall be filed with the Department. The Department retains the right to review the preliminary order on its own motion.

MICROFILMED

JAN 06 1998

ORAL ARGUMENT

If the Department grants a petition to review the preliminary order, the Department shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Department will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Department orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Department in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with Rules of Procedure 302 and 303.

FINAL ORDER

The Department will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Department may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The Department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its issuance if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) the petition for reconsideration is disposed of; or
- (b) the petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

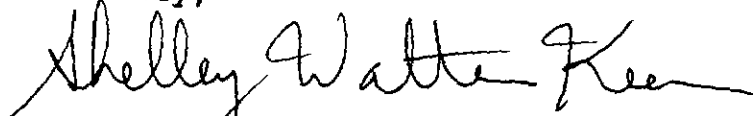

MICROFILMED

JAN 06 1933

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

IN THE MATTER OF
APPLICATION FOR PERMIT
22-7523 IN THE NAME
OF MARTIN PIQUET

Stipulation
and
Agreement
and
Withdrawal of
Protest

On June 22, 1987 a conference was held to discuss issues of concern regarding application for permit 22-7523. During this conference information presented by the parties present revealed the applicant had historically relied on an unnamed stream flowing on his property in the NW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 5 T4N, R45E for stock water during the winter months.

The source of this water is unknown except that the land of both the applicant & protestant is swampy and bordered by a bluff paralleling the county road along the south and west edge of the protestant's property and extending north onto the applicant's property. At the base of this bluff springs arise on the property of both parties.

The applicant does not object to future development on the protestant's property provided it does not adverse the quantity of water applicant is entitled to and applicant can demonstrate historically flowed from protestant's property. On this basis the protestant agrees to withdraw his protest against permit application for permit 22-7523.

To the extent the application conflicts with this agreement the agreement supercedes the application.

IN THE MATTER OF APPLICATION FOR)
PERMIT NO. 22-7523 IN THE NAME OF)
MARTIN PIQUET)

NOTICE OF HEARING

On May 16, 1986, Martin Piquet filed with the Department of Water Resources an application No. 22-7523 to appropriate the public waters of the State of Idaho. On June 12, 1986, the Department received a protest against approval of said application from Ralph John Chambers.

The Department has set the matter of protest for hearing for 2:30 p.m., Monday, June 22, 1987, in the Second Floor Conference Room, State Office Building, 150 Shoup, Idaho Falls, Idaho. The hearing will be held in accordance with provisions of Chapter 2, Title 42, of the Idaho Code and adopted Rules of Practice and Procedure of the Department of Water Resources. Opportunity shall be afforded all parties to respond and present evidence and argument on all issues involved.

Dated this 1st day of June, 1987.

Re: Application for Permit No. 22-7523, Martin Piquet

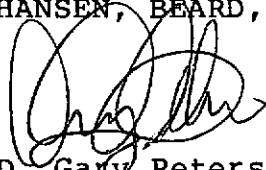

Dear Mr. Carlsen:

Mr. Piquet is very anxious to proceed with administrative action on this application. I have not heard anything further since receiving a copy of your January 6, 1987, letter to Mr. Chambers requesting a schedule of available dates for hearing. I will be available for hearing during the next few months, except for the following dates: May 11, 12, 13, 18, 19, 20; June 8, 12, 14, 15; and July 20 - 24, 1987.

I would appreciate you setting a hearing date as soon as possible in order to resolve this matter. Please advise.

Yours very truly,

Dear Mr. Chambers:

Both the Department and the applicant would like to proceed with administrative action on this application. But an obstacle we keep encountering is being able to schedule an administrative conference when all parties can be present.

To help resolve this dilemma, we are asking that you provide a listing of dates when you would be able to attend an administrative conference during the first quarter of 1987. Should your activities prevent you from being able to provide an accurate accounting, then we will schedule a conference at our convenience and it will be your responsibility to secure council that can represent you in your absence.

Your prompt attention to this matter will assist us in being able to expeditiously proceed with administrative action on this application.

ORDER TO SHOW CAUSE

WHEREAS, on May 16, 1986, Martin Piquet of Driggs, Idaho, applied for application for permit No. 22-7523 to appropriate 0.165 cubic feet per second from unnamed springs tributary to the Teton River, said springs being located within the SW1/4SE1/4, Section 5, Township 4 North, Range 45 East, B.M., Teton County; and,

WHEREAS, the subject springs are identified as being on property owned by Ralph John Chambers of Driggs, Idaho; and,

WHEREAS, the springs identified in application 22-7523 do not appear to be tributary to streams flowing onto the property of the applicant as indicated on his application; and,

WHEREAS, a field review conducted by personnel of the Department of Water Resources found the property of the

applicant to be unfenced and adjacent to the Teton River and said property to be generally wet and marshy; and,

WHEREAS, the Department has affidavits in its files which indicate that the applicant filed application 22-7523 for purposes of speculation and delay and has neither need for or intention to develop a right to use the public waters of the State of Idaho for the watering of livestock; and,

WHEREAS, Idaho Code, §42-203 requires the Director of the Department of Water Resources to determine, "(1) in all applications whether protested or not protested, where . . . it appears to the satisfaction of the department that such application is not made in good faith, is made for delay or speculative purposes, or . . . that it will conflict with the local public interest, where the local public interest is defined as the affairs of the people in the area directly affected by the proposed use; the director of the department of water resources may reject such application and refuse issuance of a permit therefor"

NOW, THEREFORE, MARTIN PIQUET IS HEREBY ORDERED to Show Cause on or before November 28, 1986, why application 22-7523 should not be considered to have been filed for purposes of speculation and delay and voided in the records of the Department.

Dear Mr. Carlson:

The reason I filed this application was to record my use of this water to provide drinking water for stock. Stock do drink from the Teton River during the summer months, however, in the winter the river is not safe particularly for young calves.

The springs, however, provide a much safer source of stockwater. I have relied on this water for watering my calves during the winter since 1933. I have excavated a shallow pond which they use without the danger of breaking through ice and drowning. I have had calves drown in the river during the winter, and that's why I resorted to using the springs.

My neighbor, Dan Johnston, has lived in the area for 7 years and he has watched me break the ice so my calves can drink from the pond.

I hope this explanation is sufficient to show cause why the application was filed and we can proceed with resolving this matter.

Sincerely,

Martin Piquet

Rob Goodrich, being first duly sworn, deposes and says:

Sometime last spring, 1986, I drove with my wife to look at the Chambers Property for sale on the Teton River. While we were there, a Mr. Piquet drove up to talk. He said that the property was no good because of the water everywhere, it gives horses hoof-rot. I said that we like it for that reason of being wet; that we'd develop the spring into a duck pond or something. Mr. Piquet said you can't do that because he owns all the water rights down here to all the property. He also indicated that he owned all the property across the street.

I had knowledge that when people went to the Teton River to see the property owned by Ralph Chambers, Martin Piquet would see them there and come rushing out to see what they wanted. When he found out that they were interested in the property, he would start to tell them the property wasn't any good. Mr. Piquet would tell them he owned all water rights to the property. He would tell them the ground was wet all the time, and that they wouldn't be able to build on it.

I drove to the Teton River where Ralph Chamber's property is located. I parked my car at the bridge and decided to walk in. I wanted to see if Mr. Piquet would see me there and come out like I had been told he was doing. I walked down the road and climbed through the fence into Ralph Chamber's property. I had only been there a few minutes when Martin Piquet saw me. He got into his pickup and started out toward me.

When I saw him coming, I turned my back and started to walk away so he couldn't tell who I was. He stopped his pickup on the road and yelled to me, "Can I help you with something?" When I didn't answer him, he asked the second time. I turned around and said, "No, I don't need any help, we own the property".

When he realized it was me, he immediately climbed into his pickup and drove up the road. Approximately five minutes later, he drove back down the road past me again and went to his house.

Laren Piquet, Martin Piquet's son, has had several conversations with us over buying this piece of property. We have refused his offers, as the offers weren't even close to what we needed for the property.

I feel this problem has come about because the Piquets desire to buy the property and we won't take the amount which they offer us for it.

Department of Water Resources

FROM: Ron Carlson R

In response to Ernie Carlsen's letter of September 22, 1986, Ray Rigby, Attorney at Law, contacted me on September 23, 1986, and asked if I would accompany him to inspect the water sources and the area of beneficial use described in Mr. Piquet's application.

On September 25, 1986, Mr. Rigby and I met the protestant's mother and inspected the area described in application 22-7523. The map, copied from the application, is attached and will be used to identify locations to be described. The shaded area belongs to the applicant. The hatched boundary indicates the land owned by the protestant. My inspection of the property owned by the protestant and that of the applicant to the north, where the indicated point of diversion is identified on the map, is quite marshy. There are, what appear to be spring areas on both properties. The drainage, the applicant shows flowing from the protestant's land on the application, is not at all evident. While I did not use an instrument to determine slope, it appeared from the vegetation and apparent slope that the water flowed southeast to the river. It is not clear why Mr. Piquet would identify the springs on Chambers' property in his application unless he was attempting to acquire some leverage by doing so. The application itself makes no sense because any cattle being pastured not only can go directly to the Teton River but could drink where they stood if they were within 300 feet of the river. Mrs. Chambers alleges that Piquet filed application 22-7523 to pressure them to sell him their property at a lower price. According to Mrs. Chambers, Martin Piquet's son has a guide's license on the Teton and, if Piquet can acquire the Chambers' property, he will control all of the access to the river on the north side of the road. Mrs. Chambers said they are trying to sell the property but claims the "for sale" signs always disappear the day they are put up and when ever some one comes to look at the property, Martin Piquet comes out and warns them against buying the property because he owns all of the water. Mrs. Chambers claims last time she was on the property Mr. Piquet came out and "asked if he could help her," before he recognized who it was.

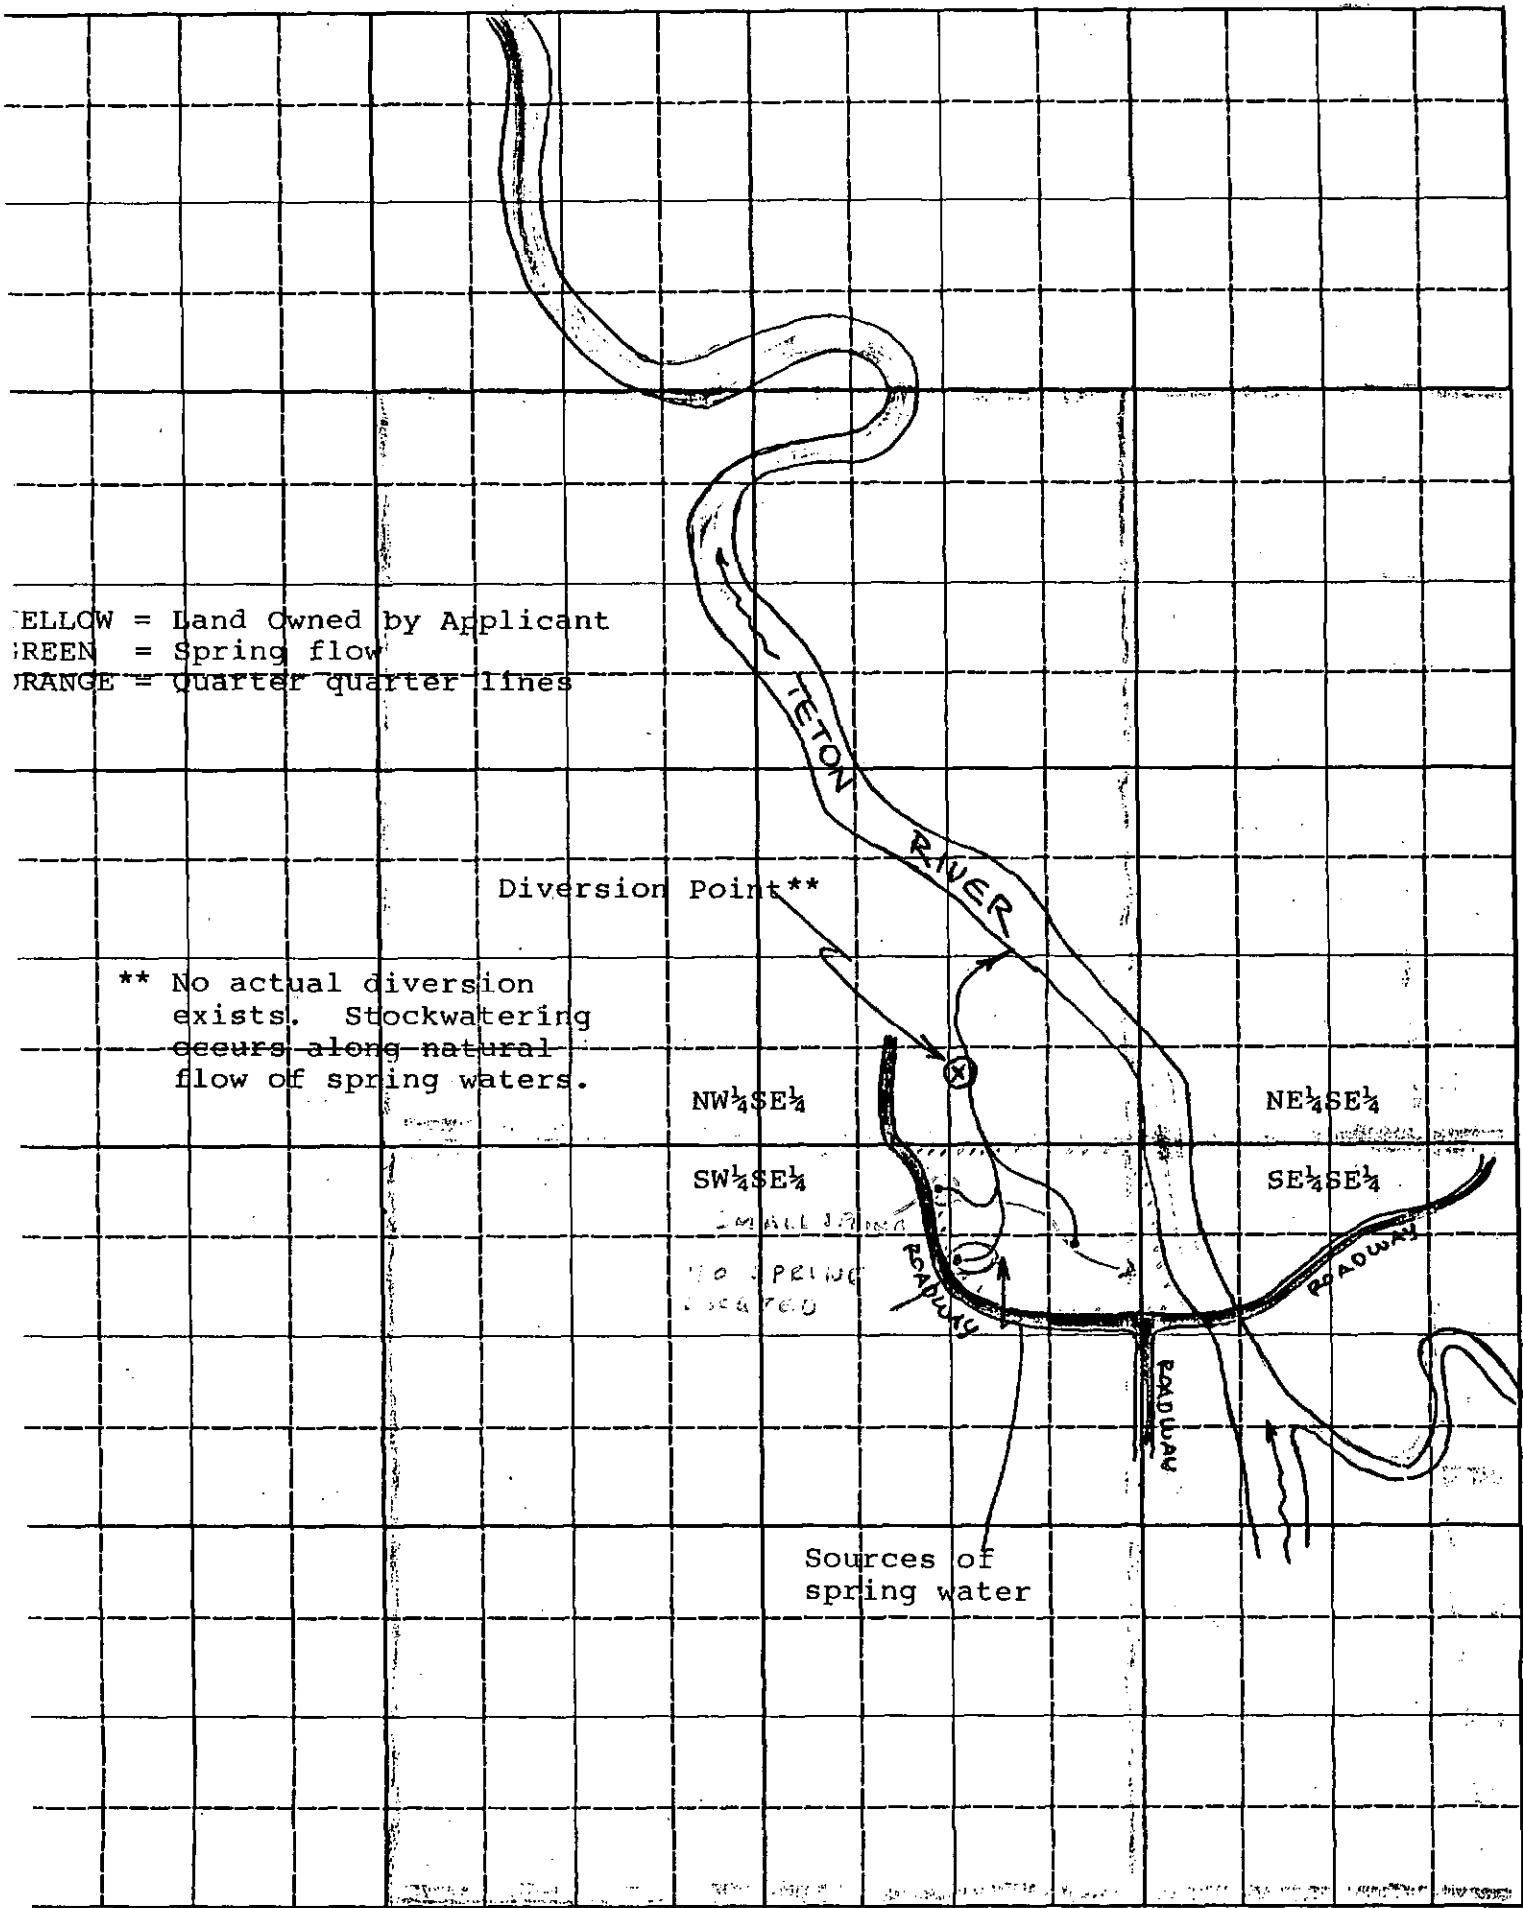

I told Ray Rigby that if his client wished to submit an affidavit from one of the people whom the applicant has personally discouraged from purchasing the property, because of his claim to the water, I would initiate action to have the application voided on grounds of speculation and delay.

Dear Mr. Piquet:

To recommend final action on the above captioned application a conference and/or administrative hearing must be held to examine the issues of protest against granting the permit. November 4, 1986, has initially been selected as the date for conducting this meeting which will be held in Idaho Falls.

To provide adequate time for implementing a change to this schedule, please advise this office of your availability to be present on the above date.

Certified notices confirming the date, place, and time must be mailed ten (10) days prior to the conference and/or hearing. Once the certified notices are mailed, a postponement will require prior consent of the applicant.

Respectfully submitted,

RE: Application for Permit No. 22-7523

DATE: July 16, 1986

I telephoned both Gary Peterson and Ray Rigby about the possibility of scheduling an administrative conference and/or hearing on the above captioned application. Mr. Rigby indicated he is putting together some information that will be used by his client to file a claim to a water right. The claim will document historical use of the waters identified on the application. Both attorneys are hoping that the matter can be settled without having to go to an administrative hearing and requested the Department defer action on the application for a couple of months while they pursue a resolution.

RE: Application for Water Permit, Martin Piquet, Application
No. 22-7523

Dear Mr. Chambers:

A copy of your Notice of Protest to the above application has been forwarded to me from the Idaho Department of Water Resources. In accordance with statutory law, there is a twenty day period within which the protest may be resolved between the parties before it will be heard by the Department of Water Resources.

Would you be kind enough to contact me within the next few days to schedule a time when you could meet with Mr. Piquet in an attempt to resolve this matter? I can then set up a conference at which you and Mr. Piquet can meet. If you would like, you may bring your attorney with you if you have one representing you in this matter.

Very truly yours,

D. GARY PETERSON

Dear Mr. Piquet:

Enclosed is a copy of a protest filed against the issuance of a permit pursuant to your Application No. 22-7523. The Department suggests you contact the protestant directly in an effort to determine the nature of the protest and to attempt to resolve the protest.

If you do not advise us within twenty (20) days that the protest has been resolved, the matter will be scheduled for conference and/or hearing. At such a conference and/or hearing, the following are the principle items the Department can consider in either approving or denying the application for permit (Section 42-203, Idaho Code):

1. Will the proposed use reduce the quantity of water under existing water rights?
2. Is the proposed water supply insufficient for the purpose intended?
3. Is the application made in good faith or for delay or speculative purposes?
4. Has the applicant sufficient financial resources with which to complete the project?
5. Will the proposed use under this permit conflict with the local public interest?

If this office can be of further assistance, please contact us.

Very truly yours,

RE: Application for Permit No. 22-7523

Mr. Rigby called today to confirm that Ralph Chambers' protest had been received in our office in a timely manner and was in proper form. In reviewing the protest with Mr. Rigby, over the phone, I indicated it was in proper form and would be sufficient for the Department to schedule an administrative conference and/or hearing in the matter. Mr. Rigby will be representing Mr. Chambers and should receive a copy of correspondence the Department may send to Mr. Chambers.

Re: Application for permit No. 22-7523

Dear Water Right Applicant:

The Department of Water Resources acknowledges receipt of your water right application for permit. The application has been assigned identification no. 22-7523. Please refer to this number in all further correspondence.

This office is currently in the process of advertising the application in Teton Valley News. The advertisement will be published for two weeks, and a period of ten days following the second publication will be allowed for the submittal of protests.

If the application is protested, you will be sent a copy of the protest. The protests must be resolved before the application is approved or denied. If the protest is not resolved voluntarily, this Department will conduct a conference and/or hearing on the matter.

If the application is not protested, it will be forwarded to our state office in about five weeks. State office personnel will conduct a complete review prior to final processing of the application and will notify you of the outcome of this review. When the permit is issued, you will be sent a copy. A typical processing time for an unprotested application is about eight weeks.

Enclosed please find your receipt no. 39637 for the amount of \$30.00.

Please feel free to contact this office if you have any questions regarding this procedure.

Sincerely,

Ernest Carlsen
Assistant Regional Supervisor

To Whom It May Concern:

I am enclosing an Application for Permit on behalf of Martin Piquet, the applicant. Mr. Piquet has enclosed his own check in the amount of \$30.00 to cover the cost of this application.

Please send me about one dozen blank permit applications and instructions. I would also appreciate receiving the same number of forms for making proof of application to beneficial use and any other standard forms you use.

I have added to the enclosed form the additional information solicited on the June 1985 update of Form 202. Where this particular application is not for hydropower purposes, I did not add the corresponding limitation and condition to the last page of the application.

Would you please confirm that the maximum appropriation per head of livestock is 0.00022 c.f.s.? If you have any questions in this matter, please advise.
