(Teton County)

Gentlemen:

We have been apprised of your application for a permit to appropriate the public waters of the State of Idaho to provide domestic water to fifteen families (individual connections).

By regulation your water system is defined as "public community" and, therefore, subject to the Idaho Regulations for Public Drinking Water Systems. Further, the regulations (Section 1-8400.01) requires approval by the Department of plans and specifications for the water system prior to construction. A copy of the regulations is enclosed for your information.

If we may be of assistance with interpreting the regulations, please do not hesitate to contact us.
