Idaho Falls, Idaho.

My dear Mr. Baldwin:

The Teton Island Feeder Canal Company has this day made an arrangement and contract with the interests in the Stewart-Walters Ditch to carry their water through our system. The water is to be diverted from the North Fork of the Teton River, into the Big Feeder and then carried thorough our canal to certain points of distribution.

Very respectfully,

Teton Island Feeder Canal Co.,

By

Alfred Ricks

President.

Mr. W. G. Swendsen,
Commissioner of Reclamation,
Boise, Idaho.

Dear Mr. Swendsen:-

Enclosed herewith please find application for change of point of diversion of the following decreed rights: William Walters 332 inches April 1, 1898, William Walters 168 inches June 1, 1888. This application is submitted by T. W. Smith and George D. Wilding who claim to be the present owners of this water. Hereafter as you will note, it is desired to take this water through the Teton Island Feeder Canal, and a letter is attached hereto from the president of the latter company stating that they are willing to have the water delivered through their system.

As I understand it there is to be no change in the place of use and in consequence no further formalities are required.

I am retaining a duplicate of the application for our files and am sending a copy of this letter to Mr. C. A. McClelland at St. Anthony, in order that he may immediately arrange for distribution in accordance with the request.

Sincerely yours,

G. Clyde Baldwin
Deputy.
