Re: Permit No. 22-7273

Dear Sir or Madam:

I am returning herewith an official Assignment of Permit transferring development rights on a well located in the SW $\frac{1}{4}$ of the NW $\frac{1}{4}$ of Sec. 35, Township 6N Range 43E B.M. from Steven L. Fielding, the original applicant, to me as the current owner. This should satisfy the requirements of assignment as set forth in a letter from Rita I. Fleck of your office to me on May 16, 1983.

I am also enclosing a Proof of Beneficial Use card sent out by L. Glen Saxton on June 28. All development work (well, pump, mainline and power hookup) was done by Dr. Fielding prior to my purchase of the property in June of 1980. I use the system each summer to sprinkle irrigate the pasture and hay field.

Very truly yours,

Richard L. Davis

RE: Application for Permit No. 22-7273

Mr. Steven L. Fielding
36 Professional Plaza
Rexburg, Idaho 83440

Dear Mr. Fielding:

The Department has completed the advertising of your application for permit; however, in our reviewing process it was determined that the ten (10) acres in the NW $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 35, are already licensed for ground water under License No. 22-7002 in the name of Eugene Gillette.

Your application requested 0.02 c.f.s. per acre, the maximum allowable under the Idaho Code. Since your application plus license No. 22-7002 constitutes an overfiling, the Department finds it necessary to reduce your application by 0.08 c.f.s. This would change the quantity to be appropriated from 0.68 to 0.60 c.f.s.

Should you oppose this reduction, notify our office no later than June 15, 1978. Please feel free to contact me if there are questions concerning this matter.
