RECEIVED

SEP 16 1977

Department of Water Resources
Eastern District Office

Affidavit of Publication

STATE OF IDAHO }
County of Madison } ss.

I, Terry T. Weatherston,
being first duly sworn, depose and say,
that I am the printer of THE REXBURG
STANDARD JOURNAL

, a newspaper printed and
published weekly at Rexburg, Madison
County, Idaho; and I do solemnly swear
that the

**NOTICE OF APPLICATION
FOR WATER PERMIT**

a copy of which notice appears attached
hereto, was published in the regular and
entire issue of said newspaper, and not in

any supplement issue thereof for two
consecutive issues, the first publication hav-

ing been made on September 8, 1977
and the last publication having been made

on September 15, 1977

Further, that said newspaper is one of
general circulation in said county; that it
is a legal newspaper, conforming to legal
specifications under the Idaho Statutes; that
it has at least two hundred bona fide sub-
scribers living within the county of publica-
tion; and that it has been continuously and
uninterruptedly published in said county dur-
a period of seventy-eight consecutive weeks
prior to the first publication of the said not-
ice.

**NOTICE OF APPLICATION
FOR WATER PERMIT**

Notice is hereby given that Ray M. Brown &/or
John M. Brown, Tetonla, Idaho have on 8-31-77
submitted Application No. 22-7256 for a permit to
appropriate 14.0 cubic feet per second of water
from a ground-water source by means of well and
pump within the NW $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 16, T. 6N, R.
40E, B.M., Madison County. The water will be
pumped into the Teton River and rediverted at a
point within the NW $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 29, T. 7N, R.
44E, B.M. Teton County; to be used from Apr. 1 to
Nov. 1 for the irrigation of 1172 acres within the
SE $\frac{1}{4}$, Sec. 23, SW $\frac{1}{4}$, W $\frac{1}{2}$ SE $\frac{1}{4}$, Sec. 24,
W $\frac{1}{2}$ NE $\frac{1}{4}$, NW $\frac{1}{4}$, Sec. 25, N $\frac{1}{2}$ NE $\frac{1}{4}$, Sec. 36, T.
7N, R. 43E; SW $\frac{1}{4}$ NW $\frac{1}{4}$, N $\frac{1}{2}$ SW $\frac{1}{4}$, Sec. 19,
S $\frac{1}{2}$ NW $\frac{1}{4}$, SW $\frac{1}{4}$, SW $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 20,
SW $\frac{1}{4}$ NE $\frac{1}{4}$, NW $\frac{1}{4}$, N $\frac{1}{2}$ S $\frac{1}{2}$, Sec. 29, T. 7N, R.
44E, B.M.

If issued, this permit will be subject to all prior
water rights. Protests against the granting of the
permit must be filed with the Idaho Department
of Water Resources, 1515 Lincoln Road, Idaho
Falls, Idaho, 83401 on or before September 26,
1977.

Department of Water Resources

WATER RIGHT LICENSE

License of Water Right No. 22-7256 Priority August 31, 1977 Amount 13.4 cfs

THIS IS TO CERTIFY, that Ray M. Brown &/or John M. Brown
of Tetonia, Idaho, has complied with the terms and conditions of Permit
No. 22-7256 issued pursuant to Application for Permit dated August 31, 1977,
and has submitted proof to the Department of Water Resources on October 30, 1979,
that he has applied water to a beneficial use; an examination by the Department indicates that the works have a
capacity for the diversion of 13.4 cfs of water from a groundwater source,
tributary to _____, and that the permit holder has applied to a beneficial use and
established a right to use water as follows:

Beneficial Use	Period of Use	Rate of Diversion	Annual Volume
Irrigation	from <u>April 1</u> to <u>November 1</u>	at <u>13.4</u> cfs and	<u>3292.1</u> acre feet
	from _____ to _____	at _____ cfs and	_____
	from _____ to _____	at _____ cfs and	_____

(both dates inclusive)

Subject, however, to the condition that no more than 13.4 cfs of water be diverted at any one time, and
that the amount of water so diverted and to which such right is entitled and confirmed is for the purpose
aforementioned and is limited to the amount which can actually be beneficially used and shall not exceed
3292.1 acre feet per year, said waters to be diverted within the NW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 16,

Twp 6N, Rge 40E * in the County of Madison
Point of redirection from Teton River located within NW $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 29, Twp 7N,
Description and location of place of use: Rge 44E, Teton County

Twp.	Range	Sec.	NEW				NW $\frac{1}{4}$				SW $\frac{1}{4}$				SE $\frac{1}{4}$				Totals
			NEW	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	NEW	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	NEW	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	NEW	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	

Total number of acres irrigated _____
Use of water under this license is subject to control by the watermaster of State
Water District No. 01, Snake River.
This right when combined with Right No. 22-7196 shall exceed neither 13.40 cfs nor
3292.1 AFA.
Measuring devices of a type approved by this Department shall be installed and main-
tained at the point of diversion and point of redirection from the Teton River.
*Location of point of diversion and point of injection

NOTE: Modifications to or variance from this license must be made within the limits of Section 42-222, Idaho
Code, or the applicable Idaho Law. This right may be forfeited by five years of non-use.

The right to the use of the water hereby confirmed is restricted and appurtenant to the lands or place of use
herein described, and is subject to all prior water rights, as provided by the laws of Idaho.

Witness the seal and signature of the Director, affixed at Boise, Idaho, this 10TH day of
JANUARY, 19 86.

ACTION OF THE DIRECTOR, DEPARTMENT OF WATER RESOURCES

This is to certify that I have examined Application for Permit to appropriate the public waters of the State of Idaho No. 22-7256, and said application is hereby APPROVED.

1. Approval of said application is subject to the following limitations and conditions:

- a. SUBJECT TO ALL PRIOR WATER RIGHTS.
- b. Proof of construction of works and application of water to beneficial use shall be submitted on or before November 1, 19 82.
- c. Other: Measuring devices of a type approved by this Department must be installed and maintained at the point of diversion and point of redirection from the Teton River. (2) Use of water under this permit is subject to control by the Water Master of State District No. 1, Teton River.

2. Denial of said application is for the following reasons: _____

Witness my hand this 30 day of November, 19 77.

Deputy Director

11. The vendor shall be reserved an easement for operation, maintenance and replacement of the existing water pipeline conveyance system on, over and across that portion of the acquired lands described in Exhibit "B".

The United States also agrees to permit the vendor to operate, maintain and replace the existing water pumping and conveyance system on lands to be acquired by the United States from others. Said permit to be on, over and across that portion of the North Half of the Northeast Quarter (N $\frac{1}{2}$ NE $\frac{1}{4}$) of Section Twenty-nine (29), Township seven (7) North, Range Forty-four (44) East, Boise Meridian, described in said Exhibit "B".

The United States will also permit the vendor to have ingress and egress for the purpose of operating, maintaining and replacing said water pumping and conveyance system over lands to be acquired by the United States on the existing road in the North Half of the Northeast Quarter (N $\frac{1}{2}$ NE $\frac{1}{4}$) of Section Twenty-nine (29), Township seven (7), Range Forty-four (44) East, Boise Meridian, if said road is acquired by the United States.

The vendor hereby releases the United States from any responsibility to maintain or repair said access road or from any damages to the vendor or his property by reason of the exercise of the permissions herein provided for.

12. No Member of or Delegate to Congress or Resident Commissioner shall be admitted to any share or part of this contract, or to any benefit that may arise therefrom, but this restriction shall not be construed to extend to this contract if made with a corporation or company for its general benefit.

IN WITNESS WHEREOF, the parties hereto have signed their names the day and year first above written.

Beginning at a point along the Acquisition Line South $8^{\circ}21'20''$ East, 942.81 feet from the P.O.S.L. between Sections Twenty (20) and Twenty-nine (29), Township seven (7) North, Range Forty-four (44) East, Boise Meridian; thence South $80^{\circ}00'00''$ East to the left bank of the Teton River; continuing on South $80^{\circ}00'00''$ East to the right bank of the Teton River; thence South $80^{\circ}00'00''$ East to a point 100.00 feet from the right bank of the Teton River.

LEASE

THIS AGREEMENT, Made and entered into this 29th day of August, 1977, by and between JAMES S. WRIGHT and SHIRLEY WRIGHT, husband and wife, of Route 1, Sugar City, Idaho 83448, hereinafter called "landlord", and JOHN M. BROWN, of Box 73, Tetonia, Idaho 83452, hereinafter called "Tenant",

WITNESSETH:

1. Property Leased.

Landlord does hereby lease to tenant and tenant does hereby lease from landlord that certain real property situated in Madison County, State of Idaho, and described as follows, to-wit:

Commencing at a point 50 feet West of the point where the Southwest bank of the South Fork of the Teton River crosses the South boundary line of the NW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 16, Township 6 North, Range 40 East, Boise Meridian, which point is approximately 50 feet West of the Southeast corner of said NW $\frac{1}{4}$ SE $\frac{1}{4}$ of said Section 16, Township and Range aforesaid, and running thence East 50 feet to the point where the South boundary line of the NW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 16, Township and Range aforesaid, intersects with the Southwest bank of the South fork of the Teton River and running thence in a Northwesterly direction, following the said Southwest bank of the South fork of the Teton River 50 feet, more or less, to a point directly North of the point of beginning, and thence South to the point of beginning.

Together with reasonable access from the public road directly West of the premises, which access may reasonably be altered from time to time by Landlord to allow Landlord better utilization of the premises over which access is gained.

2. Term of Lease.

The lease shall run for a term of 99 years commencing with date hereof and continuing to August 29, 2076.

3. Rental.

Tenant shall pay to landlord as rent for the lease the sum of \$2,000.00 for the entire term, receipt of which is hereby acknowledged by landlord.

4. Use of Premises.

Tenant shall use the premises to drill a subterranean water well and install a pump, motor and switch panel thereon to pump water from the subterranean aquifer into the Teton River pursuant to an agreement with the Idaho State Department

of Water Resources wherein Tenant is granted the right to use the waters of the said Teton River in exchange for water produced by this well pumped directly into the river.

Tenant shall be totally responsible, at his own expense, for the installation of the system, together with acquiring electric service to the site, and shall retain full ownership of all of the system, except the well hole itself.

Tenant shall also be entirely responsible for the protection of said system and shall, if necessary, install whatever fencing tenant deems necessary for the protection of the site and facilities, recognizing that landlord may utilize the balance of landlord's premises, including the running of livestock thereon.

Tenant shall observe all laws, rules and regulations applicable to the premises and in the occupation of the same.

Tenant shall keep the premises and each part thereof clean and tidy at all times.

5. Insurance

Landlord and tenant and all parties claiming under them (including any insurer) hereby mutually release and discharge the other from all claims and liabilities arising from or caused by loss or damage to the premises, improvements thereon, or any personal property therein, by fire or other casualty, regardless of the cause of damage or loss. It is the intent of this agreement that such property shall be fully insured by the owner, in the amount selected by him, and that neither party shall make claim against the other for loss by fire or other casualty, which may be so insured, regardless of the cause of damage or loss.

Tenant shall continuously maintain public liability insurance on the use of the premises, insuring landlord and tenant from public liability from ownership, use or occupation of the premises, with limits of not less than \$50,000.00 for each person injured or killed.

6. Taxes.

Landlord shall pay all property taxes and assessments levied and assessed against the lease property and tenant shall pay all property taxes levied and assessed against and improvements added to the premises by tenant and personal property of tenant during the continuance of this lease, when the same are due and payable and before the same shall become delinquent.

7. Quiet Enjoyment.

Landlord covenants and agrees that tenant, upon payment of the rent and performance of his agreements herein, shall and may peaceably and quietly have, hold and enjoy the premises during the continuance of this lease.

8. Removal at End of Term.

Upon termination of the lease, tenant shall surrender possession of the premises to landlord in good order and repair, and in a clean, neat and tidy condition, subject to the other provisions hereof, and tenant shall have the right to remove the pumping system installed thereon.

9. Remedies for Default by Tenant.

In the event that tenant shall fail to comply with any of the covenants, terms or conditions of this lease and after ten days' written notice is given by certified mail, return receipt requested, or personally delivered to tenant of such defaults, or shall abandon or vacate the premises, then tenant shall not have the right to continue to occupy the premises, and landlord shall have the right to re-enter and repossess the premises.

Failure of landlord to insist upon the strict performance of the provisions of this lease shall not be construed as a relinquishment of landlord's right to thereafter enforce any such provisions.

Tenant shall pay all costs, expenses and reasonable attorneys' fees that are incurred by landlord in enforcing the covenants and agreements of this lease or collecting damages for the breach hereof, with or without suit.

Landlord shall, in event of breach by tenant, have such other remedies as are afforded in law or equity.

10. Remedies for Default by Landlord.

In the event the landlord shall fail to perform the covenants of this lease on his part, then tenant may give written notice of the defaults of landlord by mailing the same to them certified mail, return receipt requested, and if said defaults are not corrected within ten days after the mailing of the notice, then tenant at his option may either terminate and cancel this lease on a date after the expiration of said ten day period, which date shall be selected and designated by the tenant in the written notice to landlord, or tenant may remedy said breach and the cost of such action may be charged to the landlord.

Landlord shall pay to tenant all costs, expenses and reasonable attorneys' fees that are incurred by tenant in enforcing the covenants and agreements of this lease or collecting damages for the breach thereof, with or without suit, in the event of default by landlord.

Tenant shall also have such other remedies as are afforded in law or equity in the event of any breach by landlord hereunder.

11. Miscellaneous.

This lease can be assigned by tenant, or mortgaged or encumbered, but the premises nor any part thereof cannot be sub-let, without the written consent of landlord.

Landlord shall have the right to enter upon the premises at any reasonable time to inspect or examine any and all parts thereof.

Tenant shall save landlord harmless and defend landlord of and from all claims, actions, or causes of action that may arise out of tenant's occupation and use of the premises.

IN WITNESS WHEREOF, The parties have executed this lease.

RE: Permit Nos. 22-7196 & 22-7256

John M. Brown
Box 73
Tetonia, ID 83452

Dear Mr. Brown:

In a previous letter of August 24, 1984, we informed you that permit 22-7196 would be licensed for 1.0 cfs and permit 22-7256 would be licensed for 10.65 cfs. These letters are enclosed.

On September 4, 1984, you contacted me in reference to said correspondence and explained your situation. We have since reviewed this matter and have modified said rights slightly to reflect the rates of diversion found at the time of the field exam conducted in 1982.

The Department proposes to issue the licenses as follows:

Right 22-7196 -

Amount of water that can be recognized as beneficially used under Idaho law: 1.0 cfs Source: Teton River trib to Snake River, N. Fork

The maximum quantity diverted shall not exceed 424.5 acre feet per year.

Point of diversion: NW $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 29, Twp 7N, Rge 44E

Beneficial Use: Irrigation of 160 acres within SE $\frac{1}{4}$, Sec. 23; 226 acres within SW $\frac{1}{4}$, W $\frac{1}{2}$ SE $\frac{1}{4}$, Sec. 24; and 236 acres within W $\frac{1}{2}$ NE $\frac{1}{4}$, NW $\frac{1}{4}$, Sec. 25; Twp 7N, Rge 43E

Priority date established: September 23, 1976

Conditions: 1) Use of water under this license is subject to control by the watermaster of State Water District No. 01, Snake River. 2) This right when combined with Right No. 22-7256 shall exceed neither 13.4 cfs

VICROFILMED

John M. Brown
November 7, 1984
Page 2

nor 3292.1 AFA. 3) A measuring device of a type approved by the Director shall be permanently installed and maintained as part of the diverting works.

Right 22-7256 -

Amount of water that can be recognized as beneficially used under Idaho law: 13.4 cfs Source: groundwater

The maximum quantity diverted shall not exceed 3292.1 acre feet per year.

Point of diversion: NW $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 16, Twp 6N, Rge 40E

Beneficial Use: Irrigation of 1,119 acres within the lands identified on the attached land list

Priority date established: August 31, 1977

Conditions: 1) Use of water under this license is subject to control by the watermaster of State Water District No. 01, Snake River. 2) This right when combined with Right No. 22-7196 shall exceed neither 13.4 cfs nor 3292.1 AFA. 3) Measuring devices of a type approved by this Dept. must be installed and maintained at the point of diversion and point of rediversion from the Teton River.

If you do not concur with these findings, please contact us within 10 days, otherwise water licenses will be issued as set forth above.

Sincerely,

JIM JOHNSON
Water Distribution Supervisor

MEMORANDUM

TO: File 22-7256

FROM: Jim Johnson *Jim*

DATE: September 14, 1984

RE: Licensing of 22-7256

On September 4, 1984, Mr. John Brown called to discuss the amount proposed to be licensed under this right.

My correspondence of 8/24/84 had indicated that the license would be issued for 10.65 cfs.

This amount had been recommended on the field exam even though a second examination had been made showing a diversion rate of 14.77 cfs. The reason for the recommendation of the lesser amount was because the field examiner had found that the permit holder had added an extra booster since the first exam. Mr. Brown agreed that he had changed the system but he understood that he had until November 1, 1982 to make the changes.

He explained that it wasn't until the measurement was made by the field examiner on July 6, 1979 that he realized that the system was producing so little of a quantity. He had added the booster soon after the first examination.

During the discussion with Mr. Brown, I reviewed the file and determined the following:

1. There are two rights for the same system. Permit 22-7196 was filed on 9/23/76 for 1.0 cfs by Ray M. Brown, John Brown's father. Proof of beneficial use of water was due on this permit on November 1, 1977. Permit 22-7256 was filed on 8/31/77 for 14.0 cfs by John Brown. Proof of beneficial use was due November 1, 1982.
2. The field exam on Right 22-7196 was conducted on July 6, 1979 and 10.65 cfs was found being diverted. The permit had only 1.0 cfs, therefore the field exam only recommended 1.0 cfs.

The examiner's finding that two rights existed for the same system recommended the permit holder to submit proof of beneficial use on the second permit which the Department received on October 30, 1979.

MICROFILMED

TO: File 22-7256
DATE: September 14, 1984
PAGE: 2

On August 20, 1982 another examination was made on the system. However, the field examiner considered the examination a re-exam rather than a first-time exam under Right 22-7256. The reason for this is because a field exam had been prepared for Right 22-7256 when the exam on Right 22-7196 was made on 7/6/79.

The first examination on Right 22-7256 is invalid because it was prepared before the proof to beneficial use was submitted. Therefore, the examination done on August 20, 1982 should be used for licensing of this permit.

RE: Permit No. 22-7256

Ray M. &/or John M. Brown
Box 73
Tetonia, ID 83452

Gentlemen:

A representative of this Department has made an examination of the works covered by your Permit No. 22-7256, and has found the following:

Amount of water that can be recognized as beneficially used under
Idaho law: 10.65 cfs Source: groundwater

The maximum quantity diverted shall not exceed 3357.0 acre feet
per year.

Point(s) of diversion: NW $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 16, Twp 6N, Rge 40E

Beneficial Use: Irrigation of 1119 acres within the legals as shown on
the attached land list

Priority date established: August 31, 1977

Conditions (if any): Use of water under this license is subject to control by
the watermaster of State Water District No. 01, Snake River. This right when
combined with Right No. 22-7196 shall exceed neither 10.65 cfs nor 3357.0 AFA.

*

If you do not concur with these findings, please contact us within 10 days, otherwise a water license will be issued as set forth above.

Sincerely,

JIM JOHNSON
Water Distribution Supervisor

JJ:sc

* A lockable device subject to the approval of the Department shall be maintained on the diverting works in a manner that will provide the watermaster suitable control of the diversion.

Ray M. Brown
Box 73
Tetonia, ID 83452

Dear Mr. Brown:

We acknowledge receipt of the proof of beneficial use card submitted for the above referenced permit.

Before a license can be issued, a field examination must be made by a representative of this department. We cannot tell just when this examination will be made, but our examiner will try to contact you at the time he makes the examination so that you may show him the system.

If you have any questions regarding the field examination, please contact our eastern regional office.

Very truly yours,

JACKIE S. DENNING
Senior Clerk

Ray M. Brown &/or John M. Brown
Box 73
Tetonia, ID 83452

Gentlemen:

Enclosed is a copy of your approved Application for Permit No. 22-7256. We direct your attention to the conditions of approval as listed on the fourth page.

Be sure to note that a special condition requiring you to either install and maintain a measuring device at your point of diversion or to provide the Department a certified measurement of the systems diversion capacity prior to submitting proof of beneficial use of water. We have enclosed a letter describing the different types of measuring devices accepted by this office.

Sincerely,

BOBBY D. FLEENOR
Chief, Operations Bureau

DATE October 17, 1977

TO File

SUBJECT Amendment for overlap on 22-7256

Max & Merrill Rammell filed an amendment to their permit No. 22-7212 removing that portion of their water right from the $N\frac{1}{2}NE\frac{1}{4}$, Sec. 36, T. 7N, R. 43E, which is land that belongs to Ray M. Brown. Rammell's amended the above portion to the $W\frac{1}{2}SW\frac{1}{4}$, Sec. 31, T. 7N, R. 44E under 22-7212.

CONVERSATION MEMORANDUM

DATE September 2, 1977FILE 22-7256 & 22-7212NAME OF PARTY Max RammellEMPLOYEE Loy Johnson

RE: Overlap of land description of Rammell Permit No. 22-7212 and
Ray Brown &/or John Brown, new application dated 8/31/77

At the time John Brown made the application for permit I told him the map showed Rammell's filing indicated they owned that 80 acres described as N $\frac{1}{2}$ NE $\frac{1}{4}$, Sec. 36, T. 7N, R. 43E; and suggested he get in touch with Rammells and get the matter resolved.

Max Rammell called this morning and said he checked their land description and found that Browns do own that 80 acres. I told Max he would have to amend his permit to remove the 80 acres from their land list. He said they were in the middle of their harvest, but as soon as he could get away he would be in and get everything taken care of.

Still need amendment CW 10/04/77

**NOTICE OF APPLICATION
FOR WATER PERMIT**

Notice is hereby given that Ray M. Brown &/or John M. Brown, Teton, Idaho have on 8-31-77 submitted Application No. 22-7256 for a permit to appropriate 14.0 cubic feet per second of water from a ground-water source by means of well and pump within the NW $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 16, T. 6N, R. 40E, B.M., Madison County. The water will be pumped into the Teton River and rediverted to a point within the NW $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 29, T. 7N, R. 44E, B.M., Teton County; to be used from Apr. 1 to Nov. 1 for the irrigation of 1172 acres within the SE $\frac{1}{4}$, Sec. 23, SW $\frac{1}{4}$, W $\frac{1}{2}$ SE $\frac{1}{4}$, Sec. 24, W $\frac{1}{2}$ NE $\frac{1}{4}$, NW $\frac{1}{4}$, Sec. 25, N $\frac{1}{2}$ NE $\frac{1}{4}$, Sec. 36, T. 7N, R. 43E; SW $\frac{1}{4}$ NW $\frac{1}{4}$, N $\frac{1}{2}$ SW $\frac{1}{4}$, Sec. 19, S $\frac{1}{2}$ NW $\frac{1}{4}$, SW $\frac{1}{4}$, SW $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 20, SW $\frac{1}{4}$ NE $\frac{1}{4}$, NW $\frac{1}{4}$, N $\frac{1}{2}$ S $\frac{1}{2}$, Sec. 29, T. 7N, R. 44E, B.M.

If issued, this permit will be subject to all prior water rights. Protests against the granting of the permit must be filed with the Idaho Department of Water Resources, 1515 Lincoln Road, Idaho Falls, Idaho, 83401 on or before September 28, 1977.
