IN THE MATTER OF CHANGING THE MEASURING
DEVICE REQUIREMENT FOR PERMIT NO. 22-7238

ORDER

WHEREAS, the above numbered permit was approved with the condition that a measuring device of a type approved by the Department be permanently installed and maintained as part of the diverting works; and,

WHEREAS, on July 1, 1978, the Department adopted a new water measurement condition which states: "An access port or other device as specified by the Department shall be installed by the permit holder to provide for the installation of measuring equipment and the determination of the rate of diversion by the Department"; and,

WHEREAS, the former condition required the permit holder to purchase and install a measuring device or hire a professional engineer to certify the rate of diversion; and,

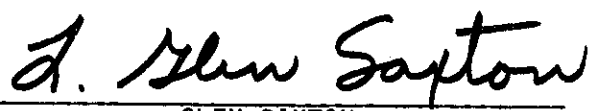

WHEREAS, the measuring device condition effective July 1, 1978, requires less capital expenditure by the permit holder; and,

WHEREAS, to be equitable to holders of permits issued prior to July 1, 1978, the new condition should be retroactive;

NOW THEREFORE, it is hereby ordered that the condition of approval of this permit related to water measurement is hereby changed as follows:

"The permit holder shall either install a measuring device or provide a certified measurement by a professional engineer or install an access port or other device as specified by the Department".

Eastern District Office

Gentlemen:

Mr. Monroe Dustin has asked that I write you this letter, in response to your advice that he register the complaint contained herein with your office.

Grant Kunz was granted permits numbered (22-7229) and (22-7238), with a well located in the SE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 36, Township 4 North, Range 44 East, Boise Meridian. Mr. Dustin says that if Kunz had drilled on the SE $\frac{1}{4}$ NE $\frac{1}{4}$ of said section it probably wouldn't have affected the springs, but instead he drilled right by the springs which feed Bouquet Creek so that the well stops the water from coming up and feeding Bouquet Creek. Last summer the creek dropped very noticeably each time the pump was in operation and then the creek would increase its flow substantially when the pump was turned off. He and the other right holders monitored the operations of that pump very carefully.

He says he complained to Art Wilson, but Mr. Wilson didn't think there was any problem. Mr. Dustin maintains that the flow records of Bouquet Creek would show that Monroe Dustin, Eunice Rogers, his sister, and Mrs. Eva K. Dustin would own the total flow of that creek, by the decreed rights that they have.

Mr. Dustin is going to build a weir and have the stream measured when the pump is off and also while it is on, and keep a record and send a copy of that record to your department. This is being done pursuant to your request so that you would have some basis for determining the relative rights of the parties involved. If there is any question I would appreciate being advised.

Yours very truly,

Ray W. Rigby

RE: Grant Kunz Permits
DATE: March 8, 1978

Monroe Dustin visited this office today to discuss what could be done about a well interfering with his surface water right out of Bouquet Creek. The well belongs to Grant Kunz and is located in the same area as the spring for Bouquet Creek. Last year was the first year Mr. Kunz used the well and Mr. Dustin contends the water in Bouquet Creek dropped considerably when the well was pumping. I suggested Mr. Dustin send the Department a written explanation of the situation, and contact the Department if the same happens this year.

Mr. Kunz's well is covered by approved permits 22-7229 and 22-7238 and is located in the SE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 36, T. 4N, R. 44E, B.M.

Gentlemen:

Enclosed you will find a legal notice which we wish to have published once a week for two consecutive weekly issues of your newspaper. We have inserted the publication dates allowing time for you to submit us a galley proof for review before publication.

After sending us a galley proof, proceed with the publication on the dates we have inserted, assuming the notice is correct. If we have any corrections, we will notify you before the first publication. If you cannot publish the notice on the proposed dates, please contact us immediately.

An affidavit of publication must be submitted to the Department along with the publication bill.

Very truly yours,

RONALD D. CARLSON
Supervisor,
Eastern Region
