The water will be rediverted from the Teton River within the SE¼NW¼, Sec. 10, SE¼SE¼, Sec. 15, T. 6N, R. 44E, B.M., Teton County; to be used from Apr.1 to Nov. 1 for the irrigation of 2,300 acres within the SW¼, Sec. 3, E½SW¼, SE¼, Sec. 4, NE¼, E½NW¼, NE¼SW¼, N½SE¼, Sec. 9, N½NW¼, SW¼NW¼, NW¼SW¼, Sec. 10, SW¼SE¼, Sec. 15. SE¼NE¼, NE¼SE¼, Sec. 16, S½SE¼, Sec. 17, E½NE¼, Sec. 19, Sec. 20 N½N½, SW¼NW¼, Sec. 21, NE¼NW¼, Sec. 22, N½, Sec. 29, T. 6N, R. 44E, B.M.

The applicant now proposes to change the points to diversion to the SE¼SE¼, Sec. 25, T. 7N, R. 40E, B.M., Fremont County; NE¼NE¼, Sec. 11, T. 6N, R. 40 E, B.M. Madison County.

Any protest to the proposed amending of the application must be filed with the Idaho Department of Water Resources, 1515 Lincoln Road, Idaho Falls, Idaho, 83401, on or before June 27, 1977.

AFFIDAVIT OF PUBLICATION

State of Idaho)
) ss
County of Teton)

I, Louisa I. Norton
being first duly sworn depose and say

that I am the publisher
of the Teton Valley News, a newspaper as defined by Idaho Codes Annotated, Section 58-106, as amended, and that said newspaper is a weekly newspaper printed and published at Driggs, in Teton County, Idaho, having a general circulation in said county, and that said newspaper has been printed in said county for more than 78 consecutive weeks prior to the first publication of the attached notice, advertisement or publication of

Water permit # 22-7209 —
Earl N. Hoopes, Rexburg

And affiant further says that said attached notice, advertisement or publication, as per clipping attached, was published in said newspaper, in the regular and entire issue thereof, and not in any supplement issue thereof,

for 2 consecutive issues thereof; first publication having been made on

the 17 day of February

19 77

and last publication on the 24

day of February, 19 77.

And affiant further says that at the times herein mentioned said newspaper was made up of at least eight pages of at least five columns each, printed from type matter, of at least sixteen and one-half inches deep.

NOTICE OF APPLICATION FOR WATER PERMIT

Notice is hereby given that Earl N. Hoopes, Rexburg, Idaho has on 2-10-77 submitted Application No. 22-7209 for a permit to appropriate 9.00 cubic feet per second of water from a ground-water source by means of well and pump within the NE¼NE¼, Sec. 11, T. 6N, R. 40E, B.M., Madison County. The water will be pumped into the Teton River and rediverted within the SE¼NW¼, Sec. 10, SE¼SE¼, Sec. 15, T. 6N, R. 44E, B.M., Teton County; to be used from Apr. 1 to Nov. 1 for the irrigation of 2,300 acres within the SW¼, Sec. 3, E½SW¼, SE¼, Sec. 4, NE¼, E½NW¼, NE¼SW¼, N½SE¼, Sec. 9, N½NW¼, SW¼NW¼, NW¼ SW¼, Sec. 10, SW¼SE¼, Sec. 15, SE¼NE¼, NE¼SE¼, Sec. 16, S½SE¼, Sec. 17, E½NE¼, Sec. 19, Sec. 20, N½N½, SW¼ NW¼, Sec. 21, NE¼NW¼, Sec. 22. N½, Sec. 29, T. 6N, R. 44E, B.M.

If issued, this permit will be subject to all prior water rights. Protests against the granting of the permit must be filed with the Idaho Department of Water Resources, 1515 Lincoln Road, Idaho Falls, Idaho, 83401 on or before March 7, 1977.

BEFORE THE DEPARTMENT OF WATER RESOURCES

OF THE STATE OF IDAHO

IN THE MATTER OF APPLICATION)
FOR TEMPORARY CHANGE OF A)
WATER RIGHT 22-7208/7209/7211/7221/7295
22-7216/7223/7235/7360/7375/7504)
TETON PIPELINE ASSOC

ORDER AUTHORIZING
TEMPORARY CHANGE TC-22-06

WHEREAS, a drought emergency has been declared for Madison County to allow administrative actions to lessen the severe impacts of the drought conditions in the counties; and

WHEREAS, section 42-222A, Idaho Code, provides that upon declaration of a drought emergency, the director of the Department of Water Resources ("Department") is authorized to allow temporary changes in the point of diversion, the place of use, and the purpose of use for valid existing water rights when the director determines that such changes can be accomplished in accordance with the provisions of section 42-222A, Idaho Code; and

WHEREAS, on 9/3/03, Teton Pipeline Assoc submitted the attached Temporary Change Application TC-22-01 to the Department; and

WHEREAS, the Department has reviewed the application and has determined the application can be approved with certain conditions;

ORDER

IT IS HEREBY ORDERED that the application is **APPROVED** subject to the following conditions:

22-7208, 22-7209, 22-7211, 22-7223, 22-7360
22-7221, 22-7295, 22-7216 22-7235,

1. Diversion and use of right no(s). 22-7375 & 22-7504 is authorized only at the point of diversion and place of use described on the application.

2. This temporary change approval does not authorize construction of a new well as a new point of diversion.

3. The applicant assumes all risk of curtailment or mitigation should the diversion and use of water under the temporary change approval cause injury to other water rights, constitute an enlargement in use of the original right, be inconsistent with the conservation of water resources within the state of Idaho, or not be in the local public interest.

4 This temporary change approval may only be used to provide a

MICROFILMED
OCT 07 2003

dg

replacement water supply to lands or other uses which normally have a full water supply, except for the drought condition. This temporary change approval may not be used to provide water for new development or to allow expansion of the use of water under existing water rights.

5. Right(s) 22-7208, 22-7209, 22-7211, 22-7221, 22-7295, 22-7216, 22-7223, 22-7235, 22-7360, 22-7375 & 22-7504 are limited to the irrigation of a total of ≈ 786.4 acres in a single irrigation season.

6. This temporary approval does not authorize the use of diversion works or a delivery system owned by or managed by a corporation or an irrigation district without the written consent of such corporation or irrigation district.

7. The applicant agrees to hold the director and the state of Idaho harmless from all liability on account of the diversion and use of water under this temporary change approval.

8. This temporary change approval does not grant any right-of-way or easement to use the diversion works or conveyance works of another person or entity.

9. The applicant shall measure the amount of water diverted and shall report the amount of water diverted under this approval.

10. The watermaster of Water District No. 01 is authorized to administer the temporary change approval.

11. This temporary change approval expires on 12/31/03 unless rescinded or extended by the director. Thereafter, the water right shall revert to the point of diversion, place of use and nature of use existing prior to the temporary change approval.

CONDITIONS OF APPROVAL AND REMARKS

1. The maximum diversion volume is defined as the maximum allowable volume of water that may be diverted annually from the source under this right. The use of water confirmed by this right is limited to the amount that can actually be beneficially used. The maximum diversion volume may be adjusted to more accurately describe the beneficial use or to implement accepted standards of diversion and use efficiency.
2. This water right is appurtenant to the described place of use.
3. This right is subject to all prior water rights and may be forfeited by five years of non-use.
4. Modifications to or variance from this license must be made within the limits of Section 42-222, Idaho Code, or the applicable Idaho law.
5. Use of water under this water right will be regulated by the watermaster of State Water District No. 01.
6. This right when combined with all other rights shall provide no more than .02 cfs per acre nor more than 3.5 afa per acre for irrigation of the lands above.
7. No demand on upstream prior rights or existing prior exchanges can be made and no interference with prior rights located between the rediversion pumps and the exchange well will be allowed even if the exchange well is pumping water into the Teton River.
8. Totalizing measuring devices shall be maintained at the exchange well and rediversion pumps from the Teton River.
9. The exchange well must inject water into the Teton River whenever water is being diverted from the river under this license, and the injection must continue after the diversion from the Teton River ceases until the water not diverted reaches the point of injection.
10. The power supply to the exchange well cannot be contracted under the power company's interruptable rules unless the power company agrees to notify the right holder at least 24 hours prior to the time the power service is terminated.

WATER RIGHT LICENSE

WATER RIGHT NO. 22-07209

CONDITIONS OF APPROVAL AND REMARKS

11. The rate of rediversion from the Teton River shall not exceed the rate of injection into the Teton River from the exchange well.
12. Unperforated well casing shall be retained above the first confining layer to prevent interference with shallow wells and recharge to the river.
13. Water is rediverted from the Central Project of the Teton Pipeline irrigation system for irrigation of lands in Sections 3, 4, 9 and 10; water is rediverted from the South Pipe Project of the Teton Pipeline system for irrigation of the remaining lands listed above.

This license is issued pursuant to the provisions of Section 42-219, Idaho Code. Witness the seal and signature of the Director, affixed at Boise, this 16th day of SEPTEMBER, 1997.

NOTICE OF CORRECTION

Notice is hereby given that Amendment No. 22-7208 in the name of Earl N. Hoopes was advertised incorrectly on November 8 and 15, 1984. The amended place of use was advertised as being in the SW¼, Sec. 3, E½SW¼, SE¼, Sec. 4, NE¼, E½NW¼, NE¼SW¼, N½SE¼, Sec. 9, N½NW¼, SW¼NW¼, Sec. 10, SW¼SW¼, SW¼SE¼, Sec. 15, SE¼NE¼, W½, N½SE¼, SW¼SE¼, Sec. 16, S½SE¼, Sec. 17, SE¼NE¼, Sec. 19, Sec. 20, N½NE¼, N½NW¼, SW¼NW¼, Sec. 21, NE¼NW¼, Sec. 22, N½NE¼, NW¼, Sec. 29, T.6N, R. 44E, B.M.

Whereas, the actual amended place of use was within the SW¼, Sec. 3, E½SW¼, SE¼, Sec. 4, NE¼, E½NW¼, NE¼SW¼, N½SE¼, Sec. 9, N½NW¼, SW¼NW¼, NW¼SW¼, Sec. 10, SW¼SW¼, SW¼SE¼, Sec. 15, SE¼NE¼, W½, N½SE¼, SW¼SE¼, Sec. 16, S½SE¼, Sec. 17, SE¼NE¼, Sec. 19, Sec. 20, N½NE¼, N½NW¼, SW¼NW¼, Sec. 21, NE¼NW¼, Sec. 22, N½NE¼, NW¼, Sec. 29, T. 6N, R. 44E, B.M.

Any protests against the granting of this permit as a result of this correction must be filed with the Idaho Department of Water Resources, 150 Shoup, Suite 15 Idaho Falls, ID 83402, on or before December 24, 1984.

ACTION OF THE DIRECTOR, DEPARTMENT OF WATER RESOURCES

This is to certify that I have examined Application for Permit to appropriate the public waters of the State of Idaho No. 22-7209, and said application is hereby APPROVED.

1. Approval of said application is subject to the following limitations and conditions:

   a. SUBJECT TO ALL PRIOR WATER RIGHTS.

   b. Proof of construction of works and application of water to beneficial use shall be submitted on or before April 1, 19 82.

   c. Other: The exchange of Teton River water for Groundwater be under the control of the Watermaster of Water District 01.
   The wells be cased and unperforated above the first confining layer to prevent interference with shallow wells and recharge to the river.
   That the measuring device of a type approved by the Department of Water Resources be installed and maintained at both the point of diversion from the river and at the point of injection.

2. ~~Denial of said application is for the following reasons.~~

Witness my hand this 15 day of April 19 77.

Dear Water Right Holder(s):

The Department of Water Resources (the Department) has issued the enclosed licenses confirming that a water right has been established in accordance with each permit referenced above. The licenses are **preliminary orders** issued by the Department pursuant to section 67-5243, Idaho Code. **They can and will become final orders without further action of the Department unless a party petitions for reconsideration or files an exception and/or brief as further described in the enclosed information sheet.**

For your records I have also enclosed copies of your Application for Amendment of Permit forms as they apply to the above referenced water right numbers.

Sincerely,

Shelley W. Keen
Water Rights Supervisor

Teton Pipeline Assn. Inc.
PO Box 272
Tetonia, ID 83452

Gentlemen:

Harold Jones of our Eastern Region Office indicated to us in Boise that you have inquired about the advertising and review of a pending transfer to consolidate all of the water rights associated with the Teton Pipeline Project. As I am sure Mr. Jones told you, the transfer cannot proceed until the water rights are licensed.

The department has been attempting for the past five years to issue licenses for the 23 water rights in the name of Teton Pipeline Assn., Inc. At this point nearly all the rights are ready to be licensed. However, for several months we have been waiting for you to sign amendment forms for permits 22-07180 and 22-07209 and to submit documentation concerning an additional 19 acres being irrigated under permits 22-07120 and 22-07208. Sharla Curtis of this office has asked you for this information on several occasions. In case you have misplaced the amendment forms sent to you earlier, I have enclosed new ones for you. The amendment fee has already been paid for both.

I plan to send licenses for all 23 rights forward for signature in 14 days. If I have not received the amendments and written documentation within that time, the department will issue water right licenses listing only the number of acres that can be allowed without the amendments and documentation.

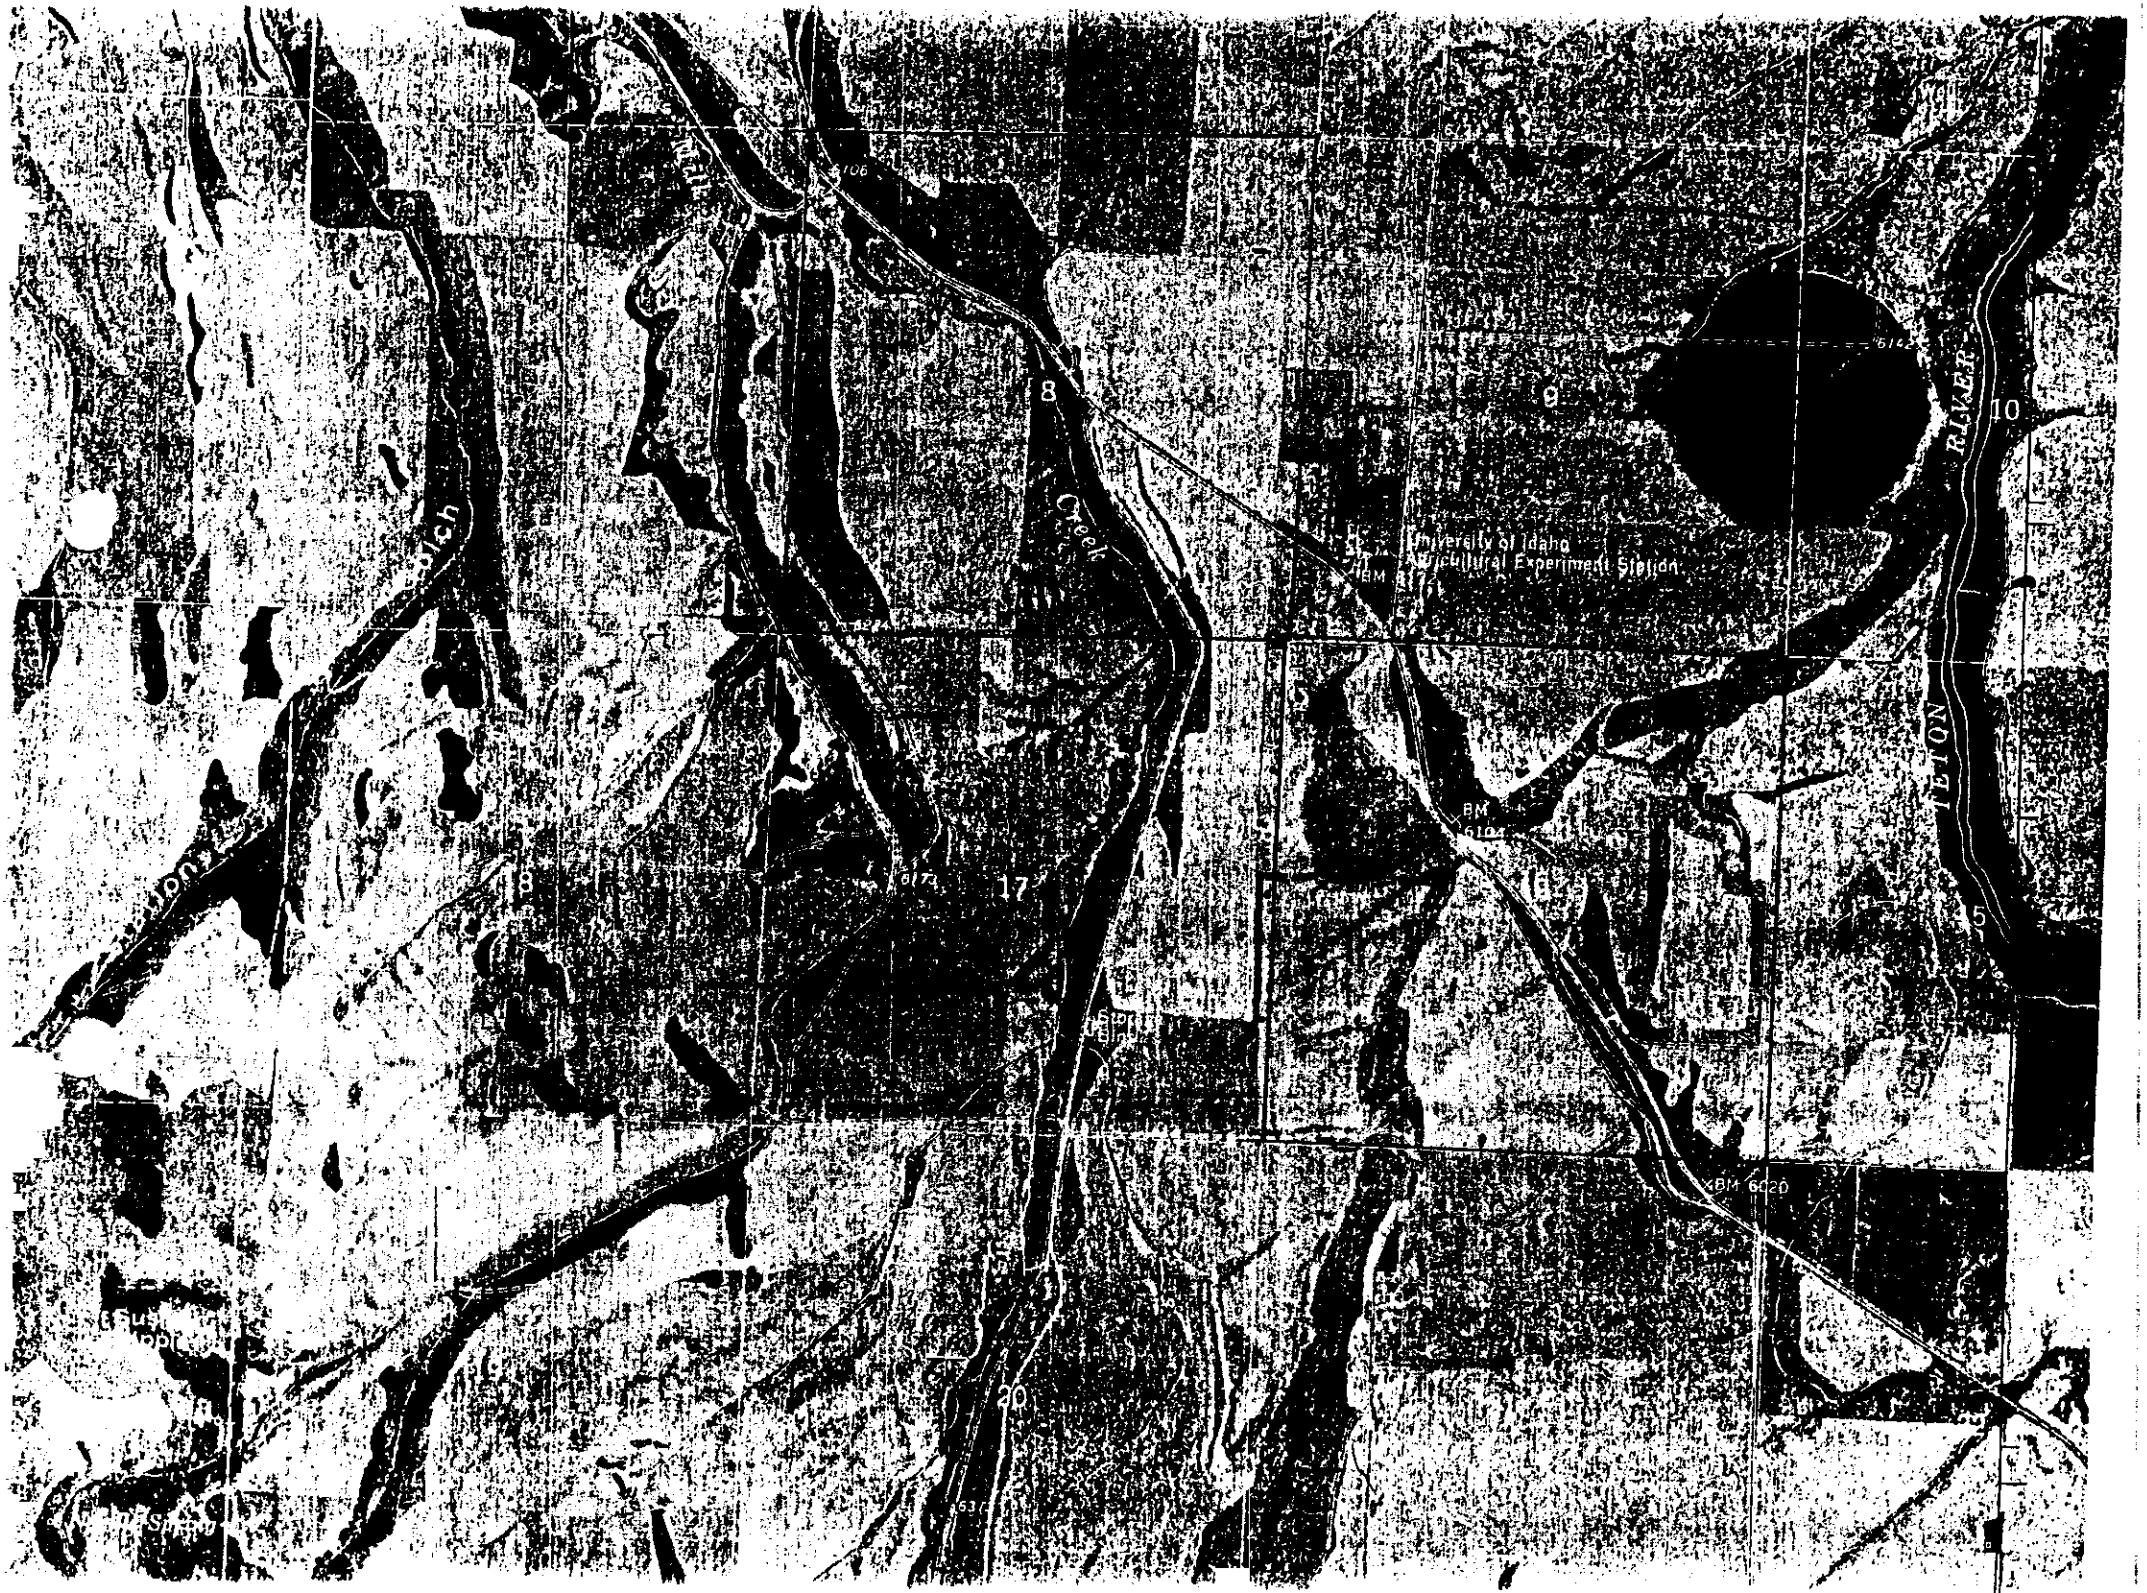

If you have any questions, please call me at (208) 327-7946.

Sincerely,

Shelley W. Keen
Water Rights Supervisor

RE: Teton Pipeline Assn. Inc. Water Rights

Roger Hoopes
PO Box 70
Rexburg, ID 83440-0070

Dear Roger:

I've had a chance to collect the information we talked about in our meeting last week. I guess the best place to start is with the easiest of explanations.

I've enclosed copies of the original permits and the aerial photos submitted by the field examiner for those permits which are ready to be licensed without amendments. I've also enclosed profile reports which show the parameters of the proposed licenses. In most cases, there is a reduction in acres as we discussed. Keep in mind that the proposed license for Permit 22-07120 may be amended to reflect the acres irrigated up to the highway - I will discuss that later in my letter.

I've enclosed the amendment for Permit 22-07295, which was overlooked previously. This amendment along with those for Permit Nos. 22-07116/07121/071257/07209/07375 need to be signed and returned to me at your earliest convenience.

The amendment for Permit No. 22-07208 falls into the same category as the proposed license for 22-07120 mentioned above. It appears that there is an elevation change from the rest of the lands shown by the examiner as irrigated. I ask that you provide a written statement as to how these additional acres are irrigated. Your statement can be used to document the files as to why additional acres are proposed for licensing from what the examiner recommended. I would estimate the additional acres to be about 19.

Next, you disagreed with the amendment for Permit No. 22-07180; specifically, the amendment shows irrigation of only the SENE and NESE of Section 16 and you stated that most of the entire section is irrigated under this right. I have examined a Landsat photo from July of 1988 and could verify irrigation in the W½SW¼, E½NW¼, SENE and N½SE¼. It is possible for us to include acres in these ¼¼'s based upon the Landsat evidence, however, you should be aware

that the previous amendment included 478 acres and the permit originally allowed 640. Therefore, only a maximum of 168 acres can be added. I will wait to hear from you as to your agreement before I prepare another "amended" amendment.

We also talked about the rights originally in the name of J. Clint Hoopes. You stated that the reduction of acres on those rights was caused by the transferring of water to other acres which was never documented. I have discussed this matter with Jim also and I'm glad to say that the door isn't totally closed in this matter. If you can provide evidence that other lands were irrigated under these rights prior to the time proof of beneficial use was submitted, consideration will be given to allowing the addition of those acres. In addition to this evidence, you need to provide documentation as to why the place of use was moved, where the new acres are located and how many acres, as well as provide a system diagram to show how this "amended" place of use relates to these permits. I believe the permit numbers in question are 22-07208, 22-07121 and possibly 22-07375.

Finally, in regards to the new point of diversion we talked about being used for irrigation of lands within your system, the time to reflect the addition of this point of diversion is on the currently pending transfer you have before the department. After this batch of permits are licensed, you will no doubt want to take another complete look at the transfer and make whatever adjustments are necessary with the new licenses in mind and this would be the best opportunity to pick up the other point of diversion.

Well, I think that about wraps it up. We are making progress, really!! After you've had a chance to review all of this, give me a call or drop me a line if I can be of further assistance.

Sincerely,

Sharla

Re: TETON PIPELINE ASSOCIATION, Inc. Water Rights

Dear Ms. Curtis:

The purpose of this letter is to confirm our telephone conversation earlier this morning. From that telephone conversation I understand that:

1. Your office will extend the deadline until December 15, 1994 to return the Amendments which you sent by cover letter dated November 17, 1994; and

2. That you will be sending me copies of the field examiner's reports for all the Water Rights referred to in your November 17, 1994 letter.

If my understanding is incorrect in any respect, please let me know.

There are a couple of other matters that I would like clarified. Your letter of November 17, 1994 makes reference to twenty one (21) different permits. Our records show that two (2) of these Water Rights (22-07100 & 22-07122) are licenses. Should these even have been made reference to in your letter? You sent us fourteen (14) amendments and one (1) abandonment. If my arithmetic is correct (21 minus 2 minus 14 minus 1) there are four permits that are not dealt with. May we assume that these will go to license without any changes, modifications, or amendments? Please let me know.

We at TETON PIPELINE ASSOCIATION appreciate you help and assistance on this matter. Thank you very much.

Sincerely yours;

R. J. Hoopes, Esq.

DIRECTOR

November 17, 1994

RE: Teton Pipeline Assn. Inc. Water Rights

Teton Pipeline Assn. Inc.
PO Box 272
Tetonia, ID 83452

Gentlemen:

The following rights have recently been assigned to Teton Pipeline Assn. Inc. and the department's computer records have been modified to reflect this change of ownership:

Application for Permit Nos. 22-07504/07505/07667/07673
Permit Nos. 22-07108/07111/07116/07119/07120/07121/07122/
07148/07157/07180/07186/07208/07209/07211/
07216/07221/07223/07235/07295/07360/07375

The Department is ready to finalize license issuance for a number of the above mentioned rights. Before licenses can be issued on the majority of the permits, the permits must be amended to correspond with the findings of the Department's field examiner.

The enclosed Applications for Amendment contain information that will be included on the licenses when they are issued. The amendments reflect changes in the locations of the place of use descriptions. Please review carefully and if you concur, sign the amendments and return with the filing fees within 14 days ($50.00 for each amendment). A $20.00 amendment fee was previously paid for Permit No. 22-07180; this fee can be credited to the amendment fees now sought.

Also enclosed is a relinquishment form for Permit No. 22-07221. Permit Nos. 22-07211 and 22-07295 supply the maximum volume for the acres covered under the three permits, therefore, no additional beneficial use was found under Permit No. 22-07221. In order for us to clear our records of this right, we ask that you sign the relinquishment form and return it with the amendments for the other permits.

Once we have received the relinquishment form and applications for amendment, we can proceed with license issuance. If you have any questions, feel free to contact our office.

Sincerely,

Sharla Curtis

RE: **Assignment Fees**

The assignments of numerous "Teton Pipeline" rights were received after July 1, 1994 when fees became required for assignments. These assignments, however, had been solicited by the department prior to July and it was decided that no fees would be charged for the assignments to Teton Pipeline Assoc., Inc.

Correspondence concerning these assignment forms can be found in Right 22-07122.

November 2, 1995

Roger Hoopes
Box 70
Rexburg, ID 83440

Dear Mr. Hoopes:

Well, are you ready for the next round? Some time has passed since we last discussed the rights we are trying to license in the name of Teton Pipeline Assn. Inc.

You will recall that one of the last things we had discussed was the reduction under several of the permits of some acres originally owned by J. Clint Hoopes. The reduction was caused by the transferring of water to other acres but this had never been documented with the department. When you, Jack and I had spoke, you both indicated that you would sign off on the reduced amendments if the two applications for permit which had been filed to cover these lands would be approved. Believe it or not, enclosed are the approved permits.

With this new development, I would like to arrange a meeting with you to finalize the licensing process for the remaining permits. Amendment fees still need to be paid, several of the amendments need to be signed, etc. We could hopefully wrap this up so that the licenses can be forwarded for signature. Please give me a call (208)327-7945 at your earliest convenience so we can schedule such a meeting. I look forward to hearing from you.

Sincerely,

Sharla

Conditions of Approval:

R04 - Use of water under this water right will be regulated by the
- watermaster of State Water District No. 01.

Conditions of Approval:

R30 - This right when combined with all other rights shall provide no
- more than .02 cfs per acre nor more than 3.5 afa per acre for the
- lands above.

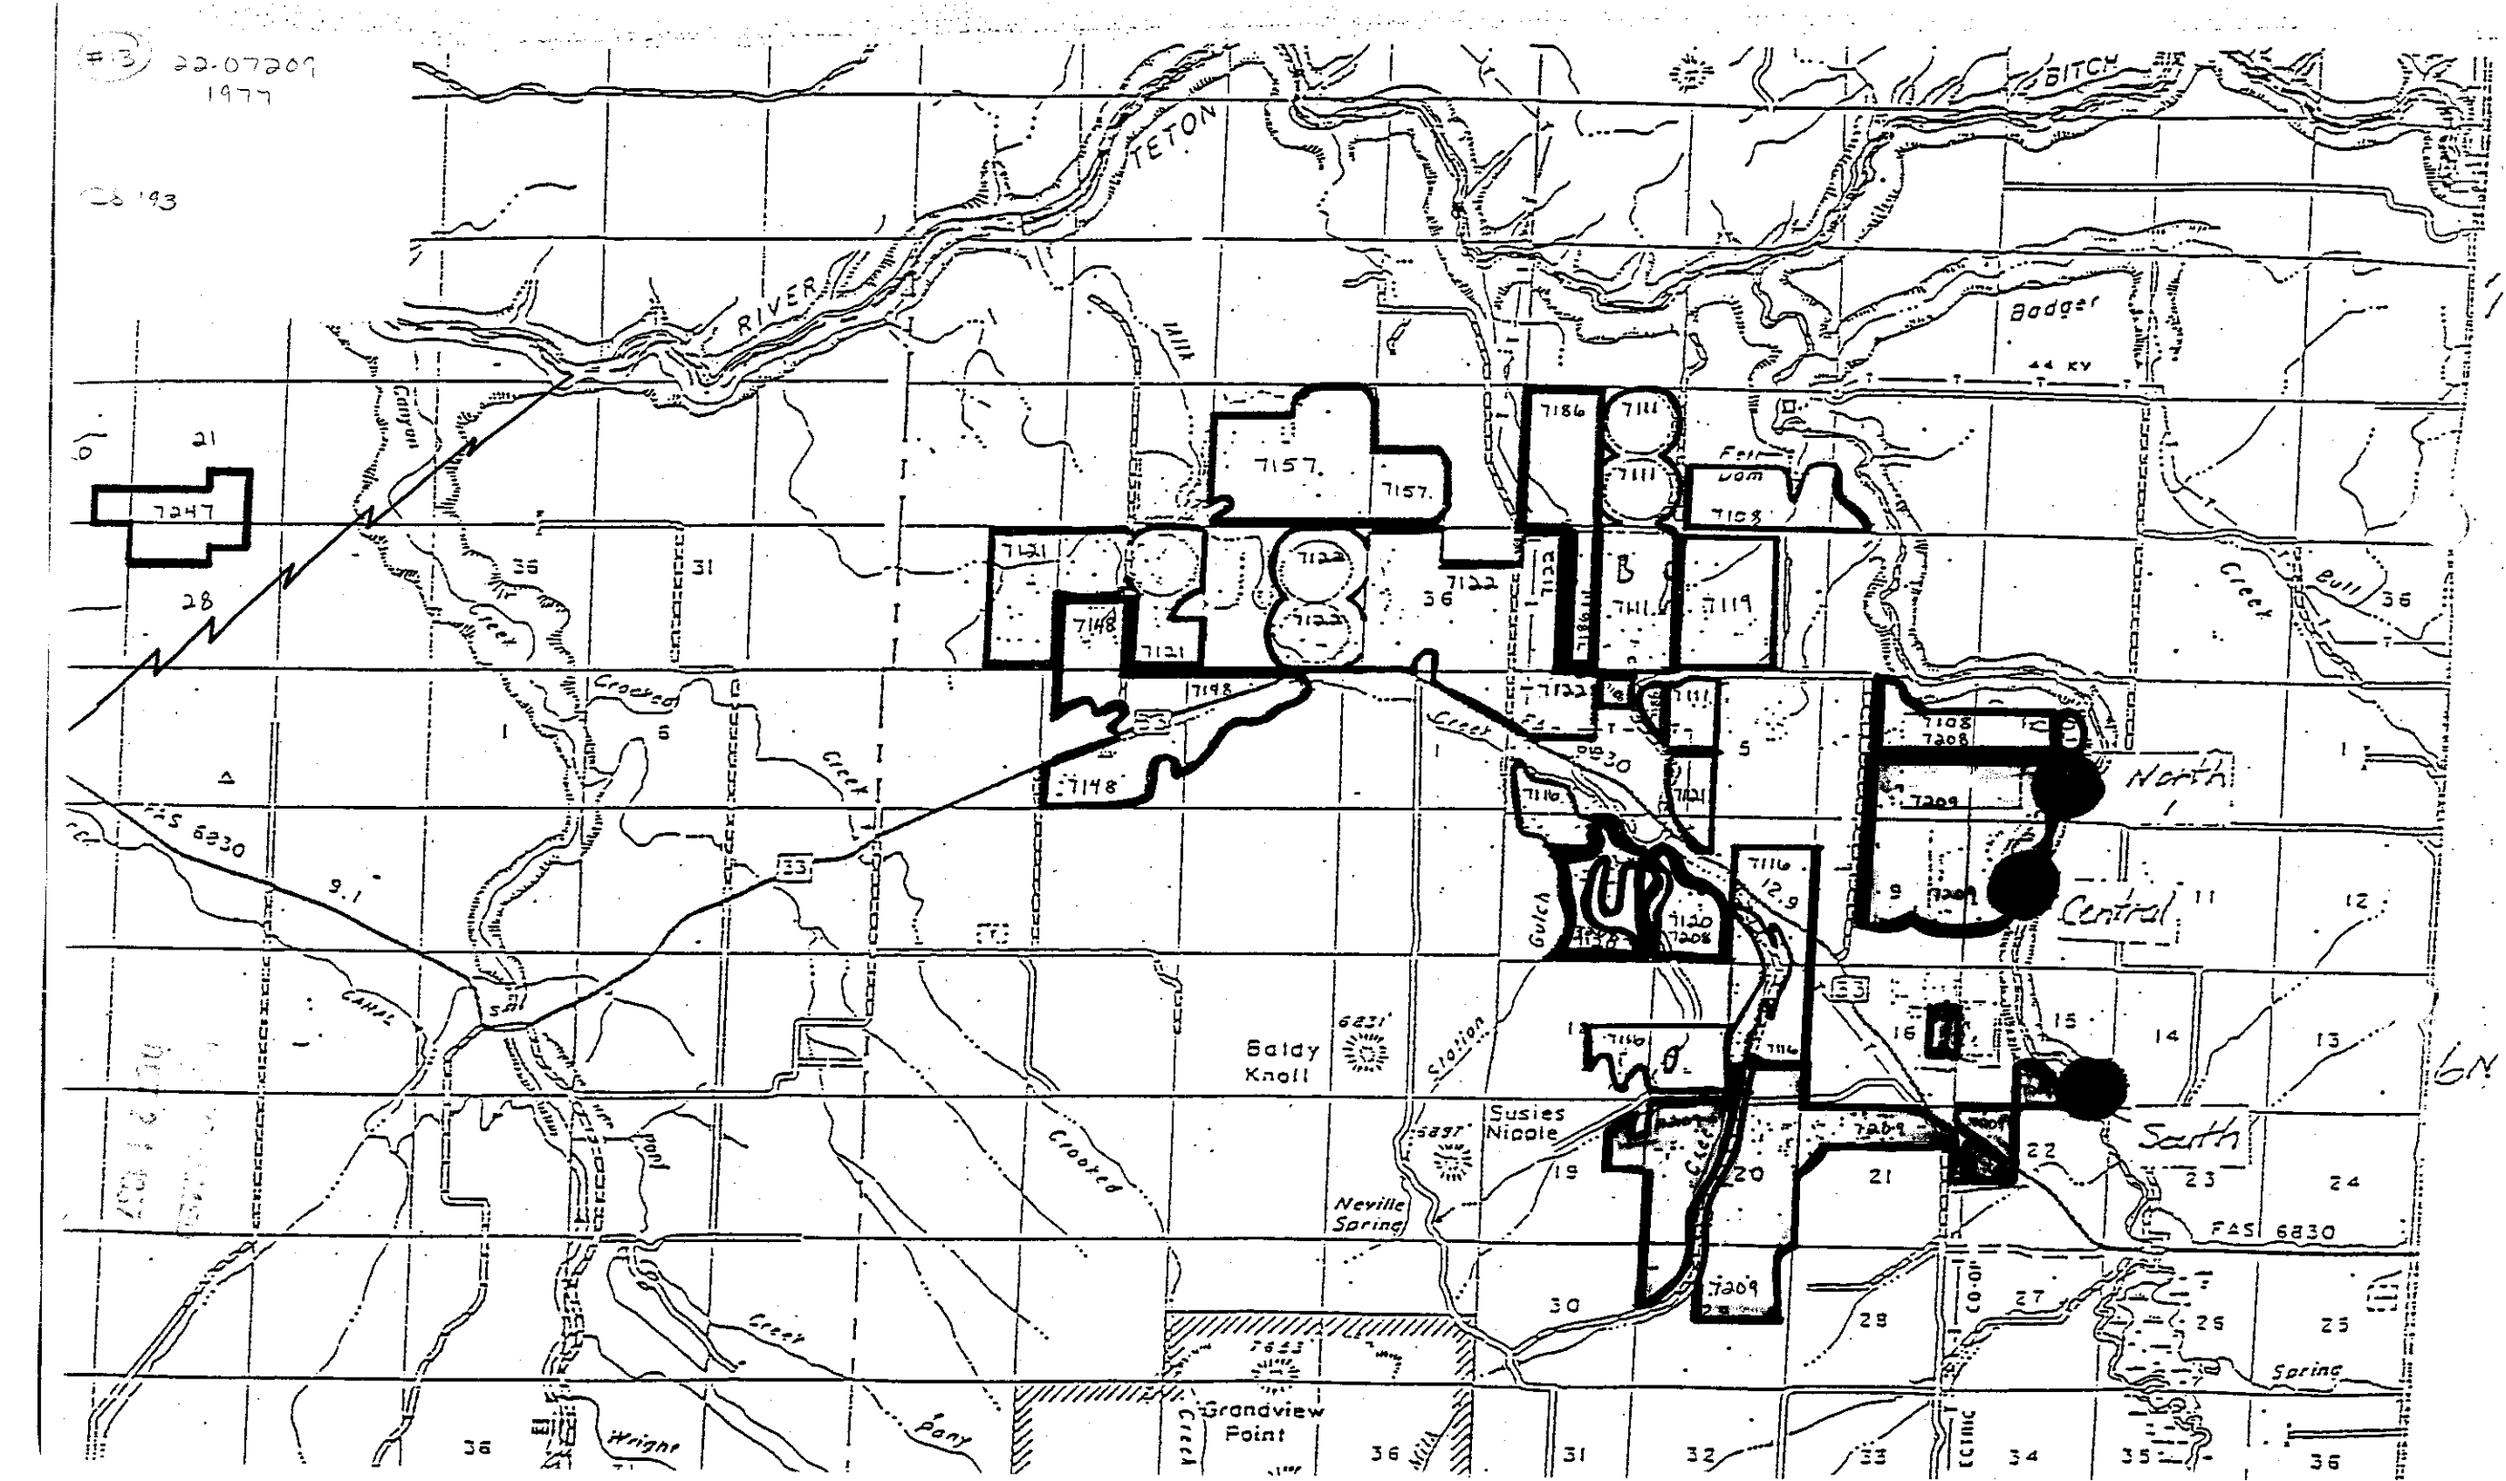

Remarks: No demand on upstream prior rights or existing prior exchanges can be made and no interference with prior rights located between the rediversion pumps and the exchange well will be allowed even if the exchange well is pumping water into the Teton River.
Totalizing measuring devices shall be maintained at the exchange well and rediversion pumps from the Teton River.
The exchange well must inject water into the Teton River whenever water is being diverted from the river under this license, and the injection must continue after the diversion from the Teton River ceases until the water not diverted reaches the point of injection.
The power supply to the exchange well cannot be contracted under the power company's interruptable rules unless the power company agrees to notify the right holder at least 24 hours prior to the time the power service is terminated.
The rate of rediversion from the Teton River shall not exceed the rate of injection into the Teton River from the exchange well.
Unperforated well casing shall be retained above the first confining layer to prevent interference with shallow wells and recharge to the river.
Water is rediverted from the Central Project of the Teton Pipeline irrigation system for irrigation of lands in Sections 3, 4, 9 and 10; water is rediverted from the South Pipe Project of the Teton Pipeline system for irrigation of the remaining lands listed above.

MEMORANDUM

TO:FILE #22-7209

FROM:ROXANNE MCCARTHY

RE: TETON PIPELINE REVIEW

DATE: 13-JUL-1989

==========

This is the fourteenth in a series of files that I am reviewing prior to licensing. All of the files have become collectively known as the "Teton Pipeline".

This right should be licensed without condition because the capacities have not been exceeded by prior rights.

The field examiner has recommended a complex "splitting" of these rights to indicate ownership of the diversion and rediversion works. This is not consistent with previous actions by the Department and I recommend that this idea be rejected. In addition, this right should not be split into A and B portions as the diversion point is the same for each plot of land. The rediversion works are separate.

WATER RIGHT LICENSE

22-7209A

22-7209A

License of Water Right No. 22-7209 Priority _____ Amount 9.14 cfs 9.00

THIS IS TO CERTIFY, that Earl N. Hooper

of P.O. Box 97 Tetonia Ashton Id., has complied with the terms and conditions of Permit

No. 22-7209 issued pursuant to Application for Permit dated _____,

and has submitted proof to the Department of Water Resources on _____,

that he has applied water to a beneficial use; an examination by the Department indicates that the works have a

capacity for the diversion of 18.28 cfs of water from a groundwater source,

tributary to _____, and that the permit holder has applied to a beneficial use and

established a right to use water as follows:

Beneficial Use	Period of Use	Rate of Diversion	Annual Volume
Irr. from	April 15 to Oct 15	at 9.14 cfs and	3317.64 3879.65
from	to	at cfs and	
from	to	at cfs and	

(both dates inclusive)

Subject, however, to the condition that no more than 9.14 of water be diverted at any one time, and that the amount of water so diverted and to which such right is entitled and confirmed for the purpose aforementioned and is limited to the amount which can actually be beneficially used and shall not exceed 3317.64 3879.65 acre feet per year, said waters to be diverted within the NE¼ NE¼ Sec 11 T6N R40E Madison County SESE Sec 25 T7N R40EBM Fremont County in exchange for water Token in SESE Sec 15 + SENW¼ Sec 10 T6N R44EBM in Teton County in the County of Fremont

22-7209A
Permit No.

REDIVERSION SOUTH PROJECT

1. **Measurement Calculations**

a) Field Measurement Calculations (Include theoretical capacities and system capacity)

PERMIT 9.0cfs / 2103ac = 0.0042796 cfs/ac

Well Sec25 0.01ac-ft/68sec = 6.41cfs EARL owns 50% ∴ Q = 9.14

Well Sec 11 0.01 ac-ft/36.7sec = 11.87cfs

18.28cfs

MOST LIMITING FACTOR IS THE PERMIT FOR 9.0cfs ÷ by 2103 acres = 0.00427 cfs/ac

SPLIT RIGHT INTO 22-7209A (South Rediversion) & 22-7209B (Central Rediversion)

22-7209A (1332ac)
EARL Hoopes owns 50%
South Project = 7.68cfs

22-7209B (771 ac)
EARL Hoopes owns
100% Central Project

Q = 1332ac x 0.0042796 cfs/ac = 5.70cfs Most Limiting factor

∴ Q = 5.70cfs

b) Volume Calculations for Irrigation:

$V_{I.R.}$ = (Acres Irrigated) x (Irrigation Requirement) = 1332ac x 3.0afa = 3996 afa

$V_{D.R.}$ = [Diversion Rate (cfs)] x (Days in Irrigation Season) x 1.9835 = 5.7cfs x 1.9835 x 183 = 2068.99

V = Smaller of $V_{I.R.}$ and $V_{D.R.}$ = 2068.99

c) Volume Calculations for Other Uses:

2. **Overlap Review**

a) Other water rights with same place of use: 22-7044A/7044B/7180/0288D/0551B/0552B/0555B/7100/7159

b) Other water rights with same point of diversion: 22-7208A&B

c) Analysis: R01 measuring device & lockable control structure at both the point of diversion and point of re-diversion

R04

Right limited to 50% ownership of South Project ie 7.68cfs
however proportion share of Permit 9.0cfs = 5.70cfs
R17 (Item "a" above) (7.68cfs) thru the South project

R29

Portions of Lands under 22-7209A are not covered by surface rights; therefore,
CONDITION: Unless supplemental water is obtained prior to each irrigation season for NW¼SE¼ Sec 15, T6N, R44E. Irrigation of said land will require that the groundwater exchange wells be in operation

Surface Exchange Capacity

THE PERMIT HOLDERS ON THE THREE TETON PIPELINE SYSTEMS, DIRECTED THE DEPARTMENT TO ISSUE THEIR WATER RIGHT LICENSES BASED ON EACH USERS PERCENTAGE OF OWNERSHIP IN THE RESPECTIVE SYSTEM(S). CONSEQUENTLY THE REGIONAL OFFICE USED THREE CRITERIA FOR DETERMINING THE INSTANTANEOUS MAXIMUM FLOW & ANNUAL VOLUME. THEY WERE: % of OWNERSHIP, PERMIT AMOUNT AND MEASURED AMOUNT. THE MOST RESTRICTIVE OF THE THREE WAS USED IN OUR RECOMMENDATIONS; WHICH IN THE MAJORITY OF INSTANCES IS PERCENTAGE OF OWNERSHIP.

THE PERCENTAGE OF OWNERSHIP WAS OBTAINED FROM THE PERMIT HOLDERS AND IS LISTED ~~ACCOUNT~~. ON ~~FILE~~ THE FILE MEMO DATED 18 NOV 86.

Memo

Harold Jones (Alias Skip) 3/6/84

Dear Skip

As I had mentioned to you earlier last week I am sending information over on the Teton Pipe Line. As with Beaver creek ranches (one application on many seperate system pivots) this is just about the opposite and we have several applications on what I feel could have been possibly 4, 6 or maybe 7. Be whatever we will make do with what we have.

I will mention at this point, that if at any time you see a simpler way of reaching the ultimate goal (issuing the licens) please let me know.

I will bring out a few miscellaneous items first, a lot of the land was dry farm wheat before bringing in the irigation system so the photos don't help to much.

There are four systems under the name of "Teton Pipe Irrigation association.

#1 Clementeville Pipeline Inc. 1286 gpm

a 26" dia pipe, measured 28.7 cfs [redacted].

The following people are owners in this line based on money invested

Max & Merrel Rammel	20%	2576gpm	5.74cfs
Demar Bott	20%	2576gpm	5.74cfs
Ed Parkinson	20%	2576gpm	5.74cfs
Clint Hooper	20%	2576gpm	5.74cfs
Darrel & Roni Ard	8%	1032gpm	2.30cfs
Allen Nelson	12%	1543.9gpm	3.44cfs

#2 Ard & Hooper (Wood Project)

~~Buried~~ a 16" dia pipe measured 3931.1 gpm 8.76cfs

The following people are owners in this line on money invested

Darrel Ard	50%	4.38cfs
Clint Hooper	50%	4.38cfs

#3 Boelke (Control Project)

20" dia pipe measured 2699.19gpm 6.02cfs

The following person is owner of this line:

Earl Hooper (Circle Ranch) 100%

#4 South Pipe Line
20" dia pipe measured 6895.3 gpm 15.36 cfs

The following persons are owners in this line based on investment.

Earl Hooper -	50%	3447 gpm	7.68 cfs
Rex + Larry Ard	33.3%	2293.4 gpm	5.11 cfs
Clint Hooper	16.7%	1153.42 gpm	2.57 cfs

July 18, 84

I had attempted to have them assign the permits to an organizational name but they wouldn't go for that. They all wanted the water rights in their own name (not that it make any difference once the rights are licensed.

So I propose to condition each license such that when combined with other licenses from the same point of diversion or diversions the capacity of the system will not be exceeded. From an administrative point for the water Master (R.D.C.) as long as they don't exceed the capacity from the river, or exchange wells, also dividing the water based on money invested is how they requested it be done, and I don't foresee any problem developing from this even if some filed a transfer to a new Point of Diversion. Do you agree?

All except for Two and a half of the licenses were written up in 1980, and in a brief review I found a few mistakes and omissions. Please look them over carefully and if you would, put the conditions above mentioned on each license in addition

to any other overlap conditions. Or if you disagree with my proposal or find additional errors I will make the adjustments.

Please get back with me that you have received these roughs drafts, (total of 17). I am sure you will have more questions so please feel free to discuss it. thanks for your [redacted] patience.

Very Truly

WATER RIGHT LICENSE

22-7209B

License of Water Right No. 22-7209 Priority _____ Amount 9.14 cfs

THIS IS TO CERTIFY, that Earl N. Hooper

of P.O. Box 688 Tetonia Ashton Id., has complied with the terms and conditions of Permit No. 22-7209 issued pursuant to Application for Permit dated _____, and has submitted proof to the Department of Water Resources on _____, that he has applied water to a beneficial use; an examination by the Department indicates that the works have a capacity for the diversion of 18.28 cfs of water from a groundwater source, tributary to _____, and that the permit holder has applied to a beneficial use and established a right to use water as follows:

Beneficial Use	Period of Use (both dates inclusive)	Rate of Diversion	Annual Volume
Irr.	from April 15 to ~~Nov 1~~ Oct 15	at 9.14 cfs and	3317.64 3879.65
	from _____ to _____	at _____ cfs and	_____
	from _____ to _____	at _____ cfs and	_____

Subject, however, to the condition that no more than 9.14 of water be diverted at any one time, and that the amount of water so diverted and to which such right is entitled and confirmed for the purpose aforementioned and is limited to the amount which can actually be beneficially used and shall not exceed 3317.64 3879.65 acre feet per year, said waters to be diverted within the NE NE Sec 11 T6N R40E of Madison County SE SE Sec 25 T7N R40E BM Freemont County in exchange for water taken in SE SE Sec 15 + SE NW Sec 10 T6N R44E BM in Teton County in the County of Freemont

Standard Journal
P.O. Box 10
Rexburg, ID 83440

Gentlemen:

We are resubmitting a legal notice to be published on December 20 and 27, 1984. This notice was originally published in your paper on November 8 and 15, 1984. Unfortunately, it was advertised incorrectly. As we had no way of checking the accuracy of this notice before it went to print we, therefore, request this be readvertised again at your expense.

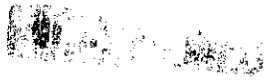

To prevent future problems in this matter, please submit a galley proof before the first date of publication. If we have any corrections, we will notify you; otherwise, assume the notice is correct. If the administrative procedures of your paper will not allow time for making corrections by submitting a galley proof, we will be glad to review the notice with you by telephone prior to publication. If you cannot publish the notice on the proposed dates, please contact us immediately.

An affidavit of publication must be submitted to this office by January 7, 1985. Your cooperation in this matter is greatly appreciated.

Very truly yours,

CHERYL ZEMP
Secretary

Gentlemen:

Enclosed you will find a legal notice which we wish to have published on the dates indicated (once a week for two consecutive weekly issues) in your newspaper. We have allowed ample time for you to submit a galley proof to this office for review before the first publication date. If you cannot publish the notice on the proposed dates, please contact us immediately.

An affidavit of publication must be submitted to the Department along with the publication bill. Your cooperation is appreciated.

Please send the affidavit of publication and publication billing to this office before NOVEMBER 26, 1984.

Yours truly,

RONALD D. CARLSON

RECEIVED

NOTICE OF PROPOSED AMENDING OF WATER PERMIT

Notice is hereby given that Permit No.22-7209 in the name of Earl N. Hoopes was issued for the diversion of 9.0 cfs of water from a groundwater source with points of diversion within SE¼SE¼, Sec. 25, T. 7N, R. 40E, B.M. Fremont County; NE¼NE¼, Sec. 11, T. 6N, R. 40E, B.M., Madison County; to used for the irrigation of 2300 acres within the SW¼, Sec. 3, E½SW¼, SE¼, Sec. 4, NE¼, E½NW¼, N½SE¼, Sec. 9, N½NW¼, SW¼NW¼, NW¼SW¼, Sec. 10, SW¼SE¼, Sec. 15, SE¼NE¼, NE¼SE¼, S½SE¼, Sec. 17, E½NE¼, Sec. 19, Sec. 20, N½N½, SW¼NW¼, Sec. 21, NE¼NW¼, Sec. 22, N½, Sec. 29, T. 6N, R. 44E, B.M.

The permit holder now proposes to amend Permit No. 22-7209, changing the point of diversion to the NE¼NE¼, Sec. 11, T. 6N, R. 40E, Madison County.
B.M.∧Exchange points from Teton River: SE¼NW¼, Sec. 10, T. 6N, R. 44E, SE¼SE¼, Sec. 15, T. 6N, R. 44E, B.M., Teton County and the place of use to the SW¼, Sec. 3, E½SW¼, SE¼, Sec. 4, NE¼, E½NW¼, NE¼SW¼, N½SE¼, Sec. 9, N½NW¼, SW¼NW¼, NW¼SW¼, Sec. 10, SW¼SW¼, SW¼SE¼, Sec. 15, SE¼NE¼, W½, N½SE¼, SW¼SE¼, Sec. 16, S½SE¼, Sec. 17, SE¼NE¼, Sec. 19, Sec. 20, N½NE¼, N½NW¼, SW¼NW¼, Sec. 21, NE¼NW¼, Sec. 22, N½NE¼, NW¼, Sec. 29, T. 6N, R. 44E. B.M.

Any protest to the proposed amending of the permit must be filed with the Idaho Department of Water Resources, 150 Shoup, Suite 15, Idaho Falls, ID, 83402, on or before Nov. 26, 1984.

Earl M. Hoopes
Box 686
Rexburg, ID 83440

Dear Mr. Hoopes:

We acknowledge receipt of the proof of beneficial use card submitted for the above referenced permit.

Before a license can be issued, a field examination must be made by a representative of this department. We cannot tell just when this examination will be made, but our examiner will try to contact you at the time he makes the examination so that you may show him the system.

If you have any questions regarding the field examination, please contact our eastern regional office.

Very truly yours,

[illegible]

STATE OF IDAHO

DEPARTMENT OF WATER RESOURCES

PROOF OF APPLICATION OF WATER TO BENEFICIAL USE

1. a) Name of Permit Holder Earl N. Hoopes

   b) Post Office Address Box 688 Rexburg, Idaho 83440

2. Permit Number 22-7209

3. Date of Priority that you are prepared to establish 2-10-1977

4. a) Source from which water was appropriated Ground water

   b) Location of the point of diversion: NE ¼ NE ¼, Section 11

   Township 6N, Range 40E Boise Meridian, Other points of diversion:

   Also SE¼SE¼ Sec 25 T 7N R 40E. Rediversion point of SE¼NW¼ Sec 10; SE¼SE¼ Sec 15 T 6N R 44E

5. a) The amount of water and use to which the water has been applied:

   Amount 9 cfs (cfs and/or acre-feet per annum) for irrigation purposes from April 1 (Month-Day) to November 1 (Month-Day) incl.

   Amount _____ (cfs and/or acre-feet per annum) for _____ purposes from _____ (Month-Day) to _____ (Month-Day) incl.

   Amount _____ (cfs and/or acre-feet per annum) for _____ purposes from _____ (Month-Day) to _____ (Month-Day) incl.

   b) Total amount appropriated 9.0 cfs cfs and/or acre-feet per annum

   c) Describe how and by whom measurement of rate of flow or amount of storage was made and the qualifications of the person making the measurement: GPM meters

6. If the means of diversion and conveyance are owned by someone other than the Permit Holder:

   a) Give the name or description of the canal, ditch or other works by which the water is conducted to the place of use: N/A

   b) Describe the agreement or understanding by which you take water from the works:

7. a) Briefly describe the works for diverting and conveying the water to the place of use, (if from a subterranean source, give the pump size, motor size, size of well casing, depth of well; if from surface water, give brief description of diversion structure and/or canal or ditch) The exchange well in the NE¼NE¼ of section 11 has a 100 HP motor, is 405' deep and is a 20" hole with casing down to 60'. The well in the SE¼SE¼ section 25 has a 150 HP motor, is 140' deep and is cased to 140'.

   b) Describe the type and size of measuring device which you have installed at your point of diversion: GPM meter

   c) Give well driller's name and address and the date the well was completed:

   Doug Cushman Drilling Company 5-17-77

   Hopin Brothers 6-77

8. If for other than irrigation, describe the beneficial use to which you have applied the water and the place of use: MUNICIPAL

7/24/79

9. Irrigation uses: describe the lands irrigated by giving the acreages irrigated within each 40 acre subdivision: _____

T	R	SEC.	NE¼				NW¼				SW¼				SE¼				TOTAL
			NE¼	NW¼	SW¼	SE¼	NE¼	NW¼	SW¼	SE¼	NE¼	NW¼	SW¼	SE¼	NE¼	NW¼	SW¼	SE¼

Dear Mr. Hoopes:

Enclosed is a copy of your approved Application for Permit No. 22-7209 . We direct your attention to the conditions of approval as listed on the fourth page.

Be sure to note that a special condition requiring you to install and maintain a measuring device at your point of diversion has been placed upon your permit. We are enclosing a letter describing different types of measuring devices accepted by this office.

Sincerely,

BOBBY D. FLEENOR
Chief, Water Rights

Enclosure: Copy of permit

RECEIVED
MAR 7 1977
Department of Water Resources
Eastern District Office

BEFORE THE DIRECTOR OF THE IDAHO DEPARTMENT OF WATER ADMINISTRATION

IN THE MATTER OF THE APPLICATION OF EARL N. HOOPES, NUMBER 22-7209 FOR PERMIT TO APPROPRIATE 9.00 CFS FROM THE TETON RIVER.	)))	PROTEST OF THE FREMONT-MADISON IRRIGATION DISTRICT

Comes now the Fremont-Madison Irrigation District, a quasi-municipal corporation of the State of Idaho, with its office and post office address at St. Anthony, Idaho, and in response to notice given that Earl N. Hoopes, Rexburg, Idaho, made application No. 22-7209 for a permit to appropriate 9.00 cubic feet per second of water from a ground-water source by means of well and pump within the NE¼NE¼, Sec. 11, Township 6 North, Range 40 East, Boise Meridian, Madison County. The water will be pumped into the Teton River and rediverted within the SE¼NW¼, Sec. 10, SE¼SE¼, Sec. 15, Township 6 North, Range 44 East, Boise Meridian, Teton County; to be used from April 1 to November 1 for the irrigation of 2,300 acres within the SW¼, Sec. 3, E½SW¼, SE¼, Sec. 4, NE¼, E½NW¼, NE¼SW¼, N½SE¼, Sec. 9, N½NW¼, SW¼NW¼, NW¼SW¼, Sec. 10, SW¼SE¼, Sec. 15, SE¼NE¼, NE¼SE¼, Sec. 16, S½SE¼, Sec. 17, E½NE¼, Sec. 19, Sec. 20, N½N½, SW¼NW¼, Sec. 21, NE¼NW¼, Sec. 22, N½, Sec. 29, Township 6 North, Range 44 East, Boise Meridian, and makes the following Protest against the approval of such application:

1. That the supply of ground water is not sufficient to warrant the granting of such application as it will reduce the existing quantity of water under existing water rights, especially if there are drought conditions in this coming season and future seasons.

2. That the anticipation of the applicant to transfer waters through the Teton River is speculative because of the lack of sufficient water now in the Teton

River to fill all existing rights and any such attempts to "transfer" water will not be beneficial as the proposed pumps used to re-charge the river are below the major canal diversions on the river and therefore changing points of diversion would necessarily reduce the quantity of water in the Teton River and reduce existing water rights.

3. That the applicant does not have sufficient proof of financial feasibility from anticipated revenues to be derived from the anticipated use of the applied-for irrigation water to profitably construct such a project in light of the low crop prices and drought circumstances presently threatening this area.

4. That the present supply of water in the Teton River, a tributary of Henry's Fork, is not sufficient to warrant additional appropriation, which the granting of this application would necessarily allow, because there would be no way to recover transmission losses nor to regulate the exact amount of intake at the proposed pumping sites from April 1 to November 1; also there is no provision to insure that a like amount of water will be resupplied to the river above the existing major canal diversions.

5. That the proposed application is speculative and is not made in good faith as the applicant can just as easily drill for ground water on the property to be irrigated rather than on the property where the proposed pumping sites are to be located. Furthermore, the proposed transfer or exchange of water will reduce existing water rights as it does not take into consideration the transmission losses and the detrimental effect of such a proposal upon existing diversions which have earlier decreed rights.

R. Willis Walker

BEFORE THE IDAHO DEPARTMENT OF WATER RESOURCES

IN THE MATTER OF THE APPLICATIONS OF BOB PARKINSON, VAL SCHWENDIMAN, J. CLINT HOOPES, EARL N. HOOPES	PROTEST APPLICATION #22-0275, 22-0274 22-7210, 22-7208, 22-7209

We, THE TETON IRRIGATION & MANUFACTURING COMPANY, do hereby protest the application #22-0275, 22-0274, n22-7210, 22-7208, 22-7209 for permits to drill irrigation wells and divert water from the Teton River, and in support thereof respectfully represent:

1. The Teton Irrigation & Manufacturing Company has rights in the Teton River and believes that these application, if permitted, would interfere with their existing water rights.

2. We are opposed to any permit that does not replace water above our headgate and believe that so many systems going in above our headgate would be a determent to our system.

3. We believe that because of the present water and energy outlook in the area and state that no new permits should be allowed.

4. We believe that there are still many problems to be solved with the present canal systems on the Teton as a result of the Teton Dam failure and that there should be a moretorium on all new wells and systems until the repairs and evaluation of these problems can be made.

5. We believe that water tables in the area will be affected and that the stockholders have legitimate concerns about their culinary water supply being interupted.

6. We believe that it will require a great deal of manpower to police the Teton River on a low water year and this would be an added burdon to the water users.

DATED THIS 3RD DAY OF MARCH 1977

TETON IRRIGATION AND MANUFACTURING COMPANY

Doyle L. Ottesen, President

Diana S. Richman, Secretary

In the matter of Protest

Subject; Earl N. Hoopes Application No. 22 7209

We wish to protest the application of Earl N. Hoopes for the permit to appropriate 9.0 cubic feet of water from a well in Madison County to replace water taken out in Teton County. (And in support thereof respectfully represent the Wolfe Ditch Co. of the Teton Isiand Canal Co.)

We feel this action would be detrimental to our water supply and rights, and until we know the extent of damage to our irrigation systems and land as a result of the Teton Dam Disaster and the amount of water available we are protesting the permit to put water on Dry Farm proterty that has no irrigation history.

Furthermore, we wish to be informed of the hearing on the application.

We also ask that a mortorium be placed on all well applications for one year until the Teton Dam Disaster damage can be assessed and an environmental impact study can be made.

Respectfully

Mr. Ron Carlson
Idaho State Department of Water Resources
Eastern District Office
1515 Lincoln Road
Idaho Falls, Idaho 83401

Dear Mr. Carlson:

The Teton Irrigation and Manufacturing Directors have requested the protests that they have filed with your office in regard to the applications for transfer no. 22-0275,22-0274,22-7208, 22--7209, 22-7210, 22-7211, & 22-7212 be with drawn.

The Board of Directors have met with some of the parties and had a discussion on their problems and have agreed to withdraw the protests. There is still considerable apprehension about these wells and the control of the water on this year following the flood damage of last year and the very low water tables. We trust that all of the organizations involved will work for the protection of the existing water rights and a fair solution to the water problems that may arise.

Thank you for your cooperation.

Sincerely
Teton Irrigation & Mfg. Co.
Diana S. Richman, Secretary

WITHDRAWAL OF PROTESTS
FILED AGAINST APPLICATIONS
FOR PERMIT 22-7208, 22-7209
& 22-7210

We hereby agree to withdraw the protests we filed against the above referenced applications for permit if their approval is subject to the following conditions:

1. The exchange of Teton River water for groundwater be under the control of the watermaster of water district 01.

2. The wells be cased and unperforated above the first confining layer to prevent interference with shallow wells and recharge to the river

3. That measuring devices of a type approved by the Dept. of Water Resources be installed and maintained at both the point where water is diverted from the river and at the point of injection.

Representing Water Users of the Wolfe Ditch Co. of the Teton Island Feeder Canal

OF THE

STATE OF IDAHO

In the Matter of Protests Against Approval of Application for Transfer No. 22-0275/22-0274 BOB PARKINSON; Application for Permit No. 22-7208 J. CLINT HOOPES; No. 22-7209 EARL N. HOOPES; 22-7210 VAL SCHWENDIMAN FARMS; 22-7211 DeMAR &/OR TERRY BOTT; and 22-7112 MAX &/OR MERRILL RAMMELL	NOTICE OF COMBINED CONFERENCE AND/OR HEARING

On January 25, 1977, Bob Parkinson filed with the Department of Water Resources an application to transfer the waters of the Teton River. The transfer was subsequently protested by the Good Luck Canal Company, Wolfe Ditch Company, and Teton Irrigation and Manufacturing Company. On February 10, 1977, J. Clint Hoopes and Earl N. Hoopes filed applications to appropriate water from a ground water source. On February 15, 1977, Val Schwendiman Farms, Inc.; and on February 22, 1977, DeMar and/or Terry Bott and Max &/or Merrill Rammell also filed applications to appropriate the public waters of the State of Idaho. These applications have been protested by the Fremont-Madison Irrigation District, Teton Irrigation and Manufacturing Company and the Wolfe Ditch Company.

The Department has set the matter of protests for conference and/or hearing for Thursday, March 24, 1977, at 1:00 p.m., in the Courtroom of the Fremont County Courthouse, St. Anthony, Idaho. Because of the similarity of the issues involved this hearing has been combined. Any hearing will be held in accordance with the Rules and Regulations of the Idaho Code and adopted Rules of Practice and Procedure of the Department of Water Resources. Opportunity shall be afforded all parties to respond and present evidence and argument on all issues involved.

Any party may request in writing five (5) days before any hearing that the oral proceedings thereof be taken in the form of stenographic notes. Any party may have such stenographic notes of the oral proceedings, or part thereof, transcribed at his own expense. A taped record of the proceedings will be maintained for the appeal period.

Failure to appear at the time and place set for hearing by the applicants or protestants may allow the Department without prejudice to dismiss the protests or the applications. Any and all cost incurred by reason of such non-appearance may be assessed against such non-appearing parties.

Dated this 9th day of March, 1977.

RE: Application for Permit No. 22-7209 EARL N. HOOPES

Fremont-Madison Irrigation District
Box 5
St. Anthony, Idaho 83445

Gentlemen:

This is to acknowledge receipt of your protest to issuance of a permit pursuant to the above referenced application. The following are the principle items we can consider at a conference and/or hearing in either approving or denying an application for permit (Section 42-203, Idaho Code):

(1) Will the proposed use reduce the quantity of water under existing water rights?

(2) Is the proposed water supply insufficient for the purposes intended?

(3) Is the application made in good faith or for delay or speculative purposes?

(4) Has the applicant sufficient financial resources with which to complete the project?

The Department may reject an application and refuse issuance of a permit, partially approve the permit, approve the permit for a quantity of water less than applied for, or approve the permit subject to special conditions.

A permit issued by this office is subject to all prior water rights and does not in any way convey or establish a right-of-way over private or governmental lands. Any right-of-way or easement must be obtained by the individuals concerned through action outside of the water right proceedings.

You will be notified at a later date as to the time and place set for conference and/or hearing to discuss the matters of protest. If we may be of further assistance, please contact us.

Very truly yours,

RONALD D. CARLSON

(208) 523-7186

Mr. Earl N. Hoopes
Box 688
Rexburg, Idaho 83440

Dear Mr. Hoopes:

We have enclosed a copy of the protest filed against the issuance of a permit pursuant to your Application No. 22-7209. You should be aware that the following are the principal items we can consider at a conference and/or hearing in either approving or denying an application for permit (Section 42-203, Idaho Code):

(1) Will the proposed use reduce the quantity of water under existing water rights?

(2) Is the proposed water supply insufficient for the purposes intended?

(3) Is the application made in good faith or for delay or speculative purposes?

(4) Has the applicant sufficient financial resources with which to complete the project?

The Department cannot allow a permit for irrigation purposes which would entail the use of more than a continuous flow of 0.02 cubic feet per second of water for each acre of land, or an annual amount of 5 acre feet for each acre of land, unless the applicant can show that more is required (Section 41-202, Idaho Code).

A permit issued by this office is subject to all prior water rights and does not in any way convey or establish a right-of-way over private or governmental lands. Any right-of-way or easement must be obtained by the applicant through action outside of the water right proceedings.

You will be notified at a later date as to the time and place set for a conference and/or hearing to discuss the matters of protest. Legal counsel is not mandatory at any proceeding before the Department, although you may desire to employ an attorney in your behalf.

If we may be of any assistance, please contact us.

This is to acknowledge receipt of your protest to issuance of a permit pursuant to the above referenced application. The following are the principle items we can consider at a conference and/or hearing in either approving or denying an application for permit (Section 42-203, Idaho Code):

(1) Will the proposed use reduce the quantity of water under existing water rights?

(2) Is the proposed water supply insufficient for the purposes intended?

(3) Is the application made in good faith or for delay or speculative purposes?

(4) Has the applicant sufficient financial resources with which to complete the project?

The Department may reject an application and refuse issuance of a permit, partially approve the permit, approve the permit for a quantity of water less than applied for, or approve the permit subject to special conditions.

A permit issued by this office is subject to all prior water rights and does not in any way convey or establish a right-of-way over private or governmental lands. Any right-of-way or easement must be obtained by the individuals concerned through action outside of the water right proceedings.

You will be notified at a later date as to the time and place set for conference and/or hearing to discuss the matters of protest. If we may be of further assistance, please contact us.

Very truly yours,

RE: Application for Permit No. 22-7209 HOOPES

Mr. Arthur Larson, Watermaster
Water District 01
Box 1099
Idaho Falls, Idaho 83401

Dear Art:

We are enclosing a copy of an application that may be of interest to your water district. Please review the application and if you have any comments, submit them to our Department as soon as possible. The last date of protest is March 7, 1977, and we are required to take final action shortly thereafter.

If we may be of further assistance, please feel free to contact us.

Very truly yours,

RONALD D. CARLSON
Supervisor,
Eastern Region
