REXBURG, IDAHO

Affidavit of Publication

STATE OF IDAHO
County of Madison } ss.

I, Terry T. Weatherston, being first duly sworn, depose and say, that I am the printer of THE REXBURG JOURNAL, a newspaper printed and published weekly at Rexburg, Madison County, Idaho; and I do solemnly swear that the NOTICE OF AMENDED APPLICATION FOR WATER PERMIT

a copy of which notice appears attached hereto, was published in the regular and entire issue of said newspaper, and not in any supplement issue thereof for two consecutive issues, the first publication having been made on June 9, 1977 and the last publication having been made on June 16, 1977.

Further, that said newspaper is one of general circulation in said county; that it is a legal newspaper, conforming to legal specifications under the Idaho Statutes; that it has at least two hundred bona fide subscribers living within the county of publication; and that it has been continuously and uninterruptedly published in said county dur a period of seventy-eight consecutive weeks prior to the first publication of the said notice.

NOTICE OF AMENDED APPLICATION FOR WATER PERMIT

Notice is hereby given that Application for Permit No. 22-7208 in the name of J. Clint Hoopes was filed for the diversion of 9.00 c.f.s. of water from a ground-water source within the NE¼NE¼, Sec. 11, T. 6N, R. 40E, B.M., Madison County. The water will be rediverted from the Teton River within the SE¼SE¼, Sec. 15, NW¼SE¼, Sec. 3, T. 6N, R. 44E, B.M., Teton County; to be used from Apr. 1 to Nov. 1 for the irrigation of 2,163 acres within the SW¼NE¼, S½NW¼, N½SW¼, NW¼SE¼, Sec. 3, NW¼NE¼, S½NE¼, E½NW¼, NE¼SW¼, N½SE¼, Sec. 4, W½SW¼, Sec. 5, E½, SE¼NW¼, E½SW¼, Sec. 7, W½NW¼, SE¼NW¼, SW¼, Sec. 8, T. 6N, R. 44E; SW¼SW¼, Sec. 28, S½, Sec. 29, T. 7N, R. 44E; E½, Sec. 33, NE¼, E½SW¼, E½SE¼, Sec. 34, NW¼, Sec. 35, T. 7N, R. 43E, B.M.

The applicant now proposes to change the points of diversion to the NE¼NE¼, Sec. 11, 6N, R. 40E, B.M., Madison County; SE¼SE¼, Sec. 25, T. 7N, R. 40E, B.M., Fremont County.

Any protest to the proposed amending of the application must be filed with the Idaho Department of Water Resources, 1515 Lincoln Road, Idaho Falls, Idaho, 83401, on or before June 27, 1977.

TETON PIPELINE ASSOC

ORDER AUTHORIZING
TEMPORARY CHANGE TC-22-06

WHEREAS, a drought emergency has been declared for Madison County to allow administrative actions to lessen the severe impacts of the drought conditions in the counties; and

WHEREAS, section 42-222A, Idaho Code, provides that upon declaration of a drought emergency, the director of the Department of Water Resources ("Department") is authorized to allow temporary changes in the point of diversion, the place of use, and the purpose of use for valid existing water rights when the director determines that such changes can be accomplished in accordance with the provisions of section 42-222A, Idaho Code; and

WHEREAS, on 9/3/03, Teton Pipeline Assoc submitted the attached Temporary Change Application TC-22-01 to the Department; and

WHEREAS, the Department has reviewed the application and has determined the application can be approved with certain conditions;

ORDER

IT IS HEREBY ORDERED that the application is **APPROVED** subject to the following conditions:

22-7208, 22-7209, 22-7211, 22-7223, 22-7360
22-7221, 22-7298, 22-7216 22-7235,

1. Diversion and use of right no(s). 22-7375 & 22-7504 is authorized only at the point of diversion and place of use described on the application.

2. This temporary change approval does not authorize construction of a new well as a new point of diversion.

3. The applicant assumes all risk of curtailment or mitigation should the diversion and use of water under the temporary change approval cause injury to other water rights, constitute an enlargement in use of the original right, be inconsistent with the conservation of water resources within the state of Idaho, or not be in the local public interest.

4 This temporary change approval may only be used to provide a

MICROFILMED
2003

dlg

replacement water supply to lands or other uses which normally have a full water supply, except for the drought condition. This temporary change approval may not be used to provide water for new development or to allow expansion of the use of water under existing water rights.

5. Right(s) 22-7208, 22-7209, 22-7211, 22-7224, 22-7295, 22-7216, 22-7223, 22-7235, 22-7360, 22-7375 & 22-7504 are limited to the irrigation of a total of ≈ 786.4 acres in a single irrigation season.

6. This temporary approval does not authorize the use of diversion works or a delivery system owned by or managed by a corporation or an irrigation district without the written consent of such corporation or irrigation district.

7. The applicant agrees to hold the director and the state of Idaho harmless from all liability on account of the diversion and use of water under this temporary change approval.

8. This temporary change approval does not grant any right-of-way or easement to use the diversion works or conveyance works of another person or entity.

9. The applicant shall measure the amount of water diverted and shall report the amount of water diverted under this approval.

10. The watermaster of Water District No. 01 is authorized to administer the temporary change approval.

11. This temporary change approval expires on 12/31/03 unless rescinded or extended by the director. Thereafter, the water right shall revert to the point of diversion, place of use and nature of use existing prior to the temporary change approval.

DATED this 4th day of September 2003

TEMPORARY CHANGE APPLICATION

(To change point of diversion, place of use or purpose of use)

Name of Applicant Teton Pipeline Assoc. Phone 456-2801

Post Office Address % Mark Ricks, President, P.O. Box 272, Tetonia, ID 83452

A. PURPOSE OF TRANSFER

1. ____ Change point of diversion ____ Add diversion point(s) X Change place of use
   ____ Change purpose of use ____ Other

2. Describe the proposed change(s) and the reason(s) thereof Injecting well water into the Teton River to flow down the Henry's Fork. Water will be rediverted by Fremont-Madison Irrigation District at their discretion throughout the District.

B. DESCRIPTION OF RIGHT(S) OR PORTION THEREOF, AFTER THE REQUESTED CHANGE see attached sheet

1. Right Number	Priority	Amount (cfs/ac-ft)	Nature of Use	Period of Use
				8-01-03 to 11-01-03
				to
				to
				to

2. Total amount of water being transferred 52.46 50.46cfs * cubic feet per second and/or _____ acre-feet per annum

3. Source of water GROUNDWATER tributary to _____

4. Point(s) of Diversion:

Ident No.	Lot	¼	¼	¼	Sec	Twp	Rge	County	Local name for diversion
			NW	NE	11	6N	40E	Madison	Two Exchange Wells # 55316/55318

			NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE	

Total Acres _____

* Amount reduced by TC-22-05

MICRO

TC-22-06

6. General Information:

a. Who owns the water right to be changed? Applicant

b. Describe the arrangement allowing use of the right District meeting held August 7, 2003 agreed to this transfer.

c. Describe the affect on the land now irrigated if the change is approved pursuant to this application:
These lands are now dried up.

d. Has the water right sought to be transferred been used this year? Yes If yes, explain. used on Teton Pipeline Assoc. lands.

e. Absent the changes, how would the right be used for the remainder of the year? Irrigation would continue.

f. Describe other water rights used for the same purpose.
Surface water rights in Teton Pipeline will be used on remaining acres.

g. Remarks: The amount of water being transferred shall not exceed 52.46 cfs

I hereby assume all risk in accordance with Section 42-222A, Idaho Code, and assert that no one will be injured by such change and that the change does not constitute an enlargement in use of the original right. The information contained in this application is true to the best of my knowledge. I understand that any willful misrepresentations made in this application may result in voiding its approval.

CONDITIONS OF APPROVAL AND REMARKS

1. Use of water under this water right will be regulated by the watermaster of State Water District No. 01.
2. This right when combined with all other rights shall provide no more than 0.02 cfs per acre nor more than 3.5 afa per acre at the field headgate for irrigation of the lands above.

MICROFILMED
FEB 1 1 1999

TRANSFER NO. 5200
WATER RIGHT NO(S). 22-07120/22-07208

3. The right holder shall accomplish the change authorized by this transfer within one (1) year of the date of this approval.
4. Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.
5. Approval of this transfer does not preclude the opportunity for review of the validity of the water right(s) in the ongoing Snake River Basin Adjudication.
6. Totalizing measuring devices shall be maintained at all points of diversion under Right 22-07120.
7. The maximum combined rate of diversion under Right 22-07120 and all other rights diverting from the South Pipe Project shall not exceed 15.36 cfs.
8. A total of six pumps are used in the diversion of water under Right 22-07120.
9. No demand on upstream prior rights or existing prior exchanges can be made under Right 22-07298 and no interference with prior rights located between the rediversion pumps and the exchange well will be allowed even if the exchange well is pumping water into the Teton River.
10. Totalizing measuring devices shall be maintained at the exchange well and rediversion pumps from the Teton River identified under Right 22-07208.
11. The exchange well must inject water into the Teton River whenever water is being diverted from the river under Right 22-07208, and the injection must continue after the diversion from the Teton River ceases until the water not diverted reaches the point of injection.
12. The power supply to the exchange well under Right 22-07208 cannot be contracted under the power company's interruptable rules unless the power company agrees to notify the right holder at least 24 hours prior to the time the power service is terminated.
13. The rate of rediversion from the Teton River shall not exceed the rate of injection into the Teton River from the exchange well identified under Right 22-07208.
14. Unperforated well casing shall be retained above the first confining layer to prevent interference with shallow wells and recharge to the river.
15. Water under Right 22-07208 is rediverted from the South Pipe and Clementsville (North 1 and 2) Projects of the Teton Pipeline irrigation system.

Dated this 13th day of January, 1999.

ACTION OF THE DEPARTMENT OF WATER RESOURCES

I, Karl J. Dreher, of the Department of Water Resources hereby approve the above Application for Amendment for Permit No. 22-07208 with the following;

CONDITIONS OF APPROVAL AND REMARKS

1. The maximum diversion volume is defined as the maximum allowable volume of water that may be diverted annually from the source under this right. The use of water confirmed by this right is limited to the amount that can actually be beneficially used. The maximum diversion volume may be adjusted to more accurately describe the beneficial use or to implement accepted standards of diversion and use efficiency.
2. This water right is appurtenant to the described place of use.
3. This right is subject to all prior water rights and may be forfeited by five years of non-use.
4. Modifications to or variance from this license must be made within the limits of Section 42-222, Idaho Code, or the applicable Idaho law.
5. Use of water under this water right will be regulated by the watermaster of State Water District No. 01.
6. This right when combined with all other rights shall provide no more than .02 cfs per acre nor more than 3.5 afa per acre for the lands above.

State of Idaho
Department of Water Resources

APPLICATION FOR AMENDMENT
(For Licensing Purposes)
WATER RIGHT NO. 22-07208

CONDITIONS OF APPROVAL AND REMARKS

7. No demand on upstream prior rights or existing prior exchanges can be made and no interference with prior rights located between the rediversion pumps and the exchange well will be allowed even if the exchange well is pumping water into the Teton River.
8. Totalizing measuring devices shall be maintained at the exchange well and rediversion pumps from the Teton River.
9. The exchange well must inject water into the Teton River whenever water is being diverted from the river under this license, and the injection must continue after the diversion from the Teton River ceases until the water not diverted reaches the point of injection.
10. The power supply to the exchange well cannot be contracted under the power company's interruptable rules unless the power company agrees to notify the right holder at least 24 hours prior to the time the power service is terminated.
11. The rate of rediversion from the Teton River shall not exceed the rate of injection into the Teton River from the exchange well.
12. Unperforated well casing shall be retained above the first confining layer to prevent interference with shallow wells and recharge to the river.
13. Water is rediverted from the South Pipe and Clementsville (North 1 and 2) Projects of the Teton Pipeline irrigation system.

Witness my hand this 16TH day of SEPTEMBER, 1997.

APPLICATION FOR AMENDMENT

Permit No. 22-7208

Comes now J. Clint Hoopes of (address) 25 South 3rd East, Rexburg, Idaho 83440, and represents to the Director of the Idaho Department of Water Resources:

That he is the owner and holder of Permit to Appropriate the Public Waters of the State of Idaho No. 22-7208, and requests that the permit and permit map be changed as follows:

1. Point of diversion: NE ¼ NE ¼, Sec. 11 Twp. 6N Rge. 40E, B.M., County of Madison. Other points of diversion: SE¼SE¼, Sec. 25, T. 7N, R. 40E, B.M., Fremont County

2. Period and nature of use: (irrigation, domestic, stockwatering, industrial, etc.) NO CHANGE

Amount _____ for _____ purposes from _____ to _____ (both dates inclusive)
Amount _____ for _____ purposes from _____ to _____ (both dates inclusive)
Amount _____ for _____ purposes from _____ to _____ (both dates inclusive)
(cfs or acre feet per annum)

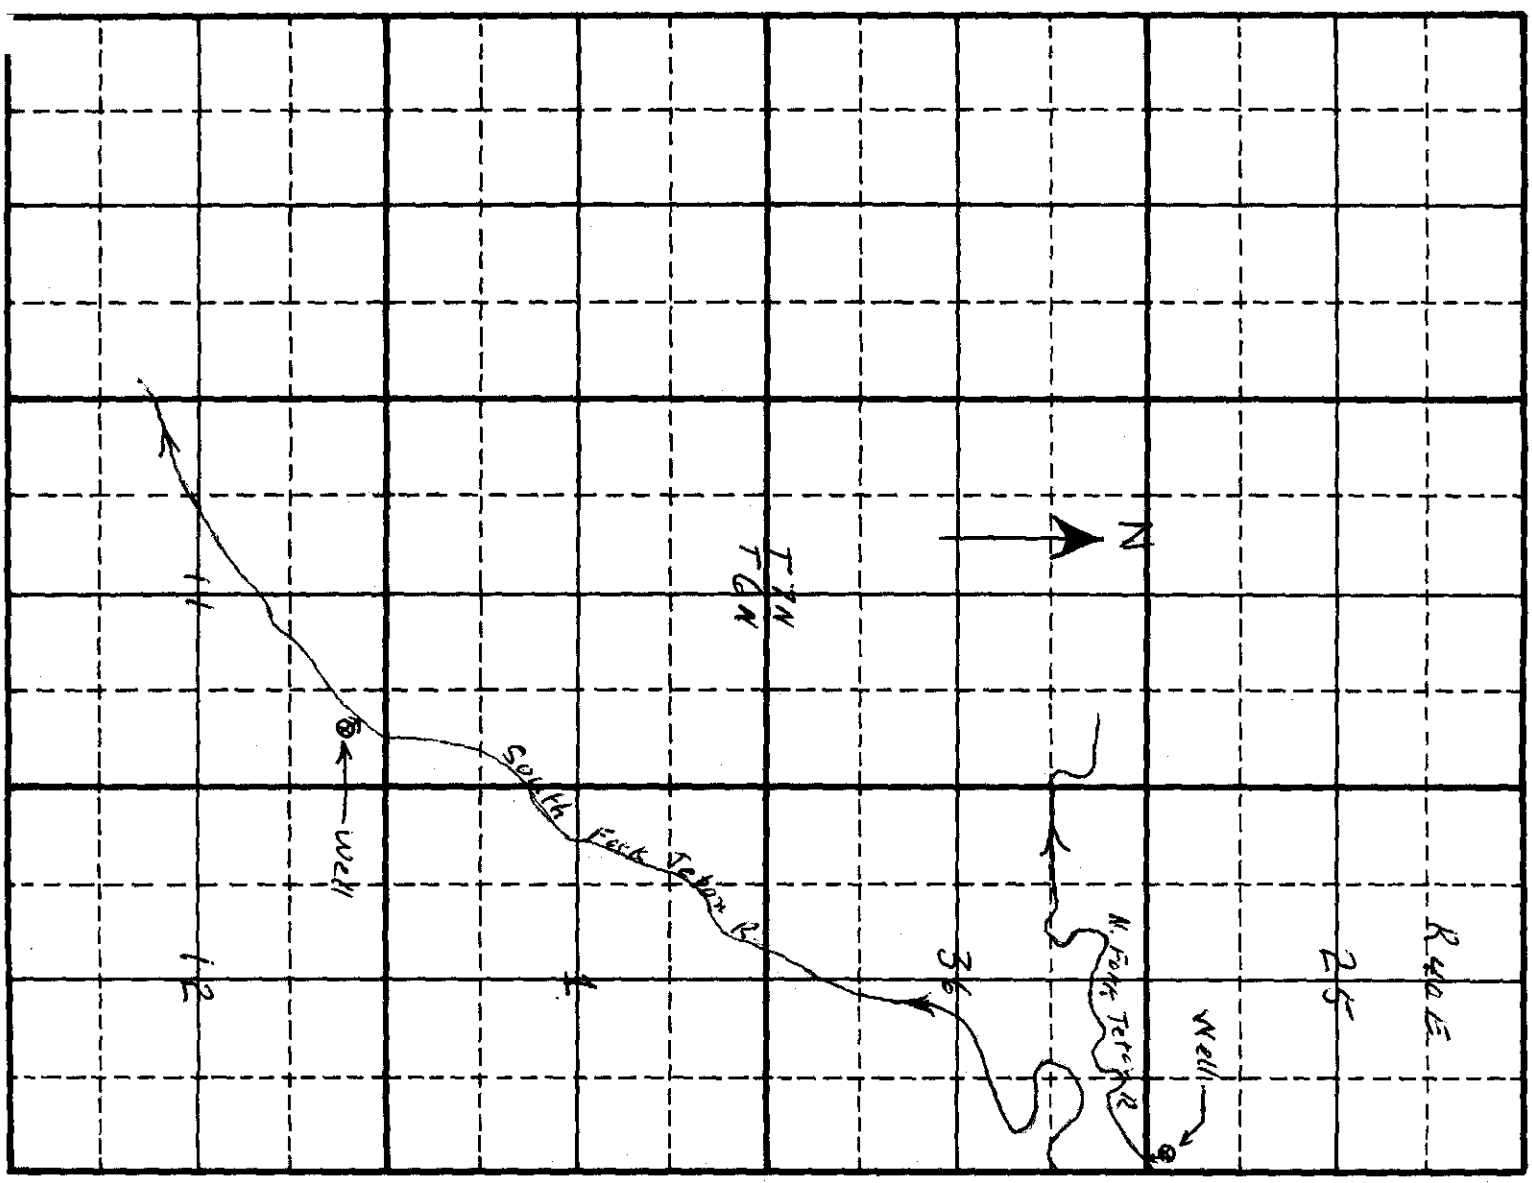

3. Place of use or land to be irrigated: NO CHANGES

TWP	RANGE	SEC	NE ¼				NW ¼				SW ¼				SE ¼				TOTALS
			NE ¼	NW ¼	SW ¼	SE ¼	NE ¼	NW ¼	SW ¼	SE ¼	NE ¼	NW ¼	SW ¼	SE ¼	NE ¼	NW ¼	SW ¼	SE ¼	

Total number of acres to be irrigated

MICROFILMED

Complete the following map by showing land and point of diversion as proposed by this amendment. Show 40-acre subdivisions, townships, ranges and ditches.

Scale: 2 inches equal 1 mile

That no one will be injured by such change, and that such change will be made at permit holders own risk.

Signed at _____, this _____ day of _____, 19 ___.

ACTION OF THE DIRECTOR, DEPARTMENT OF WATER RESOURCES

This is to certify that I have examined Application for Permit to appropriate the public waters of the State of Idaho No. 22-7208, and said application is hereby APPROVED.

1. Approval of said application is subject to the following limitations and conditions:

   a. SUBJECT TO ALL PRIOR WATER RIGHTS.

   b. Proof of construction of works and application of water to beneficial use shall be submitted on or before April 1, 1982.

   c. Other: The exchange of Teton River water for Goundwater be under the control of the Watermaster of Water District 01
   The wells be cased and unperforated above the first confining layer to prevent interference with shallow wells and recharge to the river.
   That measuring devices of a type approved by the Department of Water Resources be installed and maintained at both the point of diversion from the river and at the point of injection.

2. ~~Denial of said application is for the following reasons:~~

In the matter of Protest;

Subject; J Clint Hoopes Application No. 22 7208

We wish to protest the application of J. Clint Hoopes for the permit to appropriate 9.0 cubic feet of water from a well in Madison County to replace water taken out in Teton County. (And in support thereof respectfully represent the Wolfe Ditch Co. of the Teton Island Feeder Canal Co.)

We feel this action would be detrimental to our water supply and rights, and until we know the extent of damage to our irrigation systems and land as a result of the Teton Dam Disaster and the amount of water available, we are protesting the permit to put water on Dry Farm Property that has no irrigation history.

Furthermore, we wish to be informed of the hearing on the application.

We also ask that a mortorium be placed on all well applications for one year until the Teton Dam Disaster damage can be assessed and an environmental impact study can be made.

Respectfully;
Water Users of the Wolfe Ditch Co.
of the Teton Island Feeder Canal

BEFORE THE IDAHO DEPARTMENT OF WATER RESOURCES

IN THE MATTER OF THE APPLICATIONS OF BOB PARKINSON, VAL SCHWENDIMAN, J. CLINT HOOPES, EARL N. HOOPES	PROTEST APPLICATION #22-0275, 22-0274 22-7210 (22-7208) 22-7209

We, THE TETON IRRIGATION & MANUFACTURING COMPANY, do hereby protest the application #22-0275, 22-0274, n22-7210, 22-7208, 22-7209 for permits to drill irrigation wells and divert water from the Teton River, and in support thereof respectfully represent:

1. The Teton Irrigation & Manufacturing Company has rights in the Teton River and believes that these application, if permitted, would interfere with their existing water rights.

2. We are opposed to any permit that does not replace water above our headgate and believe that so many systems going in above our headgate would be a determent to our system.

3. We believe that because of the present water and energy outlook in the area and state that no new permits should be adlowed.

4. We believe that there are still many problems to be solved with the present canal systems on the Teton as a result of the Teton Dam failure and that there should be a moretorium on all new wells and systems until the repairs and evaluation of these problems can be made.

5. We believe that water tables in the area will be affected and that the stockholders have legitimate concerns about their culinary water supply being interupted.

6. We believe that it will require a great deal of manpower to police the Teton River on a low water year and this would be an added burdon to the water users.

BEFORE THE DIRECTOR OF THE IDAHO DEPARTMENT OF WATER ADMINISTRATION

IN THE MATTER OF THE APPLICATION OF J. CLINT HOOPES, NUMBER 22-7208 FOR PERMIT TO APPROPRIATE 9.00 CFS FROM THE TETON RIVER	))))	PROTEST OF THE FREMONT-MADISON IRRIGATION DISTRICT

Comes now the Fremont-Madison Irrigation District, a quasi-municipal corporation of the State of Idaho, with its office and post office address at St. Anthony, Idaho, and in response to notice given that J. Clint Hoopes, Rexburg, Idaho, made application No. 22-7208 for a permit to appropriate 9.00 cubic feet per second of water from a ground-water source by means of well and pump within the NE¼NE¼, Section 11, Township 6 North, Range 40 East, Boise Meridian, Madison County. The water will be pumped into the Teton River and rediverted within the SE¼SE¼, Sec. 15, NW¼SE¼, Sec. 3, Township 6 North, Range 44 East, Boise Meridian, Teton County; to be used from April 1 to November 1 for the irrigation of 2,163 acres within the SW¼NE¼, S½NW¼, N½SW¼, NW¼SE¼, Section 3, NW¼NE¼, S½NE¼, E½NW¼, NE¼SW¼, N½SE¼, Section 4, W½SW¼, Section 5, E½, SE¼NW¼, E½SW¼, Section 7, NW¼NW¼, S½NW¼, SW¼, Section 8, Township 6 North, Range 44 East, Boise Meridian, SW¼SW¼, Sec. 28, S½, Sec. 29, Township 7 North, Range 44 East, Boise Meridian; E½, Sec. 33, NE¼, E½SW¼, E½SE¼, Sec. 34, NW¼, Sec. 35, Township 7 North, Range 43 East, Boise Meridian, and makes the following Protest against the approval of such application:

1. That the supply of ground water is not sufficient to warrant the granting of such application as it will reduce the existing quantity of water under existing water rights, especially if there are drought conditions in this coming season and future seasons.

2. That the anticipation of the applicant to transfer waters through the Teton River is speculative because of the lack of sufficient water now in the Teton

MICROFILMED

to "transfer" water will not be beneficial as the proposed pumps used to re-charge the river are below the major canal diversions on the river and therefore changing points of diversion would necessarily reduce the quantity of water in the Teton River and reduce existing water rights.

3. That the applicant does not have sufficient proof of financial feasibility from anticipated revenues to be derived from the anticipated use of the applied-for irrigation water to profitably construct such a project in light of the low crop prices and drought circumstances presently threatening this area.

4. That the present supply of water in the Teton River, a tributary of Henry's Fork, is not sufficient to warrant additional appropriation, which the granting of this application would necessarily allow, because there would be no way to recover transmission losses nor to regulate the exact amount of intake at the proposed pumping sites from April 1 to November 1; also there is no provision to insure that a like amount of water will be resupplied to the river above the existing major canal diversions.

5. That the proposed application is speculative and is not made in good faith as the applicant can just as easily drill for ground water on the property to be irrigated rather than on the property where the proposed pumping sites are to be located. Furthermore, the proposed transfer or exchange of water will reduce existing water rights as it does not take into consideration the transmission losses and the detrimental effect of such a proposal upon existing diversions which have earlier decreed rights.

R. Willis Walker

R. Willis Walker, Chairman of
the Board of Directors of the
Fremont-Madison Irrigation District.

STATE OF IDAHO,)
SS.
County of Madison.)

R. WILLIS WALKER, being first duly sworn, says that he is the Chairman of the Board of Directors of the Fremont-Madison Irrigation District and he makes this verification for and on behalf of said District; that affiant has read the foregoing Protest and knows the contents thereof and as to the matters and things therein alleged, affiant believes the same to be true.

DATE: January 13, 1999

Transfer 5200 changes the place of use under Rights 22-07120 and 22-07208. A portion of the originally licensed land has been sold without water rights. Those 62.0 acres along with 34.0 acres from the corners around other pivots are being combined to irrigate a 96.0 acre pivot in the SW, S35, T07N, R43E.

The 472.0 acre place of use under Right 22-07120 is completely overlapped by the 1912.4 acre place of use described under Right 22-07208. Both rights covered the land that was sold, and the remaining 34.0 acres were irrigated under Right 22-07208 alone. No expansion in use occurs through approval of this transfer.

Recommended conditions include watermaster control, irrigation overlap, measuring devices, specific license conditions and standard transfer conditions.

Dear Water Right Holder(s):

The Department of Water Resources (the Department) has issued the enclosed licenses confirming that a water right has been established in accordance with each permit referenced above. The licenses are **preliminary orders** issued by the Department pursuant to section 67-5243, Idaho Code. **They can and will become final orders without further action of the Department unless a party petitions for reconsideration or files an exception and/or brief as further described in the enclosed information sheet.**

For your records I have also enclosed copies of your Application for Amendment of Permit forms as they apply to the above referenced water right numbers.

Sincerely,

Shelley W. Keen
Water Rights Supervisor

Gentlemen:

Harold Jones of our Eastern Region Office indicated to us in Boise that you have inquired about the advertising and review of a pending transfer to consolidate all of the water rights associated with the Teton Pipeline Project. As I am sure Mr. Jones told you, the transfer cannot proceed until the water rights are licensed.

The department has been attempting for the past five years to issue licenses for the 23 water rights in the name of Teton Pipeline Assn., Inc. At this point nearly all the rights are ready to be licensed. However, for several months we have been waiting for you to sign amendment forms for permits 22-07180 and 22-07209 and to submit documentation concerning an additional 19 acres being irrigated under permits 22-07120 and 22-07208. Sharla Curtis of this office has asked you for this information on several occasions. In case you have misplaced the amendment forms sent to you earlier, I have enclosed new ones for you. The amendment fee has already been paid for both.

I plan to send licenses for all 23 rights forward for signature in 14 days. If I have not received the amendments and written documentation within that time, the department will issue water right licenses listing only the number of acres that can be allowed without the amendments and documentation.

If you have any questions, please call me at (208) 327-7946.

Sincerely,

Shelley W. Keen
Water Rights Supervisor

RE: Teton Pipeline Assn. Inc. Water Rights

Roger Hoopes
PO Box 70
Rexburg, ID 83440-0070

Dear Roger:

I've had a chance to collect the information we talked about in our meeting last week. I guess the best place to start is with the easiest of explanations.

I've enclosed copies of the original permits and the aerial photos submitted by the field examiner for those permits which are ready to be licensed without amendments. I've also enclosed profile reports which show the parameters of the proposed licenses. In most cases, there is a reduction in acres as we discussed. Keep in mind that the proposed license for Permit 22-07120 may be amended to reflect the acres irrigated up to the highway - I will discuss that later in my letter.

I've enclosed the amendment for Permit 22-07295, which was overlooked previously. This amendment along with those for Permit Nos. 22-07116/07121/071257/07209/07375 need to be signed and returned to me at your earliest convenience.

The amendment for Permit No. 22-07208 falls into the same category as the proposed license for 22-07120 mentioned above. It appears that there is an elevation change from the rest of the lands shown by the examiner as irrigated. I ask that you provide a written statement as to how these additional acres are irrigated. Your statement can be used to document the files as to why additional acres are proposed for licensing from what the examiner recommended. I would estimate the additional acres to be about 19.

Next, you disagreed with the amendment for Permit No. 22-07180; specifically, the amendment shows irrigation of only the SENE and NESE of Section 16 and you stated that most of the entire section is irrigated under this right. I have examined a Landsat photo from July of 1988 and could verify irrigation in the W½SW¼, E½NW¼, SENE and N½SE¼. It is possible for us to include acres in these ¼¼'s based upon the Landsat evidence, however, you should be aware

that the previous amendment included 478 acres and the permit originally allowed 640. Therefore, only a maximum of 168 acres can be added. I will wait to hear from you as to your agreement before I prepare another "amended" amendment.

We also talked about the rights originally in the name of J. Clint Hoopes. You stated that the reduction of acres on those rights was caused by the transferring of water to other acres which was never documented. I have discussed this matter with Jim also and I'm glad to say that the door isn't totally closed in this matter. If you can provide evidence that other lands were irrigated under these rights prior to the time proof of beneficial use was submitted, consideration will be given to allowing the addition of those acres. In addition to this evidence, you need to provide documentation as to why the place of use was moved, where the new acres are located and how many acres, as well as provide a system diagram to show how this "amended" place of use relates to these permits. I believe the permit numbers in question are 22-07208, 22-07121 and possibly 22-07375.

Finally, in regards to the new point of diversion we talked about being used for irrigation of lands within your system, the time to reflect the addition of this point of diversion is on the currently pending transfer you have before the department. After this batch of permits are licensed, you will no doubt want to take another complete look at the transfer and make whatever adjustments are necessary with the new licenses in mind and this would be the best opportunity to pick up the other point of diversion.

Well, I think that about wraps it up. We are making progress, really!! After you've had a chance to review all of this, give me a call or drop me a line if I can be of further assistance.

Sincerely,

Sharla

Re: TETON PIPELINE ASSOCIATION, Inc. Water Rights

Dear Ms. Curtis:

The purpose of this letter is to confirm our telephone conversation earlier this morning. From that telephone conversation I understand that:

1. Your office will extend the deadline until December 15, 1994 to return the Amendments which you sent by cover letter dated November 17, 1994; and

2. That you will be sending me copies of the field examiner's reports for all the Water Rights referred to in your November 17, 1994 letter.

If my understanding is incorrect in any respect, please let me know.

There are a couple of other matters that I would like clarified. Your letter of November 17, 1994 makes reference to twenty one (21) different permits. Our records show that two (2) of these Water Rights (22-07100 & 22-07122) are licenses. Should these even have been made reference to in your letter? You sent us fourteen (14) amendments and one (1) abandonment. If my arithmetic is correct (21 minus 2 minus 14 minus 1) there are four permits that are not dealt with. May we assume that these will go to license without any changes, modifications, or amendments? Please let me know.

We at TETON PIPELINE ASSOCIATION appreciate you help and assistance on this matter. Thank you very much.

Sincerely yours;

R. J. Hoopes, Esq.

RE: Teton Pipeline Assn. Inc. Water Rights

Teton Pipeline Assn. Inc.
PO Box 272
Tetonia, ID 83452

Gentlemen:

The following rights have recently been assigned to Teton Pipeline Assn. Inc. and the department's computer records have been modified to reflect this change of ownership:

Application for Permit Nos. 22-07504/07505/07667/07673
Permit Nos. 22-07108/07111/07116/07119/07120/07121/07122/
07148/07157/07180/07186/07208/07209/07211/
07216/07221/07223/07235/07295/07360/07375

The Department is ready to finalize license issuance for a number of the above mentioned rights. Before licenses can be issued on the majority of the permits, the permits must be amended to correspond with the findings of the Department's field examiner.

The enclosed Applications for Amendment contain information that will be included on the licenses when they are issued. The amendments reflect changes in the locations of the place of use descriptions. Please review carefully and if you concur, sign the amendments and return with the filing fees within 14 days ($50.00 for each amendment). A $20.00 amendment fee was previously paid for Permit No. 22-07180; this fee can be credited to the amendment fees now sought.

Also enclosed is a relinquishment form for Permit No. 22-07221. Permit Nos. 22-07211 and 22-07295 supply the maximum volume for the acres covered under the three permits, therefore, no additional beneficial use was found under Permit No. 22-07221. In order for us to clear our records of this right, we ask that you sign the relinquishment form and return it with the amendments for the other permits.

Once we have received the relinquishment form and applications for amendment, we can proceed with license issuance. If you have any questions, feel free to contact our office.

Sincerely,

Sharla Curtis

RE: **Assignment Fees**

The assignments of numerous "Teton Pipeline" rights were received after July 1, 1994 when fees became required for assignments. These assignments, however, had been solicited by the department prior to July and it was decided that no fees would be charged for the assignments to Teton Pipeline Assoc., Inc.

Correspondence concerning these assignment forms can be found in Right 22-07122.

Roger Hoopes
Box 70
Rexburg, ID 83440

Dear Mr. Hoopes:

Well, are you ready for the next round? Some time has passed since we last discussed the rights we are trying to license in the name of Teton Pipeline Assn. Inc.

You will recall that one of the last things we had discussed was the reduction under several of the permits of some acres originally owned by J. Clint Hoopes. The reduction was caused by the transferring of water to other acres but this had never been documented with the department. When you, Jack and I had spoke, you both indicated that you would sign off on the reduced amendments if the two applications for permit which had been filed to cover these lands would be approved. Believe it or not, enclosed are the approved permits.

With this new development, I would like to arrange a meeting with you to finalize the licensing process for the remaining permits. Amendment fees still need to be paid, several of the amendments need to be signed, etc. We could hopefully wrap this up so that the licenses can be forwarded for signature. Please give me a call (208)327-7945 at your earliest convenience so we can schedule such a meeting. I look forward to hearing from you.

Sincerely,

Sharla

RE: Teton River Exchange Well Filings
Permits 22-7208, 22-7209 & 22-7375

Dear Mr. Hoopes:

I am writing to follow up on your visit to the office last Friday, November 30. Although I was probably of little help to you, I hope I adequately briefed you on the department's progress in licensing your Teton River and exchange well permits. The timing of when final action may be taken on your application no.s 22-7504 and 22-7505 depends in part on our progress with licensing the numerous Teton River exchange well permits.

As I mentioned, in the process of licensing certain exchange well permits (the Parkinson-Schwendiman permits), I was asked to review the well logs for certain exchange wells and determine if the wells had been drilled in compliance with permit conditions. I was also asked to solicit comments from Ron Carlson concerning any licensing and management conditions. I sent Ron copies of draft licenses for the Parkinson-Schwendiman permits and asked for his comments only about one week before you visited the office. I was a bit late in contacting Ron because I wanted to review some of the stream flow and well discharge records in past District 01 watermaster reports. I have completed a review and analysis of the Parkinson-Schwendiman well logs.

As I stated in my last letter to you, we decided to delay action on your applications and permits until we at least got further along in licensing the first group of permits. This delay not only applies to your filings, but everyone else with exchange wells on the Teton River. The state office is taking some caution in issuing the licenses because we do not have a good understanding about the details of the exchanges.

You may recall during your visit last week that I said I was not able to locate copies of all of the well logs for your permits which we are currently reviewing for licensing. I have checked our records and can not find well logs for two wells under the J.C. Hoopes and Earl N. Hoopes filings (22-7208, 22-7209 & 22-7375). The two wells in question are both located in section 11, T6N, R40E. You mentioned that you either had copies of the well logs

or that they were accessible.

As we prepare to review the remaining Teton River and exchange well permits, I would like to take this opportunity to ask if you can supply us with the well logs for the two Hoopes wells located in section 11. Although lack of the well logs is not the reason for delay in issuing your licenses, I ask that you should submit these well logs at your earliest convenience in order to prevent any further delays.

If there is a problem in locating the well logs or if you have questions concerning this matter, please contact me at 327-7864. Thanks in advance for your cooperation.

Sincerely,

Tim Luke

RE: TETON PIPELINE REVIEW

DATE: 13-JUL-1989

==========

This is the thirteenth in a series of files that I am reviewing prior to licensing. All of the files have become collectively known as the "Teton Pipeline".

This right should be licensed without condition because the capacities have not been exceeded by prior rights.

The field examiner has recommended a complex "splitting" of these rights to indicate ownership of the diversion and rediversion works. This is not consistent with previous actions by the Department and I recommend that this idea be rejected. In addition, this right should not be split into A and B portions as the diversion point is the same for each plot of land. The rediversion works are separate.

LICENSING REPORT

22-7208A
Permit No.

1. **Measurement Calculations**
   a) Field Measurement Calculations (Include theoretical capacities and system capacity)

0.01af/68sec = 6.41cfs
0.01cf/36.7sec = 11.87 cfs
18.28 cfs = Total Q

Clint owns 50% of both wells
∴ Q = 9.14cfs

Ownership of South Project Limited to 16.7% of Total Q = (0.167)(15.36cfs) = 2.56cfs
Percent of ownership is most limiting factor = 2.56cfs
∴ $Q_{LIMITED}$ = 2.56cfs

   b) Volume Calculations for Irrigation:

$V_{I.R.}$ = (Acres Irrigated) x (Irrigation Requirement) = 464 x 3.0 = 1392afa
$V_{D.R.}$ = [Diversion Rate (cfs)] x (Days in Irrigation Season) x 1.9835 = 2.56cfs x 1.9835 x 183d = 929.2afa
V = Smaller of $V_{I.R.}$ and $V_{D.R.}$ = 929.2afa

   c) Volume Calculations for Other Uses:

2. **Overlap Review**
   a) Other water rights with same place of use: 22-7120

   b) Other water rights with same point of diversion: 22-7209 22-7208B FOR Rediversion Pt. 22-0288D/0351/

Department of Water Resources

WATER RIGHT LICENSE

License of Water Right No. 22-7208 Priority _____ Amount 9.14 cfs

THIS IS TO CERTIFY, that J. Clint Hoopes

of 25 South 3rd E, Rexburg, has complied with the terms and conditions of Permit No. 22-7208 issued pursuant to Application for Permit dated _____, and has submitted proof to the Department of Water Resources on _____, that he has applied water to a beneficial use; an examination by the Department indicates that the works have a capacity for the diversion of 18.28 cfs of water from a groundwater source, in exchange for Teton River water, and that the permit holder has applied to a beneficial use and established a right to use water as follows:

Beneficial Use	Period of Use (both dates inclusive)	Rate of Diversion	Annual Volume
irrigation	from April 15 to ~~Nov. 1~~ Oct 15	at 9.14 cfs	and 3317.64 ~~3879.65~~ AF/Ann.
_____	from _____	at _____ cfs	and _____
_____	from _____	at _____ cfs	and _____

Subject, however, to the condition that no more than 9.14 cfs of water be diverted at any one time, and that the amount of water so diverted and to which such right is entitled and confirmed is for the purpose aforementioned and is limited to the amount which can actually be beneficially used and shall not exceed 3317.64 ~~3879.65~~ acre feet per year, said waters to be diverted within the NE NE Sec 11 T6N R40E Madison + SESE Sec 25 T7N R40E Fremont in exchange for water taken in SESE Sec 15 T6N R44E + NWSE Sec 3 T6N R44E Teton county

STATE OF IDAHO
DEPARTMENT OF WATER RESOURCES

LICENSING REPORT

22-7208B
Permit No.

1. **Measurement Calculations**
   a) Field Measurement Calculations (Include theoretical capacities and system capacity)

TOTAL Q = 18.28 cfs Clint owns 50% of Both Wells = 9.14 cfs

PERMIT Q = 9.0 cfs 1427 ac x 0.02 cfs/ac = 28.54 cfs

Q = 9.0 cfs less 22-7208B = 9.0 cfs - 2.56 cfs = 6.44 cfs

RE-DIVERSION FROM TETON-CLEMENTSVILLE PIPELINE IS LIMITED TO
20% North Project #1 = 5.74 cfs
50% North Project #2 = 4.38 cfs
10.12 cfs

Q LIMITED TO 6.44 cfs most restrictive amount

   b) Volume Calculations for Irrigation:

$V_{I.R.}$ = (Acres Irrigated) x (Irrigation Requirement) = 1427 ac x 3 afa = 4281 afa
$V_{D.R.}$ = [Diversion Rate (cfs)] x (Days in Irrigation Season) x 1.9835 = 6.44 cfs x 1.9835 x 183 = 2337.59 af
V = Smaller of $V_{I.R.}$ and $V_{D.R.}$ = 2337.59 afa

   c) Volume Calculations for Other Uses:

2. **Overlap Review**
   a) Other water rights with same place of use: 22-7108, 22-7121

   b) Other water rights with same point of diversion: 22-7208A, 22-7209

   c) Analysis: R01 measuring device & lockable control structure at both the points of diversion & rediversion

R04

This right limited by 20% ownership in North project #1 & 50% ownership in North Project #2

Dear Mr. Hoopes:

Re: Permit No. 22-7208

We acknowledge receipt of the affidavit submitted as proof of beneficial use for the above referenced permit.

Before a license can be issued, a field examination must be made by a representative of this Department. We cannot tell just when this examination will be made, but our examiner will try to contact you at the time he makes the examination so that you may show him the system.

If you have any questions regarding the field examination, please contact our regional office in Idaho Falls.

Sincerely,

RITA FLECK

PROOF OF APPLICATION OF WATER TO BENEFICIAL USE

1. a) Name of Permit Holder J. Clint Hoopes

   b) Post Office Address 25 South Third East Rexburg, Idaho 83440

2. Permit Number 22-7208

3. Date of Priority that you are prepared to establish 2-10-77

4. a) Source from which water was appropriated Ground water

   b) Location of the point of diversion: NE ¼ NE ¼, Section 11 Township 6N, Range 40E Boise Meridian, Other points of diversion: Exchange points from Teton River: SE¼SE¼, Sec 15, T 6N R 44E; NW¼SE¼, Section 3, T 6N, R 44 EBM Teton County

5. a) The amount of water and use to which the water has been applied:

   Amount 9 cfs (cfs and/or acre-feet per annum) for irrigation purposes from April 1 (Month-Day) to Nov 1 (Month-Day) incl.

   Amount _____ (cfs and/or acre-feet per annum) for _____ purposes from _____ (Month-Day) to _____ (Month-Day) incl.

   Amount _____ (cfs and/or acre-feet per annum) for _____ purposes from _____ (Month-Day) to _____ (Month-Day) incl.

   b) Total amount appropriated 9 cfs and/or acre-feet per annum

   c) Describe how and by whom measurement of rate of flow or amount of storage was made and the qualifications of the person making the measurement: _____

6. If the means of diversion and conveyance are owned by someone other than the Permit Holder:

   a) Give the name or description of the canal, ditch or other works by which the water is conducted to the place of use:

   b) Describe the agreement or understanding by which you take water from the works:

7. a) Briefly describe the works for diverting and conveying the water to the place of use, (if from a subterranean source, give the pump size, motor size, size of well casing, depth of well; if from surface water, give brief description of diversion structure and/or canal or ditch) 100 HP motor with turbine pump. Well casing, 12" - 16". Cased at least 160 feet.

   b) Describe the type and size of measuring device which you have installed at your point of diversion: McCrometer 24"

   c) Give well driller's name and address and the date the well was completed: July , 1977 Hopkins Brothers Route 3 Rexburg, Idaho 83440

8. If for other than irrigation, describe the beneficial use to which you have applied the water and the place of use: _____

MICROFILMED

9. Irrigation uses: describe the lands irrigated by giving the acreages irrigated within each 40 acre subdivision: _____

Bill submitted 6-12-77 by CW

NOTICE OF AMENDED APPLICATION FOR WATER PERMIT

NOTICE is hereby given that Application for Permit No. 22-7208 in the name of J. Clint Hoopes was filed for the diversion of 9.00 c.f.s. of water from a ground-water source within the NE¼-NE¼, Sec. 11, T. 6N, R. 40E, B.M., Madison County. The water will be rediverted from the Teton River within the SE¼SE¼, Sec. 15, NW¼SE¼, Sec. 3, T. 6N, R. 44E, B.M., Teton County; to be used from Apr. 1 to Nov. 1 for the irrigation of 2,163 acres within the SW¼NE¼, S½NW¼, N½SW¼, NW¼SE¼, Sec. 3, NW¼NE¼, S½-NE¼, E½NW¼, NE¼SW¼, N½SE¼, Sec. 4, W½SW¼, Sec. 5, E½, SE¼NW¼, E½SW¼, Sec. 7, W½-NW¼, SE¼NW¼, SW¼, Sec. 8, T. 6N, R. 44E; SW¼SW¼, Sec. 28, S½, Sec. 29, T. 7N, R. 44E; E½, Sec. 33, NE¼, E½SW¼, E½SE¼, Sec. 34, NW¼, Sec. 35, T. 7N, R. 43E, B.M.

The applicant now proposes to change the points of diversion to the NE¼NE¼, Sec. 11, T. 6N, R. 40E. B.M., Madison County; SE¼SE¼, Sec. 25, T. 7N, R. 40E. B.M., Fremont County.

Any protest to the proposed amending of the application must be filed with the Idaho Department of Water Resources, 1515 Lincoln Road, Idaho Falls, Idaho, 83401, on or before June 27, 1977.

March 19, 1977

Mr. Ron Carlson
Idaho State Department of Water Resources
Eastern District Office
1515 Lincoln Road
Idaho Falls, Idaho 83401

Dear Mr. Carlson:

The Teton Irrigation and Manufacturing Directors have requested the protests that they have filed with your office in regard to the applications for transfer no. 22-0275,22-0274,22-7208, 22--7209, 22-7210, 22-7211, & 22-7212 be with drawn.

The Board of Directors have met with some of the parties and had a discussion on their problems and have agreed to withdraw the protests. There is still considerable apprehension about these wells and the control of the water on this year following the flood damage of last year and the very low water tables. We trust that all of the organizations involved will work for the protection of the existing water rights and a fair solution to the water problems that may arise.

Thank you for your cooperation.

Sincerely
Teton Irrigation & Mfg. Co.
Diana S. Richman, Secretary

WITHDRAWAL OF PROTESTS
FILED AGAINST APPLICATIONS
FOR PERMIT 22-7208, 22-7209
& 22-7210

We hereby agree to withdraw the protests we filed against the above referenced applications for permit if their approval is subject to the following conditions:

1. The exchange of Teton River water for groundwater be under the control of the watermaster of water district 01.

2. The wells be cased and unperforated above the first confining layer to prevent interference with shallow wells and recharge to the river

3. That measuring devices of a type approved by the Dept. of Water Resources be installed and maintained at both the point where water is diverted from the river and at the point of injection.

OF THE

STATE OF IDAHO

In the Matter of Protests Against Approval of Application for Transfer No. 22-0275/22-0274 BOB PARKINSON; Application for Permit No. 22-7208 J. CLINT HOOPES; No. 22-7209 EARL N. HOOPES; 22-7210 VAL SCHWENDIMAN FARMS; 22-7211 DeMAR &/OR TERRY BOTT; and 22-7112 MAX &/OR MERRILL RAMMELL	NOTICE OF COMBINED CONFERENCE AND/OR HEARING

On January 25, 1977, Bob Parkinson filed with the Department of Water Resources an application to transfer the waters of the Teton River. The transfer was subsequently protested by the Good Luck Canal Company, Wolfe Ditch Company, and Teton Irrigation and Manufacturing Company. On February 10, 1977, J. Clint Hoopes and Earl N. Hoopes filed applications to appropriate water from a ground water source. On February 15, 1977, Val Schwendiman Farms, Inc.; and on February 22, 1977, DeMar and/or Terry Bott and Max &/or Merrill Rammell also filed applications to appropriate the public waters of the State of Idaho. These applications have been protested by the Fremont-Madison Irrigation District, Teton Irrigation and Manufacturing Company and the Wolfe Ditch Company.

The Department has set the matter of protests for conference and/or hearing for Thursday, March 24, 1977, at 1:00 p.m., in the Courtroom of the Fremont County Courthouse, St. Anthony, Idaho. Because of the similarity of the issues involved this hearing has been combined. Any hearing will be held in accordance with the Rules and Regulations of the Idaho Code and adopted Rules of Practice and Procedure of the Department of Water Resources. Opportunity shall be afforded all parties to respond and present evidence and argument on all issues involved.

Any party may request in writing five (5) days before any hearing that the oral proceedings thereof be taken in the form of stenographic notes. Any party may have such stenographic notes of the oral proceedings, or part thereof, transcribed at his own expense. A taped record of the proceedings will be maintained for the appeal period.

Failure to appear at the time and place set for hearing by the applicants or protestants may allow the Department without prejudice to dismiss the protests or the applications. Any and all cost incurred by reason of such non-appearance may be assessed against such non-appearing parties.

Dated this 9th day of March, 1977.

RONALD D. CARLSON
Supervisor, Eastern Region

Standard Journal
Box 7
Rexburg, Idaho 83440

Gentlemen:

Would you please submit an affidavit of publication and certified bill in connection with the above referenced applications. The legal notice was to have been published in your paper on February 17 and February 24, 1977.

Your cooperation in this matter is greatly appreciated.

Very truly yours,

RONALD D. CARLSON
Supervisor,
Eastern Region

RECEIVED
MAR 7 1977
Department of Water Resources
Eastern District Office

Mr. Ronald D. Carlson
District Engineer
Department of Water Resources
1515 Lincoln Road
Idaho Falls, Idaho 83401

Dear Mr. Carlson:

Enclosed herewith are the following protests:

1. Val Schwendiman Farms, Inc., No. 22-7210

2. Bob Parkinson, No. 22-7205

3. Earl N. Hoopes, No. 22-7209

4. J. Clint Hoopes, No. 22-7208

Sincerely,

J. D. Hancock/ms

March 7, 1977

Mr. J. Clint Hoopes
25 South Third East
Rexburg, Idaho 83440

Dear Mr. Hoopes:

We have enclosed a copy of the protest filed against the issuance of a permit pursuant to your Application No. 22-7208 . You should be aware that the following are the principal items we can consider at a conference and/or hearing in either approving or denying an application for permit (Section 42-203, Idaho Code):

(1) Will the proposed use reduce the quantity of water under existing water rights?

(2) Is the proposed water supply insufficient for the purposes intended?

(3) Is the application made in good faith or for delay or speculative purposes?

(4) Has the applicant sufficient financial resources with which to complete the project?

The Department cannot allow a permit for irrigation purposes which would entail the use of more than a continuous flow of 0.02 cubic feet per second of water for each acre of land, or an annual amount of 5 acre feet for each acre of land, unless the applicant can show that more is required (Section 41-202, Idaho Code).

A permit issued by this office is subject to all prior water rights and does not in any way convey or establish a right-of-way over private or governmental lands. Any right-of-way or easement must be obtained by the applicant through action outside of the water right proceedings.

You will be notified at a later date as to the time and place set for a conference and/or hearing to discuss the matters of protest. Legal counsel is not mandatory at any proceeding before the Department, although you may desire to employ an attorney in your behalf.

If we may be of any assistance, please contact us.

Very truly yours,

RONALD D. CARLSON
Supervisor,
Eastern Region

RE: Application for Permit No. 22-7208

Fremont Madison Irrigation
Box 5
St. Anthony, Idaho 83455

Gentlemen:

This is to acknowledge receipt of your protest to issuance of a permit pursuant to the above referenced application. The following are the principle items we can consider at a conference and/or hearing in either approving or denying an application for permit (Section 42-203, Idaho Code):

(1) Will the proposed use reduce the quantity of water under existing water rights?

(2) Is the proposed water supply insufficient for the purposes intended?

(3) Is the application made in good faith or for delay or speculative purposes?

(4) Has the applicant sufficient financial resources with which to complete the project?

The Department may reject an application and refuse issuance of a permit, partially approve the permit, approve the permit for a quantity of water less than applied for, or approve the permit subject to special conditions.

A permit issued by this office is subject to all prior water rights and does not in any way convey or establish a right-of-way over private or governmental lands. Any right-of-way or easement must be obtained by the individuals concerned through action outside of the water right proceedings.

You will be notified at a later date as to the time and place set for conference and/or hearing to discuss the matters of protest. If we may be of further assistance, please contact us.

Very truly yours,

RE: Application for Permit No. 22-7208 HOOPES
No. 22-7209 HOOPES

Teton Valley News
Driggs,
Idaho 83422

Gentlemen:

Enclosed you will find a legal notice which we wish to have published once a week for two consecutive weekly issues of your newspaper. We have inserted the publication dates allowing time for you to submit us a galley proof for review before publication.

After sending us a galley proof, proceed with the publication on the dates we have inserted, assuming the notice is correct. If we have any corrections, we will notify you before the first publication. If you cannot publish the notice on the proposed dates, please contact us immediately.

An affidavit of publication must be submitted to the Department along with the publication bill.

Very truly yours,

RONALD D. CARLSON
Supervisor,
Eastern Region
