PERMIT NO. G-28651

REPORT ON PROOF OF Completion of Works & Beneficial Use

Kent Remington, Rt. #2, St. Anthony, Idaho

July 11, 1966

RE: Permit No. G-28651

Mr. Ray W. Rigby
Attorney at Law
Box 362
Resburg, Idaho 83440

Dear Mr. Rigby:

This is in reply to your letter of July 6, 1966 with regard to Permit No. G-28651 of Kent Remington. On January 25, 1966 Mr. Remington was in our office and advised us that the wells were probably located in the SE~~SE~~¹/₄, and Center of S¹/₄, Section 6, T. 7 N., R. 42 E., B.M. Since this differed from the advertised location we had him execute an amendment and form for republication of notice of proof. Because there was some question as to the correctness of this information we have held it until such time as one of our field men could check it.

Since you now advise that the advertised locations are correct we are returning the proposed amendment to you with Mr. Remington's check, and will proceed with our inspection.

Very truly yours,

R. KEITH HIGGINSON

Re: Kent Remington
Permit No. G-28651

Dear Mr. Tappan:

I would like to finalize the submission of proof on the above entitled application. On March 8, 1965, you returned the Notice of Proofs for this permit, noting that the Point of Diversion was listed as the center of the S $\frac{1}{2}$ of Sec. 6, Twp. 7 N., R. 42, E.B.M., whereas the permit had points of diversion listed as being the NE $\frac{1}{4}$ NE $\frac{1}{4}$ and SE $\frac{1}{4}$ NE $\frac{1}{4}$ in Sec. 6, Twp. 7 N., R. 42, E.B.M. The Notice of Proof of Completion of Works was resubmitted to your office on March 13, 1965, and publication was made of the notice, and then on August 3, 1965, we submitted to your office the Affidavit of Publication, together with the Deposition of Holder and Two Witnesses concerning the proof of application of water to beneficial use.

Then I understand that Mr. Remington has been advised that there is still a question as to the location of the point of diversion. Please be advised that Mr. Remington has taken a survey of the Bureau of Land Management in the area, and has now definitely determined that the point of diversion is located in the SE $\frac{1}{4}$ NE $\frac{1}{4}$ of Sec. 6, Twp. 7 N., R. 42, E.B.M. It is true he had applied for a permit for the NE $\frac{1}{4}$ NE $\frac{1}{4}$ of the same Sec. 6, but that hole is practically a dry hole.

Dear Mr. Remington:

We acknowledge receipt of the depositions of holder and two witnesses, also affidavit of publication in the CHRONICLE-NEWS, all submitted in proof of completion of works and beneficial use on Permit No. 0-28651.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

P. O. Box 362
Rexburg, Idaho 83440

Dear Mr. Rigby:

Returned herewith is the notice of proofs for the above numbered permit. It is noted that you list the point of diversion as the center of the S $\frac{1}{2}$ of Section 6, T7N-R42E8M. However, the permit has the points of diversion listed as being the NE $\frac{1}{4}$ NE $\frac{1}{4}$ and the SE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 6, T7N-R42E8M.

If there has been a change in the point of diversion and the form 36 is correct, an amendment will be required. The forms for making an amendment are enclosed and the fee is \$1.00 for recording.

Please make the necessary correction and/or amendment and return promptly.

Very truly yours,

CARL E. TAPPAN

Dear Mr. Remington:

The date for proofs of Completion of Works and Application of water to beneficial use, as set out under terms of Permit No. G- 28651 are due not later than **May 4, 1965**

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list, which has been recorded in this department. If changes have been made and no amendments are on record, we advise you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least FORTY (40) DAYS BEFORE THE MENTIONED DATE, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point, or points, of diversion; and the location of use or the lands which are irrigated -- all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with two Forms 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named, and before the notary public, as advertised in the publication notice.

Very truly yours,

CARL E. TAPPAN

POINT OF DIVERSION

Permit No. G-28651

Comes now Kent Remington and represent s to the State Reclamation Engineer of the State of Idaho:

That he is (~~is~~) the owner and holder of Permit to appropriate the Public Waters of the State of Idaho, No. G-28651.

That the point s of diversion is described in said Permit as being located: Center of SW $\frac{1}{4}$, Center SE $\frac{1}{4}$, and Center of S $\frac{1}{2}$ of Sec. 6., Twp. 7 N., Rge. 42 E.B.M.

That he now requests that the point S of diversion be changed to 2 points located: NE $\frac{1}{4}$ NE $\frac{1}{4}$, and SE $\frac{1}{4}$ NE $\frac{1}{4}$ of Sec. 6., Twp. 7 N., Rge. 42 E.B.M.

That the reason for desiring to make such change is as follows:

The original locations were in error at the time the Permit was made.

That no one will be injured by such change, and that such change will be made at Permit Holder's own risk.

Signed at Boise, Idaho, this 6th day of March, 19 62.
