Dear Mr. Tibbets:

Enclosed is a portion of an abstract for decreed water rights on South Leigh Creek which includes a part of Neils Pehrson's place of use on lands you identified as

NE $\frac{1}{4}$ NW $\frac{1}{4}$ (Lot 3), SE $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 6, Twp. 5 N., Rge. 45 E. and
SE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 31, Twp. 6 N., Rge. 45 E.

Lands identified as the SE $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 6, Twp. 5 N., Rge. 45 E. is not listed in the abstract.

I did not locate a water right in the name of Tibbitts Produce. Owen Larson has licensed right No. 22-2282 for use of well water on 19 acres in the NW $\frac{1}{4}$ NW $\frac{1}{4}$ (Lot 4), Sec. 6, T. 5 N., R. 45 E. and 39 acres in the SW $\frac{1}{4}$ SW $\frac{1}{4}$ (Lot 4), Sec. 31, T. 6 N., R. 45 E. with these lands also appearing in decreed right Nos. 22-0440 and 22-0171 on South Leigh Creek. For further research regarding Mr. Larson's rights, I would need a legal description of the lands in question.

I hope this information will be of some help to you. If you have any questions or need additional assistance, please contact us.

Dear Mr. Larson:

A representative of this Department has made an examination of the works covered by your Permit No. 33269/22-2282 and has found the following:

Quantity of water diverted: 0.33 cfs

Amount of water that can be recognized as beneficially used under Idaho law: 0.33 cfs

The maximum quantity diverted shall not exceed 121 acre feet per year.

Beneficial use: Irrigation of 58 acres within the SW $\frac{1}{4}$ SW $\frac{1}{4}$ (39)
Sec. 31, Twp. 6N, Rge. 45E, B.M. and NW $\frac{1}{4}$ NW $\frac{1}{4}$ (19) Sec. 6,

Dear Mr. Larson:

One of the conditions of approval of your water Permit No. G-33269/22-2282 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before October 19, 1971. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Dear Mr. Larson:

As of this date we have not yet received the affidavit of publication to be submitted in connection with the above referenced permit. Proof of beneficial use is not required until October 19, 1971; however, many newspapers do not keep copies of these advertisements in their files. We, therefore, recommend that you obtain this affidavit from the Teton Valley News, Driggs, Idaho and submit it to the Department as soon as possible. This insures that when you are ready to submit proof of beneficial use there will be no unnecessary delay or added expense.

Re: Permit No. G-33269 (New No. 22-2282)

Mr. Owen Larson
Tetonia
Idaho 83452

Dear Mr. Larson:

During the 1967 session of the Idaho Legislature, certain amendments were made in the law pertaining to the procedures for making proof of beneficial use of water. In order for the Department to comply with these changes, Rules of Practice and Procedure were adopted on August 1, 1968. Generally, these procedures and the amended law make it simpler for a person to make proof and relieve the permit holder from making separate proofs of completion of works and beneficial use of water.

The enclosed order modifies your permit to comply with these rules and regulations. As a part of the new procedure, you will be required to publish a notice at your expense for two consecutive weeks in a paper as prescribed by the Department; previously, a permit holder had to publish a notice for four weeks when he submitted proof under his permit.

If you will complete the enclosed forms, we will cause the notice to be published. Should you require additional forms or information, we will be glad to supply them upon request at any time.

The Agricultural Stabilization and Conservation Service has supplied this department with a list of farmers who drilled wells under the 1966 Drought Emergency Program. Your name appears on the list; however, we are unable to determine under what permit the well was drilled. Would you please advise this office as to the number of the permit authorizing the well?

State Law requires that a permit be obtained prior to the diversion of irrigation water from a well. If no permit has been issued, application forms should be obtained from this office and a filing made.
