Dear Mrs. Huskinson:

We acknowledge receipt of the depositions of holder and two witnesses, also affidavit of publication in the REXBURG JOURNAL, all submitted in proof of completion of works and beneficial use on Permit No. G-32265.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.
