Dear Mr. Hopkins:

It appearing to the Department of Water Administration that the terms and conditions of Permit 29375/22-2199 to appropriate the public waters of the State of Idaho have not been complied with as to failure to submit licensing fee in the amount of \$9.00,

you are hereby notified that under the provisions of Section 42-311, Idaho Code, as amended, said permit is hereby held for cancellation, and you are required to show cause before the Director of the Department of Water Administration on or before October 10, 1972, why said permit should not be cancelled.

Permit 29375/22-2199 claims the use of 3.2 cubic feet per second of water from a ground water source, the point of diversion was to be located within the NE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 34, Twp. 6N, Rge. 45E, B.M. and the permit was approved Feb. 7, 1961.

Point of diversion: NE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 34, Twp. 6 N, Rge. 45 E, B.M.

The priority date established is: March 30, 1961 (late proof)

Your permit lists the point of diversion as being within the NE $\frac{1}{4}$ SE $\frac{1}{4}$ of Sec. 34; however, our field examiner found the point of diversion to be within the NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Sec. 34. Therefore, it will be necessary for you to amend the permit before a license can be issued. We are enclosing a partially completed application for amendment for your use in this matter.

Please be advised that there is a \$10.00 filing fee when submitting amendment applications and there is also a \$9.00 licensing fee due; therefore, a fee totaling \$19.00 must be submitted to this office along with the amendment application within 30 days of the date of this letter in order that we can issue your Water License as set forth above.

If you do not concur with these findings or have any questions, please contact us.

Sincerely,

BOBBY D. FLEENOR

Dear Mr. Hopkins:

We acknowledge receipt of the depositions of holder and two witnesses, also affidavit of publication in the Teton Valley News all submitted in proof of completion of works and beneficial use on Permit No. G-29375.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try to contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

Tetonia, Idaho

Dear Mr. Hopkins:

Returned herewith are the depositions of holder and witnesses, and Affidavit of Publication. It is noted that Question No. 4, on all depositions, does not agree with the permit as amended January 14, 1966 which lists the Point of Diversion as NE¹/₄SE¹/₄, Section 34, Twp. 6 N., Rge. 45 E., B.M. If the depositions are in error please correct them; however if the permit is in error you will be required to amend the point of diversion. Forms for amendment can be obtained from this office. In addition you would be required to readvertise and take new depositions at your expense.

It is also noted, you did not appear before the Notary Public on the advertised date. Therefore the Notary Public must submit a deposition as to why you did not appear on March 4, 1966. This deposition must also state that his office was open March 4, 1966, and that no protests were offered or received.

Please contact us if we may be of further assistance.

Dear Mr. Hopkins:

This acknowledges the Notice of Proof of Completion of Works and Application of water to Beneficial Use under Permit No. G-29375. The proofs are to be made at 11:30 o'clock A.M., on the 4th day of March, 19 66, before Logan Gordon, Driggs, Idaho Notary Public.

As of this date, we have mailed the Notice to the Teton Valley News Driggs, Idaho, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof then mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, and at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the AFFIDAVIT OF PUBLICATION.

Re: Permit No. G - 29375

The date for proofs of Completion of Works and Application of water to beneficial use, as set out under terms of Permit No. G-29375 are due not later than *February 7, 1966*

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list, which has been recorded in this department. If changes have been made and no amendments are on record, we advise you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least FORTY (40) DAYS BEFORE THE MENTIONED DATE, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point, or points, of diversion; and the location of use or the lands which are irrigated - - all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with two Forms 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named, and before the notary public, as advertised in the publication notice.

Very truly yours,

STATE RECLAMATION ENGINEER

Dear Mr. Hopkins:

Returned herewith is your Notice of Publication for the above referred permit. It is noted that the date you have listed to appear before Logan Cordon, Notary Public, is not the required forty (40) days subsequent receipt of forms 36 and 11 in this office. Please set a new date to take the depositions.

Also noted under statement #4, you have the NE $\frac{1}{4}$ SE $\frac{1}{4}$, Section 34, Township 6 North, Range 45 East, B.M., however, the permit states the point of diversion as the NE $\frac{1}{4}$ SW $\frac{1}{4}$, Section 34, T 6 N., R 45 E., B.M. If the permit is correct and the notice is in error please correct the notice. However, if the notice is correct and the permit is in error an amendment will be required prior to advertising. The fee for an amendment is \$1.00 and the forms for which are enclosed.

Please make the necessary amendment and/or correction and return all papers and fees promptly.
