Dear Sir:

Due to geographic conditions of our well location the Well Driller didn't think we should drill where our Permit calls for and we wish to move the new location about 910 feet south on a hill.

The new description is ~~NEL~~/4 of SE 1/4 Sec. 17 TWP. 5N Rge. 4OE.
Our Permit is No. G-29079.

Please advise me what to do to change location of Well.
Enclosed is a map showing old Well location and proposed new location

Very Truly Yours

Glen Arnold
