POINT OF DIVERSION ✓ ✓

Permit No. G-28939

Comes now T. R. Webster and represents to the State Reclamation Engineer of the State of Idaho

That he is the owner and holder of Permit to appropriate the Public Waters of the State of Idaho, No. G-28939.

That the point of diversion is described in said Permit as being located: Well No. 1 - NW 1/4, T 5 N., R 40 E., B.M.

That he now requests that the point of diversion be changed to a point located: SE $\frac{1}{4}$ SE $\frac{1}{4}$, Section 35, T 5 N., R 40 E., B.M.

That the reason for desiring to make such a change is as follows: In order to obtain water it is necessary to change the point of diversion. The new point of diversion for Well No. 1 is less than 1/4 of a mile from the point designated in the permit.

That no one will be injured by such change, and that such change will be made at Permit Holder's own risk.

Dear Mr. McEldowney:

Re: Permit No. G28939
T. R. Webster & Son, Inc.

Pursuant to our recent telephone conversation, Mr. Webster contacted the ASCS office. Mr. Stone, the County Executive Director, went to the farm and located the well in the SE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 35. As I understood, this was the only information you needed in order to issue the license for the 480 acres. I am enclosing an application for permit signed by T. R. Webster & Son, Inc. In his letter of October 16th, Mr. Stone also located this well in the NE $\frac{1}{4}$ SW $\frac{1}{4}$. He could have added that it was in the W $\frac{1}{2}$ NE $\frac{1}{4}$ SW $\frac{1}{4}$ and I have so indicated on the plat of the property. I thought it might be more beneficial to enclose a photocopy of the assessor's plats. I have outlined the property in red which is to be included in this permit. I have indicated the property in Section 35 which is covered by Permit No. G28939.

I am enclosing my check in blank and would appreciate it if you would fill it out for the necessary fees.

Yours very truly,

SMITH & HANCOCK

Dear Sir:

This is to inform you that there are two operating irrigation wells on the T.R. Webster and Son Farm Inc. located on the Rexburg bench.

The first well was drilled in the spring of 1965 and used that summer. It is located in the SE⁴ NE⁴ Sec. 35, T5N R 40 EBM.

The second well was drilled in the summer of 1969 and was first used to irrigate 1970 crops. It is located in the NE⁴ SW⁴ Sec. 26, T5N R 40 EBM.

Representatives of the ASCS office have been on the farm and checked the location of the wells and such location has been made a matter of record in this office.

Sincerely yours,

H. G. Stone,
County Executive Director

Dear Ms. Smith:

We are returning your open check as we are not able to supply a copy of a water license, since the permit in question has not yet been licensed. We find it will be necessary to re-examine this permit in the near future to determine several points not clarified in the previous examination. We will make every effort to expedite the processing of the examination and issuing of a water license.

As to your question concerning the additional ground not previously placed to a beneficial use, it will be necessary for Mr. Webster to file a new permit on the additional ground, as the submission of evidence of beneficial use under the permit terminates any additional authority for development.

If we can be of further assistance, please contact us.

I would appreciate it very much if you would send me a copy of the license which was granted to T. R. Webster under Permit No. G-28939.

April 25, 1968, it appears that an application for amendment was made which changed the location of the points of diversion under Permit No. G-28939. I am wondering if this would give any extension of time for the remainder of the lands under the permit?

I am enclosing my check in blank which you may fill in for the copy of the license which was granted under the permit.

Dear Mr. Webster:

The Department of Reclamation has conducted a field examination on the above referenced permit and has found that the points of diversion on the permit are in error. Permit No. U-28939 lists the points of diversion as being located in the NE1/4, sec. 26; NE1/4, sec. 23; and NE1/4, sec. 35, T. 5 N, R. 40 E, E.M.; whereas, the examination shows the actual points of diversion to be in the SW1/4, sec. 35; and SW1/4, sec. 26, T. 5 N, R. 40 E, E.M.

Before final action may be taken on this permit, it will be necessary for you to amend the points of diversion. We are enclosing a partially completed amendment form for your use. Complete the amendment form and return with the \$5.00 amendment fee.

POINT OF DIVERSION

Permit No. G 28939

DEPARTMENT OF RECLAMATION

Comes now T. R. Webster and
represent s to the State Reclamation Engineer of the State of Idaho:

That he is (are) the owner and holder of Permit to Appropriate the Public
Waters of the State of Idaho, No. G 28939.

That the point of diversion is described in said Permit as being located:

Section 35,
Well No. 1 - NW $\frac{1}{4}$ SE $\frac{1}{4}$ /T. 5 N., R 40 E. B. M.

That he now requests that the point of diversion be changed to a point located: SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 35, T. 5 N., R 40 E. B. M.

That the reason for desiring to make such change is as follows:

In order to obtain water it was necessary to change the point of
diversion. The new point of diversion for Well No. 1 is less than
1/4 of a mile from the point designated in the permit.

That no one will be injured by such change, and that such change will be made
at Permit Holder's own risk.

70 East Main,
Rexburg, Idaho.

Dear Miss Smith:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. G-28939, in the name of T. R. Webster. Final Proof is to be made before you, as Notary on the 26th day of December, 1965, at 10:00 o'clock A.M., at 70 East Main, Rexburg, Idaho.

As of this date, we have mailed the Notice to the Rexburg Standard-Journal Rexburg, Idaho, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by the permit holder and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the time, on the date and before you, as Notary, as stated in the publication notice. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, that your Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the AFFIDAVIT OF PUBLICATION.

Dear Mr. Webster:

On June 1, 1965 we sent you notice that proofs under your permit would be due and enclosed the forms to be completed and returned to this office.

The notice dated September 21 allowed 60 days for you to remit the completed Forms 36 and 11, previously sent to you, in an acceptable form.

You can prove completion of works for the amount of water you can divert to your land, and beneficial use of the water actually used beneficially with priority of date of receipt of the application in this office, as shown on the 4th page of the permit.

In case you have not used all of the water beneficially, you can make later proof of beneficial use of the extra water with priority advanced the length of time the proof is late.

Rexburg, Idaho

Dear Mr. Webster:

Under the terms of your Permit No. G-28939 you are required to make proofs of completion of works and application of water to beneficial use on or before **Aug. 23, 1965**

Before this proof can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper in the county.

We enclose Form 36-~~X~~ in duplicate, which is to be filled in and returned to this department at least forty (40) days before the above mentioned date and/or before the time you intend to make proof (this may be at any place that is convenient for you and your two witnesses), the quantity of water, for what purpose it is used, the point or points of diversion and the location of use, or lands which are irrigated - - by legal description. Descriptions should be taken from your Permit, including any amendments thereto, as recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your notice is published, or you may have to readvertise and complete another set of proof forms.

Also enclosed is Form 11, which is the authorization for us to have the notice published in the designated county newspaper, at your expense. This is to be returned with Forms 36-~~X~~

At the time we send the notice to the newspaper we will send you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, and at the place named, before the Notary Public as advertised in the publication notice.

The amount of water allowed in a license cannot be more than is actually produced and measured and put to beneficial use, and cannot be more than the statutory amount allowable per acre of land actually found by the field inspection to have been irrigated at the time of proof.

Dear Mrs. Rule:

Re: Application for Permit
T. R. Webster

In reply to your letter of July 25 regarding the above matter, Mr. Webster, rather than publishing the notice which you enclosed, would like to ammend his application by eliminating from it the 15 acres in the SE $\frac{1}{4}$ SW $\frac{1}{4}$, Section 24, Township 5 North, Range 40 East, Boise Meridian, which would show the total acreage to be 1250 acres and would reduce the quantity of water claimed to 25 cubic feet per second.

If you have not yet filed his application, I would appreciate it if you would make these changes and file the application. As I understand the law, if the cubic feet per second do not exceed 25, then it is not necessary to publish notice.

Thanks very much for your help.
