INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

ss.

Larry N. Deed
being first duly sworn, upon his
oath, deposes and says:

That he is the publisher
of The Chronicle-News, a news-
paper as defined by Idaho
Codes Annotated, section 58-106,
as amended, and that said
newspaper is a weekly news-
paper printed and published at
St. Anthony, in Fremont County,
Idaho, having a general circula-
tion in said county, and that said
newspaper has been printed and
published as a weekly news-
paper in said county for more
than 78 consecutive weeks prior
to the first publication of the at-
tached notice, advertisement or

publication of Notice of

Proof of Completion
And affiant further says that
said attached notice, advertise-
ment or publication, as per clip-
ping attached, was published in
said newspaper, in the regular
and entire issue thereof, and
not in any supplement issue

thereof, for 4 consecutive
issues thereof; first publication

having been made on the 29th

day of Dec., 1955,
and the last publication on the

19th day of Jan.,
1956

And affiant further says that at
the times herein mentioned said
newspaper was made up of at
least four pages of at least five
columns each, printed from type
matter, of at least seventeen and
three-fourths inches deep.

**NOTICE OF PROOF OF
COMPLETION OF WORKS
and
APPLICATION OF WATER
TO BENEFICIAL USE**

Notice is hereby given that at
10:00 A.M., on the 21st day of
January, 1956, at St. Anthony,
County of Fremont, State of
Idaho, before Ralph Litton, a
Notary Public, proof will be
submitted of the completion of
works for the diversion of 8/50
cubic foot per second of the
waters of well in the SW $\frac{1}{4}$ SE $\frac{1}{4}$
Sec. 6, Township 6 N., Range 41
East, B.M., and of the applica-
tion to beneficial use of said
water, in accordance with the
terms and conditions of Permit
No. G23131 heretofore issued by
the Department of Reclamation
of the State of Idaho.

1. The name and postoffice
address of the person or cor-
poration holding said permit
are Teton-Newdale Cemetery
District No. 5, Newdale, Idaho.

2. Said works of diversion will
be fully completed on the date
set for such completion, and the
amount of water which said
works are capable of conveying
to the place of use, in accord-
ance with the plans accompan-
ing the application for such per-
mit, is 8/50 cubic foot per sec-
ond.

3. The use to which said wa-
ter has been applied is Irriga-
tion purposes, and the amount
applied to beneficial use is 8/50
cubic foot per second.

4. The place where said water
is used is Cemetery grounds
situated in SW $\frac{1}{4}$ SE $\frac{1}{4}$ of Sec.

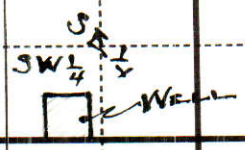

6, Twn. 6 North, Range 41, East
Boise Meridian, Madison Co.,
Idaho.

5. The date of priority which
said user is prepared to estab-
lish is January 7, 1953.

MARK R. KULP
State Reclamation Engineer.

APPLICATION FOR PERMIT

To Appropriate the Subterranean Waters of The State of Idaho

Application No. G- 30898
Permit No. G- 23131
District No.

Lavell Schwendiman, Secy.
Box # 64, Newdale, Idaho

1. Name of Applicant: **TETON NEWDALE CEMETERY DISTRICT # 5**
Postoffice address: **Newdale** County: **Madison** State: **Idaho**
2. Quantity of water claimed:
 - (a) Rate of withdrawal in cubic feet per second. **0.16** or Idaho
Miners' inches **8** or gallons per minute.
 - (b) Annual withdrawal in acre feet per annum
3. Source of water supply: **Well on property**
4. Location of point of diversion or well is in the **SW 1/4** of the **SE 1/4** of Section **6**
Twp. **6 N.**, Rge. **41 E.**, B.M., County of **Madison**
5. Water is to be used for: **Irrigation**
6. If for municipal, industrial or recreational purposes, give:
 - (a) Point of use of water is in the **1/4** of the **1/4** of Section **6**, Twp.
Rge. **41 E.**, B.M.
 - (b) Waste water or sewage effluent is to be returned to
at a point in the **1/4** of the **1/4** of Section **6**, Twp. **6 N.**, Rge. **41 E.**, B.M.
7. Kind of works: **Pumping system**
8. Estimated cost of works: **\$5,000.00**
9. (a) Is reservoir to be used? **No**
(b) Capacity of reservoir:
10. The time required for the completion of such work and complete application of the water to the proposed use is **Three(3)** years.
11. If applicant is a corporation, give: **Cemetery District Taxing Unit**
organization
 - I. (a) Date and place of incorporation: **Teton Village, Idaho, 1901 (See Remarks)**
(b) Amount of capital stock: \$ **None** (c) Amount paid in: \$ **None**
trustees:
(d) Names and addresses of directors: **C. V. Rackham, Chairman, Teton, Idaho; Lavell Schwendiman, Secy. & Treas., Newdale, Idaho; Stanton Howard, Newdale, Idaho; Harry Graham, Sugar City; Harry Crain, Teton.**
 - II. The financial resources of the applicant are (a) Cash onhand: **\$ 1,000.00**
(b) Treasury stock: **None** (c) Bonds to be issued: **None**
(d) Other resources: **2 mill Cemetery District property tax of \$2,446.35 per annum.**
12. The land to be irrigated is described in the following tabulation:
13. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: **None of record**
 - (a) (cubic feet per second, inches or gallons per minute) of the water herein applied for is to be supplemental to the existing water rights.
 - (b) (cubic feet per second, inches or gallons per minute) is for new lands.

Permit No. G-23131
 CERTIFICATE OF COMPLETION OF WORKS

TO ALL WHOM IT MAY CONCERN:

This is to certify that TETON NEWDALE CEMETERY DISTRICT #5 of Newdale, County of Madison, and State of Idaho, the holder of Permit No. G-23131, issued upon Application No. G-30898 bearing date of priority of October 7, 1952, authorizing the diversion of 0.16 second foot of the waters of a well (subterranean flow), County of Madison, State of Idaho, for irrigation purposes, has fully complied with the provisions of the laws of the State of Idaho relating to the proof of completion of the works of diversion set out and described in said Permit; that said works are adequate for diverting and conveying to the place of intended use .16 second foot of the waters of said well; that the point of diversion of said waters is in the SW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 6, Township 6 North, Range 41 East, B.M.; and that the lands proposed to be irrigated by the use of said water are described as follows, to-wit: SW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 6, Township 6 North, Range 41 East, B.M.

Witness my hand this 6th day of September, A. D. 1956.

RE: Permit No. G-23131

Mr. C. V. Rackham
Teton
Idaho

Dear Mr. Rackham:

We now have on file the report of our field engineer on examination for completion of works and beneficial use on your permit No. G-23131 which shows that your well in the SW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 6, Township 6 North, Range 41 East, B.M., will deliver 8 inches or .16 second foot of water which has been used to irrigate 8 acres of land in the same subdivision.

A Certificate of Completion of Works and License can, therefore, be issued for .16 second foot of water upon receipt of the statutory fees amounting to \$5.00 for completion of works and \$2.00 license fee, or a total of \$7.00.

Very truly yours,

BOISE, IDAHO
REPORT OF ENGINEER

Permit No. G-23131This proof is for Completion of works & Beneficial Use In Water District No. _____1. Name of applicant C. V. Rackham (Teton Newdale Cemetery Dist. # 5)2. Source of water supply: Subterranean flow from a well3. Location of point of diversion: Is in the SW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 6T. 6 N. R. 41 E. B.M. County of Madison

4. Describe works as they exist, giving dimensions and capacities of same: This is a sprinkler system supplying water for the Teton Cemetery. There is a 20 hp U. S. Motor serial No. 891994 operating a Fairbanks Morse Pomona Turbine, No serial No. This system operated at approximately double speed being 3600 RPM. There are 7 large sprinkler heads size 1/4 by 3/16 which will normally deliver 18 gpm and 3 smaller heads 1/8 by 3/16 which will normally deliver 1" of water per head. The delivery at present is 17". Mr. Rackham will submit a map giving the exact dimensions of the Cemetery.

5. Water is used for: Overhead irrigation of cemetery6. State whether or not water has been turned into works of diversion: Yes.

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

SW $\frac{1}{4}$ SE $\frac{1}{4}$ of Sec. 6, Twp. 6 N., Rge. 41 EBM. 8 acres.

See the Map.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? _____

Remarks: _____

This examination was made on the 23 day of Aug., 19 56

Mr. C. V. Rackham
Teton, Idaho

Dear Mr. Rackham:

We acknowledge receipt of the depositions of yourself and two witnesses, also affidavit of publication in The Chronicle-News, all submitted in proof of completion of works and beneficial use on Permit No. G-23131.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

BOISE, IDAHO

Permit No. G-23131

Proof of Application of Water to Beneficial Use
and Completion of Works
Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. C. V. Rackham, Teton Idaho, I am a plumber by trade.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Teton Newdale Cemetary Dist # 5, I am chairman of cemetary Board.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit #G-23131; Date of priority proposed is Jan. 7, 1953.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Water is pumped from well on SW $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 6, Twn. 6 N., Range 41, East Boise Meridian.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Water is pumped from well on said premises and distributed through 4 inch mains and 2 inch laterals. The present system efficiently handles the 8/50 cubic feet filed on. The well is 186 feet deep, has 6 $\frac{1}{2}$ inch casing, depth to water in irrigation season is about 90 feet; the pump discharges 450 gallons per minute, under 36 lbs of pressure, but use up to 45 lbs pressure. We use 13 $\frac{1}{4}$ inch nozzles. and 3

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for overhead irrigation of cemetary containing 8 acres and located in SW $\frac{1}{4}$ SE $\frac{1}{4}$ of Sec. 6, Twn. 6 N., Range 41, EBM. Land irrigated is planted grass and shrubs. Have hauled in several hundred yards of good dirt and have thus built up beautiful cemetary grounds.

23131

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. _____

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. It present need all of water filed upon, and if cemetery expands will need more.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. _____

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Began using water as I recall it in the spring of 1953 by pumping and overhead irrigation and have used full amount ever since summer or fall of that year.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. None

**STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO**

Permit No. G-23131

**Proof of Application of Water to Beneficial Use
Deposition of Witness** *and Completion of Works*

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. William M. Hansen, age 77, of St. Anthony, Idaho.

I am a funeral director at St. Anthony.

Ques. 2. Are you acquainted with Teton Newdale Cemetary Dist. #5, the holder of Permit No. G-23131? How long have you known him and where does he reside?

Ans. Yes. I have been acquainted with the cemetary site in question for some 35 years.

Ques. 3. Have you read or heard read said Permit No. G-23131, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. The water is pumped from well upon cemetary grounds and distributed by pipes over area irrigated.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 8/50 and I have seen approximately this amount being used.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. About 8/50 cubic feet per second. I have been around irrigation most of my life and also know a lot of water is required to keep the cemetary grounds as they are kept.

J 23131

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. The water is used to irrigate the Teton Newdale cemetary brounds. The grounds consist of about 8 acres located in the SW $\frac{1}{4}$ SE $\frac{1}{4}$ of Sec. 6, Twn. 6 North, Range 41, EBM., The cemetary is planted to grass and shrubs and has been made very attractive through this pump irrigation system.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what etxent.

Ans. _____

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. The water is used for overhead irrigation, it being pracitcally to impossible to run ditches through a cemetary. The land is good and if not in cemetary could probably be surface irrigated. In my opinion the full amount filed upon is needed and used.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

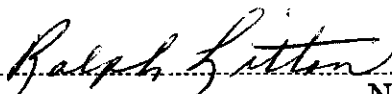

Ans. none _____

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I am in the undertaking business at St. Anthony, Idaho, and have numerous occassions to visit the cemetary and due to my business observe such matters closely. _____

**STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO**

Permit No. G-23131

**Proof of Application of Water to Beneficial Use
and Completion of Works
Deposition of Witness**

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Don R. Siddoway, legal age, of Teton, Idaho. I am a
farmer and stockman at Teton, Idaho.

Ques. 2. Are you acquainted with Teton Newdale Cemetary Dist. #5, the holder of Permit No. G-23131? How long have you known him and where does he reside?

Ans. Have been acquainted with the cemetary in question for some
35-40 years.

Ques. 3. Have you read or heard read said Permit No. G-23131, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Well on cemetary premises. Water is conveyed from well to
places of use by steel pipes, with 4 inch mains and 2 inch laterals.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. These works will safely conduct 3/50 second feet and that amount
has bee regularly used during the irrigation season.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. 3/50 cubic feet per second. This was measured by counting the
number of sprinkler heads and knowing the amount of water each re-
quires.

J 23131

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. The water is used through a pumping system to irrigate the cemetery grounds consisting of approximately 8 acres situated in the SW $\frac{1}{4}$ SE $\frac{1}{4}$ of Sec. 6, Twn. 6 N., Range 41, EBM., Madison Co., Idaho. The grounds irrigated are in grass and shrubs.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. The lands irrigated are in grass and shrubs, as stated above, and the 8 inches of water filed upon are needed to keep the grounds as a cemetery should be cared for.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No. _____

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I live in the vicinity of the cemetery in question and have been there many times, have seen the irrigation system working and have been well acquainted with it for many years. It is the cemetery commonly used by the people in my neighborhood.

**NOTICE OF PROOF OF
COMPLETION OF WORKS**

**APPLICATION OF WATER
TO BENEFICIAL USE**

Notice is hereby given that at
10:00 A.M. on the first day of
January, 1956, at St. Anthony,
County of Fremont, State of
Idaho, before Ralph Litton, a
Notary Public, proof will be
submitted of the completion of
works for the diversion of 8/50
cubic foot per second of the
waters of well in the SW 1/4 SE 1/4
Sec. 6, Township 6 N., Range 41
East, B.M., and of the applica-
tion to beneficial use of said
water, in accordance with the
terms and conditions of Permit
No. C23131 heretofore issued by
the Department of Reclamation
of the State of Idaho.

1. The name and postoffice
address of the person or cor-
poration holding said permit
are Teton-Newdale Cemetery
District No. 5, Newdale, Idaho.

2. Said works of diversion will
be fully completed on the date
set for such completion, and the
amount of water which said
works are capable of conveying
to the place of use, in accor-
dance with the plans accompany-
ing the application for such per-
mit, is 8/50 cubic foot per sec-
ond.

3. The use to which said wa-
ter has been applied is irri-
gation purposes, and the amount
applied to beneficial use is 8/50
cubic foot per second.

4. The land to which said water
is used is Cemetery District
situated in SW 1/4 Sec. 6, Twp. 6 N., Range 41 East, B.M., Idaho.

6. Twp. 6 North, Range 41 East,
Boise Meridian, Blaine Co.,
Idaho.

5. The date of priority which
said user is prepared to estab-
lish is January 7, 1953.

RE: Permit No. G-23131

Mr. Ralph Litton
Attorney at Law
St. Anthony, Idaho

Dear Mr. Litton:

We have your letter of December 20 enclosing notice for completion of works and beneficial use proof to be made on the above numbered Permit in the name of Teton-Newdale Cemetery District #5.

Since this proof was due on or before October 21, 1955, it has been listed for cancellation for failure to make the proof when due. However, the proof can still be made and we have set the time at 10:00 A.M., January 21, 1956.

Since this is three months past due, the priority date will be three months later than the original filing date, or January 7, 1953. We are sending a copy of the notice to the Fremont Chronicle News with instructions to publish once a week for four weeks prior to January 21, 1956, and to send you the affidavit of publication together with statement of costs.

We enclose the forms of deposition to be executed by an officer of the District and two disinterested witnesses in making the proof.

Very truly yours,

MARK R. KULP
State Reclamation Engineer
