Dear Mr. Schwendiman:

The report of our field engineer on examination for beneficial use on your Permit No. 22891, shows that your point of diversion from an unnamed stream is located in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 28, Township 7 North, Range 41 East, B.M., instead of the SE $\frac{1}{4}$ NE $\frac{1}{4}$ as described in your permit.

It will therefore be necessary for you to file an application for amendment on the form enclosed. Upon return of this application for amendment and approval by the State Reclamation Engineer a license can be issued for 22 inches or 0.44 second foot of water from said stream for the irrigation of 22 acres in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 28.

The license fee amounts to \$2.00.

RE: Permit No. 22891

Mr. Rudolph Schwendiman
Newdale
Idaho

Dear Mr. Schwendiman:

We enclose Permit No. 22891 together with departmental receipt No. 24617 for the \$5.00 filing fee.

Since the application states that the works are completed, we have allowed three months or until October 9, 1952, within which to make the statutory proofs required to complete the water right.

Proof of completion of works should be made on Form 8 enclosed, executed before a Notary Public and returned to this department with the statutory fee of \$5.00.

Proof of beneficial use requires publication in a county newspaper once a week for four weeks before proof is made. Notice should be made in duplicate on Form 10 enclosed, setting the time and place and naming the Notary Public before whom proof is to be made. Both copies of Form 10 to be returned to this department together with Form 11 which is your authorization for us to have the notice published at your expense in the designated county newspaper. We shall then send a copy of the notice to the newspaper with instructions in regard to publishing.

Dear Mr. Schwendiman:

We are in receipt of your application for permit to appropriate $1\frac{1}{2}$ second feet of water from the Enterprise Irrigation Canal.

Since the letter from Evelyn L. Baker, requesting that we send you an application, stated that it was to be from waste water, we do not quite understand your application to take water from the Enterprise Irrigation Canal.

We return the application with the request that you state under remarks just where this water originates and how it is to be used.

Question 14 describes only 22 acres to be irrigated, in which case you could only be allowed 22 inches. The filing fee on this amounts to \$5.00 which should accompany your application.

The sketch map should be furnished in duplicate and should show the course of the stream (either waste water or the Enterprise Irrigation Canal) and the land to be irrigated should be colored or cross hatched.

Dear Mr. Schwendiman:

In reply to a request from Evelyn L. Baker, Secretary of the Fremont-Madison Irrigation District, we enclose a form of application for permit to appropriate waste water together with a pamphlet giving regulations and instructions in regard to filing same.

Miss Baker's letter indicates that this water wastes from land owned by Harvey Schwendiman and Edith S. Been, and you understand, of course, that all permits for the appropriation of waste water are subject to the right of the former owner to cease wasting same.

Under remarks, please state whether or not this water wastes through a natural draw, or through a constructed drain ditch.
