INSTRUCTIONS

PROOF OF BENEFICIAL USE OF WATER

BOISE, IDAHO, June 1, 1931

Mrs. Lydia Phillips
c/o A. C. Miner,
Tetonia, Idaho

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of beneficial use of water under Permit No. 16567

DEPOSITION OF PERMIT HOLDER,
DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On June 15, 1931, the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to at Tetonia before A. C. Miner, notary public,

2. When the depositions have been taken, they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly,

R. W. FARIS

Commissioner of Reclamation.

Re: Permit No. 16567

Mrs. Lydia Phillips
Tetonia, Idaho

Dear Madam:-

We are in receipt of your affidavit for proof of completion of works under your above permit. This has been checked and is satisfactory hence the certificate of completion will be issued upon receipt of statutory fee of $5.00.

It is not the notice of proof of completion of works that is required to be advertised on small filings but the notice of proof of beneficial use of the water. This proof was also due on February 28th. However, this final proof will be accepted when made at a later date than specified in the permit but the date of priority will be brought down a length of time equal to the time elapsing between the date proof should have been made and the date proof is actually made. If you have used the water for irrigation of the land to the extent you intend, the enclosed blanks should be filled out and returned to this office. The date for making proof should be set far enough ahead to allow for the required four weeks publication of the notice.

Depoaition blanks for the holder and two witnesses will then be mailed to the notary public, or other officer named by you in the notice, before whom proof is to be made.

Very truly yours
GEO. N. CARTER
Commissioner of Reclamation.

PROOF OF COMPLETION OF WORKS

Lydia Phillips
Tetonia, Idaho

Boise, Idaho, Dec. 1,1930

Dear Sir:—

Under the terms of your permit No. 16567 you are required to complete your diversion works on or before Feb.28,1931. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of $5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

GEO. N. CARTER

Dear Sir:

I had none of your form of maps for inclosed. If these will not do kindly make copy on your form or send blanks to me and oblige.

These "Twin Creeks" are two small streams that run through the land of applicant and been used by her for 30 years,but she has no record title. The land consums all the water in these two little streams.

Yours truly,
