Attn. Mr. Donald W. McEldowney

Gentlemen:

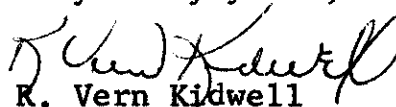

Thank you for your letter of July 26, 1968, dealing with the above application for permit for summer home.

It would appear that the requested 0.1 second feet might be excessive. We are contemplating that we will be watering a considerable area to establish grass and promote woodland growth.

We are also dickering for an adjacent lot behind us and one next to us, that possibly, if we are successful, will be connected to this same well. However, at this time the negotiations have not culminated in any purchase. If you would prefer, I would have no objection to entering under Item A. 4 of the application that possible expansion in the future to two more summer homes.

If I can furnish additional information, kindly advise. Thank you for your consideration.

R. Vern Kidwell
P. O. Box 129

Dear Mr. Kidwell:

Before final action is taken on your application for permit, we will require some additional information. You have requested an appropriation of 0.1 cubic feet per second of the waters of a subterranean source for your domestic use. However, the department feels that the quantity requested is somewhat excessive.

We normally allow .02 cubic feet per second for a fully automated home for a single family dwelling. For a summer home, which does not have the demands of a normal home, we have been approving .01 cubic feet per second.

If you could supply some information that will assist the department in justifying the quantity of water you have requested, we will be glad to assist you in this manner. If not, we must consider the application for a lesser amount. Possibly, the application is being filed for more than one home. If so, we should have this information to enter under Item 8a4 of the application.

Your assistance in this matter is appreciated.

Very truly yours,

Donald W. McElDowney

Gentlemen:

Enclosed you will find a legal notice which we wish to have published once a week for two consecutive weekly issues of your newspaper. We have inserted the publication dates allowing ample time for you to submit us a galley proof for review before publication.

After sending us a galley proof, proceed with the publication on the dates we have inserted assuming the notice is correct. If we have any corrections, we will notify you before the first publication date. If you can not publish the notice on the proposed dates please contact us immediately.

An affidavit of publication must be submitted to the Department of Reclamation, along with the publication bill. In order to receive payment, the following certification must appear on the bill:

I hereby certify that the foregoing account is just and correct, that the amount claimed is legally due, after allowing all just credits, and that no part of same has been paid.

(Do not sign this letter)

Signature of claimant

Very truly yours,
