INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Boise, Idaho,
November 5, 1920
6

Mr. John Bishop,
St. Anthony, Idaho

Dear Sir:—

Under the terms of your permit No. R-186.....you are required to complete your diversion works on or before Dec. 10, 1920.....I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

W. G. SWENDSEN.

Commissioner of Reclamation.
