WATER DISTRICT NO. 36

IDAHO FALLS, IDAHO

May 14, 1930.

Mr. Geo. N. Carter,
Commissioner of Reclamation,
Boise, Idaho.

Dear Mr. Carter:

I am enclosing, herewith, Affidavits for Change of Point of Diversion for Mary A. Blaser, William A. Howard and Virgil A. Blanchard together with the written consent of users in the Curr ditch to such Change of Point of Diversion. The three users who have filed these affidavits constitute all the users in the White ditch through which the water is now used. It is proposed to abandon this ditch entirely after the change is made.

One of the users on the Curr ditch refused to sign the agreement permitting these people to transfer the water into that ditch. He advises me, however, that he has no objection to the transfer if these various parties will enlarge the ditch in a satisfactory manner. They have agreed to do this and I do not anticipate that any trouble will arise over the change in Point of Diversion.

I am retaining a copy of the enclosed affidavits for my files.

Very truly yours,

Watermaster District No. 36.

We the members of the Curr ditch here-by agree and
give permission for the water described on attached affidavits
to be transfered from the White ditch to the Curr ditch.
