WATER RIGHT LICENSE

License of Water Right No. 21911/21-2103 Priority Feb. 6, 1951 Amount 1.20 cfs

THIS IS TO CERTIFY, that George W. Chambers, Estate of
of Ashton, Idaho, has complied with the terms and conditions of Permit
No. 21911/21-2103 issued pursuant to Application for Permit dated February 6, 1951,
and has submitted proof to the Department of Water Resources on May 9, 1951,
that he has applied water to a beneficial use; an examination by the Department indicates that the works have a
capacity for the diversion of 1.44 cfs of water from a ground water source,
tributary to _____, and that the permit holder has applied to a beneficial use and
established a right to use water as follows:

Beneficial Use	Period of Use	Rate of Diversion	Annual Volume

	from _____ to _____	at _____ cfs and	<u>3.0 af per acre</u>
	from _____ to _____	at _____ cfs and	_____

(both dates inclusive)

Subject, however, to the condition that no more than 1.20 cfs of water be diverted at any one time, and
that the amount of water so diverted and to which such right is entitled and confirmed is for the purpose
aforementioned and is limited to the amount which can actually be beneficially used and shall not exceed
180 acre feet per year, said waters to be diverted within the NE $\frac{1}{4}$ SE $\frac{1}{4}$ of Sec. 25,

Dear Mrs. Chambers:

It appearing to the Department of Water Resources (formerly the Department of Water Administration) that the terms and conditions of Permit 21911/21-2103 to appropriate the public waters of the State of Idaho have not been complied with as to failure to submit licensing fee in the amount of \$6.00, you are hereby notified that under the provisions of Section 42-311, Idaho Code, as amended, said permit is hereby held for cancellation, and you are required to show cause before the Director of the Department of Water Resources on or before October 12, 1975, why said permit should not be cancelled.

Permit 21911/21-2103 claims the use of 2.0 cubic feet per second of water from a ground water source (well), the point of diversion was to be located within the NE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 25, Twp. 9 N, Rge. 42 E, B.M. and the permit was approved Feb. 10, 1951.

RE: Permit No. 21911

Mrs. Louise Chambers
Ashton
Idaho

Dear Mrs. Chambers:

The report of our field engineer on examination for beneficial use under Permit No. 21911, shows that you have irrigated 60 acres of land in the $SE\frac{1}{4}$ $NE\frac{1}{4}$ and $N\frac{1}{2}$ $SE\frac{1}{4}$ Section 25, Township 9 South, Range 42 East, B.M., from your well located in the $NE\frac{1}{4}$ $SE\frac{1}{4}$ of said section.

Therefore, upon receipt of the statutory fee of \$6.00, a license can be issued for 60 inches, or 1.2 second feet, of water from the well.

However, the license will have to be issued to the estate of George W. Chambers, unless his estate has been probated and we can record a transfer of interest to you, as his surviving widow. If there has been a decree of distribution made by the Probate Court, and you wish the license made in your own name, a copy of the decree should be sent to this department for recording.

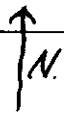

Very truly yours,

Dear Mrs. Chambers:

We have made the necessary corrections in your Proof of Beneficial Use under Permit No. 21911, as requested.

This completes your proof, but before final action is taken in the matter, the law requires that a field examination be made by an Engineer from this Department.

We cannot say just when this examination will be made as this Department has but one Field Engineer who makes examinations all over the State.

However, he will try to contact you at the time the examination is made so that arrangements may be made to show him over the grounds.

Dear Mrs. Chambers:

We are in receipt of your letters of April 11 and April 13, 1951, enclosing Proof of Completion of Works on Permit No. 21911 and check for the \$5.00 fee in connection therewith.

The Proof of Completion of Works is not entirely complete in that you should describe the size and depth of the well and casing, kind and power of the pump, and we return same for such correction.

Meanwhile, we have sent to the Ashton Herald, copy of Notice of Beneficial Use Proof to be made under this Permit on May 16, 1951, with instructions to publish it once a week for four consecutive weeks prior to that date and to send you the Affidavit of Publication, together with statement of costs.

We have had to make one change as the priority to be established under this Permit cannot be earlier than the date the application was filed in this Department, which is February 6, 1951.

We enclose the necessary forms of deposition to be used in making this proof, consisting of one for yourself and one for each of two witnesses, and at the time set, you should appear before Mr. H. S. Stewart, Notary Public, together with two disinterested witnesses who are familiar with the terms of the Permit and the work done thereunder for the purpose of executing the depositions.

These proofs may be made in your own name and the License, when issued, will be to the Estate of George W. Chambers, unless in the meantime, some instrument is filed for record in this Department, showing you to be the present owner.

Re: Permit No. 21911

Mr. George W. Chambers
Box 223
Ashton, Idaho

Dear Mr. Chambers:

We enclose Permit No. 21911.

Since your application states that the works are completed and that no additional time is required for making Proof of Beneficial Use, we have allowed three months or until May 10, 1951, within which to make the two statutory proofs required to complete the water right.

The first proof, or proof of completion of works, should be made on Form 6 enclosed, executed before a Notary Public, and returned to this Department with the statutory fee of \$5.00.

The statutes require publication of a notice in a county Newspaper for four consecutive weeks prior to making proof of beneficial use. This notice should be made in duplicate on Form 10, setting time and place, and naming the Notary Public before whom the proof is to be made. The time, of course, should be set sufficiently far ahead to allow for the four weeks' publication.

Both copies of Form 10 to be returned to this Department, together with Form 11, which is your authorization for us to have the notice published at your expense in the designated newspaper. We shall then send a copy of the notice to the newspaper with instructions in regard to publishing.

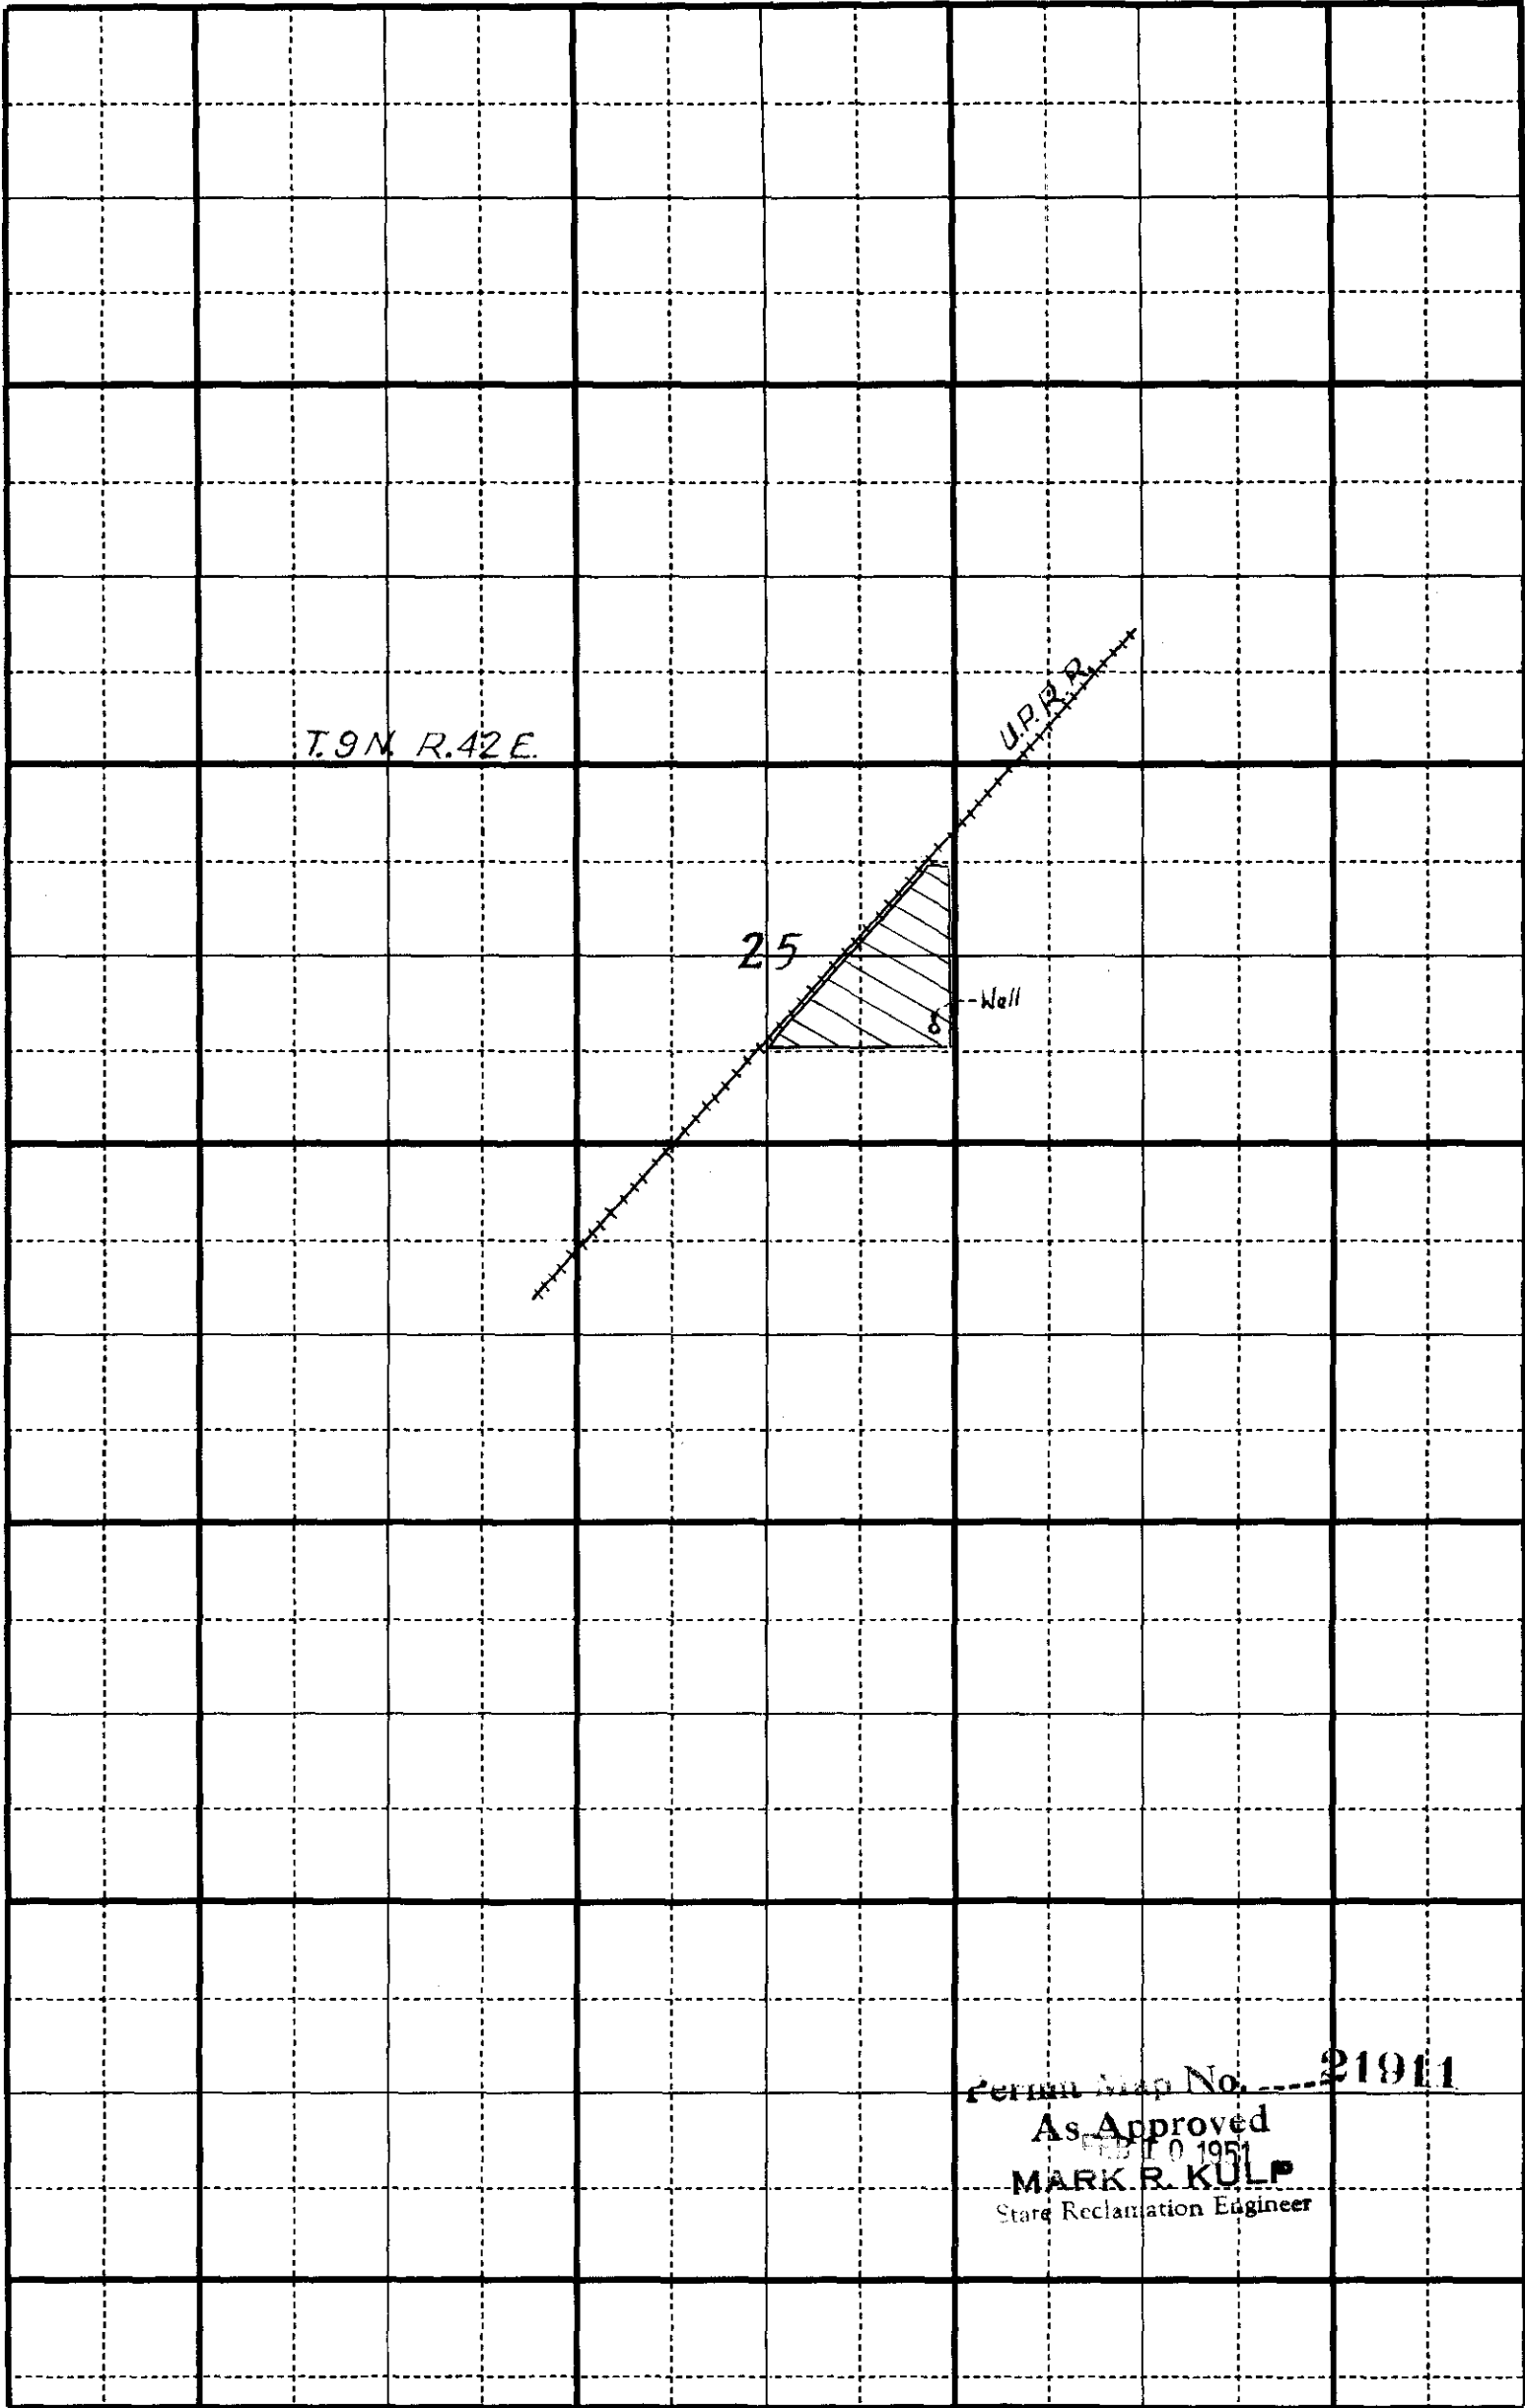

Very truly yours,
